Third Grade Pacing at a Glance for Mathematics

	Reporting Category	SOL	Unit of Study	
1st Nine Weeks	Number and Number Sense	3.1 a-c	* Read, write, identify place value; rounding, compare whole numbers	
	Patterns, Functions, and Algebra	3.16	* Identify, describe, create, and extend patterns (objects,	
			pictures, and numbers).	
	Measurement and Geometry	3.12 a, b	* Define polygon and identify polygons * A) Estimate and determine the sum or difference B)	
	Computation and Estimation	3.3 a, b	Create and solve practical problems	
	Computation and Estimation	3.4 a, b	* A) Represent multiplication and division B) Create and	
			solve single and multistep practical problems.	
2nd Nine	Computation and Estimation	3.4 a-d	* A) Represent multiplication and division through 10x10	
Weeks			B) Create and solve practical problems. C) Fact fluency D)	
	Measurement and Geometry	3.9 a-c	practical problems w/factor of 99 or less and second is 5	Problem Solving
		3.8 a, b	or less	
	Number Sense	3.2 a-c	* Time to nearest minute, elapsed time, equivalent periods of time	
	Transcer Sense	3.2 a c	* Perimeter and Area	Reasoning &
	Probability and Statistics	3.14	* A) name and write fractions and mixed numbers B)	Representations (X) Reasoning & Proof
			represent fractions and mixed numbers C) compare	National Council of Teachers of Mathematics
			fractions	Process Standards for
ard are		2.5	* Investigate and describe the concept of probability	Mathematics
3 rd Nine	Computation and Estimation	3.5 3.6 a-c	* Solve practical problems that involve addition and subtraction with proper fractions having like denominators of	
Weeks		3.0 a-c	12 or less.	Connections Communication
	Measurement and Geometry	3.7 a, b	* Count, compare and make change for \$5.00 or less	Connections
	j	3.10	* A) Measure length using Customary and metric units. B)	© 2013 MathEquality
			Measure liquid volume using Customary and metric units.	
	Probability and Statistics	3.15 a, b	* Read Celsius and Fahrenheit temperature to the nearest	
	Dattama Functions and Alashus	3.17	degree * Create equations to represent equivalent mathematical	
	Patterns, Functions, and Algebra	3.17	relationships	
4th Nine	Measurement	3.11	* Points, lines, line segments, rays and angles.	
Weeks	and Geometry	3.12 a-c	* Define and Identify polygons	
		3.13	* Combine and subdivide polygons	
			* Congruent/Not congruent figures	
		Will vary	* SOL Review and intervention-will vary based on school	
			data.	

		* Intro. identified Grade 4 skills and concepts.
