

Google Classroom: Topics

Topics are used to organize the assignments into sections. Teachers and Students see Topics while in the **Classwork** view.

This Document: Page 1 - Student View, Page 2 - How to Create Topics

1. Below is an example of what students see when they click on the Classwork Tab.

2. Topics are listed on the left.

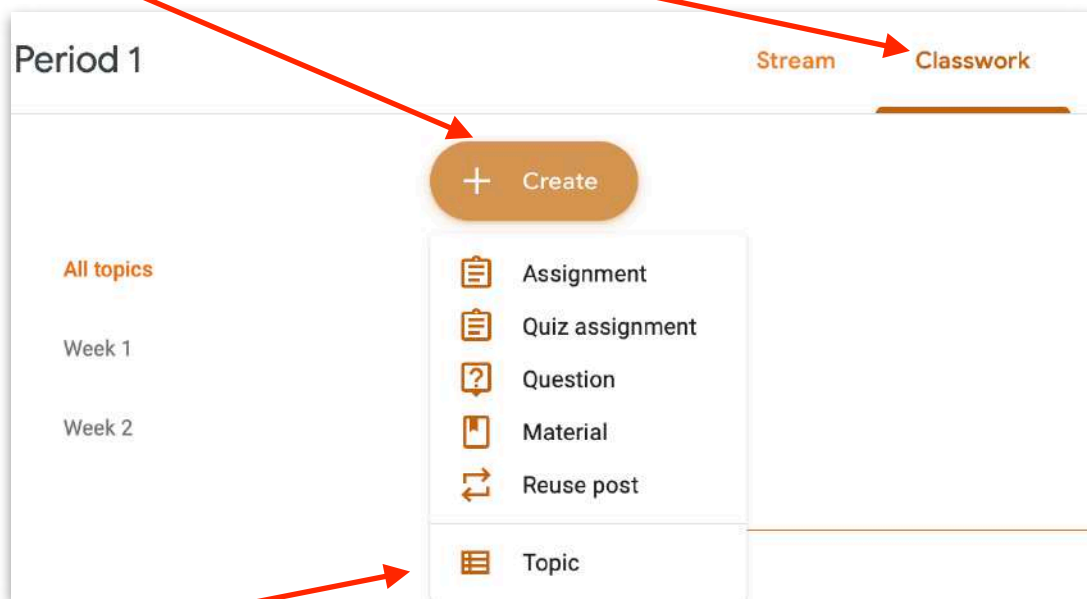

3. Assignments are sorted by **Topics**. Students can click a **topic** to see all Assignments within that **Topic**.

Note: Teachers and Students see Assignments organized by **Topic** while in the **Classwork** Section.

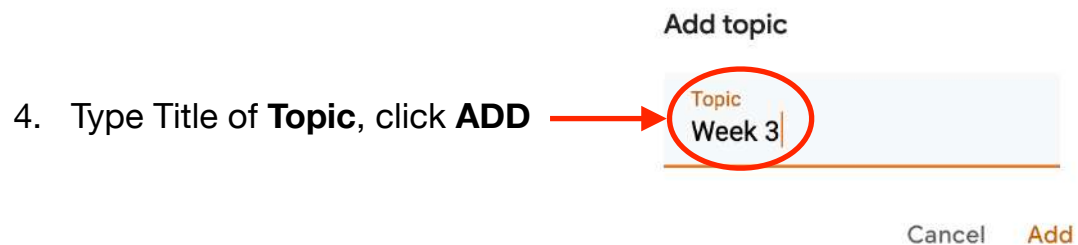

Classwork

To Create Topics

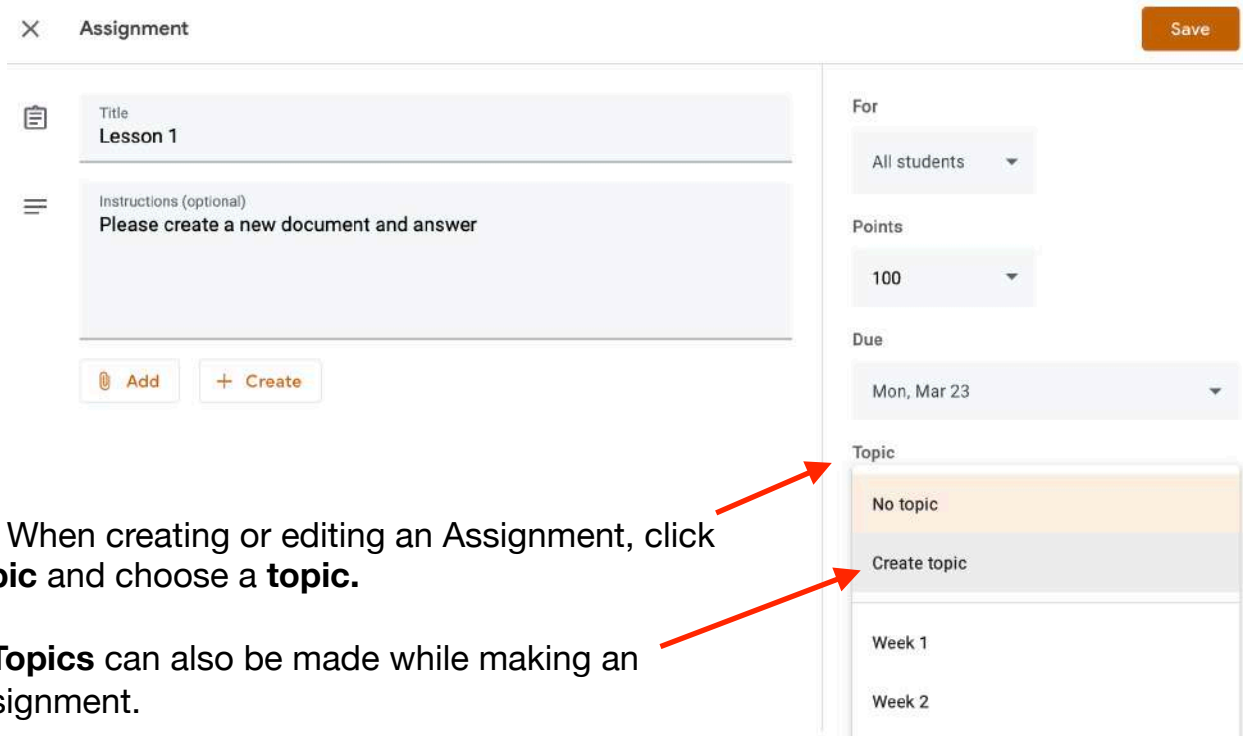

1. Click the **Classwork** Tab
2. Click **+Create**

3. Click **Topic**

4. Type Title of **Topic**, click **ADD**

5. When creating or editing an Assignment, click **Topic** and choose a **topic**.

6. **Topics** can also be made while making an Assignment.
