

Curriculum Document for Social Studies

Course Title: 7th Grade Social Studies (1877 – Present)
Grade: 7

Learner Objective A.8.1: Students will demonstrate on understanding of global geography as evidenced by map homework and quizzes.

- Direction (North, South, East, and West)
- Continents, oceans, mountain ranges, and land forms
- Cities, states, and national borders
- Identify connections between United States and other parts of the world
- Acknowledge and understand the effect of human beings on the environment
- Use Political Maps
- Use Physical Maps

Learner Objective A.8.2: Not Taught

Learner Objective A.8.3: Students will be able to determine population dense areas by using patterns of climate and land use maps as evidenced by discussion and map work.

- Longitude and latitude
- Direction (North, South, East, and West)
- Continents, oceans, mountain ranges, and land forms
- Natural resources
- Compare different types of maps

- Acknowledge and understand population differences

Learner Objective A.8.4: Not Taught

Learner Objective A.8.5: Not Taught

Learner Objective A.8.6: Students will be able to describe differences between the environmental effects of short-term and long-term physical changes as evidenced by homework activities and discussion.

- Size, shape, and scale
- Continents, oceans, mountain ranges, and land forms
- Cities, states, and national borders
- Weather patterns and seasons
- Compare historical maps to recent maps
- Acknowledge and understand effects of the physical changes

Learner Objective A.8.7: Students will be able to describe the movement of people, ideas, diseases, and products throughout American History as evidenced by homework activities and written test.

- Show movement between continents
- Cities, states, and national borders
- People
- Ideas
- Diseases
- Products
- Describe affect on American History
- Compare historical information to world maps

Learner Objective A.8.8: Not Taught

Learner Objective A.8.9: Not Taught

Learner Objective A.8.10: **Students will be able to identify major discoveries in science and technology and describe the social and economic effects on the physical and human environment as evidenced by class discussion.**

- **Discoveries in science**
- **Discoveries in technologies**
- **Social effects on environment**
- **Economic effects on environment**

Learner Objective A.8.11: **The student will know the causes and consequences of current global issues and consumption of natural resources as evidenced by class discussion and test.**

- **Current global issues**
- **Consumption of natural resources**

Learner Objective B.8.1: **The student will be able to interpret the past using primary source materials as evidenced by homework activities.**

- **Use biographies**
- **Use diaries**
- **Use journals**
- **Use artifacts**

Learner Objectives B.8.2 **The student will be able to use cause-effect arguments to show how significant events have influenced the past and present in United States history as evidenced by class discussions.**

- **Demonstrate cause and effect**
- **Indicate significant events in history**

Learner Objectives B.8.3: **The student will be able to describe the relationships between significant events such as causes and consequences of wars involving the United States as evidenced by discussion and written test.**

- **Demonstrate cause and consequence**
- **Identify significant events**
- **Give examples of relationships between significant events**
- **Show the causes & consequences of events**

Learner Objectives B.8.4: **The students will be able to interpret events differently depending upon the perspectives of participants, witnesses, reporters, and historians as evidenced by homework activities.**

- **Identify different events in history**
- **Determine variables**
- **Analyze and interpret**

Learner Objectives B.8.5: **Students will be able to use historical evidence to determine and support position of important political value as evidenced by classroom discussion.**

- **Find historical evidence**
- **Debate positions**
- **Review final positions**

Learner Objectives B.8.6: **Students will be able to analyze important political values in major political documents as evidenced by classroom discussion and test.**

- **Political documents**
- **Select values**
- **Use group to analyze**

Learner Objective B.8.7: **Students will be able to identify significant events and people in the major eras of American History as evidenced homework assignments.**

- **Identify significant events**
- **Identify significant people**

Learner Objective B.8.8: **Students will be able to identify major scientific discoveries and technology innovations in American History as evidenced by classroom discussions.**

- **Find scientific discoveries**
- **Find technology innovations**
- **Identify different American History eras**
- **Colonial times – Cotton Gin**
- **Civil War Period – Iron clads**
- **Industrial Revolution – Making of Steel**
- **World War I and II - Weapons**
- **Space Age – Rockets & Satellites**

Learner Objective B.8.9: **Not Taught**

Learner Objective B.8.10: **Students to be able to analyze examples of conflict, cooperation, and interdependence among groups, societies, or nations as evidenced by classroom activities.**

- **Identify differences between conflict and cooperation**
- **Select groups, societies, and nations to examine**
- **Use group interaction**

Learner Objective B.8.11: **Not Taught**

Learner Objective B.8.12: **Students will be able to organize and analyze history chronologically and by issues as evidenced by classroom discussion.**

- **Show history in chronological order**
- **Show history by issues**

- **Analyze organization of history**

Learner Objective C.8.1: Students will be able to identify and explain basic democratic principles as evidenced by classroom discussion and written test.

- **Individual rights**
- **Responsibility for the common good**
- **Equal opportunity**
- **Equal protection of the laws**
- **Freedoms**
- **Majority rules**
- **Protection for minority rights**

Learner Objective C.8.2: Students will be able to identify, cite, and discuss important political documents and explain their function in our political system as evidenced by classroom activities and discussion.

- **Landmark decisions of Supreme Court**
- **Constitution**
- **Bill of Rights**
- **Treaties**
- **Amendments**

Learner Objective C.8.3: Students will be able to explain how laws are developed and powers of government are acquired, justified and sometimes abused as evidenced by classroom discussion.

- **Development of laws**
- **Powers of government**
- **Abuse in government**
- **Newspaper**
