

## Google Classroom Directions for Parents

1. Using your internet browser (Google Chrome will work best for this), go to [classroom.google.com](https://classroom.google.com). You may be directed to log into an account instead of reaching the classroom screen. If you reach the screen, skip to STEP 3.
2. You must be logged into your child's **redfordunion.net** account in order to access our Google classrooms. Click "sign in" in the top right hand corner if you currently are not signed into any Google account. If you are on another Google or Gmail account, you will need to sign out of it and log in with your child's **redfordunion.net** account. You should receive access to their username and password from their teacher.

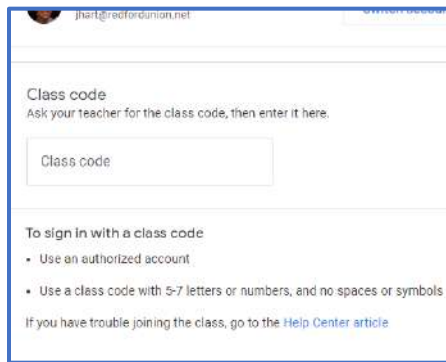

3. Once you are logged in and on the [classroom.google.com](https://classroom.google.com) site, click the "+" on the top right hand side of the screen.

4. Select "Join Class".

5. Enter the class code(s).

A screenshot of the Google Classroom interface for entering a class code. At the top, it says "Class code" and "Ask your teacher for the class code, then enter it here." Below this is a text input field labeled "Class code". Underneath the input field, it says "To sign in with a class code" followed by two bullet points: "• Use an authorized account" and "• Use a class code with 5-7 letters or numbers, and no spaces or symbols". At the bottom, it says "If you have trouble joining the class, go to the [Help Center article](#)".

6. The classrooms that you have joined will now be on one screen. The next time you use [classroom.google.com](https://classroom.google.com), your classes will be displayed on the home screen.
