

Nombre _____ Fecha _____

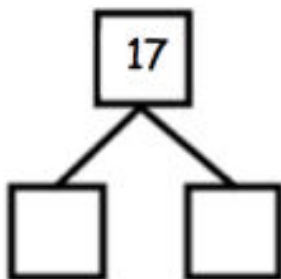

Modelar cada número con cubos en tu tabla de enlaces numéricos. Luego completa los enunciados numéricos y enlaces numéricos.

Ejemplo:

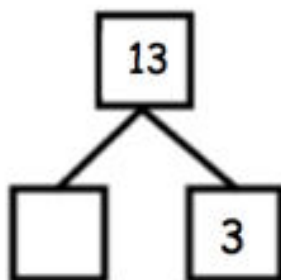

Nombre _____ Fecha _____

Completa los enunciados numéricos y enlaces numéricos. Usa tus materiales como ayuda.

$$\underline{\hspace{2cm}} + 7 = 17$$

$$17 = \underline{\hspace{2cm}} + 10$$

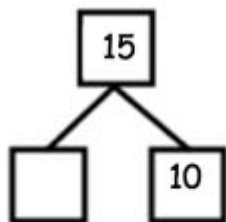

$$\underline{\hspace{2cm}} + 3 = \underline{\hspace{2cm}}$$

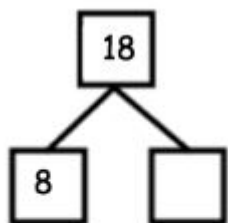

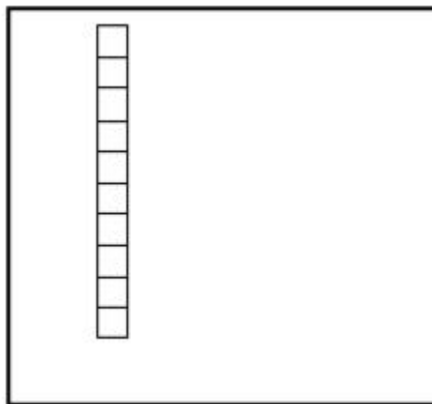

$$13 = \underline{\hspace{2cm}} + 10$$

Nombre _____ Fecha _____

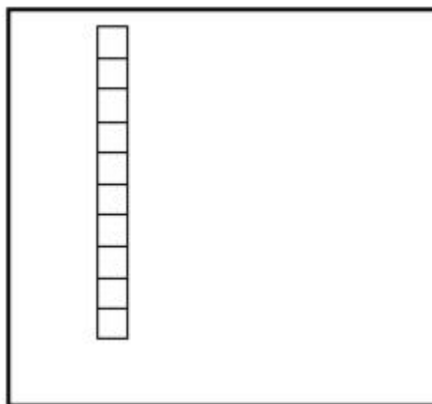

Completa los enunciados numéricos y enlaces numéricos. Dibuja los cubos de la parte que falta.

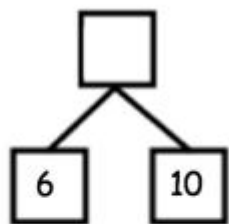

$$15 = \underline{\quad\quad} + 10$$

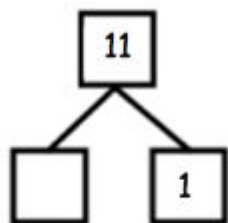

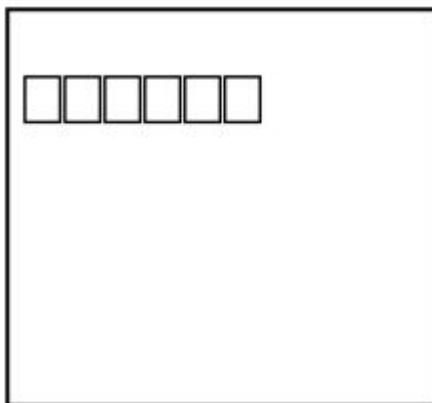

$$\underline{\quad\quad} + 8 = 18$$

$$6 + \underline{\quad} = 16$$

$$1 + \underline{\quad} = 11$$
