The Greeks: "The Original Westerners"

- I. Greek geography played a key role
 - A. Relatively confined area on the Balkan Peninsula
 - **B.** Divided by mountains (up to 10,000 ft.)
 - 1. Separated city-states (poleis) developed
 - a. Independence was important to each
 - b. Fiercely competitive & quick to fight
 - 2. No great rivers = a violent civ. /culture
 - C. Islands to East in Aegean Sea, islands to West in the Ionian Sea & south in Mediterranean Sea (sailors/colonists)
- II. Minoans (~2800-1500 B.C.E.) on the Island of Crete
 - A. Earliest Aegean civilization
 - 1. Copper to bronze
 - 2. Rediscovered by Arthur Evans in 1900
 - 3. Named for legendary King Minos ("king")
 - 4. Not Greek, they greatly influenced Greeks
 - 5. Very advanced civilization

- a. Had contact with Egypt
- **b.** Capital at Knossos was built with a massive labyrinth-like palace
 - i. Bright frescoes, vases & sculptures
 - ii. Huge storerooms with clay pots

- 6. Matriarchal "bully" society
- 7. Famed for their teens doing bull leaping
- 8. Wrote in a yet to be "deciphered" Linear A
- 9. Civilization collapsed suddenly ~1550 B.C.E.
 - **a.** The reason has been debated
 - **b.** Combination of Thera blowing up and the Mycenaeans invading Crete
- III. Mycenaeans (~1600-1100 B.C.E.) of mainland Greece
 - A. Named for their greatest polis
 - **B.** Of Indo-European origin
 - C. Wrote using Linear B which has been translated
 - D. Known for cyclopean walled cities & palaces
 - E. A violent warrior society
 - 1. Bound together in a lose confederacy
 - 2. Headed by King of Mycenae called the wanax
 - F. Great sailors who traded the central Med. Sea region
 - 1. Conquered Crete & the remnants of the Minoans
 - 2. Made famous for their destruction of Troy
 - G. By 1190 B.C.E. Mycenae was destroyed
 - 1. The culture collapsed by 1100 B.C.E.
 - 2. A Greek speaking people had invaded (Sea Peoples?)
- IV. The Greek Dark Age (~1100-750 B.C.E.)
 - A. Agriculture had failed until 850 B.C.E.
 - 1. Colonization increased especially to Ionia (SW Asia Minor)
 - 2. Others colonized other parts with the Dorians

conquering the Peloponnesian Peninsula, Crete & Rhodes

- 3. Trade increased as well as the use of iron
- (24 letters) 4. Phoenicians reignited writing with their alphabet
 - **B.** Homer and Homeric Greece
 - 1. Homer = "The Blind Bard"
 - a. Man or woman?
 - **b.** Recounted the <u>Iliad</u> & <u>Odyssey</u>
 - i. The story begins with Helen being stolen by Prince Paris of Troy
 - ii. Result: Trojan War & Horse
 - iii. Troy is destroyed
 - iv. <u>Iliad</u> is 10 days in the 10th year of the Trojan War
 - (1) Achilles is the hero
 - (2) Climax: Achilles kills Prince Hector of Troy
 - v. Odyssey tells of Troy's destruction and Odysseus's 10 year voyage home
 - (1) Odysseus matures (Gr. male maturation)
 - (2) Tells of wife Penelope's excellence (Exemplified fidelity, courage & honor)
 - c. Insight into Mycenaeans & Dark Age Greeks
 - 2. Homer's Enduring Importance
 - a. Greeks saw Iliad & Odyssey as history
 - b. The books taught Greeks an aristocratic

life of value and honor

- c. To achieve arête or excellence thru. contest(s)
- d. Homer provided true models to emulate
- V. The World of the Greek City-States (c. 750–c. 500 B.C.E.)
 - A. The Polis (poleis pl.)

(Origin of the words politics, police, and policy)

- 1. Commonalities
 - a. Small size (30-500 sq. miles)
 - i. Athens was smaller than Rhode Island
 - ii. Sparta was the largest geographically
 - **b**. Small population
 - i. Usually less than 10,000
 - ii. Only free adult males were "citizens"
 - iii. At its height, Athens had ~300,000 people
 - c. "Acropolis" towards center (Set on a hill usually)
 - i. Original city-state fort there
 - ii. Temples & public buildings there
 - d. "Agora" = marketplace
 - i. Usually at the base of the acropolis
 - ii. Business & gossip exchanged there
 - e. Polis was an independent city-state/nation
 - i. Greeks identified with their polis
 - ii. Each had its own laws, customs, calendars, system of weights and measures & so on
 - iii. Such independence caused Greek disunity

- 2. A New Military System: The Greek Way of War
 - **a.** Originally, large estate owners, or nobles rode horses into battle
 - **b.** They dominated pre-8th Century B.C.E. Greece
 - c. Opposition came from wealthier non-nobles who became the main soldiers (hoplites)
 - i. Became hoplites = "heavily armored infantry soldier"
 - ii. Fought in phalanxes (locked together formation)
 - iii. Goal: push an enemy from the field (Think rugby scrum)
 - iv. Part-time warriors with few casualties
- Plato --- d. Greek warfare was a part of nature for the Greeks
 - e. Their military culture and way of fighting became a part of Western Civilization
 - **B.** Colonization and the Growth of Trade
 - 1. Mediterranean & Black Seas become "Greek Lakes" from ~750-550 B.C. E.
 - a. Due to overpopulation, class tension, & trade
 - **b.** Each new settlement was very independent, esp. from the originating polis or *metropolis*

began as a Greek c. Ex. Southern Italy became

Byzantium

colony Magna Graecia or "Great(er) Greece"

- d. They had trading posts in Egypt
- 2. The Effects of Colonization

- a. Wide-spreading Greek culture
- b. Contact with Rome
- c. Contact with others created a Greek identity.
- **d.** Led to increased trade

C. Tyranny in the Greek Polis

- 1. The rise of the aristocrats led to the rise of tyrants during the 7th & 6th centuries B.C.E.
 - a. Tyrants took power by force & laws did not apply
 - i. The rich & peasantry liked tyranny and not abusive aristocrats.
 - ii. Supported trade, & big public works projects.
 - b. Example of Corinth
 - i. There was an abusive oligarchy in charge called the Bacchiad family
 - ii. A member & head of the military named Cypselus took over by force in 657 B.C.E.
 - (1) Ruled well & with kindness till 627 B.C.E.
 - (2) His son ruled cruelly and was ousted
 - c. Oligarchies and democracy replaced tyranny

D. Sparta

- 1. Located in Laconia on the Peloponnesus
 - a. Originated with five villages
 - b. Conquered all other Laconians
 - i. *Perioikoi* = free inhabitants who didn't pay taxes like the *Spartiates* who also served

Good & Bad

Spartiates

= citizens

- **ii.** Helots = *Laconians* who were forced to work farms or as household servants
- iii. Neighboring Messenia was conquered and the people made helots

See p.64 for treatment of boys

- iv. Sparta militarized to keep helots in line according to a legendary Lycurgus
- 2. The Spartan Way

Kopis

a. All male citizens had to join

Sword

- **b**. Newborns inspected for imperfections
 - i. Elders did it
 - ii. The imperfect cast off a mountain
- c. At age 6-7, boys joined a "mess"
 - i. Lived in a military barracks with about 60 others
 - ii. Mess mates always came first
 - iii. Had one wool tunic
 - iv. Given straw for a mattress
- ("laconic") →
- v. Taught to read & write efficiently
- vi. Fed watery gruel
 - (1) Stole & foraged to survive
 - (2) Beaten if caught stealing
- d. In charge of helots as a teenager
- e. Army & marriage at age 20
 - i. Still lived in mess till age 30
 - ii. At age 30, a male could move out of the mess

& vote, but couldn't run a business (a distraction)

- f. Women trained & were educated separately
- g. Both genders learned to read/write, poetry/music
- h. Spartiates owned land and the helots
- i. Perioikoi were free but acted as merchants
- j. A secret force hunted helots with state permission & a declaration of war for legality
- 3. The Spartan State
 - **a.** Two kings from two families
 - i. Headed the military
 - ii. Headed the religion & did foreign policy
 - **b.** *Gerousia* = Council of Elders

Created by Lycurgus

9th B.C.E. Century

Lawgiver

Spartan Virtues:

i. 28 members over age 60

ii. Plus the two kings

iii. Prepared legislation for the apella or assembly of all citizens

Equality,

Military Fitness,

c. Apella voted on proposals & elected the

Gerousia and Ephors

& Austerity

- **d.** College of five *Ephors* elected annually
 - i. Any male over 30 could be elected
- ii. Judges of all who oversaw all education
- iii. Convened the gerousia
- e. Isolationists, literate & avoided the study of anything that could lead to a revolt

E. Athens

- 1. Arose on the Attica Peninsula
- 2. Ruled first by kings and later aristocrats
- 3. Council of Nobles called the *Areopagus* controlled life and wealth with 9 *Archons*
- 4. A weak *ecclesia* or assembly of full citizens
- **5.** By ~600 B.C.E. Athens was on the verge of civil war as debt slavery was rampant
- **6.** The Reforms of Solon
 - a. Elected sole archon in 594 B.C.E.
 - i. Ended all aspects of debt slavery
 - ii. Aristocrats held on to most of the land
 - iii. Divided Athenians by wealth into 4 classes
 - (1) Only top 2 classes held real power
 - (2) Members of the 3rd group could be elected to the **boule** which prepared items for the assembly
 - (3) 4th group only voted in the assembly
 - (4) All could sit in the **Heliaea** which heard appeals decided by archons
 - (5) Any citizen could bring charges against another citizen
- 7. The Move to Tyranny
 - a. Peisistratus seizes tyrannical power in 560 B.C.E.
 - i. Aristocrat and relative of Solon
 - ii. Took power from the aristocrats

- iii. Forced land reform & loans to poor farmers
- iv. Expanded trade and did a massive building program for the unemployed
- v. Son Hippias did poorly and was exiled
- 8. Reforms of Cleisthenes
 - **a.** Blocked aristocratic return to power in 508 B.C.E. with the aid of the Athenians
 - i. Gave power to all people of Attica
 - (1) All citizens enrolled into 10 tribes
 - (2) Each tribe had people of the coast, city and farms in it.
 - ii. Each tribe annually chose 50 by lot to serve in the new Council of 500
 - (1) Prepared business for the council & financial & foreign affairs
 - (2) Council then had final authority on laws
 - b. Thus democracy had been created
- F. Greek Culture in the Archaic Age (~800-480 B.C.E.)
 - 1. *Kouros* = stiff life-size nude Egyptian like statues
 - 2. <u>Sappho</u> of Lesbos (~630-570 B.C.E.)
 - a. Famed poet and music teacher
 - **b.** Famous for her love poems to her female students
 - c. Greeks had no problems with such emotions
 - 3. <u>Hesiod</u> (~700 B.C.E.)
 - a. Wrote the epic poem Works & Days

demos = people kratia = power (Big on work and anti-aristocrats & injustice)

- **b.** Hesiod's <u>Theogony</u> is a poem about the birth of the gods
- IV. High Point of Greek Civilization: Classical Greece
 - A. The Challenge of Persia

(500-338 B.C.E.)

- 1. Perceived by Greeks as a threat to their freedom
 - a. In 499 B.C.E., the **Ionian** Greeks rose against Persia
 - b. Lost but aided with ships from Athens
 - c. Darius decided to punish Athens
- 2. First Persian Attack
 - a. Failed invasion due to storms in 492 B.C.E.
 - **b.** Battle of Marathon in 490 B.C.E.
 - i. Persians seize much of Euboea
 - ii. Persians land at Marathon
 - iii. Miltiades leads an Athenian, Plataean army in a charge against the Persians and defeats a much larger force
- 3. The Invasion of Xerxes
 - a. Themistocles (524–459 B.C.E.) becomes leader
 - b. Athens builds a 200 trireme fleet
 - c. Xerxes comes to power in Persia in 486 B.C.E.
 - d. Invasion in 480 B.C.E.
 - i. \sim 150,000 troops with over 700 ships
 - ii. Used a pontoon bridge to cross the Hellespont
 - iii. Quickly marched thru. Thrace & Macedonia

- e. Battle of Thermopylae
 - i. Narrow pass held by 300 Spartans under King Leonidas & 6000 to 9000 Greeks
 - ii. After two days the Persians slaughtered the Spartans and the Greeks retreated.
- f. Themistocles abandons Athens for Salamis
 - i. Athens & all left inside are burned by Persia
 - ii. Themistocles outmaneuvers a superior Persian fleet and destroys it on the rocks as King Xerxes looks on
 - iii. Xerxes withdraws his navy fearing an Ionian revolt but it is later destroyed by the Greeks at Mycale 479 B.C.E.
 - iv. Remnants of the Persian army are destroyed at Plataea in 479 B.C.E.
 - (1) 35,000 Corinthians and Spartans
 - (2) Combined with a "scorched earth" policy
- **B.** The Growth of an Athenian Empire
 - 1. Delian League is created (478 B.C.E.) to stop future Persian invasions
 - a. Treasury and headquarters at Delos
 - **b.** Dominated by Athens and her 300 triremes
 - **c.** Ended the Persian fleet and army's power in 469 B.C.E. with a victory in southern Asia Minor
 - d. Islands of Naxos & Thasos were destroyed

when they tried to secede in 470 B.C.E.

- e. Delian League became an Athenian Empire
- 2. The <u>Age</u> of Pericles (~495 429 B.C.E.)
 - a. Ecclesia (assembly)
 - i. 18 years or older
 - ii. Upwards of 43,000 members at a time
 - iii. Met on a hillside called the *Pnyx*
 - (1) No more than 6,000 could meet
 - (2) Passed all laws and declared war
 - iv. Council of 500 proposed laws
 - (1) Divided into tenths called prytanies
 - (2) Prytanies administered the laws
 - v. 6000 votes for ostracism got an official exiled for up to 10 years (some recalls)
 - **b.** City magistrates were chosen by lot to serve one year terms
 - **c. 10** generals or *strategoi* were elected publicly (Pericles was elected 15 times to this position)
 - d. Pericles opened many offices to the lower classes
 - i. Many got state salaries
 - ii. Aristocrats still held the power though
- 3. Athenian Imperialism
 - a. She created a powerful naval empire.
 - b. Tried to extend her empire on land
 - c. First Peloponnesian War (460-445 B.C.E.)

- i. Lost to Sparta and her allies
- ii. Sparta recognized Athens' naval empire and a 30 year peace ensued
- **d.** "Fearing Persia", Athens moved its treasury from Delos to Athens in 454 B.C.E.

Funeral

Oration, p. 73

- i. Pericles used the money to rebuild Athens
- ii. Any complaints were heard by an Athenian court
- C. The Great Peloponnesian War (431-404 B.C.E.)
 - 1. Cause
 - **a.** Fear by Sparta & her allies of the Athenian Empire
 - **b.** Fear for Peloponnesian sea trade
 - **c.** Athens threatened two Spartan allies, Megara and Corinth
 - **d.** Athens & Pericles refused to back down from Sparta's ultimatum

2. Course

- a. Athens stayed behind her Long Walls (41 mi. long)
 - i. Her port of Piraeus fed everyone
 - ii. Avoid direct contact with Spartan forces
 - iii. The navy attacked Peloponnesian ports
- **b.** Sparta used a scorched earth policy
- c. Plague in 429 в.с.е. kills Pericles
 - & $\sim 1/3$ of Athens

- d. Battle of Amphipolis 422 B.C.E.
 - i. Both leaders of the armies die
 - ii. The 50 year peace of Nicias followed
- e. Alcibiades (~450-404 B.C.E.)
 - i. Nephew of Pericles
 - ii. Elected to a generalship in 420 B.C.E.
 - iii. Failed **Syracuse** expedition
 - (1) Alcibiades flees and goes to Sparta
 - (2) Encourages Sparta to ally with Persia's navy
 - iv. Loss at Syracuse caused an aristocratic oligarchy to take over in Athens in 411 B.C.E.
 - v. The Athenian fleet was destroyed at Aegospotami on the Hellespont in 405 B.C.E.
 - vi. Without a navy, Athens surrendered (404 B.C.E.)
- D. The Decline of the Greek States (404-338 B.C.E.)
 - 1. Weakened Athens & Sparta set the stage
 - 2. "Thirty Tyrants" were est. in Athens by Sparta
 - a. Executed 1500 democratic opponents
 - **b.** Athens reestablished democracy in 403 B.C.E.
 - i. Athens rebuilt her navy
 - ii. Sparta tried to rally troops against Persia
 - iii. Eventually a new peace was negotiated
 - (1) Persia's "King's Peace" of 386 B.C.E.
 - (2) Ended fighting between the

Herms were

desecrated

Greeks and Persia

- 3. Sparta loses to Thebes at Battle of Leuctra (371 B.C.E.)
 - a. King <u>Epaminondas</u> (~418-362 **B.C.E.**) takes over most of Greece
 - **b.** King Epaminondas dies at the Battle of Mantinea in 362 **B.C.E.**
 - c. The stage is set for Philip II of Macedon
- V. Culture and Society of Classical Greece
 - **A.** The Writing of History (*historia* = research/investigation)
 - 1. Herodotus (~484-425 B.C.E.) & The Persian Wars

"Father

a. Somewhat fanciful with gods involved

of History" b. Portrayed Greek freedom vs. Persian despotism

- 2. Thucydides (~460-400 B.C.E.) & The History of the Peloponnesian War
 - a. A defeated general sent into exile
 - b. Accurate, objective, and precise
 - **c.** He did well in studying & portraying the human condition
- **B.** Greek Drama
 - 1. Developed by the Greeks
 - a. Performed in outdoor theaters
 - b. Tied to religious festival
 - 2. <u>Aeschylus</u> (~525-456 B.C.E.)
 - a. Wrote 90 tragedies with seven surviving
 - b. Orestia is the only complete trilogy left

- i. About the killing of <u>Clytemnestra</u> by her son Orestes for her killing dad
- ii. Orestes is set upon by the Furies
- iii. Tried in Athens, Orestes is acquitted by Athena
- 3. Sophocles (~485-406 B.C.E.)
 - a. Greatest of the playwrights
 - **b.** His Oedipus the King is the most famous Greek tragedy
 - c. In Antigone he praises the "miracle of man"
- 4. Euripides (~485-406 B.C.E.)
 - a. More realistic plots and characters
 - b. The Bacchae & Medea are his most famous works
 - c. Hated war and supported women's rights
 - d. Questioned moral and religious values
- **5.** Greek Comedy
- C. The Arts: The Classical Ideal
 - 1. The human form was the best
 - **2.** Big on reason, moderation, symmetry, balance & harmony
 - 3. Sculptors didn't go for realism, but idealized beauty
 - **4.** Sculptors used ideal proportions based upon mathematical ratios
 - **5.** In architecture the Parthenon best represented these ideals
 - **6**. **3** types of columns used for support & decoration

- a. Doric simplest capital
- **b**. Ionic scroll/ram's horns capital
- c. Corinthian more slender & an ornate capital

D. The Greek Love of Wisdom

- 1. Philosophy ("Love of Wisdom")
 - a. Thales of Miletus (~600 B.C.E.)
 - i. Postulated the unity of the Universe
 - ii. All was linked by water
 - **b.** Pythagoras (~580-490 B.C.E.)
 - i. Essence of the universe could be found in music and mathematics
 - ii. The divine is an underlying force
- 2. Sophists (paid wandering scholars)
 - a. Were paid which was bad
 - **b.** Stressed rhetoric to win debates & sway audiences
 - c. There was no absolute right or wrong
 - d. They emphasized memorization
 - e. They were eventually perceived as evil, especially in teaching the young to trick
- 3. Socrates (469–399 B.C.E.)
 - a. Stonemason & philosopher who left no writings
 - b. Taught using Socratic method
 - i. Teaching thru. questioning & answering
 - ii. Questioning got him sentenced to death
- 4. Plato (~429–347 B.C.E.)

- **a.** Concerned with what is real
 - i. World is made of unchanging Ideas or Forms
 - ii. All is reflection of the ideal and is only understood by the trained mind
- b. The Republic
 - i. Society is divided into 3 groups
 - (1) Philosopher-kings at the top
 - (2) Courageous warriors
 - (3) Those driven by desires at the bottom
 - the masses
 - ii. A harmonious state working for the benefit of all with women rulers as well
- c. The Academy was Plato's outdoor school
- **5.** <u>Aristotle</u> (384–322 B.C.E.)
 - a. Pupil of Plato & tutor of Alexander the Great
 - **b.** Believed in understanding object's form by studying it
 - **c.** Studied ethics, logic, poetry, astronomy, geology, biology & physics
 - d. In Politics he studied 158 states
 - i. Three forms of government
 - (1) Monarchy
 - (2) Aristocracy
 - (3) Constitutional government
 - ii. All three can be corrupted but the latter

Democracy

= anarchy

was best

- e. Marriage was important for the community
 - i. For the mutual comfort of both sexes
 - **ii.** He believed women were inferior and therefore should be subordinate

E. Greek Religion

- 1. Part of every aspect of Greek life
- 2. The basic 12 Olympians became the universal base of Greek religion
 - a. Each polis had a patron god to whom offerings were made
 - **b.** There were local and pan-Greek festivals such example were the Olympics
- 3. Oracles or mouthpieces of the gods divined the future (Ex. Delphi & King Croesus who was told by the priestess a great empire would fall if he attacked Persia, and it was true for his empire fell)
- **4.** Mystery religions
 - a. A secret initiation of some sort
 - **b.** Some greater hope of immortality
 - c. Ex. Eleusinian cult of Demeter was one
- F. Daily Life in Classical Athens
 - 1. Male citizens dominated (~15% of pop.)
 - a. 43,000 citizens at its height
 - b. 35,000 resident foreign metics

- i. Metics had to serve in the army
- ii. Had to pay for festivals as well
- 2. Slavery (Up to 100,000 slaves at one time)
 - a. An economic necessity for many
 - **b.** Soldiers needed at least one on campaign
 - c. Slaves worked domestic jobs or in public construction or in industry—most earned wages
- 3. Athens was a main trade center
 - a. Painted pottery was a chief product
 - **b.** Factory production was big with slaves
- 4. A Simple Lifestyle
 - a. Simple home with artisan made furniture
 - **b.** Basic food items
 - c. Slave or homemade clothing
 - d. Meat usually only consumed after festivals
- 3. Family and Relationships
 - a. Basic family with 2 citizens producing citizens
 - b. Citizen women participated in religious events
 - i. Always had to have a male guardian
 - ii. Women took care of the family, supervised slaves & had sons
 - iii. Women married at age 14 0 15
 - iv. Left home rarely and was usually accompanied and covered their faces
 - v. Prostitution was rampant

- (1) Lower slave prostitutes
- (2) High class courtesans called *hetairai*
 - (a) Played music, danced & sex
 - **(b)** Worked the male only *Symposia*
 - (c) Aspasia of Miletus, girlfriend of Pericles was one
- vi. Homosexuality was common
 - (1) Homosexual prostitutes had to be foreigners, as it was illegal for Athenians
 - (2) Not uncommon for older males to instruct younger males, esp. aristocrats
