

Teacher Welcome for 2017-2018

Teacher Name: Pete Greeninger

Room Number: 1196

Department: Art

Welcome to Kimberly High School Art Department. I'm Mr. Greeninger and have been teaching Art for 20 plus years. I believe that Art is an awesome way to not only express yourself, but gives another avenue for problem solving creatively. I hope to challenge my students and promote an exciting but yet enthusiastic art environment. The courses I will be teaching this school year include: Ceramics, 3D Art, 3D Art 2, Computer Art.

I received my Bachelors Degree from UW-Oshkosh and my Masters from Lakeland College. I am a varsity assistant football coach. I enjoy all sports, hunting, and spending time with my family up at our cottage. I have a wonderful wife, Suzy, and 4 children: Maggie, Josie, Douglas, and Molly.

****Ceramics students** will need to purchase a clock part when we create this project

****3D Art students** will need to purchase stain glass, grout, and a table/wood piece for the Mosaic Glass Project

****3D Art 2 students** will need to purchase stain glass for Stained Glass Project
