

How to create a Depth & Complexity Frame

1. Select Slide 2 or 3 for the frame format. Slide 3 allows for diagram/drawing space. Choose your topic or guiding question/idea. Put this in the center box where it says “Topic.”
2. Choose four Depth & Complexity Icons {Slide 4} that will work well for analysis of this topic, question or idea. Copy and paste one in each of the four spaces surrounding the center box {for Slide 3, use the corner boxes}.
3. For Slide 2, create short prompts for each of those icons and write those in the text boxes that say “Put prompt here.” No prompts are used on the Slide 3 version.

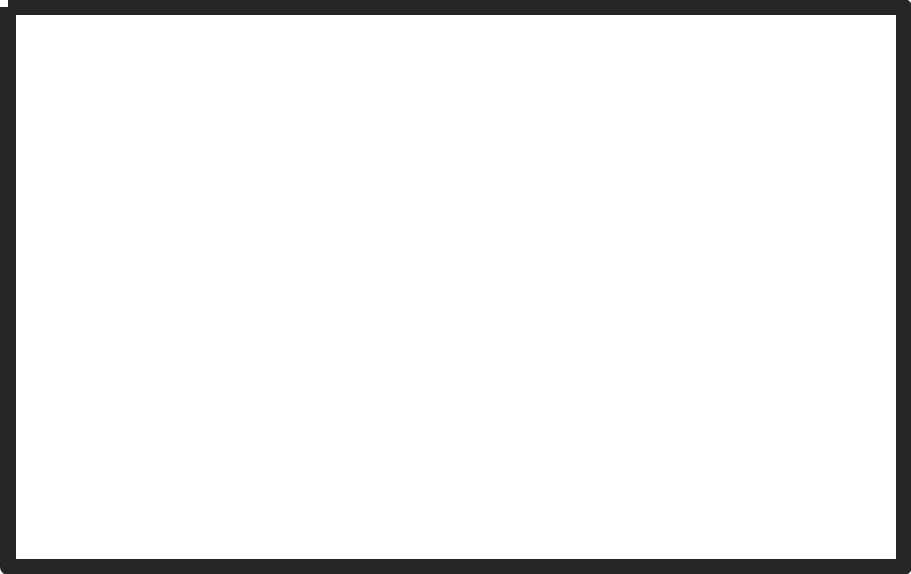

Four horizontal lines for text entry, located in the top center of the page.

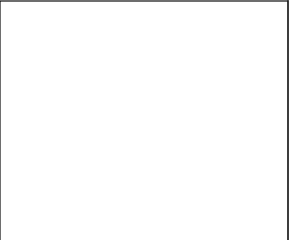

Seven vertical lines for text entry, located on the left side of the page.

Seven vertical lines for text entry, located on the right side of the page.

Four horizontal lines for text entry, located in the bottom center of the page.
