

Dear Incoming Sixth Grade Families,

We hope you are having a restful and relaxing summer! We wanted to take this time to welcome you to the sixth grade family and give you an idea of what to expect and prepare for as September approaches.

First, sixth grade is a year that provides many opportunities for intellectual and developmental growth. Students learn from different teachers rather than just one. With that comes opportunities to learn how to meet the expectations of different classes and teachers, to learn to organize materials, prioritize work and to meet deadlines. The beginning of sixth grade can feel overwhelming for some, but with time, our students feel comfortable and the growth begins! Assure your student that sixth grade will be awesome ... because it will be!

Finally, below is our school supply list. We like for all supplies to come in the first few days of school. Please reach out at the beginning of the year if there is something you can't get or if you have any questions about the list itself.

Again, enjoy what looks to be a fantastic summer. See you in September!

~The Sixth Grade Team
