Introduction & Agenda

- [Sign in](#)
- Goals for meet up:
 - Reflect and share best practices as professional community
 - Make sense of mathematics and key ideas so that you can make each lesson your own

Reflect on Current Module

SUCCESSSES What has been successful? How do you plan to improve it?	CHALLENGES What has been challenging? How will you address or resolve it?
<ul style="list-style-type: none"> ● <i>Ex: Students were engaged when I launched the Concept Development with a key question. I want to incorporate more student input to keep students engaged during CD.</i> 	<ul style="list-style-type: none"> ● Fitting it all in ● For struggling students, hard to modify and simplify problems ● Problem Sets need to be modeled by teacher with few problems for students to do on own - need to add in centers ●

<ul style="list-style-type: none"> ● Putting up problems on whiteboard using the PDF version of teacher edition ● Opportunities for students practice ● Posters made during Make-and-Take ● Paper plates and pointers on carpet for number bonds, using Star Wars theme ● Hula hoops for number bonds ● Module notes are helpful for lesson planning 	<ul style="list-style-type: none"> ● ●
