

HOW DO I SET UP MY PARENT POWERSCHOOL ACCOUNT?

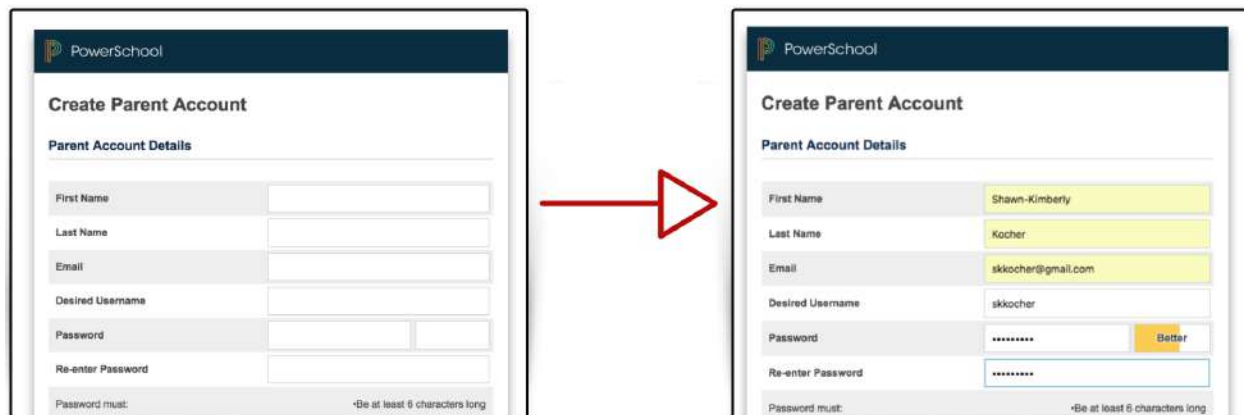

STEP 1: Go to <https://powerschool.nazarethasd.org/public/home.html>. This website is SAME website your child will go to to access their PowerSchool account. Click on the Create Account tab.

STEP 2: Click on Create Account button.

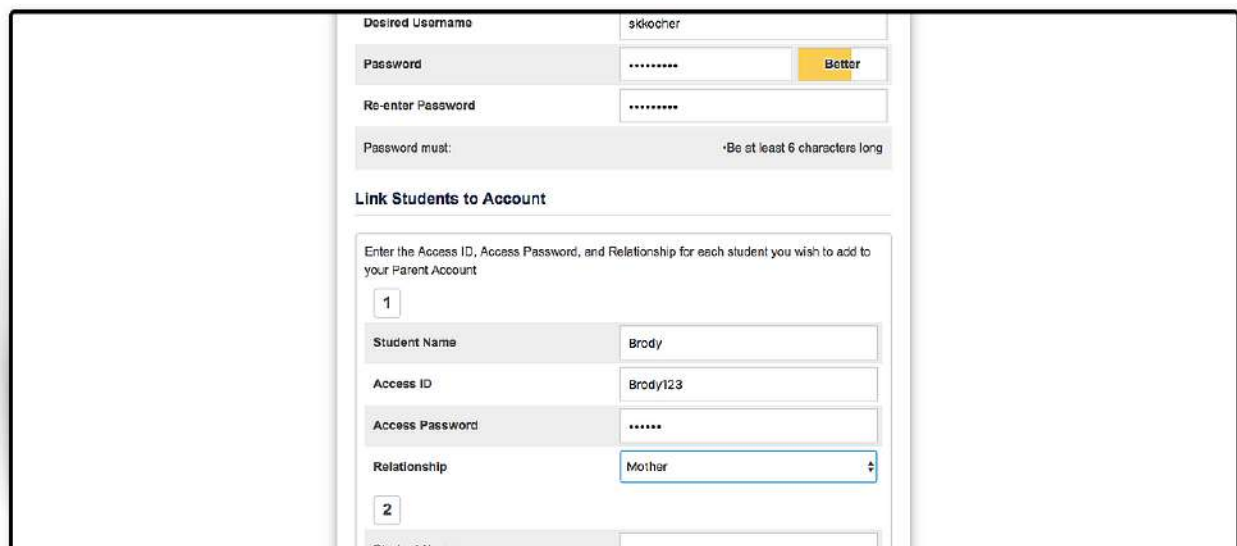

STEP 3: Fill out your information creating a Username and Password for your Parent PowerSchool account. Scroll down.

The diagram illustrates the transition from an empty 'Create Parent Account' form to a filled-out version. A red arrow points from the left form to the right form. Both forms are titled 'Create Parent Account' and have a 'Parent Account Details' section. The left form has empty input fields for First Name, Last Name, Email, Desired Username, Password, and Re-enter Password. The right form has the same fields filled out: First Name 'Shawn-Kimberly', Last Name 'Kocher', Email 'skkocher@gmail.com', Desired Username 'skkocher', Password '*****', and Re-enter Password '*****'. A 'Better' button is visible next to the Password field in the right form. Both forms include a note at the bottom: 'Password must: *Be at least 6 characters long'.

STEP 4: Type your child's first name in the Student Name box; then type the PowerSchool Access ID and Access Password. Select your relationship to the student in the dropdown menu. If you have more than one child and have their PowerSchool Access ID and Access Password, you can add them on this page. Scroll down.

This screenshot shows the 'Link Students to Account' section of the PowerSchool form. It includes a heading 'Link Students to Account' and a sub-heading 'Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account'. There are two numbered sections for adding students. The first section, labeled '1', contains the following fields: Student Name 'Brody', Access ID 'Brody123', Access Password '*****', and Relationship 'Mother' (selected from a dropdown menu). The second section, labeled '2', is partially visible and shows the Student Name field.

STEP 5: When you scroll all the way to the bottom, click the Enter button.
