The GOLDEN TICKET system is a 2 week behavior plan in which students earn points for work completion and behavior. Copy the sheet double-sided on yellow paper. Have students tally up their daily points and then keep a running total on the right side where it says "Total Points." At the end of the two week period students who earn enough points will be invited to attend a GOLDEN Get-Together. I required 26/30 points. You can modify points for absences, too. This is editable so you could change it to just a prize! Make the plan work for you!
