We recommend that you communicate with your child's teachers and/or school counselor when selecting courses for the **2017 - 2018** school year. Consider courses that will provide your child a ***challenging and successful*** educational experience. **All student placements will be subject to administrative schedule changes based upon EOG scores for academic reasons.**

We have carefully considered the above course selections and understand that all courses we have chosen require a year commitment. We understand that dropping a course after the first 10 days of the school year will result in a grade of "F" for the year in the course dropped.
