

FINAL PROJECT

HOLES

BY LOIS SACHAR

Project Designed by Mrs. Fernanda Garza

Create a playlist that resonates with one of the following characters of the book *Holes*:

- Stanley Yelnats
- Kissin' Kate Barlow
- Zero
- Sam the Onion Guy
- The Warden
- Elya Yelnats
- Mr. Sir
- Madame Zeroni

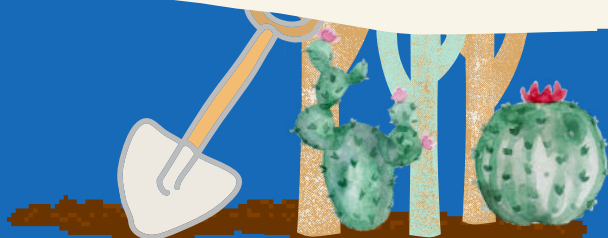

Choose 5 songs for your playlist:

- Song 1 - A song that connects to the character's personality.
- Song 2 - A song that reflects the character's involvement in their conflict.
- Song 3 - A song that reflects an event from the rising action that the character was involved in.
- Song 4 - A song that reflects the character's involvement in the climax.
- Song 5 - A song that reflects the character's connection to a major theme of the text.

**** The songs that you select do not have to necessarily come from the character's point of view, but should connect to the character in some way.**

Songs should be clean and NOT vulgar. **

Describe the songs:

- Write the name and the singer/s for each song.
- Include 3-4 lines of lyrics which show why the song is an appropriate selection.
- List a quote from or about your chosen character that pairs with each song.
- Using one compound and one complex sentence, explain why you chose each song. You should have 10 sentences in total.
 - Follow all of the grammatical rules seen in the TOEFL book.

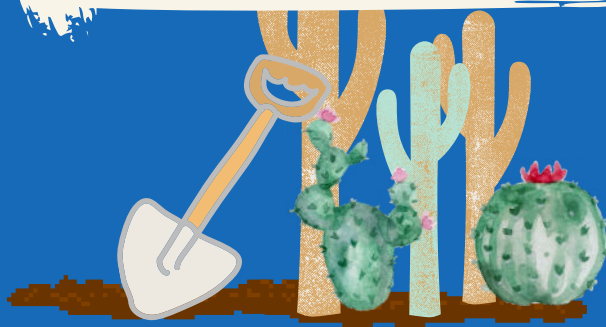

Create your cover art and title:

- Give your playlist a title.
- Create an original cover for your playlist.
- Use images created by you with colors that are a reflection of the character you picked.
- Images found online or in print may not be used.
 - A collage of images is acceptable, but you must cite every image used.

Explain your playlist's cover art and title in one paragraph:

- Using 5-8 full sentences and at least two transition phrases and two linking words, describe how your cover art and title fit in with the playlist and the character you picked.
