HOUR OF CODE

The Hour of Code is a one-hour introduction to computer science, designed to demystify code and show that anybody can learn the basics.

Have your K-12 students pair up with professionals to learn the basics of code in a **FREE**, secure environment. Educators and parents, plan to be on hand with participating children.

Saturday, **December 8**

Hosted by
World Wide Technology

Denver, CO   St. Louis, MO   Kansas City, KS

There will be two hour-long sessions at 10 a.m. and 11:30 a.m. Snacks, beverages and parking will be available at no additional cost. Register before December 1st!
