COLLEGE-CREDIT COURSES:

Intro college courses taught in the high school setting

- Focuses on college-level reading, writing, and projects requiring students' commitment to independent and cooperative learning review
- Since these are primarily survey courses and the volume of information is high, not all information is directly discussed in class but students are still responsible to be able to apply it.

COLLEGE in the SCHOOLS REQUIREMENTS

Students taking CIS courses must meet University of Minnesota's admissions criteria

**Seniors may select AP Language & Composition if they did not take it as a junior.*

Students must select 2 semester-length English courses during their senior year to fulfill the 8 semester English requirement
