Calculation of Grade Point Average (GPA)

Grade point average (GPA) is calculated at the end of each school year using only final grades. Honors and AP level courses are calculated on a weighted 5.0 scale and College Prep courses are calculated on a 4.0 scale. The GPA is reported on a weighted 5.0 scale.

The HHS grade scale can be found on each student’s transcript.

Class Rank

Class rank is not recorded on a student’s transcript.

Any institution may request in writing from the School Counseling Department the class rank of any student if class rank is required for admission to that school or needed for any scholarship program. The class rank reported is based on weighted GPA.
