## **DRUG-FREE POLICY**

The following policies pertain to students in regard to alcohol, tobacco, drugs, or controlled substances:

### **ALCOHOL AND TOBACCO USE BY STUDENTS**

Alcohol and other drug use(including tobacco & vaping) are wrong, unlawful and harmful and can interfere with a student's ability to learn and function responsibly in the school setting and community. Psychoactive and mood-altering drugs can destroy the health and well-being of an individual. The school community recognizes alcohol and/or other drug(including tobacco and vaping) use as a serious health problem and is committed to discouraging this behavior and to encouraging students to choose a drug-free lifestyle and to seek help should a problem arise.

Students are prohibited from drinking, selling, or having in their possession alcoholic beverages, drugs, tobacco, and vaping on or in school properties or other areas where regular school functions are in session. This includes the prohibition of alcohol, drugs, tobacco, and vaping at any interscholastic athletic contest, on any field trip, or any other school-sponsored trip or activity. Please refer to the discipline matrix for discipline regarding the use of alcohol, drugs, tobacco, and vaping.

### **SEXUAL HARASSMENT**

It is the policy of the HARDING COUNTY SCHOOL DISTRICT 31-1 that all of our employees and students should be able to enjoy an atmosphere free from all forms of discrimination, including sexual harassment.

Sexual harassment does not mean occasional compliments of a socially acceptable nature. Sexual harassment refers to conduct which is offensive to the individual, which harms morale, and which interferes with the effectiveness of our school district.

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communication of a sexual nature when (1) submission to such conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining or retaining employment, or of obtaining an education, advancement, or grade, (2) submission to or rejection of such conduct or communication by an individual is used as a factor in decisions affecting such individual's employment or education, or (3) such conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's employment or education or creating intimidating, hostile, or offensive employment or education environment.

Sexual harassment, as defined above, may include, but is not limited to:

1. Sexual oriented verbal "kidding", abuse, or harassment;
2. Pressure (subtle or otherwise) for sexual activity;
3. Repeated remarks to a person, with sexual or demeaning implications;
4. Unwelcome touching, such as patting, pinching, or constant brushing against another's body;
5. Suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning one's grades, employment status, or similar personal concerns.

Any person who believes he or she has been the victim of sexual harassment by any employee or student of the school district or any third person with knowledge or belief of conduct, which may constitute sexual harassment, should report the alleged acts immediately to the appropriate school district official. If the official designated is the person alleged to have sexually harassed another, the complaint may be made to any other administrator or directly to the Board president. Filing of a complaint or otherwise

reporting sexual harassment will not reflect upon the individual's status or affect future employment, work assignments or grades.

The right to confidentiality, both of the complainant and of the accused, will be respected consistent with the school district's legal obligations and with the necessity to investigate allegations of harassment and to take disciplinary action when this conduct has occurred. A substantiated charge against a school district staff member will subject such member to disciplinary action, which may include discharge.

A substantiated charge against a student in the school district will subject that student to disciplinary action, which may include suspension or expulsion, consistent with student disciplinary policies.

Notice of this policy will be circulated to all district schools and departments and incorporated in teacher and student handbooks.

### **PROHIBITION AGAINST RETALIATION**

The District strictly prohibits retaliation against any employee or student because he or she has made a report of alleged sexual harassment or against any employee or student who has testified, assisted, or participated in the investigation of a report. Retaliation includes, but is not limited to, any form of reprisal or adverse pressure, including the accused discussing the allegations directly with the accuser except where such discussion has been arranged and facilitated by the Title IX Coordinator. Retaliation is itself a violation of federal and state laws prohibiting discrimination and may lead to separate disciplinary action against the offender.

### **STUDENT DUE PROCESS RIGHTS**

All students are entitled to due process when they are subjected to disciplinary actions such as suspension or expulsion. The Board and school officials have the legal authority to deal with disruptive students and student misconduct. Due process, in the context of the administrative proceedings carried out by school authorities, refers to the hearing procedures established by the State Board of Education.

Due process procedures will conform to the following basic practices:

1. They must be fair.
  2. They must apply equally to all.
  3. They must be enforced in a fair manner, which involves **a.)** adequate and timely notice and an opportunity to prepare a defense. **b.)** an opportunity to be heard at a reasonable time and in a meaningful manner. **c.)** the right to a speedy and impartial hearing on the merits of the case.
  4. Proceedings will start with the principal who is charged with the supervision of the student involved.
  5. If resolution is not obtained at the principal level the decision may be appealed to the Supt. of Schools.
  6. If resolution is not obtained at the Supt. level, an appeal may be made to the Harding County School Board.
- OR
7. A complaint which is filed that alleges any acts of discrimination based on sex, age, race, color, national origin or disability. The student may go through the school's due process procedure.

## ABSENCES

Regular school attendance is a primary determinant of the student's academic success. Additionally, it is the standard by which many potential employers measure the graduate's likelihood to show up for work on time each day and shoulder his/her job responsibilities. Harding County School's attendance policy and subsequent absence procedure reflect the commitment to successful students in academic and employment endeavors.

- A. The absence of any student who leaves the school without authorization from the principal will be unexcused. All students must get permission from the office when leaving school.
- B. Students who receive an unexcused absence may serve one day in-school suspension.
- C. When a student is absent from class, he/she is responsible for make-up work. Before going to a class from which a student has been absent, he/she must report to the principal's office for a make-up slip.
- D. All students who are absent must bring a note of explanation signed by their parent or guardian, or the office must receive a personal phone call from the parent or guardian. If the office receives no note or phone call with a valid reason for the absence within two days of the student's return to school, the absence will be unexcused.
- E. All students who receive an unexcused absence will receive half credit on all work completed.

## ATTENDANCE:

File: JEDA

## ATTENDANCE/TRUANCY POLICY FOR GRADES 6-12

A student's achievement and success in school are directly related to attendance. Both students and parents must understand that students miss a vital portion of their education when they are absent from school. While it is true that written work can be completed for makeup, class instruction or presentation, discussions, audio/visual presentations, group work, or student-teacher interactions can never be made up. Administration does have the right to ask for a note from a medical professional to verify any absence.

### Tardiness

Students will be counted tardy when arriving to school after the designated start time. If a student arrives at school after 10:00am or leaves before 1:30pm, he/she will be counted absent for ½ day. Consistent tardiness will be brought to the attention of the parents. Parents of students having a high rate of tardiness will be requested to confer with the teacher(s) and/or Principal in hopes of identifying the problem cooperatively while working to a satisfactory solution.

Unexcused tardies should only be excused by the parent/guardian on the day of the tardy. Students tardy 10 minutes or more to class will be marked absent rather than tardy. Individual tardy incidents will be dealt with cumulatively and will result in detention for 3 unexcused tardies school-wide. Each subsequent tardy will result in detention. Ten or more

unexcused tardies will result in the student making up missed class time (based upon the “Recovery Days-Excessive Absences” times) which will take place before or after school determined by the Principal. Extenuating circumstances involving tardies may be considered by administration.

### **Absences**

\*Although the below descriptions pertain to total day absences, class period absences may be addressed with consequences including detention, make-up/recovery time, loss of privileges, and in-school suspension.

*Note: Grades 6-12 on a semester basis*

**5 Absences**– A letter stating this fact will be sent to the parents. The letter will stress the importance of attendance to successful completion and of graduation requirements. In cases of prolonged absence because of illness or after 5 separate absences due to illness, a doctor’s statement will be required.

**7 Absences** – A letter stating this fact will be sent to parents and the student must make up missed class time(based upon the “Recovery Days-Excessive Absences” times) before or after school determined by the Principal. A conference with a parent, student, and the counselor or principal will be requested. There will be discussion of the attendance policy and the consequences for further absences from the class(es). A plan of action will be drawn up that includes interventions for a plan of success.

**10 Absences** – A conference including the student, a parent, and the principal will be requested. The purpose of this conference is to inform the parent and student that because s/he has indicated an unwillingness to put forth the effort to complete academic requirements, the student may not earn credit for the course (High School Only). If parents do not attend the conference, they will be notified by phone or certified mail. Furthermore, the student must make up missed class time(based upon the “Recovery Days-Excessive Absences” times) before or after school determined by the Principal.

**11 or more Absences** - Possible referral to the State’s Attorney. The student must make up missed class time(based upon the “Recovery Days-Excessive Absences” times) before or after school determined by the Principal.

### **Truancy**

1. South Dakota law (13-27-11) states that: “Any person having control of a child of compulsory school age, who fails to have the child attend school as required by the provisions of this title, is guilty of a Class 2 misdemeanor for the first offense. For each subsequent offense, a violator of this section is guilty of a Class 1 misdemeanor.”

2. Truancy is defined as any absence not approved by the school or a pattern of irregular attendance. Skipping a class and/or leaving school grounds without permission is considered truancy.

3. School procedures/consequences for truancy may include making up missed time through detention, summer school, parent notification, parent conference, suspension, and/or loss of credit. Repeated truancy instances will result in a referral to legal authorities.

### **Under normal circumstances, absences will be counted except as listed below:**

1. Participation in school sponsored or school-approved activities.
2. If the weather is such that a parent determines the child is endangered by attendance the student will not be counted absent if school official(s) is/are notified.
3. Special needs, abilities, or circumstances will be given necessary consideration and attention as determined by administration. Long term absences may also receive special consideration.

4. Family emergency such as:
5. Serious illness or family member
6. Death of family member
7. Other only with permission of Principal

ADOPTED JULY 13<sup>th</sup>, 2009

#### **RECOVERY DAYS-EXCESSIVE ABSENCES/TARDIES**

During the school year, the office will closely monitor the absences and tardies of students and intervene when the student reaches seven (7) days missed or ten (10) tardies. Students in grades 6-12 must “recover” missed days as follows;

- 4 hours of before or after school “recovery time” equals one (1) full day
- 2 hours of before or after school “recovery time” equals one (1) half day
- Before or after school “recovery time” will be limited to one (1) hour per day
- Before school “recovery time” will not start before 7:30 am and after school recovery time will not extend beyond 4:00 pm.
- “Recovery time” dates and times will be determined by the Principal

#### **SCHOOL HOURS FOR STUDENTS:**

The classroom portion of the building will be open from 7:30 A.M. to 4:00 P.M. with the high school and junior high school students' day beginning at 7:50 and ending at 3:35. Students in the classroom portion of the building before 7:30 or after 4:00 must be rerouted to or from a teacher and have permission by the Principal.

#### **MAKE-UP WORK**

A student shall have the opportunity to make up schoolwork missed due to any excused absence. All make-up work shall be completed within a reasonable length of time following the absence. This will be two days for every day of absence unless other arrangements have been made with the instructor. It is the **student's responsibility to take the initiative** to contact teachers and make arrangements for making up work.

- A. When a student returns from an absence other than for school activities, a make-up slip will be issued by the secondary office marked "excused" or "unexcused."
- B. The student will complete the make-up work within two consecutive school days for each day the student was absent.
- C. All work missed must be made up, whether the absence was due to school activities or for other reasons. If arrangements have been made with the instructor, work, which is not made up, will be treated as an incomplete. Incompletes change to zeros if not made up within one week. No student having an "incomplete" will be eligible for the honor roll.

**EXAMPLE 1:** A student misses class on Monday. He/She will pick up a make-up slip on Tuesday. All teachers will make assignments and sign. The student then is responsible for completing the make-up work in the time allowed. Should the student not complete the work in the required time, a grade of zero will be recorded for the work not completed. If a student needs more time and contacts the teacher(s) to arrange for more time, prior to the end of the allowed makeup period, the teacher(s) may grant the extended time.

**EXAMPLE 2:** A student misses two days of class, and on one of those days, the teacher informs the class of a test and the test date. The teacher uses a revised exam with the absent student. However, preparation time exceeds the four day limit. A time extension would be granted. In the case where the student is aware that he/she has a scheduled exam and is absent the day it is given, he/she will usually be required to take the exam immediately upon return to class and should be prepared to do so

### **PERFECT ATTENDANCE:**

Awards will be presented at the end of the year to students who did not miss any school except for school-related functions or approved state or national youth activities.

### **PUBLIC DISPLAY OF AFFECTION:**

Public displays of affection at school or school functions are not acceptable and will be considered disruptive behavior.

### **BEHAVIOR/DISCIPLINE**

The Principal, Superintendent, or School Board reserves the right to withdraw any student from any class if it is in the best interest of the student or other students in the school. Refer to the discipline matrix at the end of this of this handbook for more specific issues and consequences.

### **BILLS:**

Students need to pay all bills owed to the school and clear all financial responsibilities before being allowed to "check out" at the end of the school year and before transcripts of credits can be issued or a final report card issued. Students will be responsible for the cost of replacing any school materials or property that has been lost or damaged while placed in the student's care.

### **CARE OF BOOKS:**

At the beginning of the year, most teachers will check out books to students. Students should note in writing any damages to the book received at the beginning of the year. At the end of the year, the teacher will look over books to note any damages which occurred to books and the teachers will assess and collect such damages based as follows:

Missing page:	Price of new book
Broken/torn spine or cover:	\$5 or cost of new book if damage is extreme
Water/mud damaged pages:	From \$3 up to cost of new book
Torn page(s):	From \$1 up to cost of new book
Writing on pages:	From \$.50 to \$5
Part of page missing:	Price of a new book.

Costs may be adjusted according to the age of the book. Students must assume full responsibility for materials checked out to them. The above rates apply to texts, not workbooks.

### **CHANGING CLASSES:**

Classes may be changed during the first two(2) days of any semester provided the student requests a drop/add slip from the office and receives approval from: the parent(s), the teachers involved, the guidance counselor

Academic cheating includes (but is not limited to) the following: bringing unauthorized material to an examination, copying another student’s work on any assignment or test, misrepresenting someone else’s work as one’s own (including borrowing or purchasing term papers), and plagiarism. ## ACTIVITIES POLICY

### CONCUSSION/IMPACT TESTING

All students who participate in interscholastic competition must take the concussion/impact test provided by the Harding County School District before they are allowed to participate in any interscholastic sport including practice.

### REMOVAL AND RETURN-TO PLAY POST CONCUSSION

The Harding County School District will follow the SDHSAA policy on concussions. More specifically, removing a student/athlete from play and return-to-play post concussion. In addition, the licensed health care provider the parent(s) chooses to take their student/athlete to for care, will have complete discretion on when that student/athlete returns to play and the guidelines to be followed when they return. Furthermore, Harding County School District will not allow participation in any activity post concussion until they get a release from a licensed health care provider.

### HARDING COUNTY RANCHER CODE OF ETHICS

Students involved in any athletic programs are under the full direction of the coach along with his/her assistants. Students are expected to abide by the rules and regulations set up by their coaches. Failure to abide by the rules is sufficient cause for a student to be dismissed or dropped from a sport.

No student will be permitted to practice without a physical examination, proof of insurance or insurance waiver and a medical consent form.

All SDHSAA policies and procedures will be followed and conformed to along with the Harding County High School policies. The Harding County Code of Ethics is in effect from the first day of VB/FB practice in August until the Sunday morning (12AM) following the state track meet. Every student/athlete must abide by these rules throughout the school year regardless of what sport they participate in.

**\*Note: Example-If a student only participates in basketball and no other sport, they will start following the code of ethics on the first day of VB/FB practice in August and will continue to follow the code of ethics until the Sunday morning(12AM) following the state track meet. In other words, training rules last all year long, no breaks between seasons!!**

**All discipline will carry over to the following sport and school year if the consequences have not been met by the end of the previous season/school year. In order for a student to carry out the discipline they must be out for the activity within the first week of the season and continue in the activity until after the state tournament or until the team is eliminated from further competition.**

These rules are the minimum and may be strengthened by the individual in charge of the activity. Activities under the Rancher Code of Ethics are, but not limited to the following:

Ineligible students shall be allowed to practice, or complete team or group assignments, but will not be allowed to participate in activities or competitions. ***Furthermore, the ineligible student(s) may not be allowed to travel with the team if the traveling causes the student(s) to miss any part of the school day. This includes playoffs and state tournaments.*** The principal will provide for the notification of students, coaches, or program sponsors/directors of ineligible students on a weekly basis. In addition, if a student fails a class at the end of the first 18 weeks (December) or second 18 weeks (May), they will miss the first four weeks of the next event they participate in starting with the first practice after the semester. This penalty will carry over from the previous year.

District employees and students shall not at school, on school property or at school activities wear or have in their possession any written material, either printed or in their own handwriting, that is racially divisive or creates ill will or hatred. (Examples: clothing, articles, material, publications or any item that denotes Ku Klux Klan, Arayan Nation-White Supremacy, Black Power, Confederate flags or articles, Neo-Nazi or any other "hate" group. Harding County School District will investigate all complaints of harassment, whether formal or informal.

Racial harassment may be reported to the K-12 Principal either verbally, via email, or by filling out the racial harassment form. The form may be obtained from the High School secretary. A copy will also be included in the student handbooks distributed at the beginning of each school year.

School personnel are required to report incidents of alleged student-on-student harassment that may be based on race, color, and/or national origin that they witness or of which they have received reports or information, whether such incidents are verbal or physical or amount to harassment in other forms.

When a complaint has been filed, the district has 10 working days to complete an investigation of the incident. An investigative report is required to be completed by the K-12 Principal in order to document the course of the investigation. Written notice of the outcome of the investigation is to be provided to the parties involved.

The investigatory procedures documented in the investigatory report shall, at a minimum, include: (1) the name, race, and national origin of the alleged victim and, if different, the name and race of the person reporting the allegation. Harding County School District will investigate all incidents of harassment, and will take action to stop any and all harassment, remedy the harassment and prevent reoccurrence of the same.

The person responsible for receiving and/or investigating reports of harassment, including the investigatory report, shall be the K-12 Principal for Harding County School District. The Principal may be contacted at 375-3241 or by email. The principal is required to gather and maintain a file of all reports of incidents of harassment.

Harding County School District recommends that staff members who observe acts of harassment based on race, color, or national origin intervene to stop the harassment, unless circumstances would make such intervention dangerous. Staff members are required to report any observed acts of harassment to the Principal or Superintendent.

Any form of retaliation against persons who report alleged harassment or participate in related proceedings shall be prohibited.

Harding County School District will offer counseling services to any person found to have been subjected to harassment on the basis of race, color, or national origin and, where appropriate, to the person(s) who committed the harassment.

However, Harding County School District may disclose appropriately designated (directory) information without written consent, unless you have advised the district to the contrary in accordance with District procedures. The Primary purpose of directory information is to allow the Harding County School District to include this type of information from your child's education records in certain school publications. Outside organizations include, but are not limited to, companies that manufacture class rings, or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

## **Parent Involvement Policy**

In accordance with the requirements of section 1118 of the Federal No Child Left Behind Act of 2001, the following policy has been adopted by the Harding County School District to ensure that the district will encourage parental involvement in all areas of the education of the children who reside within the borders of the district.

### **We believe that:**

1. The child, family and school form a partnership in a child's education. All have roles and responsibilities.
2. Families come in all sizes, cultures, and descriptions and are to be respected in their uniqueness. We must recognize individual family strengths while respecting different methods of coping and adjusting.
3. Families should be made to feel welcome at school: in their child's classroom, school meetings and functions.
4. Preschool education is a vital part of a child's education. The school and family should work together to ensure a child is prepared to begin school ready to learn.
5. Families will be encouraged to share their varied talents and cultures with children at school to create a cross-cultural bridge of understanding.
6. The school is the education center for the community. Therefore, community education classes will be held which will expand the knowledge of the families as a whole.
7. Families will be included in the school decision-making process through an annual needs assessment. They will also have the opportunity to serve on various committees, such as the Indian Education Committee and the Andes Central School Board.
8. Families are to be included in their child's school discipline concerns.
9. It is the responsibility of the school to keep families informed about their child's needs and accomplishments.
10. The school will assist the family through parent training sessions so parents will be able to assist their children with academic assignments and other school-related activities.

*THIS STUDENT HANDBOOK MAY NOT COVER ALL SITUATIONS THAT MAY ARISE. HOWEVER, THESE ESTABLISHED PARAMETERS OF CONDUCT ARE DEVELOPED IN GOOD FAITH AND SERVE AS PRECEDENCE IN THE DECISION MAKING PROCESS OF SUCH SITUATIONS NOT SPECIFICALLY DELINEATED IN THIS DOCUMENT. ALL STUDENTS OF HARDING COUNTY SCHOOL ARE EXPECTED TO BEHAVE REASONABLY AT ALL TIMES.*

**We have read this handbook and carefully reviewed its contents. We agree that students shall abide by all of the rules and expectations within.**
