As a way to better support my students, I enjoy meeting with their families outside of school. If you are available, I would love to visit your home to get to know you better and tell you more about myself. If your home is unavailable, we can also meet at another location that is more convenient for you. If you are interested in setting up a visit, please let me know what days and times are best for you in the space below. You can also tell me the best way to contact you (phone, text, letter, email). I look forward to meeting you!
