

Andy Goldsworthy Inspired Project

1. Please go to a location that is in nature and create a Goldsworthy inspired artwork/sculpture.
2. Document your work by taking photos, videos and sketches of the process as well as the finished work. Make sure your process photos include at least 4 images or video clips. A time-lapse video would be a good way to ensure documentation.
3. While taking your photos please consider background, lighting, camera angle and composition.

Student Name: _____

What is the title of your Artwork? _____

What location did you choose? Why? _____

What nature materials is it made out of? _____

What is its approximate size? Why? _____

Can people interact with it? If so, how? Please be very specific. _____

How did you take the surrounding areas into consideration while creating this piece?

What message does it convey? _____

Write a brief description of your experience creating the artwork in nature. What did you think about the assignment? What did you create? What materials did you use? Was your outcome the same as you had planned? Please include anything else you would like to discuss or write about.
