Students in grades 7-12 all must have a device (such as a Chromebook). If you do not have a Chromebook, the School District will provide one for you. This device will be yours to use (and bring home) for the school year. We will be offering insurance for the device that we **strongly** suggest you purchase for \$30.00. If you do not purchase this insurance you will be liable for the full coverage of the Chromebook if it is lost, stolen, damaged, and/or not returned. All school issued devices will have to be checked in at the end of the school year.

Students also have the option to continue to bring their own device that families have already purchased. If looking to purchase a device for your student, please follow these recommendations. All students must fill out the acceptable use agreement found on the GSL website.

Chromebook minimum specifications:

- * Screen size of 10"
- * 2 GB of RAM
- * Full sized keyboard
- * Wireless Connectivity
- * Allows the use of Google Chrome Browser
- * Minimum 6 hour battery life

High School Students
