Introduction & Agenda

- [Sign in](#)
- Goals for meet up:
 - Reflect and share best practices as professional community
 - Make sense of mathematics and key ideas so that you can make each lesson your own

Reflect on Current Module

SUCCESSES What has been successful? How do you plan to improve it?	CHALLENGES What has been challenging? How will you address or resolve it?
<ul style="list-style-type: none"> ● <i>Ex: Students were engaged when I launched the Concept Development with a key question. I want to incorporate more student input to keep students engaged during CD.</i> ● More on top of schedule this year ● Binders: so students can send home what do each day 	<ul style="list-style-type: none"> ● Lots of materials: making sure have enough for all students ● ● ● ● ●

<ul style="list-style-type: none"> ● Send home exit tickets instead of Problem Set booklets ● For shapes unit, put choice activities at group and rotate each day ● Module 3 is more enjoyable, nice break from counting/addition/subtraction, more hands-on ● Knowing beforehand what materials are needed, put materials in students' tool box ● Students figured out how to use ten cm-stick to measure desk instead of only using cm cubes
