Mash up.

1. Choose your favorite animal.
2. Choose your favorite food.
3. Mash the two in a drawing below.
4. Add a background too!
5. If you have crayons, colored pencils, or other materials, you may add color. If no color, where can you shade in areas adding value(lights, mediums, and darks)?

Upside Down Drawing.- By drawing upside down, you are training your eye to see lines, shapes, and the relationships/proportions of the image.

1. Observe the upside drawing of these spring drawings (<http://cliparts.co/spring-clip-art-black-and-white>)
2. Draw the spring pictures to the right as you see them, upside down.
3. Add color if you have materials.

Celebration Symbols.

1. Pick your four favorite things to celebrate.
2. List them then draw symbols for each.
3. Add color if you have coloring materials.
3. Add color if you have coloring materials.

A large rectangular box with a black border, intended for drawing symbols. A horizontal line is drawn near the top of the box, starting from the left edge and extending about two-thirds of the way across.A large rectangular box with a black border, identical to the one on the left, intended for drawing symbols. A horizontal line is drawn near the top of the box, starting from the left edge and extending about two-thirds of the way across.

Blind Contour Drawing – by drawing using this technique, you are training your eye to look at the object(s) closely and not focusing on what is on the paper.

1. Choose items that are organic (many items in nature) or use your hand and shoe.
2. Don't look at the paper. Only at the object as you draw.
3. Draw several allowing them to overlap.
4. Then, draw the same item(s) by looking at the object and the paper.
