

March 26, 2020

Dear EV-W Parents and Students:

As we move forward through the challenges of the COVID-19 virus, I want to take this opportunity to provide you with some insight and direction regarding our educational programming during this unprecedented time. Our care and concern for the well-being of the entire student body are always at the forefront of any actions. We recognize that this is a unique time that involved a lot of questions and various emotions including disappointment and frustration, especially for our seniors. The relationships our students have with each other and our staff are very important. I can assure you that we miss our students and the excitement, energy, and joy they bring to our lives each day.

It is important that you understand this situation will continue to evolve and change. Know that we understand the decisions related to school events and activities, and the timing and communication of changes to those events, are very important. The purpose of providing the schedule and information below are to give our students and parents some structure to distance learning. We understand there will be some customization for each student's learning within class, based upon a multitude of variables including the type of class and course objectives.

Distance Learning Plan.

*Pupils will have meaningful daily interactions with teachers.

*Instructors will be available from 8:00 a.m.-3:00 p.m. each day via email, Google classroom, and other digital formats such as Zoom and Google Meet.

*Students are expected to engage electronically or verbally with their teachers during their prearranged day.

*Students who need assistance with internet connectivity should contact their teacher or the high school office.

*An alternate day schedule has been established for classes. It is as follows and includes an attached schedule:

Day 1

Math, Social Studies, Band, Choir,
Physical Education and Health, Spanish
German

Day 2

English, Science, Art, FACS, Agriculture,
Industrial Arts

*On designated days, academic departments will post lessons and homework. Students will then have 2 days until their next lesson to complete homework.

*Individuals in grades 9-12 will be evaluated through the traditional A, B, C, D, and F format; whereas, youth in grades 7-8 will be assessed by pass/fail.

Please see the EV-W district website, www.ev.w.k12.mn.us, and the Eden Valley-Watkins School District Facebook page for upcoming information pertaining to school operations. In addition, please contact me if you have any questions. I sincerely appreciate your flexibility and efforts as we move forward through these challenging times.

Sincerely,

Bruce Kiehn
EV-W Secondary Principal
