Dear Students and Families:

If this is your first year as a member of the Higgins Middle School community - welcome!

Welcome back to those of you that have been with us before. This handbook is designed to inform all students and families of our policies and procedures. It contains valuable information about academics, expectations, and organization at Higgins Middle School.

Please take the time to read your handbook carefully and keep it handy for future reference. If you have any questions or concerns, don't hesitate to contact your assistant principal, guidance counselor, or teachers.

We look forward to another excellent year at Higgins and encourage you to communicate with us as the year progresses. Together we can ensure a successful middle school experience for everyone!

Sincerely,

Todd Bucey
Principal

Home-School Communication Guide

As parents and caregivers, you play such an important role in the success of Peabody's children. You were one of your child's first teachers and have a deep understanding of their unique strengths and talents, challenges and areas for growth. Your knowledge and experience are critical to the home-school relationship, and with your help and partnership, we know that we can provide your child an excellent experience in the Peabody Public Schools - an experience that addresses your child's individual academic, social, and emotional needs.

One of the key areas that can help create a positive experience for your child is in the area of communication. To that end, we respectfully ask for your partnership and shared responsibility for modeling collaboration and problem-solving through open and honest communication.

While we recognize that it is often instinctual to "go to the top," doing so may actually slow down the process of problem-solving, as the contact is not as familiar with the specific issue and will need to gather data from multiple sources before even beginning to address the issue. Approaching the individual closest to your issue is often the fastest way to resolution.

First Point of Contact - Your Child's Teacher has a wealth of knowledge and information. In many instances where you need to go beyond the information in the student handbook and communicate directly with your child's school, your child's teacher is generally the first point of contact. If your concern is not adequately addressed at the teacher level, the following information will help guide with next steps. Please note that this is a general guide that addresses some of the most common questions families have regarding non-emergency issues.

If the issue is related to academics (i.e. course selection, curriculum)...	If the issue is related to school policy or is administrative in nature...	If your question / concern is related to your child's overall educational program or their social and emotional growth...	If your question or concern is related to extra-curricular activities or athletics...
Please contact your child's Associate Principal.	Please contact your child's Associate Principal.	Please contact your child's guidance counselor or special education liaison.	Please contact the extra-curricular advisor or coach. Each extra-curricular activity has a staff advisor / coach who can help answer your questions.
If the issue is not resolved at the Associate Principal level, please contact the Principal.	If the issue is not resolved at the Associate Principal level, please contact the Principal.	If the issue is not resolved at the level above, please contact the Associate Principal.	If the issue is not resolved at the level above, please contact the main office.
		If the issue is not resolved at the Associate Principal level, please contact the Principal.	

If you are unsure about the correct contact for your particular question or concern, please call the Main Office for your child's school. The Main Office staff members will be able to quickly identify the person with whom you need to speak and be able to answer any questions on how to best connect with the appropriate staff member.

Finally, if going through the channels above does not bring resolution to your question or issue, the Central Office team is here to support you, and our contact information is below. We thank you for your partnership and support and look forward to working with you to build a positive experience for your child(ren).

If a child resides with anyone other than the parents, an official document stating legal custody/guardianship must be provided.

At the time of registration, all medical documentation consisting of current immunizations and physicals as required by state law must be submitted and reviewed by the school nurse.

In accordance with the McKinney-Vento Homeless Assistance Act, exceptions to all of the above requirements may be made for students who qualify as homeless.

McKinney-Vento Act defines “homeless children and youths” as individuals who lack a fixed, regular, and adequate nighttime residence. The term includes—

- Children and youths who are:
 - sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason (sometimes referred to as “doubled-up”);
 - living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations;
 - living in emergency or transitional shelters; or
 - abandoned in hospitals;
- Children and youths who have a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings;

- Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- Migratory children who qualify as homeless because they are living in circumstances described above.

The McKinney-Vento Homeless Education Assistance Act requires that schools immediately enroll homeless students in school, even if they do not have the documents usually required for enrollment, such as school records, medical records or proof of residency, as long as the student has been properly immunized. Information on lead screenings as well as immunization records may be transferred over the phone. Parents or Guardians intending to register students who are homeless should be aware of the following guidelines:

1. Homeless students have a right to either remain in their school of origin or to attend school where they are temporarily residing;
2. Children who move from a homeless situation into a permanent residence during the course of a school year have the right to stay in the school they were attending while they were temporarily homeless. If the child or youth continues his or her education in the school of origin but begins living in an area served by another school district, the school district of origin and the school district in which the homeless child or youth is living must agree upon a method to apportion the responsibility and costs for providing the child or youth with transportation to and from the school of origin. If the school districts cannot agree upon a method, the responsibility and costs for transportation are to be shared equally.
3. Students who chose to enroll in school where they are temporarily residing must be enrolled immediately, even if they do not bring the records usually required for enrollment with them;

If a homeless student arrives without records, the school district's designated Homeless Education Liaison will assist the family and contact the previously attended school system to obtain the required records;

A child who is homeless and attending any school served by the local educational agency is eligible for Title I services. A child who is homeless and attending any school served by the local educational agency is eligible for the Free and Reduced Lunch Program.

Student Records

Below is a summary of parent and student rights under state law and the Family Educational Rights Privacy Act (FERPA). Note that copies of the state student records regulations are available in the Student Records Office at Higgins Middle School.

The student record consists of the transcript and the temporary record, including all information recording and computer tapes, microfilm, microfiche, or any other materials regardless of physical form or characteristics concerning a student that is organized on the basis of the student's name or in a way that such student may be individually identified, and that is kept by the public schools of the Commonwealth as defined under state law.

Under state student record regulations, an eligible student is any student who has reached 14 years of age or who has entered 9th grade.

Confidentiality of Student Record

With few exceptions, no individuals or organizations other than the parent, eligible student, and school personnel working directly with the student may access information in the student record without the specific, informed, written consent of the parent/eligible student.

Release of Student Directory Information

Higgins Middle School may release to third parties, without prior consent, "a student's name, address, telephone listing, date and place of birth, major fields of study, dates of attendance, weight and height of members of athletic teams, class participation in officially recognized activities and sports, degrees, honors and awards, and post high school plans." Parents of eligible students have the right to request, in writing to the Principal, that their information not be released without prior consent and should do so no later than September 15th each year. **(see signature/acknowledgement page at end of handbook)**

Inspection of Student Record

A parent, and an eligible student may inspect their own student record. The record must be made available to the parent/eligible student within ten (10) days of the request, unless the parent/eligible student consents to an extension of this timeframe. If the parent/eligible student requests copies of the student records, the district may charge the parent/eligible student for said copies.

Amendment of Student Record

The parent and eligible student have the right to add relevant comments, information, or other written materials to the student record. The parent and the eligible student also have the right to request in writing that information in the student record be amended or deleted. The parent and student have a right to a conference with the school principal to make their objections known. The principal must issue a written decision within one week of the conference. The regulations provide the parents/eligible student with a right of appeal if they are dissatisfied with the decision.

Transfer of Student Record

Higgins Middle School will forward the student record of any student who seeks or intends to transfer to another public school district, upon request of the receiving school.

Non-Custodial Parents

Unless there is a court order to the contrary, a non-custodial parent (parent without physical custody of the student) of any public school student has the right, subject to certain procedures, to receive information regarding the student's achievements, involvement, behavior, etc. A non-custodial parent who wishes to have this information shall submit a written request annually to the child's school principal. Upon receipt of such a request, the principal shall send written notification to the custodial parent by certified and first class mail that the records and information will be provided to the non-custodial parent in twenty-one (21) calendar days unless the custodial parent provides documentation of the non-custodial parent's ineligibility to access such information. In all cases where school records are provided to a non-custodial parent, the electronic and postal address and other contact information for the custodial parent shall be removed from the records provided. Any such records provided to the non-custodial parent shall be marked to indicate that they may not be used to enroll the student in another school. Upon receipt of a court order that prohibits the distribution of information pursuant to M.G.L. c. 71, § 34H, the school will notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent. M.G.L. c. 71, § 34H; 603 CMR 23.07.

Destruction of Temporary Record

Temporary records (all portions of the student record other than the transcript) will be retained for a maximum of 7 years, and then they must be destroyed after notification to the student who will have the opportunity to claim them if s/he so desires.

Any student who graduates in the Class of 2023 or who transfers or withdraws from HIGGINS MIDDLE SCHOOL in the 2022-2023 school year, may pick up his/her

temporary records in the Student Records Office any time before December 1, 2030. After December 1, 2030, the above records will be destroyed.

Complaints

A parent or eligible student has a right to file a complaint regarding educational records with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920, 800-872-5327; or with the Massachusetts Department of Elementary and Secondary Education, 75 Pleasant Street, Malden, MA 02148, 781-338-3300.

PARENTAL NOTIFICATION OF RIGHTS UNDER THE PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (DOE): political affiliations or beliefs of the student or student's parent; mental or psychological problems of the student or student's family; sex behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of others with whom respondents have close family relationships; legally recognized privileged relationships, such as with lawyers, doctors, or ministers; religious practices, affiliations, or beliefs of the student or parents; or income, other than as required by law to determine program eligibility.

1. *Receive notice* and an opportunity to opt a student out of the following: any other protected information survey, regardless of funding; any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law; and activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
2. *Inspect*, upon request and before administration or use: protected information surveys of students; instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and instructional material used as part of the educational curriculum. These rights transfer from the parents to a student who is 18 years old or an emancipated minor under state law.

The Peabody Public Schools will/has develop(ed) and adopt(ed) policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted

below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. The District will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys.

Specific activities and surveys covered under this requirement include: the collection, disclosure, or use of personal information for marketing, sales or other distribution; the administration of any protected information survey not funded in whole or in part by DOE; and any non-emergency, invasive physical examination or screening as described above. Parents who believe their rights have been violated may file a complaint with:

SERVICES AND ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

Some students with disabilities require specialized instruction and/or supportive services to help them make effective progress in school. These services can include, but are not limited to, speech therapy, physical therapy, occupational therapy, specialized instruction, or placement in special classroom. Parents or teachers may refer students they are concerned about to the Pupil Services Office. Within five (5) school days of such a referral, a consent form authorizing an evaluation of the student will be forwarded to the parent(s). Upon receipt of the parent(s)' consent, an evaluation will be conducted and a Team meeting will be held to determine if the student is eligible for special education services. If the student is found eligible for special education services, the Team will develop an Individualized Education Program (IEP) identifying the necessary services.

Section 504 of the Rehabilitation Act of 1973 ("Section 504") is a federal law designed to protect the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Department of Education. Section 504 provides: "No otherwise qualified individual with a disability in the United States . . . shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance" Title II of the Americans with Disabilities Act of 1990 (Title II) is a federal law that applies to public entities, including the conforming amendment to Section 504 that affects the meaning of a disability under Section 504.

The Section 504 regulations require a school district to provide a federal law designed to protect the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Department of Education. Under Section 504, a FAPE consists of the provision of regular or special education and related aids and services designed to meet the student's individual educational needs as adequately as the needs of nondisabled students are met.

Individuals who have complaints regarding the District's compliance with Section 504 can bring suit in federal district court against the District or persons in their individual capacity. Parents and employees can also file complaints with the U.S. Department of Education, Office for Civil Rights regional office at 5 Post Office Square, 8th Floor, Boston, MA 02118. In regard to concerns related to the identification, evaluation, and placement of students with disabilities, parents or guardians can make a hearing request with the Massachusetts Bureau of Special Education Appeals at One Congress Street, 11th Floor, Boston, Massachusetts 02114. Employees can also file a complaint with the Equal Employment Opportunity Commission located at John F. Kennedy Federal Building, 475 Government Center, Boston, MA 02203.

STUDENT SERVICES

AFTER SCHOOL HELP & ACTIVITIES

After school help is available to students. Students who are having difficulty in a particular curriculum area or who desire additional support in a particular subject should seek help from the appropriate teacher. Students who have been absent should stay after school to make up missed work, especially quizzes or tests missed due to absence. Details regarding teacher availability may be obtained by consulting with each teacher.

If a student plans to stay after school for additional instruction with a teacher or for intramurals or special programs, he/she will be expected to report immediately after school.

Students are not permitted to remain after school without supervision.

Students should be certain to tell their parents that they will be arriving home later than usual. Late buses are available three days per week at 3:20 PM for students involved in a supervised after-school activity.

GUIDANCE SERVICES

The guidance counselors at the Higgins Middle School serve students in a variety of ways. Counselors provide orientation, conduct group sessions and individual

counseling. Students are encouraged to contact their guidance counselor when any issue arises which distracts them from concentrating on their studies. Guidance counselors also serve as liaison between family and teachers. Communication concerning a student's daily performance, homework, or desire for cluster meetings, can be directed through the student's guidance counselor.

INSURANCE

Students are able to purchase, at a minimum cost, insurance for each school year. This insurance covers a child against many kinds of accidents, on the way to and from school, as well as at school. The school is in no way responsible for the insurance; it merely facilitates the handling of such insurance.

LIBRARY AND MEDIA RESOURCE CENTER

The objective of the Higgins Middle School Library is to enrich and support the instructional program of the school, taking into consideration individual needs and the varied interests, abilities, socioeconomic backgrounds, and maturity levels of the students served. The library's collection of instructional and resource materials is physically accessible to all users.

LOCKERS

Lockers will be assigned to each student at the beginning of each school year. Combinations to lockers are changed each summer and new combinations are given to students when they arrive in September. Due to safety concerns, no other locks may be placed on lockers without permission from a Assistant Principal. Students who tamper with or deface lockers or abuse established locker procedures may lose the right to use a locker.

Each individual cluster establishes rules regarding the time when students can utilize their lockers. Students are responsible for articles left in their lockers.

Lockers are the property of the Higgins Middle School, and students shall not have any expectation of privacy in the contents of their school lockers. The school administration reserves the right to inspect student lockers without notice.

LOST AND FOUND

A lost and found department is maintained in the main office. Students who lose items should check there.

LUNCH PROGRAM

The Higgins Middle School offers both breakfast and lunch for its students. Breakfast is served from 7:45 to 8:05 a.m.

The lunch menu is on our web site, sent home in our monthly calendar, and released to the local media.

PROGRAMS FOR ELL STUDENTS

The Peabody Public Schools currently offers English Immersion programs taught in English with the support of English as a Second or Other Language teacher.

Support services in English as a Second or Other Language (ESOL) are provided for all limited English proficient (LEP) students. Students are placed in classrooms according to their grade level and are taught age and grade appropriate content while receiving intensive language instruction from the ESOL teacher.

RELIGIOUS HOLIDAYS

There have been many questions from parents and religious leaders about which religious holidays will be on the calendar as days that school is not in session. It was negotiated between the Teachers Union and the School Committee that beginning September 1, 2002, Yom Kippur and Good Friday would be official days off from school as designated by the school calendar. Other religious holidays, include but are not limited to Rosh Hashanah and Greek Orthodox Good Friday, would be a school day. Of course, students and employees who celebrate other religious holidays have the option of taking them.

All Principals will be working with teachers to ensure that no tests or quizzes should be given on these days. Homework should be given plenty of time to be made up. Pupils will be marked "excused absent" and these days will not be counted against them in terms of perfect attendance awards or credit loss at high school. Please note that these absences will show on the report card as per the Department of Education reporting regulations.

SCHOOL CANCELLATION/DELAYED OPENING

The following radio and television stations will carry "NO SCHOOL," "DELAYED OPENINGS "or" EMERGENCY DISMISSAL" announcements due to inclement weather:

WBZ - Radio & TV channel
CHANNELS - 4, 5, 7, 25

**The TV/Radio Media is the primary
source for this information.**

In addition a secondary message will be issued via the Connect Ed@ parent outreach system.

The decision to cancel school sessions or delay the opening of schools will be made at approximately 5:40 am. It is suggested that parents check for updated announcements if weather conditions change.

Emergency dismissals, in anticipation of hazardous driving or walking, will be broadcast at least one (1) hour prior to dismissal. Please listen to these radio or television broadcasts and refrain from calling the Peabody Police Dept.

Delayed opening, in anticipation of rapidly changing conditions or "freak" mini squalls, may be called allowing the School Administration lead time to reassess the situation. If school opening is delayed, all bus transportation and other services will be delayed accordingly.

Students should plan to arrive at school in relation to the delayed opening time. School dismissal will be at the usual time. Stay tuned to your local radio/T.V. stations for any change or update regarding the delayed opening.

School Activities During No School Days

When school is cancelled for inclement weather, or closed for holidays, it is School Department policy that all activities, including athletic events or practices, Parents' Night, meetings, etc., are cancelled as well.

Extenuating circumstances may exist that require an activity to be held. Approval by the Superintendent is necessary so that custodial services may be arranged.

SCHOOL CLINIC

The school clinic is open daily with a nurse on duty. The nursing staff does not give out food, clothes, health and beauty items, or money. The clinic phone number is 978-536-4952.

MEDICATION - The following is a list of accepted over-the-counter medications:

Acetaminophen Elixir	Advil/Motrin/Ibuprofen
Aleve	Excedrin Migraine Gel-tabs
Midol	Tylenol/acetaminophen

A signed parental medication form is needed with the above listed medications and they must be submitted in the original container. The student's name must be marked clearly on the outside of the container and the dosage to be administered. Any medication other than those listed above requires a physician's order.

Inhalers: All inhalers must be in their original container with student's name clearly marked. A physician's order is required. If the student is to carry an inhaler on his or her person, it must be stated on the physician's order.

Epi-pens: Epi-pens need a physician's order. Epi-pens need to be clearly labeled and need to be in the original container with the student's name clearly marked.

Prescription medications: (i.e. Ritalin, Adderal) All medications must be accompanied by a physician's order. An authorization form (signed by the parent) must be completed authorizing the school nurse to dispense the medication to their

son/daughter during school hours. All medications must be in a prescription bottle and labeled correctly with student's name and dosage to be administered.

IMMUNIZATIONS - It is required that all students be properly immunized and that a physician's certificate be on record in the Clinic. **Students who have not received a second MMR (measles, mumps, rubella) prior to entering the seventh grade will NOT be allowed to enter school in the fall until documentation of immunization is received.**

DISMISSAL PROCEDURES - A parent or legal guardian must be notified before a student can be dismissed for medical reasons. Students who are released for medical reasons may be picked up at the main office.

VISITORS TO THE SCHOOL

Parents and other school visitors must report to the Principal's Office. No one is permitted beyond the Principal's Office without approval.

The School Committee encourages parent(s)/guardian(s) and guests to visit classrooms to observe and learn about the instructional programs taking place in our schools. Such visits can prove most beneficial in promotion of greater school-home cooperation and community understanding of how we carry out the school system's mission and goals.

Visits by parent(s)/guardian(s) to several classrooms in a given grade for the purpose of comparing teaching styles to provide a basis for a request for student assignment to a particular teacher are not permitted because the school district's policy of assigning a student to a particular class is the sole responsibility of the building Principal in consultation with the staff of that school.

The following guidelines to classroom and school visits should be followed:

1. Parental requests for classroom visitations will be welcomed as long as the educational process is not disrupted. To this end we request that such requests be made at least forty-eight hours in advance to allow for proper arrangements to be made.

2. The building Principal has the authority to determine the number, times, and dates of observations by visitors. This will be done in consultation with staff members so as to give adequate notice to the staff members of the impending visits.

3. For security purposes it is requested that all visitors report to the Principal's office upon entering and leaving the building, and sign a guest log, showing arrival and departure times. Teachers are encouraged to ask visitors if they have registered in the Principal's office.

4. Under ordinary circumstances classroom observations will be strongly discouraged during the first three weeks of school in September and during the month of June.

5. Any student who wishes to have a guest in school MUST ask permission of one of the administrative staff at least 24 HOURS in advance of the proposed visit. If permission is granted, the guest is expected to follow the standards of behavior expected of all students. Upon arrival the guest must register in the office. Any guest who fails to comply with student regulations will be asked to leave the school building and grounds immediately.

VOLUNTEERS

CORI

It is the policy of the Peabody School Committee that the results of a CORI (Criminal Offender Records Information) check be on file with the Superintendent of Schools for volunteers designated. A file shall be maintained of CORI volunteers. The result of the CORI check should be on file prior to initial involvement with the school or department. CORI checks shall be renewed every three years. If you plan to volunteer at any time during the school year, please complete a CORI form bring it with your photo Identification to the school office or:

ACADEMIC EXPECTATIONS

Academic excellence is a high priority of the Higgins Middle School. Our staff works very hard to provide many opportunities for students to learn; students are responsible to work hard, ask for help, and take ownership of their learning. We seek to challenge and to encourage all students to work to the highest level of achievement that they can attain.

As students move from the elementary school to the middle school, they find that academic demands increase and the teachers expect more work. The teachers expect a great deal more in terms of individual student responsibility for completion of homework and class assignments, for make-up work, and for maintaining a high level of motivation. The teachers will assist students but will insist that the children assume the responsibility for completion of all assignments.

The four basic curricular subjects in grades six through eight are: English, mathematics, social studies, and science.

The exploratory subjects offer a unique element to middle school curriculum. These courses include: art, music, band, chorus, culinary, math lab, physical education, health, technology, STEM, digital media, reader's workshop and foreign language.

ACADEMIC INTEGRITY AND SCHOLARSHIP STANDARDS

It is the policy and goal of the Peabody School Committee to provide every student in its schools the intellectual freedom, educational resources, and the guidance with which, and the physical environment within which, he/she may study and learn to the best of his/her ability.

All assignments and work are to be original in nature by the student unless otherwise attributed. Students are expected to learn and utilize techniques for attributing information from the Internet, computer and book-based research materials, individuals, and other sources.

If students copy assignments from each other, turn in another's work as their own, or use notes or prompts to complete an assessment (without permission) this is considered **cheating**. If students present information from a research source like the Internet or a reference book as their own, it is considered **plagiarism**. Both cheating and plagiarism are serious offenses that do not reflect the academic integrity and honesty expected of Higgins Middle School students. Consequences for failing to uphold our scholarship standards may include academic penalties, detention, and removal from Honor Roll recognition.

ACADEMIC REPORTS

Families will be informed on a regular basis as to the performance of their children in school. The following methods of communication are provided:

- * Progress Reports available at the middle of each quarter

*	Report Cards	issued at the end of each quarter
*	Agenda Book	for written parent/teacher communication as needed

ACADEMIC RECOGNITION

PRINCIPAL'S LIST - Those students who receive only A's and A+'s in all subjects and satisfactory or better in all exploratory areas.

HIGHEST HONORS - Those students who receive all A's and A-'s in all subjects and satisfactory or better in all exploratory areas.

HONORS - Those students who receive all A's and B's with no more than two B's in any subject and satisfactory or better in all exploratory areas.

HONORABLE MENTION - Those students who receive no lower than a B- in all subjects and satisfactory or better in all exploratory areas.

A student with a conduct comment of "Needs Improvement" or "Unsatisfactory" will be excluded from the honor roll.

A student who commits a second offense of cheating in one academic year will be removed from the subsequent grading period's honor roll recognition.

EXTRA HELP

Our teachers are available to provide students with additional support in curriculum areas after school. Students who are having difficulty in a particular curriculum area should seek support from the individual teacher. Late buses are provided for bus students who stay past the regular dismissal time.

HOMEWORK

Homework should be considered as an essential part of each subject as well as providing a necessary link between the home and the school. On average students will be assigned 20 minutes of homework per class each night. No homework assignments will be due on the day immediately following a weekend or vacation.

Tips for effective study:

PLAN - Assign a definite time, at least two hours each day, for study at home. Utilize the library facilities in school. Keep a list of assignments and take home all necessary books, papers, and other materials.

PLACE - Have a definite place at home to study away from distractions, with all necessary books, papers and materials available. Do not attempt to study while talking with friends or viewing television.

PROCEDURE - Be certain you understand the assignment when the teacher gives it. Read the entire assignment over rapidly to grasp the basic content present. Reread the assignment slowly and comprehensively for content relationships and details.

NATIONAL JUNIOR HONOR SOCIETY

Students will have an opportunity to be selected as **candidates** based on their academic performance from the last 2 quarters of seventh grade and the first quarter of eighth grade. Once a student's candidacy is determined, he or she will be asked to fulfill the remaining requirements in order to be selected as a member of the National Junior Honor Society.

For a student to be eligible for candidacy, he or she must have a cumulative GPA of 3.67 on a 4.0 scale in all graded areas from the last 2 quarters of grade seven and the first quarter of grade 8. Cluster teachers and exploratory teachers will be asked to evaluate the student as part of the selection process. The information is then reviewed and evaluated by the NJHS Faculty Council and a vote is taken by the council based on the student's demonstration of leadership, community service, citizenship, character and extra-curricular activities.

In order to be selected the student will be required to complete a minimum of ten hours of community service, which must be signed off by the supervising adult. This community service must be from the past calendar year. Once selected and approved by the NJHS Faculty council, the candidates will be invited to become **members** at an induction ceremony. If a student **has not** been selected to become a member, a letter will be sent to the candidate indicating the reason(s) for the decision of the Faculty Council.

Members need to continue to uphold the core values of the Higgins Middle School and are also required to maintain the necessary academic standards of the chapter for the duration of the school year. For more information regarding the Higgins Chapter of National Junior Society, the chapter by-laws can be accessed on line at <http://www.peabody.k12.ma.us/higgins/index.htm>.

HAWK OF THE DAY

Students who show evidence of good citizenship, who care about their school, their fellow students and adults in the building, are eligible to be named "Hawk of the Day".

A teacher, staff member, or student may nominate a student. Acts of courtesy, honesty, a service contribution to the school, volunteering time and energy to the school, improving academic performance, etc., are types of acts that earn a nomination.

TWENTY PLUS (20+) READING PROGRAM

Our school-wide reading program has been implemented to encourage students to read consistently and to read for pleasure. Students are encouraged to read two or more books per quarter, and those that read 20 or more during the year will be recognized by administration.

STUDENT RESPONSIBILITIES

ARRIVAL AND DISMISSAL OF STUDENTS

Parents who drive children to school in the morning or pick them up in the afternoon are asked to observe the School Safety Signs posted around the school perimeter. Under state law, for the safety of staff and students, operators of school buses and personal motor vehicles, including students, faculty, staff and visitors, are prohibited from prolonged idling of such vehicles on school grounds, and violators may be subject to a fine.

Everyone's full cooperation in these matters is vital to ensure the safety of all students.

Students should not be arriving at school until after 7:45 A.M. There will not be adequate supervision of students before that time.

Upon arrival at school students are expected to remain in their assigned areas.

DAILY SCHEDULE

Official Start	8:05
Homeroom/ Attendance	8:15
Classes Begin	8:20
Dismissal	2:30
Late Dismissal	3:20

Students should not be at school after 2:30 PM unless in a supervised activity.

ATTENDANCE/TARDINESS/DISMISSALS

ATTENDANCE

Attendance is a critical component of a student's success in school. Every effort should be made to attend school each day. Absences due to illness or other serious reasons are, of course, understood. If a child is absent families will receive an automated phone call. There is no need to call the school when a child is going to be absent.

If a student must be out for not less than 14 days, parents should contact their child's guidance counselor. Upon a statement from a physician, the student may be eligible for home tutoring. Students returning from special circumstance absences will be afforded additional time, at the discretion of the teacher, and/or in accordance with an Individualized Education Program or Section 504 Plan, to make up missed classes, assignments, and assessments.

ATTENDANCE OFFICER

The school department Attendance Officer will be notified of excessive absences and/or excessive tardiness. A letter will be sent to notify parents/ guardians about excessive absences or tardies and students may be required to meet with the Attendance Officer if the Assistant Principal or principal identifies a pattern of poor attendance. If these interventions do not lead to an improvement in student attendance, the school and the attendance officer will file a Child Requiring Assistance Petition to request additional interventions for the student.

MAKE -UP WORK

Students will be allowed to make up any work missed due to absence and are encouraged to do so as soon as possible. Students are encouraged to have a "homework buddy" who shares the same classes and who can be contacted to provide missed homework assignments. Otherwise, it is the student's responsibility to get make-up work from teachers upon his/her return to school.

In the case of an extended absence parents may request work through a phone call to the child's guidance counselor.

VACATIONS

Three school vacations are provided for students during the school year. The school system does not condone and, indeed, strongly discourages the practice of parents or others taking students on extended vacations during days when school is in session. These unauthorized absences from school violate State Law and place the academic standing of these students in jeopardy. The Attendance Officer will investigate all absences in accordance with Massachusetts General Law, Chapter 76, Section 1.

TARDINESS

Students, who arrive late for school, i.e. arriving after 8:15 a.m. but before 8:50 a.m., must to the main office before reporting to class.

Student tardiness interferes with continuity and maximum advantage of the educational experience. Repeated or habitual tardiness is considered a serious issue. Excessive tardiness may result in Assistant Principal detention or, in extreme cases, in-school suspension.

DISMISSAL

Students who are to be dismissed from school should bring a note signed by the parent or guardian to the main office prior to the start of school for approval and processing. Parents or other family members coming to school to pick up a student should be prepared to show a valid photo I.D.

BICYCLES

The school is not responsible for lost, damaged or stolen bicycles.

BULLYING/TEASING POLICY

Refer to Appendix M - Bullying Prevention and Intervention Plan.

BUSING

WALKERS AND RIDERS

Students in grades Kindergarten through Grade 6 who live more than 2 miles from their school will receive bus transportation free of charge. (D.O.E. mandatory distance criteria)

The School Committee has voted to charge a bus fee to help offset the growing costs of education. The fee for a child to take the bus is \$325 per year, with a family maximum of \$650. **ONE WAY PAYMENT** (AM home to school or PM school to home) is **\$225.00** per student with a family cap of \$650.00. The fee will be charged to the following groups of students:

- all Kindergarten students who live between 1/2 mile and 2 miles from their school;
- all students in Grades 1 - 5 who live between 1 and 2 miles from their school;
- all students in Grade 6 who live between 1.5 and 2 miles from their school;
- all students in Grades 7 and 8 who live more than 1.5 miles from their school;
- all students in Grades 9 thru 12 who live more than 2 miles from their school

Distances will be measured from a point on a sidewalk directly in front of a regularly used entrance to the school of attendance along regularly traveled routes to a similar point on the sidewalk or road directly in front of an entrance to the student's residence. In both cases the entrance used will be that which provides the shortest route between home and school.

Unless required by law, no transportation would be provided for students attending school outside the city limits.

Bus passes will be mailed home the week before school starts. There will be a fee of \$5.00 for students in Kindergarten thru Grade 5 and \$10.00 for students in Grades 6 thru 12 for a replacement pass.

BUS BEHAVIOR

The Peabody School Committee establishes bus eligibility requirements. Bus routes are published in local newspapers during the latter part of August. Only those students who are eligible may ride the school bus to which they have been assigned.

Buses are a special service provided by the City of Peabody for those middle school students living more than a mile and one-half from school

You are reminded that all school rules apply to the bus also. Bus riders must follow rules so that the trips to and from school are safe and enjoyable for everyone.

While on the bus, students should remain seated, and keep hands and head inside the bus at all times. Remember that loud talking and laughing divert the driver's attention and make safe driving difficult. Students may have the privilege of riding on the school bus revoked for infractions of bus regulations.

Suspensions of bus privileges will be immediate after proper notification of parents/guardians. In such a case, parents will be responsible for transporting their children to and from school.

School bus drivers have orders to stop only at designated pick up or drop off points.

School buses are not to be used for:

1. Bringing friends home.
2. Transportation to social events, religious schools, private lessons, or medical appointments.

Should an emergency situation occur and bus transportation is necessary, parents/guardians should write a note to that effect. Those notes must be brought by the student to the Principal's office for approval as early as possible. It must be noted that certain requests may not be honored due to safety concerns. In such cases parents/guardians will be duly notified so that other arrangements can be made.

STUDENT CONDUCT ON SCHOOL BUSES

Pupils are under the jurisdiction of the school authorities from the time they board the bus until they leave the bus, which returns them home. It is a privilege to ride on the school bus. Students are to be considered on school grounds when riding the school bus. If riders are not well behaved and courteous, they endanger the health and safety of other riders and may be deprived of the privilege of riding. A bus driver's authority on the bus is comparable to that of a classroom teacher.

1. While waiting for the bus, pupils should stand back on the sidewalk, tree belt or driveway. They should not play on or near the street, or on private property.
2. Bus windows will be open only with the permission of the driver on a particular day's run. Head, arms, and all other parts of the body must be kept inside the bus.
3. Pupils must refrain from horseplay.
4. Pupils are not to throw objects of any kind nor litter in or out of the bus.
5. Pupils are expected to take good care of the bus seats and other equipment.
6. Pupils will cooperate with the driver at all times for the safety of all.

7. Smoking and the drinking of any alcoholic beverages is, by State law, illegal at all times on school buses.
8. The emergency door is for emergencies only. Pupils are not to touch said equipment on the bus except in an emergency, and then only on instruction from the driver.
9. Pupils must use extreme care in crossing streets after alighting from the bus. The following procedure must be used if a pupil must cross the street after leaving the bus.
 - a. He/she shall immediately go to a position about eight feet ahead of the bus.
 - b. Then he/she shall make sure that all traffic has stopped before stepping to the center of the street.
 - c. He/she shall cross quickly to the other side once he/she is sure no traffic is moving in either direction.
10. Other persons having any complaint should put it in writing along with their signature and submit the grievance to the Principal or designee. He/she will then investigate the problem and take appropriate action.
11. Typical infractions of regulations which may cause loss of transportation privileges are smoking, possession and/or consumption of an alcoholic beverage, possession and/or consumption of drugs, profane or foul language, damage to the bus, boisterous conduct, throwing objects, fighting, excessive fooling, tampering with the emergency door or other safety equipment, playing with matches, disrespect to the driver.

CAFETERIA CONDUCT

Breakfast foods are available before school. Students may eat breakfast while sitting anywhere in the designated eating area. Each student is responsible for disposing of his/her trash before leaving the cafeteria to report to homeroom.

Each cluster is assigned a designated area in the cafeteria at lunchtime and, with rare exceptions, students are expected to sit within their designated cluster area. Once seated, students must ask and receive permission from a staff member before getting up to purchase food, use the telephone, go to the bathroom, or leave their seats for any other reason.

Prior to the end of each lunch period, students are expected to pick up after themselves and to dispose of their own trash when dismissed. Custodians will be available to clean up any accidental spillage, but students are responsible for keeping their tables and the area around their tables clean. If a student or group of students is identified as littering or misbehaving in the cafeteria, the individual(s) will be subject to disciplinary action for violating the rules of conduct in the cafeteria. Disorderly students may have the privilege of eating in the cafeteria suspended.

DRESS REGULATIONS

The Higgins Middle School believes that the necessity of a dress code arises only from the effect of the general appearance of the student body on the educational process. The Higgins Middle School accepts the opinion that how a student is dressed is the responsibility of the parent except in the instance when the appearance and dress of the student can disrupt the educational environment. Students are encouraged to wear clothes suitable to the learning environment. This includes clothing that is clean, neat and in good taste.

DRESS CODE

Students are expected to keep themselves well-groomed and neatly dressed at all times. Any form of dress or hairstyle which is considered contrary to good hygiene, or which is distractive or disruptive to the school, will not be permitted. The following shall determine dress and grooming decency, cleanliness, neatness, and suitability for school:

Clothing and accessories that may be disruptive include:

- T-shirts that promote sex, violence and drugs;
- T-shirts or other clothes that are sexually suggestive (too tight, too short, too low, see through materials);
- Clothes, accessories or inappropriate makeup that cause disruption in the classroom;
- Clothes or scarves that may incite confrontations between students;
- Hats, head coverings and bare feet;
- Accessories such as spiked collars, chains and pierced jewelry that may be dangerous.

ELECTRONIC DEVICES

Student cell phones and personal electronic devices must be “off and away” during the school day. Students that violate or otherwise abuse this policy may have their devices confiscated until the end of the day. Repeated or egregious violations may result in total loss of privilege.

EMERGENCY DISMISSAL AND EVACUATION

PLAN A: EMERGENCY DISMISSAL

Emergency Dismissal of students because of hazardous driving or walking conditions will be broadcast at least (1) one hour prior to the dismissal, and will take place at the discretion of the Peabody Public Schools:

- a. All parents shall be guided by weather conditions.
- b. Cancellation of classes shall be made to the media by the Peabody Public Schools (WBZ, Channels 4, 5, 7, and 25). In addition a secondary message will be issued via the Connect Ed@ parent outreach system.

- c. No telephone calls shall be made to parents by school personnel.
- d. Children shall return home immediately following their dismissal.
- e. Parents shall rehearse with their children an alternative plan in the event that parents are not home; children shall not return to school.

PLAN B: EVACUATION

Evacuation of students because of disastrous conditions shall be at the discretion of the Peabody Public Schools.

- a. All students shall remain with their classroom teachers.
- b. All children, teachers, and nurses shall be transported to nearby schools designated as "safety schools," or other locations designated as shelters. Safety schools and/or shelters will be within walking distance unless the incident requires transportation to a different location away from the incident.
- c. The Principal or his/her designee shall contact the Superintendent for transportation if needed.
- d. The nurse will make every effort to bring all scheduled and prescribed emergency drugs such as Epipens, inhalers, and Benadryl that have been appropriately prescribed according to state regulations. The nurse will also bring the Medication Manual to assure appropriate administration.
- e. Parents shall be notified by telephone by the Peabody Public Schools. The telephone numbers will be taken from the student's emergency contact phone numbers on the emergency form.
- f. Teachers shall dismiss each student to his/her parent or parent designee after securing the signature of said parent or parent designee.

ENERGY DRINKS

Energy drinks are prohibited at the Higgins Middle School. Many of these drinks contain high amounts of caffeine or sugar and are not appropriate for an academic setting.

EXTRA CURRICULARS

Peabody Public Schools provides nonacademic and extracurricular services and activities in such a manner as is necessary to afford students with disabilities an equal opportunity for participation. Peabody Public Schools is, however, generally permitted to establish and utilize skill-based eligibility criteria for participation in extracurricular programs and activities (e.g., school-sponsored athletics) so long as the criteria are rationally related to the purposes and goals of the specific program or activity. Peabody Public Schools' administrators, in their discretion, may deny or limit a student's access to co-curricular activities as a disciplinary sanction.

FIELD TRIPS

A field trip is like any other school day except that students are learning in a different setting. Field trips are planned to teach students in an academically enriching way.

It must be noted that these trips often necessitate that the students leave the school grounds, and these trips may extend beyond the normal school day. Since

teachers volunteer to provide these opportunities for students, student participation must be considered a privilege. If students have not demonstrated acceptable behavior or conscientiousness concerning the completion of schoolwork, they may not be invited to participate in field trips. Staff members are encouraged to notify such students or their parent/guardian that participation in field trips is in jeopardy.

NOTE: SEE SIGNATURE PAGE AT THE END OF THIS DOCUMENT

FIRE DRILL CONDUCT

Fire drill instructions that indicate the exit from that room are posted in every classroom. Both primary and secondary exits are designated in these instructions. Secondary exits are used only if the primary exits are blocked. It is important the pupils adhere to these instructions and leave by the designated exit as quickly as possible without running, and report to the assigned area outside.

Once outside, students should report to their teacher for attendance purposes. If any student was not with his/her cluster when the alarm went off, once outside, the student should report to any nearby staff member for attendance purposes.

There is a strict law against pulling a false alarm. A false alarm is not a prank. It puts the lives of responding firemen in danger as they rush to get to the school, and students can get hurt needlessly as well.

GUM CHEWING

Gum chewing is prohibited in the building.

LOST, DESTROYED OR DAMAGED PUBLIC PROPERTY

It is the policy of the Peabody School Committee that students be held responsible for public property, including books, which is provided free of charge for their use.

A person destroying, damaging, mutilating, or losing public property because of negligence shall be held responsible to pay for the loss incurred. The actual cost of repairs, or an estimate of that cost, will be presented to the individual or people responsible, together with a bill for same. The replacement value of an item will be used in the event an item must be replaced. If the responsible parties are students, a copy of the bill will also be presented to the parent(s)/guardian(s) of the student. A copy of the bill will be forwarded to the School Business Administrator who will arrange for collections, receive all funds and deposit same with the city Collector.

HALL PASS

Any student who is in the corridor during class time must have a pass. It is the student's responsibility to obtain the required pass.

PROMOTION/ RETENTION POLICY

PROMOTION STANDARDS

Failure of any core subjects (Math, English Language Arts, Social Studies, or Science) for more than one quarter will require a student to attend, and successfully complete, a remediation program in order to be promoted. Remediation programs include summer school, after-school programs and in-school intervention classes. Failure of more than two core subjects is grounds for automatic retention.

Students who may be required to attend summer school will be identified and notified as follows:

TERM 1 (End of November or Whenever Necessary)

Teachers and guidance counselor will identify those Grade 6-8 students who have two or more F's on their report card. Parents receive a letter from the guidance counselor explaining the school's concern.

TERM 2 (Early February)

If the student's failure continues, teachers and the guidance counselor will meet to determine if the student can't meet standards or won't meet standards. A letter is sent to the parents advising them to contact the guidance counselor and make an appointment with the teachers.

TERM 3 (End of April)

Teachers identify those students who still have not shown improvement. Parents are notified of their child's possible failure and options are explained, such as summer school, if applicable.

TERM 4 (Early June)

Assistant Principal, teachers, guidance counselors and principal meet to finalize a list of non-promotion students.

SCHOOL DANCES

Higgins Middle School hosts dances for students throughout the school year. These are beneficial social events that enable students to make friends, enjoy food and music, and develop their social skills. Attending dances is a privilege that can be revoked if students do not uphold the school's behavior expectations.

These important rules are established to make dances a safe, respectful, enjoyable evening for all:

- Students must be in school on the day of the dance
- Individuals who are not Higgins Middle School students are not allowed to attend a dance

- All school wide dress code and behavior expectations apply during a school dance
- Students should arrange transportation immediately following the dance's ending time
- Students who are not in good standing may be prohibited from attending.

Students "in good standing" are attending school consistently, upholding our core values, and passing all classes.

Failure to comply with these rules may result in a student being asked to leave the dance, and may prevent a student from attending future dances.

PARENTAL NOTIFICATION REGARDING SEXUAL EDUCATION AND HUMAN SEXUALITY ISSUES

Massachusetts General Law c. 71, § 32A notes that parents be provided an “opt-out” provision for courses (typically sex education or sciences) school assemblies, or other instructional activities and programs that focus on human sexual education, the biological mechanics of human reproduction and sexual development, or human sexuality issues. Parents wishing to review curricula and/or exempt their child/children from instruction of the aforementioned topics must contact the building Principal in writing.

TOBACCO

Students are not permitted to possess or use tobacco products, including electronic cigarettes and vaporizers, alcohol or drugs (unless prescribed by a physician) on school property or at school events. This would include, but not be limited to possession on one's person and/or in one's locker.

BEHAVIOR EXPECTATIONS AND STUDENT DISCIPLINE

BEHAVIOR EXPECTATIONS

At Higgins Middle School, all

Honesty

Acceptance

Work Ethic

Knowledge

Support

Safety

Ownership

+Attitude

Respect!

To ensure that all students meet our schoolwide behavior expectations, we will teach and remind students of our core values frequently. Students will be asked to think of our values before acting, to remind classmates and friends of our values, and to be prepared for the consequences if they do not demonstrate our school's core values.

Students, parents, faculty, staff members, and administrators are equally responsible for upholding our community's core values. At the beginning of each year, we will teach our students the values we believe in and explain the consequences that will result from certain actions. Each month we will highlight positive examples of our values in action as displayed by members of the Higgins community.

The following list includes many (but not all) of the behaviors that are not allowed at Higgins Middle School. These types of behavior do not represent our community's core commitments to honesty, acceptance, work ethic, knowledge, safety, ownership, and respect. Students, staff and parents should familiarize themselves with the listed consequences but be prepared to recognize the individuality of each situation and the necessity of additional responses to situations that may not be included below.

For this list's purposes:

ISS = In School Suspension

OSS = Out of School Suspension

Higgins Middle School Behavior Responses & Interventions

Level 1	Level 2	Level 3	Level 4
Classroom support and student support team	Intensive support staff and appropriate administration	Short-term suspension	Request for long-term or permanent suspension
May be appropriate when the behavior is a minor infraction, the student has no prior incidents, and or interventions have not been put into place.	May be appropriate when supports have been put into place in the classroom to address behavior, but the behavior has become persistent and has continued to negatively influence the learning of the student and others. In-school suspension may be used up to two days.	May be appropriate given the seriousness of the offense and impact on the school community and or when documented interventions and supports have been put in place but the behavior is escalating. Out of school suspension may be used up to three days.	May be appropriate when behavior is illegal, presents an imminent threat of serious harm to the school community, or when the student's behavior seriously affects the safety of others in the school and or educational process. Out of school suspension may be used up to five days with a request for a Superintendent's hearing.

APPENDICES

Appendix A

Disciplinary Due Process

A student has the right to be heard prior to any imposition of suspension. Prior to the imposition of discipline, a student will be given an opportunity to receive notice of, and respond to, the allegations or charges against them (except in cases of extreme emergency). Before suspending a student from school, depending on the alleged conduct, the administrator will apply the appropriate level of disciplinary due process consistent with Massachusetts and federal law as described below.

SUSPENSION/EXPULSION

Definitions

Written Notice: Written correspondence sent by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or any other method of delivery agreed to by the principal and the parent.

Principal: The primary administrator of the school or the Principal's designee for disciplinary purposes.

Due Process for Infractions other than Dangerous Weapons, Narcotics, Assaults on Staff or Felony Complaints (M.G.L. c. 71, Section 37H $\frac{3}{4}$)

In every case of student misconduct for which suspension may be imposed, a principal shall exercise discretion in deciding the consequence for the offense; consider ways to re-engage the student in learning; and avoid using long-term suspension from school as a consequence until alternatives have been tried. Alternatives may include the use of evidence-based strategies and programs such as mediation, conflict resolution, restorative justice, and positive behavioral interventions and supports.

Emergency Removals; M.G.L. c. 71, § 37H $\frac{3}{4}$: –

A principal may remove a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the principal's judgment, there is no alternative available to alleviate the danger or disruption. In such a case, the principal shall immediately notify the superintendent in writing of the removal and the reason for it, and describe the danger presented by the student.

The temporary removal shall not exceed two (2) school days following the day of the emergency removal, during which time the principal shall: (1) make immediate and reasonable efforts to orally notify the student and the student's parent of the emergency removal, (2) the reason for the need for emergency removal; (3) the disciplinary offense; (4) the basis for the charge; (5) the potential consequences, including the potential length of the student's suspension; (6) the opportunity for the student to have a hearing with the principal concerning the proposed suspension, including the opportunity to dispute the charges and to present the student's explanation of the alleged incident, and for the parent to attend the hearing; (7) the date, time, and location of the hearing; and (8) the right of the student and the student's parent to interpreter services at the hearing if needed to participate

Before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the principal, student, and parent, the Principal must provide the student an opportunity for a hearing with the principal that complies with either the short-term due process or long-term due process set forth below,, as applicable, and the parent an opportunity to attend the hearing.

Additionally, the Principal is required to render a decision orally on the same day as the hearing, and in writing no later than the following school day, which meets the requirements of notice of the decision for short-term suspension or long-term suspension at set forth below, whichever is applicable.

A principal may not remove a student from school on an emergency basis for a disciplinary offense until adequate provisions have been made for the student's safety and transportation.

In-School Suspension; M.G.L c. 71, § 37H 3/4: means removal of a student from regular classroom activities, but not from the school premises, for no more than (10) consecutive school days, or no more than ten (10) school days cumulatively for multiple infractions during the school year. Removal solely from participation in extracurricular activities or school-sponsored events, or both, shall not count as removal in calculating school days. In-school suspension for ten (10) days or less, consecutively or cumulatively during a school year, shall not be considered a short-term suspension under these regulations. If a student is placed in in-school suspension for more than ten (10) days, consecutively or cumulatively during a school year, such suspension shall be deemed a long-term suspension for due process, appeal, and reporting purposes under 603 CMR 53.00.

Due Process for In-School Suspension; M.G.L c. 71, § 37H 3/4: Prior to the imposition of an In-School Suspension, the student will be informed of the disciplinary offense and provided with an opportunity to respond. If the principal determines that the student committed the disciplinary offense, the principal will provide oral notice to the student and parent of the length of the In-School Suspension and will make reasonable efforts to meet with the parent.

Principal's Decision – In-School Suspension; M.G.L c. 71, § 37H 3/4: – On or before the day of suspension, the principal shall send written notice to the student and parent about the In-School Suspension, including the reason and the length of the In-School Suspension, and inviting the parent to a meeting with the principal for the purpose set forth in 603 CMR 53.10(4), if such meeting has not already occurred. The principal shall deliver such notice on the day of the suspension by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or by other method of delivery agreed to by the principal and the parent. Students have the right to appeal an In-School Suspension that will result in their In-School Suspension for more than ten (10) school days in a school year.

Short-Term Suspension; M.G.L c. 71, § 37H 3/4

Short-term suspension; M.G.L c. 71, § 37H 3/4: means the removal of a student from the school premises and regular classroom activities for ten (10) consecutive school days or less. DISCIPLINE OF STUDENTS WITH DISABILITIES

The following procedures apply to suspension of students with disabilities when suspensions exceed ten (10) consecutive school days or when a pattern has developed for suspensions exceeding ten (10) cumulative days. These procedures include the responsibilities of the team and the responsibilities of the district.

- a. A suspension of longer than 10 consecutive school days or a series of short term suspensions that exceed 10 school days and constitute a pattern of removal and are considered to constitute a potential disciplinary change in placement.
- b. Prior to a suspension that would result in a disciplinary change in placement of a student with a disability, the building administrators, the parents and relevant members of the student's IEP/504 Team will convene to determine whether the violation for which the student is subject to a disciplinary change in placement was caused by or directly and substantially related to the student's disability or was the direct result of a failure to implement the student's IEP or Section 504 Plan.
- c. If the Team determines that the behavior is NOT a manifestation of the disability, the student may be disciplined in accordance with the policies and procedures applicable to all students except that students eligible for special education services shall be entitled to a free appropriate public education as of the eleventh (11th) day of disciplinary exclusion in the school year.
- d. If the team determines that the behavior IS a manifestation of the disability, then the district will conduct a functional behavior assessment or review any existing behavior intervention plan and takes steps (with the consent of the parent) to correct the IEP, the placement, or the behavior intervention plan and the student will not be suspended for the violation found to be a manifestation of his/her disability.
- e. Regardless of the manifestation determination, the district may place the student in an interim alternative setting (as determined by the Team) up to 45 school days if:
 - 1) The student is in possession of a dangerous weapon on school grounds or at school-sponsored events;
 - 2) The student is in possession of or using of illegal drugs on school grounds or at school-sponsored events;
 - 3) The student engaged in solicitation of a controlled substance on school grounds or at school-sponsored events; or
 - 4) The student inflicted serious bodily injury to another at school or at school-sponsored events.

The interim alternative setting must enable the student to participate in the general curriculum, progress toward the goals in the IEP, and receive the special education and related services contained in the student's IEP.

The interim alternative setting must also provide services and modifications designed to address the behavior giving rise to the removal and to prevent the behavior from reoccurring.

At the conclusion of the forty-five (45) school day period, *the student shall be returned to his/her previous placement* unless the parent (or student if 18+) consents to an extension of the interim alternative setting or an Order is obtained from the Bureau of Special Education Appeal authorizing the student's continued removal.

If the conduct does not involve a dangerous weapon, controlled substance, or serious bodily injury, the school may remove the student to an interim alternative setting for 45 days only: 1) with parental consent *or* 2) by obtaining authorization from a court or BSEA Hearing Officer. In order to obtain an order from the a court or BSEA Hearing Officer, the school must prove that maintaining the student's placement is substantially likely to result in injury to the student or others.

- f. The parent shall have the right to appeal the manifestation Team's determination, the imposition of a disciplinary change in placement, and the student's placement in an interim alternative educational setting. The student will remain in the disciplinary placement imposed by school authorities pending a decision on the appeal or until the expiration of the disciplinary sanction, whichever comes first.

The Peabody Public Schools requires all employees and students to conduct themselves in an appropriate manner with respect to their fellow employees, students and all members of the school community.

Definitions

For the purposes of this procedure:

- A. A “Complaint” is defined as an allegation that a student or employee has been discriminated against or harassed on the basis of race, color, national origin, age, sex, sexual orientation, gender identity, disability, or religion.
- B. “Discrimination” means discrimination or harassment on the basis of race, age, color, national origin, sex, sexual orientation, gender identity, disability or religion by which an individual is excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any program or activity of the school.
- C. “Harassment” means unwelcome conduct on the basis of race, age, color, national origin, sex, sexual orientation, gender identity, disability or religion that is sufficiently severe, persistent or pervasive to create a hostile environment for the individual at school. Harassment may include insults, name-calling, off color jokes, threats, comments, innuendoes, notes, display of pictures or symbols, gestures, or other conduct which rises to the level of a hostile environment.
- D. “Sexual Harassment” means unwelcome, sexually offensive or gender-based conduct which is sufficiently severe, persistent or pervasive to create a hostile environment for the individual at school. Additionally, under M.G.L. c. 151C, § 1, the term “sexual harassment” may also include, but is not limited to, sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:— (i) submission to or rejection of such advances, requests or conduct is made either explicitly or implicitly a term or condition of the provision of the benefits, privileges or placement services or as a basis for the evaluation of academic achievement; or (ii) such advances, requests or conduct have the purpose or effect of unreasonably interfering with an individual’s education by creating an intimidating, hostile, humiliating or sexually offensive educational environment.

- E. When determining whether an environment is hostile, the school district examines the context, nature, frequency, and location of the sexual or gender-based incidents, as well as the identity, number and relationships of the persons involved. The school district must consider whether the alleged harassment was sufficient to have created such an environment for a reasonable person of the same age, gender, and experience as the alleged victim, and under similar circumstances.

Harassment and Retaliation Prohibited

Harassment in any form or for any reason is absolutely forbidden. This includes harassment by administrators, certified and support personnel, students, vendors and other individuals in school or at school related events. Retaliation against any individual who has brought harassment or other inappropriate behavior to the attention of school officials or who has cooperated in an investigation of a complaint under this policy is unlawful and will not be tolerated by the Peabody Public Schools.

If a complaint or report of discrimination or harassment is received after June 1 of a given school year, the investigator will attempt to complete the investigation by the end of the school year. In the event that the investigation extends beyond the last day of school, the District will make reasonable efforts to complete the investigation within the above-referenced time frame, but may extend the investigation period to account for the availability of witnesses during the summer vacation period. If the investigator extends the investigation, he or she will notify the Complainant of the extension and make reasonable efforts to interview the witnesses during the summer vacation period.
 9. Nothing in this procedure will preclude the investigator, in his or her discretion, from completing the investigation sooner than the fifteen (15) school days described above.
- D. If the investigator determines that discrimination or harassment has occurred, he/she shall take steps to eliminate the discriminatory or harassing environment, which may include but is not limited to:
1. Determining what disciplinary action should be taken against the person(s) who engaged in discrimination or harassment, if any;
 2. Determining what steps are necessary to prevent recurrence of any discriminatory behavior, including but not limited to harassment, and to correct its discriminatory effects if appropriate; and
 3. Informing the Complainant and the person(s) who was the subject of the Complaint of the results of the investigation (in accordance with applicable state and federal privacy laws) within twenty (20) calendar days of receipt of the Complaint, unless the investigation is extended under the provision described above.
- E. If the Complainant or the student's parents/legal guardians are dissatisfied with the results of the investigation, an appeal may be made to the appropriate Civil Rights Coordinator within ten (10) school days after receiving notice of the outcome of the investigation. In the appeal, the appellant should identify any specific alleged factual or legal errors and explain why the errors should result in a different conclusion. The Civil Rights Coordinator shall review the investigation and may conduct further investigation if deemed appropriate. Within five (5) school days of receipt of any

such appeal, the Civil Rights Coordinator shall decide whether or not to reopen the investigation, uphold the principal or designee's determination, or reverse the principal or designee's determination. The Civil Rights Coordinator shall provide written notification of that determination to both the Complainant and the accused. The Civil Rights Coordinator's decision shall be final, subject to further appeal to the Superintendent.

- F. If the employee or the student's parents or legal guardians are dissatisfied with the decision of the Civil Rights Coordinator, an appeal may be submitted to the Superintendent within seven (7) calendar days after receiving notice of the Civil Rights Coordinator's decision. The Superintendent will consider the appeal. The Superintendent's decision shall be final.

The District's Civil Rights Coordinator may be contacted at: **Kelly Chase, Assistant Superintendent, 27 Lowell Street, Peabody MA 01960. 978-536-6505.**

HAZING

The following statute regarding hazing was recently passed by the Massachusetts Legislature:

Chapter 269 of the General Laws is hereby amended by adding the following three sections:

Section 17. Whoever is a principal organizer or participant in the crime of hazing as defined herein shall be punished by a fine of not more than one thousand dollars or by imprisonment in a house of correction for not more than one hundred days, or by both such fine and imprisonment.

The term "hazing" as used in this section and in sections eighteen and nineteen, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical and mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to weather, forced consumption of any food, liquor, beverage, drug or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Section 18. Whoever knows that another person is the victim of hazing as defined in section seventeen and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than five hundred dollars.

EXCERPTS FROM THE MASS DEPT. OF PUBLIC HEALTH AIDS – SCHOOL ATTENDANCE POLICY

Epidemiological studies show that AIDS is transmitted via sexual contact or blood to blood contact. To date, there is no recorded transmission of AIDS to family members who are non-sexual contacts. This fact is also observed with medical personnel who directly care for and are exposed to AIDS cases. Since there is no evidence of casual transmission by sitting near, living in the same household, or playing together with an individual with AIDS, the following guidelines are recommended by the Governor's Task Force on AIDS for implementation in school systems throughout the Commonwealth.

1. All children diagnosed as having AIDS or with clinical evidence of infection with the AIDS associated virus (HIV) and receiving medical attention are able to attend regular classes.
 - A. If a child has cutaneous (skin) eruptions or weeping lesions that cannot be covered, he/she should not be in school.
 - B. If the child exhibits inappropriate behavior which increases the likelihood of transmission (i.e. biting or frequent incontinence), he/she should not be in school.
 - C. Children diagnosed with AIDS or with clinical evidence of infection with the AIDS associated virus (HIV), who are too ill to attend school, should have an appropriate alternative education plan
 - D. Siblings of children diagnosed as having AIDS or with clinical evidence of infection with the AIDS associated virus (HIV) are able to attend school without any further restrictions.
2. The child's personal physician is the primary manager of the child diagnosed as having AIDS or with clinical evidence of infection with the AIDS associated virus (HIV) Management includes acting as the "gate keeper" for the child's attendance at school in accordance with the policy outlined above.
 - A. The child's personal physician, after consultation with the family, is responsible for reporting cases of AIDS to the Massachusetts Department of Public Health's Division of Communicable Disease. The school superintendent will be notified by the child's personal physician and will provide assistance in identifying those educational or health care agents.
 - B. Only persons with an absolute need to know should have medical knowledge of a particular student. In individual situations, the superintendent might notify one or more of the following:
 - Principal • School Nurse • Teacher
 - C. Notification should be by a process that would maximally assist patient confidentiality. Ideally, this process should be by direct person to person contact.

- D. If school authorities believe that a child diagnosed as having AIDS or with clinical evidence of infection with the AIDS associated virus (HIV) has evidence of conditions described in #1 then the school authorities can dismiss the child from the class and request authorization from the child's personal physician so that class attendance is within compliance with the school policy.

If school authorities and the child's personal physician are in conflict, then the case should be referred to the Department of Public Health for review by an appointed physician who would determine the permissibility of attendance.

Appendix F

INFORMATION SYSTEMS AND EDUCATIONAL TECHNOLOGY RESOURCES ACCEPTABLE USE POLICY

Users shall not use, view, download, copy, send, post or access obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful information, communications, language, images or video, or material that advocates illegal acts, violence, or discrimination toward others. Restrictions against inappropriate language, images or video apply to public messages, private messages, material posted on Web pages, and files stored or created on the district's technology resources.

If a user mistakenly accesses inappropriate information, the user must immediately inform his/her teacher or the network supervisor of the location of that information.

8. The computer system/ network may not be used for any illegal purposes, in support of illegal activities, or for any activity prohibited by district policy

Deliberate attempts to degrade or disrupt system performance shall be viewed as violations of district policy and/or as criminal activity under applicable state and federal laws. This includes, but is not limited to: the uploading, downloading, spamming, chain letters, or creation of computer viruses. Vandalism will

- result in (a) cancellation of system privileges, (b) disciplinary action in accordance with district policy, and (c) restitution for cost associated with hardware, software, and system restoration.

- VI. REQUIREMENTS FOR USE OF PHYSICAL RESTRAINT
- VII. REPORTING PHYSICAL RESTRAINT USE

- X. SPECIFIC PROCEDURES

I. OVERVIEW

The Peabody Public Schools (“the District”) seeks to ensure that every student is free from the use of physical restraint that is inconsistent with the requirements of 603 C.M.R. 46.00. Physical restraint is an emergency measure of last resort. It may be administered only when necessary to protect a student and/or school community member from assault or imminent, serious physical harm. When, based on this standard, physical restraint is necessary, staff will strive to prevent or minimize any harm to the student as a result of the use of physical restraint. The District will annually review its Restraint Prevention and Behavior Support Policy and Procedures, provide it to all District staff, and make it available to parents of enrolled students.

II. DEFINITIONS

Mechanical Restraint: the use of any device or equipment to restrict a student’s freedom of movement. The term does not include devices implemented by trained school personnel, or utilized by a student that have been prescribed by an appropriate medical or related services professional, and are used for the specific and approved positioning or protective purposes for which such devices were designed. Examples of such devices include: adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports; vehicle safety restraints when used as intended during the transport of a student in a moving vehicle; restraints for medical immobilization; or orthopedically prescribed devices that permit a student to participate in activities without risk of harm.

Medication Restraint: the administration of medication for the purpose of temporarily controlling behavior. Medication prescribed by a licensed physician and authorized by the parent for administration in the school setting is not medication restraint.

Physical Escort: a temporary touching or holding, without the use of force, of the hand, wrist, arm, shoulder, or back for the purpose of inducing a student who is agitated to walk to a safe location.

Physical Restraint: direct physical contact that prevents or significantly restricts a student's freedom of movement. Physical restraint does not include: brief physical contact to promote student safety, providing physical guidance or prompting when teaching a skill, redirecting attention, providing comfort, or a physical escort.

Principal: instructional leader of a public school education program or his or her designee.

Prone Restraint: a physical restraint in which a student is placed face down on the floor or another surface, and physical pressure is applied to the student's body to keep the student in the face-down position.

Seclusion: involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving. Seclusion does not include a time-out as defined below.

Time-Out: a behavioral support strategy, developed pursuant to 603 CMR 46.04(1), in which a student temporarily separates from the learning activity or the classroom, either by choice or by direction from staff, for the purpose of calming. During time-out, a student must be continuously observed by a staff member. Staff shall be with the student or immediately available to the student at all times. The space used for time-out must be clean, safe, sanitary, and appropriate for the purpose of calming. Time-out shall cease as soon as the student has calmed.

DESE's *Technical Assistance Advisory SPED 2016-1*, issued on July 31, 2015, provides the following additional definitions pertaining to time-out:

Inclusionary time-out: when the student is removed from positive reinforcement or full participation in classroom activities while remaining in the classroom.

Exclusionary time-out: the separation of the student from the rest of the class either through complete visual separation or from actual physical separation.

III. PROHIBITIONS

Chemical restraint, mechanical restraint and seclusion are prohibited in all public school education programs.

IV. SPECIFIC RIGHTS

Neither 603 C.M.R. 46.00 nor this policy prohibits: (1) any teacher, employee or agent of the District from using reasonable force to protect students, others or themselves from imminent, serious, physical harm; (2) any individual from reporting to appropriate authorities a crime committed by a student or other individual; (3) law enforcement, judicial authorities or school security personnel from exercising their responsibilities, including the physical detainment of a student or person alleged to have committed a crime or posing a security risk; or (4) an individual from reporting neglect or abuse to the appropriate state agency, pursuant to M.G.L. c. 119 § 51A.

V. DESE TECHNICAL ASSISTANCE ON USE OF TIME-OUT

DESE's *Technical Assistance Advisory SPED 2016-1*, issued on July 31, 2015, explains the differences between "inclusionary time-out" and "exclusionary time-out" as follows:

"Inclusionary time-out": when the student is removed from positive reinforcement or full participation in classroom activities while remaining in the classroom.

The use of “inclusionary time-out” functions well as a behavior support strategy while allowing the student to remain fully aware of the learning activities of the classroom. “Inclusionary time-out” includes practices used by teachers as part of their classroom behavior support tools, such as “planned ignoring,” asking students to put their heads down, or placing a student in a different location within the classroom. These strategies, used to reduce external stimuli in the student’s environment while keeping the student physically present and involved in learning, have proven to be useful tools for classroom management.

If the student is not “separated from the learning activity” or the classroom, the student will be in “inclusionary time-out” and the requirements that accompany the use of “exclusionary time-out,” listed below, do not apply. A student is not “separated from the learning activity” if the student is physically present in the classroom and remains fully aware of the learning activities.

“Inclusionary time-out” does not include walled off “time-out” rooms located within the classroom; use of those is considered to be “exclusionary time-out.”

“Exclusionary time-out”: the separation of the student from the rest of the class either through complete visual separation or from actual physical separation.

The following requirements apply to the use of “exclusionary time-out”:

- “Exclusionary time-out” may be used only for the purpose of calming;
- During “exclusionary time-out,” the student must be continuously observed by a staff member;
- The staff member will either be with the student or immediately available to the student at all times;
- The space used for “exclusionary time-out” must be clean, safe, sanitary and appropriate for calming;
- *Unless it poses a safety risk, a staff member must be physically present with the student who is in an exclusionary time-out setting;*
- If it is not safe for the staff member to be present with the student, the student may be left in the time-out setting with the door closed. However, in order to ensure that the student is receiving appropriate support, a school counselor or other behavioral support professional must be immediately available outside of the time-out setting where the individual can continuously observe and communicate with the student as appropriate to determine when the student has calmed;
- *Students must never be locked in a room;*
- For students displaying self-injurious behavior, a staff member must be physically present in the same setting with the student;
- An “exclusionary time-out” must be terminated as soon as the student has calmed; and
- An “exclusionary time-out” may not extend beyond thirty (30) minutes without the approval of the Principal. A Principal may grant an extension beyond thirty (30) minutes based only on the individual student’s continuing agitation.

VI. REQUIREMENTS FOR USE OF PHYSICAL RESTRAINT

Legal Standard for Use

Physical restraint is considered an emergency procedure of last resort. This means that it may be used only when the student's behavior poses a threat of assault or imminent, serious, physical harm to self and/or others; *and* the student is not responsive to verbal directives or other lawful and less intrusive behavior interventions, or such interventions are deemed to be inappropriate under the circumstances.

Physical restraint may never be used for punishment. Physical restraint may not be used as a response to a student's property damage, disruption of school order, refusal to comply with rules/directions, or verbal threats, unless the above harm standard is also met.

Brief physical contact to promote safety is not considered a restraint. DESE's *Question and Answer Guide to Implementation of 603 CMR 46.00, The Regulations for the Prevention of Physical Restraint and Requirements if Used*, issued on July 31, 2015, states that "brief physical contact to promote safety refers to measures taken by school personnel consisting of physical contact with a student for a short period of time solely to prevent imminent harm to a student, for example, physically redirecting a student about to wander on to a busy road, grabbing a student who is about to fall, or breaking up a fight between students."

Physical restraint may not be used as a standard response for any student. No IEP or written behavioral plan may include physical restraint as a standard response to any behavior.

Safety

To ensure student safety, staff will review and consider a student's medical and psychological limitations, known or suspected trauma history, and/or behavior intervention plans. Physical restraint will not be used when it is medically contraindicated for reasons including, but not limited to, communication-related disorders, asthma, seizures, cardiac condition, obesity, bronchitis, or risk of vomiting.

During a physical restraint, staff will continuously monitor the student's physical status, including skin temperature, color and respiration, and make certain that the student is able to breathe and to speak. Staff will use the safest physical restraint method available and appropriate for the situation, and will use only the amount of force necessary to protect the student or others from physical injury or harm. Whenever possible, another adult who is not a participant in the restraint will witness the administration of the restraint.

Duration

A physical restraint must be terminated as soon as the student is no longer an immediate danger to himself or others, or the student demonstrates or expresses significant physical distress (e.g., difficulty breathing, sustained or prolonged crying, sustained or prolonged coughing). If a student demonstrates or expresses significant physical distress, staff will release the restraint and seek medical assistance immediately. For any student to be restrained for more than twenty (20) minutes, staff must obtain the Principal's approval. This approval must be based on the student's continued agitation justifying the need for continued restraint.

Follow-up

Follow-up procedures will be implemented after the release of the student from physical restraint. These will include reviewing the incident with the student to address the precipitating

behavior, reviewing the incident with staff who administered the restraint to discuss whether proper restraint procedures were followed, and considering whether any follow-up is appropriate for students who witnessed the incident.

Prone and Floor Restraints

Prone restraints are prohibited, except on an individual basis and when all of the following conditions, which require specific documentation, are met: (1) the student has a documented history of repeatedly causing serious self-injuries and/or injuries to other students or staff; (2) all other forms of physical restraint have failed to ensure the safety of the student and/or others; (3) there are no medical contraindications, as documented by a licensed physician; (4) there is psychological or behavioral justification for the use of prone restraint and no psychological or behavioral contraindications, as documented by a licensed mental health professional; (5) the program has obtained consent to use prone restraint in an emergency as set out in 603 CMR 46.03(1)(b), and the use of prone restraint is approved in writing by the Principal; and (6) the program has documented all of the above before using prone restraint and maintains the documentation. The only staff authorized to administer a prone restraint are staff who have received in-depth restraint training in accordance with 603 C.M.R. 46.04(3).

Floor restraints are prohibited unless the staff administering the restraint have received in-depth training in accordance with 603 C.M.R. 46.04(3), and these trained staff members determine that such method of restraint is required to provide safety for the student or others.

VII. REPORTING PHYSICAL RESTRAINT USE

All physical restraints, regardless of duration, will be reported.

Reporting within School and to Parents

The reporting process within the school and to the student's parents is as follows: The staff will immediately verbally inform the Principal, and the Principal will make reasonable efforts to verbally inform the student's parents within 24 hours of the restraint. The staff will file a detailed written report no later than the next school day, and the Principal will e-mail or mail the written report to the parents within three (3) school days of the restraint. There are no individual waivers permitted for these reporting requirements.

Report Contents

The report will include: names and job titles of those involved, including observers; date and time the restraint began and ended; the name of the administrator who was verbally informed; the name of the Principal or designee who approved extending the restraint beyond twenty (20) minutes, when such approval was obtained; what was happening before the restraint; the efforts staff used to prevent escalation of the student's behavior, including the specific de-escalation strategies that the staff used; the alternatives to restraint that staff attempted; the justification for initiating the restraint; a description of the holds used and why they were necessary; a description of the student's behavior and reaction during the restraint, and any medical care given; information regarding any further actions the school has taken or may take; and information regarding opportunities for the student's parents to discuss the restraint with the school.

Reporting to the Department of Elementary and Secondary Education

The reporting process to the Department of Elementary and Secondary Education (DESE) is as follows: The District will report to DESE all restraints that result in injury to either a student or

a staff member within three (3) working days of the restraint. When the restraint resulted in injury, the District shall also send the DESE a copy of the records of physical restraints maintained by the principal for the 30-day period prior to the date of the reported restraint. Additionally, the District will provide DESE with an annual report of its physical restraint use.

VIII. ADMINISTRATIVE REVIEWS OF PHYSICAL RESTRAINT USE

Two types of administrative reviews will be conducted in regards to the use of physical restraint. The Principal will conduct a Weekly Individual Student Review and a Monthly School-Wide Review.

Weekly Individual Student Review

A Weekly Individual Student Review will be conducted in regards to any student who has been restrained multiple times during the week. The Principal will convene a review team to assess the progress and needs of any such student, with the goal of reducing or eliminating future restraint. This team will review and discuss the written restraint reports, analyze the factors that led to the restraint, consider the factors that may have contributed to the escalation of the student's behavior, and develop a written action plan.

Monthly School-Wide Review

A Monthly School-Wide Review will also be conducted by the Principal. In this review, the Principal will consider patterns of restraints, number of restraints, duration of restraints and any injuries caused by restraints.

The Principal will assess whether the restraint prevention and management policy needs to be modified and/or whether there is a need for additional staff training on restraint reduction and restraint prevention strategies.

IX. TRAINING REQUIREMENTS

General Training

The Principal will ensure that all staff receive training on the District's Restraint Prevention and Behavior Support Policy and Procedures and the requirements for the use of restraint. This training will comply with the requirements of 603 C.M.R. 46.04(2).

In-Depth Training

The Principal will identify and authorize certain staff to serve as a school-wide resource to assist in ensuring the proper administration of physical restraint. These identified staff will participate in an in-depth training that complies with the requirements of 603 C.M.R. 46.04(3) and 603 C.M.R. 46.04(4).

X. SPECIFIC PROCEDURES

The District has developed and implemented specific procedures regarding appropriate responses to student behavior that may require immediate intervention.

File: JKAA

PHYSICAL RESTRAINT OF STUDENTS

Maintaining an orderly, safe environment conducive to learning is an expectation of all staff members of the school district. Further, students of the district are protected by law from the

unreasonable use of physical restraint. Such restraint shall be used only in emergency situations as a last resort and with extreme caution after other lawful and less intrusive alternatives have failed or been deemed inappropriate.

When an emergency situation arises, and physical restraint is the only option deemed appropriate to prevent a student from injuring himself or herself, another student or school community member, a teacher or employee or agent of the school district may use such reasonable force needed to protect students, other persons or themselves from assault or imminent, serious, physical harm.

The definitions of forms of restraint shall be as defined in 603 CMR 46.02.

The use of mechanical restraint, medical restraint, and seclusion is prohibited.

Physical restraint, including prone restraint where permitted under 603 CMR 46.03, shall be considered an emergency procedure of last resort and shall be prohibited except when a student's behavior poses a threat of assault, or imminent, serious, physical harm to themselves and/or others and the student is not responsive to verbal directives or other lawful and less intrusive behavior interventions are deemed inappropriate.

The Superintendent will develop procedures identifying:

- Appropriate responses to student behavior that may require immediate intervention;
- Methods of preventing student violence, self-injurious behavior, and suicide including crisis planning and de-escalation of potentially dangerous behaviors among groups of students or individuals;
- Descriptions and explanations of alternatives to physical restraint as well as the school's method of physical restraint for use in emergency situations;
- Descriptions of the school's training and procedures to comply with reporting requirements including, but not limited to making reasonable efforts to orally notify a parent of the use of restraint within 24 hours of its imposition;
- Procedures for receiving and investigating complaints;
- Methods for engaging parents in discussions about restraint prevention and use of restraint solely as an emergency procedure;
- A statement prohibiting: medication restraint, mechanical restraint, prone restraint unless permitted by 603 CMR 46.03(1)(b), seclusion, and the use of physical restraint in a manner inconsistent with 603 CMR 46.00;
- A process for obtaining Principal approval for a time out exceeding 30 minutes.

Each building Principal will identify staff members to serve as a school-wide resource to assist in ensuring proper administration of physical restraint. These staff members will participate in an in-depth training program in the use of physical restraint.

In addition, each staff member will be trained regarding the school's physical restraint policy and accompanying procedures. The Principal will arrange training to occur in the first month of each school year, or for staff hired after the beginning of the school year, within a month of their employment.

Physical restraint is prohibited as a means of punishment, or as a response to destruction of property, disruption of school order, a student's refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, serious physical harm to the student or others.

Physical restraint is prohibited when it is medically contraindicated for reasons including, but not limited to, asthma, seizures, a cardiac condition, obesity, bronchitis, communication-related disabilities, or risk of vomiting;

The use of “time out” procedures during which a staff member remains accessible to the student shall not be considered “seclusion restraint.”

This policy and its accompanying procedures shall be reviewed and disseminated to staff annually and made available to parents of enrolled students. The Superintendent shall provide a copy of the Physical Restraint regulations to each Principal, who shall sign a form acknowledging receipt thereof.

Appendix H

The Peabody Public Schools Bullying Prevention and Intervention Plan M.G.L. c.71, §37O

A safe learning environment is one in which every student is provided with the opportunity to develop emotionally, academically, and physically in a supportive atmosphere free of intimidation and abuse. Bullying of any type has no place in our schools. The Peabody School Committee and the Peabody Public Schools expect that all members of the school community will treat each other in a civil manner and with respect for differences.

The Peabody Public Schools is committed to providing all students with a safe learning environment that is free from bullying, cyber-bullying, and retaliation. This commitment is an integral part of our comprehensive efforts to promote learning, and to prevent and eliminate harmful and disruptive behaviors that can impede the educational process in our schools. While any student could be subject to bullying and harassment, the District recognizes that certain students may be more vulnerable to becoming the target of bullying including students with disabilities. The Peabody Public Schools will take specific steps to create a safe, supportive environment for vulnerable populations in the school community, and to provide all students with the skills, knowledge, and strategies to avoid and respond to bullying.

The Peabody Public Schools will not tolerate any unlawful or disruptive behavior, including any form of bullying, cyber-bullying, or retaliation in our school buildings, on school grounds, in school-related activities, or that occurs outside of school and creates a hostile school environment for the targeted student. We will promptly investigate all reports and complaints of bullying, cyber-bullying, and retaliation, and take prompt action to restore a safe learning environment for students who are bullied and to prevent further bullying or harassment by students who are identified as perpetrators of bullying.

The Peabody Public Schools' Bullying Prevention and Intervention Plan is a comprehensive approach to addressing bullying, cyber-bullying and retaliation that may compromise the safe learning environment for any student. The District is committed to working with students, staff, families, law enforcement agencies, and the community to address and prevent bullying and harassment within our schools. In consultation with these constituencies, the District has established this Bullying Prevention and Intervention Plan for preventing, intervening, and responding to incidents of bullying, cyber-bullying, and retaliation.

The Peabody School Committee's Anti-Bullying Policy

Complaint and Investigation Procedures

1. Reporting bullying or retaliation

Reports of bullying or retaliation may be made by staff, students, parents or guardians, or others, and may be oral or written. Oral reports made by or to a staff member shall be recorded in writing. Reports made by students, parents, guardians, or other individuals who are not school or school district staff members, may also be made anonymously, although no student shall be subject to discipline solely on the basis of an anonymous complaint. The Peabody Public Schools will make a variety of reporting resources available to the school community including, but not limited to face to face reporting, an Incident Reporting Form, telephone and email. Use of an Incident Reporting Form is not required as a condition of making a report.

Each school within the District will include a copy of the Incident Reporting Form in the beginning of the year packets for students and parents and will post a copy of the Incident Reporting Form on the school's website. Incident Reporting Forms will also be available in the school's main office, the counseling office, the school nurse's office, and other locations determined to be appropriate by the principal/designee. The Incident Reporting Form will be made available in the primary language of the student's household.

2. Reporting by Staff

A staff member will promptly report to the principal/designee any instances of bullying or retaliation witnessed by the staff member or that is reported to the staff member by a student, parent, or other individual. The requirement to notify the principal/designee shall not, however, limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school or district policies and procedures for behavior management and discipline.

3. Reporting by Students, Parents or Guardians, and Others

The Peabody Public Schools expects students, parents, guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the principal/designee. Any individual who wishes to file such a complaint may request, and shall be provided with, assistance from a school staff member to complete a written report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with a staff member, or with the principal/designee. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. The filing of a false or fabricated complaint of bullying, cyber-bullying, or retaliation is strictly prohibited and shall result in disciplinary action.

Procedures for Responding to a Report of Bullying or Retaliation

1. Preliminary Determinations

Upon receiving a complaint, the principal/designee will confer with the complainant to obtain an understanding and statement of the alleged facts. If, based on the facts alleged, the principal/designee determines that the conduct complained of would not constitute bullying as defined by M.G.L. c.71, §37O and District policies, the principal/designee shall document that determination on the Incident Reporting Form and shall take no further action with regard to the complaint. If the Principal/designee determines that such facts, if true, would constitute bullying, as defined above, the principal/designee will promptly commence an investigation of the complaint.

Upon commencing an investigation, the principal/designee will make a preliminary determination as to the need for immediate interventions to protect the safety of the alleged target. Such interventions may include, but are not limited to, creating a personal safety plan for the target; pre-determining seating arrangements for the target and/or the aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a "safe person" for the target; and altering the aggressor's schedule and access to the target. The principal/designee may take additional steps deemed necessary by the school administration to protect the safety of the target and any witnesses while the investigation is ongoing.

2. Notice to Law Enforcement

At any point after receiving a report of bullying, cyber-bullying or retaliation, the principal/designee will notify the local law enforcement agency if the principal/designee has a reasonable basis to believe that criminal charges may be pursued against the aggressor. Notice to law enforcement agencies will be consistent with the requirements of 603 CMR 49.00 and other applicable state and federal laws and regulations pertaining to student records and privacy. In making this determination, the principal/designee may consult with the school resource officer, if any, and other individuals the principal/designee or designee deems appropriate.

3. Notice to Another School or District

If the reported incident involves students from more than one school district, charter school, non-public school, approved private special education day or residential school, or collaborative school, the principal, director or designee first informed of the incident will promptly notify, by telephone, the principal, director or designee of the other school(s) of the incident so that each school may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.

Investigation Procedures

1. Investigation

Upon receipt of a report or complaint that would, if true, constitute bullying, cyber-bullying or retaliation, the principal/designee will promptly commence an investigation. In investigating any such complaint, the principal/designee will interview students, staff, and any witnesses to the alleged conduct. To the extent practicable and consistent with the principal/designee's obligation to promptly and thoroughly investigate and address the matter, the principal/designee will maintain confidentiality during the investigative process and shall not disclose unnecessary or confidential information to interview subjects. During any such interviews, the principal/designee will inform the target, aggressor, and all witnesses that retaliatory treatment of any individual for reporting or cooperating with an investigation of bullying will result in disciplinary action that may include suspension or expulsion from school.

2. Determinations

Within fifteen (15) school days of the principal/designee's receipt of the complaint of bullying, cyber-bullying or retaliation, the principal/designee will make a determination based upon all of the facts and circumstances. If, after investigation, bullying or retaliation is substantiated, the principal/designee will determine what remedial action may be required, if any, and determine what responsive actions and/or disciplinary action is necessary. The principal/designee's findings and determinations shall be documented in writing on the Incident Reporting Form.

If the principal/designee or designee determines that a student knowingly made a false allegation of bullying or retaliation, that student may be subject to disciplinary action.

3. Notice of Investigative Findings

Upon determining that bullying or retaliation has occurred, the principal/designee or designee will promptly notify the parents or guardians of the target and the aggressor of this, and of the procedures for responding to it. While prior notice of an investigation shall not be required, the principal/designee shall not be precluded from notifying the parents of a target or aggressor prior to completion of the principal/designee's investigation.

In notifying the parents of a target or aggressor of an investigation or the principal/designee's findings thereon, the principal/designee shall maintain the privacy and confidentiality of any individual or child who is not the child of the parents to whom the notice is provided. The principal/designee shall ensure that any notice to the parents complies with applicable state regulations including, but not limited to, 603 CMR 49.00, and shall not report specific information to the target's parent(s) about the disciplinary action taken against an aggressor unless it involves a "stay away" order or other directive that the target must be aware of in order to report violations.

4. Requests for Reconsideration

If either the complaining party or the individual against whom the complaint was made is dissatisfied with the outcome of the investigation, that person may request, in writing, a reopening of the investigation or reconsideration of the investigative findings. The written request shall state the reasons for request and shall be delivered to the Superintendent of the Peabody Public Schools within ten (10) school days of the parents/guardians receipt of notice of the investigative findings. Within five (5) school days of receipt of any such request, the superintendent shall decide whether or not to reopen the investigation and shall provide written notification of that determination to the appealing party and to the other party involved.

The filing of a request for reconsideration or a reopening of the investigation shall not stay the imposition of disciplinary sanctions or the implementation of any safety interventions determined to be appropriate by the principal/designee.

Responses to Bullying

1. Education and Skill Building

In determining the appropriate response to an incident of bullying, cyber-bullying or retaliation, the principal/designee shall consider a range of responses that balance the need for accountability with the need to teach appropriate behavior. M.G.L. c. 71, § 37O (d)(v). Skill-building approaches that the principal/designee or designee may consider include, but are not limited to:

- Offering individualized skill-building sessions based on the school's/district's anti-bullying curriculum;
- Providing relevant educational activities for individual students, or groups of students, in consultation with guidance counselors and other appropriate school personnel;
- Implementing a range of academic and non-academic positive behavioral supports to help students understand prosocial ways to achieve their goals;
- Meeting with parents and guardians to engage parental support and to reinforce the anti bullying curricula and social skills building activities at home.

2. Disciplinary Action

If the principal/designee determines that disciplinary action is warranted, the disciplinary sanction will be determined on the basis of facts found by the principal/designee, including the nature of the conduct, the age of the student(s) involved, and the need to balance accountability with the teaching of appropriate behavior.

Students and members of school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional found to have engaged in bullying, cyberbullying, or retaliation may be subject to a range of disciplinary consequences including, but not limited to, reprimand, detention, suspension, expulsion or other sanctions as determined by the principal/designee. Any such disciplinary sanctions shall be imposed in accordance with the due process requirements of applicable laws, regulations, and District policies.

3. Promoting Safety for the Target and Others

Upon determining that bullying or retaliation has occurred, the principal/designee shall, in conjunction with relevant school personnel, consider what services, adjustments and/ or interventions, if any, are needed in the school environment to enhance the target's sense of safety and that of any witnesses. Any such adjustments or interventions to be provided for the target shall be documented in writing in an Individual Safety Plan.

4. Monitoring of Interventions

Within a reasonable period of time following the determination and the ordering of remedial and/or disciplinary action, the principal/designee will contact the target to determine whether there has been a recurrence of the

prohibited conduct and whether additional supportive measures are needed. If so, the principal/designee or designee will work with appropriate school staff to implement them immediately.

5. Counseling and Other Services

Students who have been found to have engaged in or to have been subject to bullying and their families may be referred for and provided with linguistically and culturally appropriate counseling and other services by the principal/designee. Where appropriate and consistent with applicable laws, regulations, and policies, students found to have engaged in, or to have been the victim of, bullying and their families shall also be referred to outside agencies and/or services providers for appropriate services. It shall be the responsibility of the building principal, through consultation with staff, community service organizations, and District administration to identify resources and services available to such students and their families within the District and in their local communities.

Professional Development

1. Annual staff training on the Plan.

Annual training for all school staff on the Plan will include staff duties under the Plan, an overview of the steps that the principal/designee will follow upon receipt of a report of bullying or retaliation, and an overview of the bullying prevention curricula to be offered at all grades throughout the school or district. Staff members hired after the start of the school year are required to participate in school-based training during the school year in which they are hired, unless they can demonstrate participation in an acceptable and comparable program within the last two years.

2. Ongoing professional development

The goal of professional development is to establish a common understanding of all of the elements of the district's Anti-Bullying Program necessary for staff to create a school climate that promotes safety, civil communication, and respect for differences. Professional development will build the skills of staff members to prevent, identify, and respond to bullying. As required by M.G.L. c. 71, § 37O, the content of school-wide and district-wide professional development will be informed by research and will include information on:

- Developmentally (or age) appropriate strategies to prevent bullying;
- Developmentally (or age) appropriate strategies for immediate, effective interventions to stop bullying incidents;
- Information regarding the complex interaction and power differential that can take place between and among an aggressor, target, and witnesses to the bullying;
- Research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk for bullying in the school environment;
- Information on the incidence and nature of cyber-bullying; and
- Internet safety issues as they relate to cyber-bullying.

Professional development will also address ways to prevent and respond to bullying or retaliation for students with disabilities that must be considered when developing students' Individualized Education Programs (IEPs). This will include a particular focus on the needs of students with autism or students whose disability affects social skills development.

District-Wide Anti-Bullying Curriculum

The Peabody Public Schools shall implement age and grade appropriate anti-bullying curricula in each grade, inclusive of grades K-12. Bullying prevention curricula will be informed by current research which, among other things, emphasizes the following approaches:

- Using scripts and role plays to develop skills;

- Empowering students to take action by knowing what to do when they witness other students encouraged in acts of bullying or retaliation; including seeking adult assistance;
- Helping students understand the dynamics of bullying and cyber-bullying, including the underlying power imbalance;
- Emphasizing cyber safety, including safe and appropriate use of electronic communication technologies;
- Enhancing students' skills for engaging in healthy relationships and respectful communications; and
- Engaging students in a safe, supportive school environment that is respectful of diversity and difference.

Initiatives will also teach students about the student-related sections of the Bullying Prevention and Intervention Plan.

Collaboration with Families

1. Parent Education and Resources

The school or district will offer education programs for parents and guardians that are focused on the parental components of the anti-bullying curricula and any social competency curricula used by the district or school. The programs will be offered in collaboration with the PTO, School Councils, Special Education Parent Advisory Council, or similar organizations.

Each year the school or district will inform parents or guardians of enrolled students about the anti-bullying curricula that are being used. This notice will include information about the dynamics of bullying, including cyber-bullying and online safety. The school or district will send parents written notice each year about the student-related sections of the Plan and the school's or district's Internet safety policy. All notices and information made available to parents or guardians will be in hard copy and electronic formats, and will be available in the language(s) most prevalent among parents or guardians. The school or district will post the Plan and related information on its website.

Publication of Policies, Procedures and Information on Bullying

All student handbooks will now refer to, and include age appropriate summaries of, the Peabody Public Schools' Bullying Prevention and Intervention Plan and policy on bullying. In addition to the information provided in each student handbook, copies of the District Plan will be available on the District's website, each school's website, in each school's main administrative office, Guidance Office, Nurse's Office, and in other locations determined to be appropriate by the school administration.

The District will provide all staff with an annual written notice of the Plan by publishing information about it, including sections related to staff duties, in the school or district employee handbook and the code of conduct.

Implementation of Plan

It shall be the responsibility of the building principal/designee to implement and adhere to the District's Bullying Prevention and Intervention Plan within his/her school. In addition to ensuring compliance with the procedures set forth in the Peabody Public Schools' Bullying Prevention and Intervention Plan with the school building, the principal/designee shall be responsible for developing a building-based process for recording and tracking incident reports, and for accessing information related to targets and aggressors. The appropriate documentation will be placed in the student's cumulative folder.

Relationship to Other Laws

Consistent with state and federal laws, and the policies of the school or district, no person shall be discriminated against in admission to a public school of any town or in obtaining the advantages, privilege and courses of study of such public school on account of race, color, sex, religion, national origin, or sexual orientation. Nothing in the Plan prevents the school or district from taking action to remediate discrimination or harassment based on a person's membership in a legally protected category under local, state, or federal law, or school or district policies.

In addition, nothing in the Plan is designed or intended to limit the authority of the school or district to take disciplinary action or other action under M.G.L. c. 71, §§ 37H or 37H½, other applicable laws, or local school or district policies in response to violent, harmful, or disruptive behavior, regardless of whether the Plan covers the behavior

- I will arrive at school each day with my Chromebook fully charged and ready for class. (Access to a loaner Chromebook is not guaranteed)
- I will not make any attempt to circumvent content-filtering, firewalls, or any other district-imposed restrictions
- I will follow the policies of the Peabody Public Schools and abide by all local, state, and federal laws at all times
- I will report any technical problems to staff as soon as possible
- My Chromebook will stay in my possession at all times, and never be loaned to or used by another student
- I will not release personal information to strangers when using the Chromebook
- I will keep all accounts and passwords assigned to me secure, and will not share these with any other students

Parent Guidelines & Responsibilities

Your student has been issued a Chromebook to improve and personalize their education. It is essential that the following guidelines be followed to ensure the safe, efficient, and ethical operation of this device.

- I will make sure that my student arrives at school each day with a charged Chromebook
- I will supervise my student's use and ensure proper care of the Chromebook while at home
- I will discuss our family's values and expectations regarding the use of the Internet at home and will supervise my student's use of the Internet
- I will not attempt to repair the Chromebook
- I will ensure that the Chromebook remains at home and stored safely when not being used in school.
- I will report any problems with the Chromebook to school support staff
- I agree to make sure that the Chromebook & charger are both returned to the school when requested, and upon my student's withdrawal from the Peabody Public Schools
- I understand that the Chromebook is being supplied for educational purposes only and is not to be used by family members for personal use

Chromebook Care

- Treat your Chromebook with care by not dropping it, getting it wet, leaving it outdoors, or exposing it to extreme heat or cold
- Do not eat or drink near the Chromebook
- Do not leave your Chromebook unattended at any time
- Always close your Chromebook when traveling. Walking with an open Chromebook is more likely to cause damage and loss of data
- Do not insert foreign objects (paperclips, pens, etc.) into the ports (openings) of the Chromebook.
- Do not remove any labels, tags, or parts of the Chromebook.
- Do not use water or other cleaning solutions on the Chromebook. Wipe the surfaces lightly with a clean, dry, cloth.
- Do not damage, degrade the performance of, or abuse anyone else's Chromebook in any way.
- Only bring Chromebooks for repair to district IT staff. Do not try to repair Chromebooks yourself.
