**Special Notes:**

1. Students and parents are urged to participate in the decision-making process.
2. The high school will make every attempt to honor students' requests; however, requesting a course does not ensure placement in that course.
3. Course change requests are only considered in extreme circumstances. A course change request form may be obtained from the student's counselor.
4. Parents are strongly encouraged to follow teacher recommendations. If a parent disagrees with a recommendation, he/she must first communicate with the teacher. If the parent wishes to pursue a course level change request, he/she may obtain an override form from the student's counselor.
5. Course and course level change requests will be considered before the published deadline and will be based on availability.

For questions about registration, contact your student's current counselor.
