

## **Points = 300 (Total)**

Docs – 50; Form – 50; Drawing – 50; Sheet – 50; Presentation - 100

### **Docs – Proposal**

- Title of Project – fun, attention-getting name
- Include names below title
- Essential Question – in bold
- 2-3 paragraphs supporting this cause
- No mention of solution
- No use of first person
- Include Woodlawn High School – hyperlinked to our school website
- Links to two articles about the topic
- Formatting effort – to create an attractive document

### **Form – Survey**

- Must include the essential question
- Must include at least 10 survey questions
- Devise a plan for collecting results including a timeline
- Analyze results
- Send Mrs. Owens an email with your analysis of the results
- Your results should drive the next decision

### **Drawing – Project Logo**

- Create a logo for your project – combination of shapes/images/text
- *Can be used on survey (if finished)*
- Must be included on title slide of presentation

### **Sheet – Financial Details**

- Financial details of the project
- Include a title, your names, column/row headings
- Format cells according to the type of data
- One chart - make sense, prove something, title, legends

### **Slides – Final Presentation**

- Create a presentation that convinces the audience that your project is possible
- Include logo - from drawing
- Include info from proposal - not word for word
- Include survey results
- Include spreadsheet/graph
- Images that help to prove your case
