“STEAM is an educational approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics as access points for guiding student inquiry, dialogue and critical thinking.”

- Susan Riley, Institute for Arts Integration and STEAM

Welcome to Hawks Nest STEAM Academy – a North Carolina STEM School of Distinction! We are excited about the new school year and excited that you and your child are a part of our school family. At Hawks Nest, we are committed to building the foundation for your child and promoting an atmosphere where all students can thrive. We define “thrive” as children loving school, excited about learning, growing in all areas, and taking the knowledge they gain here and applying it in real life.

Our vision is to create a learning environment that inspires success and a lifetime of learning. Our mission is to partner with parents, teachers, students, and the community to provide innovative opportunities for all students to become problem solvers in a safe, nurturing, and creative learning environment that will prepare them for careers in the fields of scientists, engineers, mathematicians and many other areas of expertise. Through critical thinking and exploration, students will participate in inquiry-based learning where they will experience and apply the Engineering Design Process to solve problems.

To realize our vision and mission, Hawks Nest STEAM Academy will

- Help students to build character and good citizenship;
- Set high academic and behavioral expectations;
- Provide a learning environment that promotes innovation, creativity, exploration, problem-solving, risk-taking and collaboration;
- Provide a safe, secure, and nurturing environment;

- Use data to meet the needs of individual learners.

This handbook's contents are informative and useful. It is designed to answer questions about our school's daily operation. If you cannot find the answer you need here, contact me or a member of our office staff. Thank you for entrusting your child to our care. We are pleased to serve you and make this school year the best ever!

In addition, students must be residents of Gaston County. Any student not meeting these requirements will require a parent conference with administration to discuss a plan of action, may be placed on watch status, or may be transferred back to their home feeder school.

TRANSFER REQUIREMENT GUIDELINES

Attendance:

Six (6) unexcused absences will result in watch status. Twelve (12) unexcused absences may result in students being transitioned back to their home feeder school. Students with excessive tardies will be notified about watch status after eight (8) unexcused tardies and may be transitioned back to their home feeder school after twelve (12) unexcused tardies.

Behavior:

Students reaching the behavior tier equivalent to an office referral will get a verbal warning about the type of behavior and replacement strategies to be used as well as a parent phone call. The third office referral will result in OSS and an administrative conference with parents to discuss possible transition back to their home feeder school.

Academic:

Students must participate in the academic program of our school. Parents of students who refuse to collaborate, complete assignments or are not making academic growth will be contacted by the homeroom teacher. Repeated violations will result in an administrative conference with parents, a plan of action will be created and the student will be placed on watch status.
