## Welcome

### 2024-2025

To our students, we welcome you to Montoursville Area High School. Our school has long maintained a tradition of excellence in education and is the pride of our community, staff, and students. As a student at MAHS, you are the critical component of the school and the key to continued success. Montoursville Area High School is your school and it offers you a variety of opportunities for learning, friendship, and activities. We encourage you to become actively involved in your school, participate in its many activities, and become a positive and valuable contributor to its future and yours. The teachers, counselors, administration, and support staff are here to work with you and to help you successfully prepare for your future. Please be sure to get to know us and allow us to assist you during your years at MAHS.

In addition, this handbook has been prepared to help you become more familiar with your school. The faculty, administration, and staff are very interested in student success. This is one tool in helping to understand the expectations of how students should conduct themselves and treat others at Montoursville Area High School. As the school year progresses, there may be some changes to our handbook. If this happens, students will be notified. As stated earlier, this handbook serves as a guide to our rules and procedures for students and parents. It also acts as our guide in helping students find their success. We all look forward to a great school year.

To the parents, we thank you for the privilege of educating your children. There is great pride in everything we do and we encourage you to involve your child not only in their education, but one of the many activities or athletic programs available at MAHS. Your help and guidance are key to your child's success. Here are some things that have been successful for parents:

- Check on homework and provide a quiet place to study.
- See that the homework is done carefully and consistently.
- See that proper rest and attention to school work are encouraged and sustained all school year.

Understand that the members of the faculty, staff, and administration are interested in supporting your children and welcome conferences, suggestions, and sincere efforts to find solutions together. Share with us. Partner with us. Visit our school. Celebrate with us. If your child is having difficulties, a conference can be arranged with the counselor, teachers, or principals by calling (570) 368-2611 during school hours.

Sincerely,

Matthew Johnson, Principal

Susan Wise, Assistant Principal

## Unit of credit

For graduation purposes, a unit of credit shall represent satisfactory completion of a planned course of 120 hours of instruction in grades 9-12. A school district may offer a planned course of less than 120 hours and course credit shall be awarded based on a fraction thereof.

3 periods/cycle/semester=0.25 credits

The intent of this is to prevent hardship on a pupil as a result of technicalities.

# ACT 158 Requirements

---

**Act 158 of 2018** (Act 158), signed into law by Governor Tom Wolf on October 24, 2018, provides alternatives to Pennsylvania's statewide requirement of attaining proficiency on the three end-of-course Keystone Exams (Algebra I, Literature, and Biology) for a student to achieve statewide graduation requirements.

Effective with the graduating class of 2023, students have the option to demonstrate postsecondary preparedness through one of four additional pathways that more fully illustrate college, career, and community readiness. Keystone Exams will continue as the statewide assessment Pennsylvania uses to comply with accountability requirements set forth in the federal Every Student Succeeds Act (ESSA). Although students will no longer be required to achieve proficiency on the Keystone Exams to meet the statewide graduation requirement, **students must take the Keystone Exams for purposes of federal accountability**. Failure to do so will affect a Local Education Agency (LEA) and school's participation rate.

Our main goal is to have each student meet the ACT 158 requirements by scoring Proficient or Advanced on the three required Keystone Exams; however, there are times when a student is just not able to do so. In order to meet ACT 158 requirements, alternative pathways must be put into place. These pathways should be discussed with your child's counselor to ensure that all pieces are met. These pathways are fully detailed on PDE SAS using the following link: [Act 158: Pathways to Graduation](#).

## Pathways to Graduation

### **OPTION 1: KEYSTONE PROFICIENCY PATHWAY**

Student must earn a proficient or advanced score on all three Keystone Exams: Algebra I, Literature, and Biology.

### **OPTION 2: KEYSTONE COMPOSITE PATHWAY**

Student must earn a composite score of 4452 on the Algebra I, Literature, and Biology Keystone Exams. Student must also earn a proficient or advanced score on at least one of the three exams. The student may not earn a Below Basic score on either of the other two exams.

### **OPTION 3: ALTERNATE ASSESSMENT PATHWAY**

Student must earn a passing grade in the course(s) associated with each Keystone Exam on which the student did not earn at a proficient or advanced score. These courses include: Algebra I, 10th grade English Language Arts, and Biology. Student must also achieve one of the following:

- Attainment of an established score on an approved alternate assessment (SAT, PSAT, ACT, ASVAB);
  - SAT: 1010
  - PSAT: 970
  - ACT: 21
  - ASVAB: the minimum score required for admittance to the armed services branch during the year the student graduates
- Gold Level on the ACT WorkKeys Assessment;
- Attainment of at least a '3' score on an Advanced Placement Program exam in an academic content area associated with each Keystone Exam on which the student did not achieve a proficient or advanced score;
- Successful completion of a concurrent enrollment course (ex. college-in-high school course, dual enrollment course) in an academic content area associated with each Keystone Exam in which the student did not achieve at least a proficient score;
- Successful completion of a pre-apprenticeship program; or
- Acceptance in an accredited 4-year nonprofit institution of higher education and evidence of the ability to enroll in college-level coursework.

#### OPTION 4: EVIDENCE BASED PATHWAY

Student must earn a passing grade in the course(s) associated with each Keystone Exam that a proficient or advanced score was not earned. These courses include: Algebra I, 10th grade English Language Arts, and Biology. Student must also demonstrate three pieces of evidence consistent with the student's goals and career plans, including:

- One of the following:
  - Attainment of an established score on the ACT WorkKeys assessment (Silver Level), a SAT subject test (score of 630), an Advanced Placement Program Exam (score of 3);
  - Acceptance to an accredited nonprofit institution of higher education other than a 4-year institution and evidence of the ability to enroll in college-level coursework;
  - Attainment of an [industry-recognized credential](#); or
  - Successful completion of a concurrent enrollment or postsecondary course; and
- Two additional pieces of evidence, including one or more of the options listed above, or: satisfactory completion of a service learning project; attainment of a score of proficient or advanced on a Keystone Exam; a letter guaranteeing full-time employment; a certificate of successful completion of an internship or cooperative education program; or satisfactory compliance with the NCAA's core courses for college-bound student athletes with a minimum grade point average (GPA) of 2.0.

#### OPTION 5: CTE PATHWAY

Students, who are Career and Technical Education (CTE) Concentrators, must earn a passing grade in the course(s) associated with each Keystone Exam on which a proficient or advanced score was not earned. These courses include: Algebra I, 10th grade English Language Arts, and Biology. Student must also attain an industry-based competency certification related to the CTE Concentrator's program of study or demonstration of a high likelihood of success on an approved industry-based competency assessment or readiness for continued meaningful engagement in the CTE Concentrator's program of study. For further explanation of the CTE Pathway, please see [PDE's Act 6 guidance](#).

# Course/Subject Requirements

---

## Advanced Placement (AP)

AP can change your life. Through college-level AP courses, you enter a universe of knowledge that might otherwise remain unexplored in high school; through AP Exams, you have the opportunity to earn credit or advanced standing at most of the nation's colleges and universities. These college level courses require students to meet high standards for success. They require reading and writing skills at a superior level as well as abilities to analyze, synthesize, evaluate, and create. Students selecting these courses must be highly motivated, self-directed learners. All students enrolling in AP courses **are highly encouraged** to take the Advanced Placement exam for that course. Students considering college in their plans should enroll and successfully complete a minimum of 2 AP classes before graduation. The experience and preparation required will give you a good idea of what a college class will be like.

## Penn College NOW

Penn College NOW is a program that allows high school students to earn Penn College credits through dual enrollment. Penn College NOW classes are taught by approved high school teachers at the student's home high school or career and technology center. Beginning Fall 2014, the tuition for Penn College NOW is free.

## Dual Enrollment

The dual enrollment coursework opportunities at MAHS exist for the purpose of academic advancement, and early access to cost-effective college credits. These courses are typically not courses that are brick-and-mortar at the high school and are in an online format offered through participating universities and colleges with whom we have an agreement.

Dual enrollment courses will count toward a student's GPA with weight\*\* and appear on their transcript, Dual enrollment courses WILL be factored into class rank.

Dual enrollment coursework will be selected only after consultation with Administration, School Counselor, Student, and Parent input. Administration may seek input from teachers as part of this decision-making process. Administration retains the right to deny any dual enrollment request.

**\*\*2024-2025 – Dual Enrollment Weight 1.10; 2025-Forward, *Dual Enrollment will be weighted at 1.075***

# Special Education

---

Parents of students who suspect that their child has a disability and is in need of special education may request a multidisciplinary team evaluation of their child through a written request to the building principal or the Supervisor of Special Education. For additional information pertaining to special education services, please refer to the Montoursville Area School District website at [www.montoursville.k12.pa](http://www.montoursville.k12.pa) or contact the Office of Special Education at 570-368-3502.

# Class Rank

---

A student's class rank will be included in his/her report card at the conclusion of the school year. Since class rank is an important factor in a student's acceptance into college, it is important that each student is cognizant of the method used in determining its value.

## *Class Rank Computation*

All marks in courses given school credit beginning with ninth grade and ending with the last grade completed by the student are used in the computation. The student's average is the average grade per credit taken with due weight assigned to academic courses. The average is the sum of the individual products of the (1) course grade, (2) credit for the course, and (3) weight for the course; divided by the sum of the credits of the courses.

The general formula is:

$$\text{Average} = \frac{G_1 * C_1 * W_1 + G_2 * C_2 * W_2 + G_3 * C_3 * W_3 \dots}{C_1 + C_2 + C_3 \dots}$$

G<sub>1</sub>, G<sub>2</sub>, G<sub>3</sub>... = Grade for That Course

C<sub>1</sub>, C<sub>2</sub>, C<sub>3</sub>... = Credit Given for That Course

W<sub>1</sub>, W<sub>2</sub>, W<sub>3</sub>... = Weight Factor for That Course

## *Weight Factors\**

Weight	Course
1.10	Advanced Placement (AP) Calculus AP Physics, AP Chemistry, AP Biology Intro to Financial Accounting, Intro to Managerial Accounting AP English (11th and 12th Grade) AP US History, AP Economics, AP Government and Politics, AP World History, AP Psychology, AP Spanish
1.10	Dual enrollment courses (2024-2025) - 2025+ weighting will shift to 1.075
1.05	All Honors Level Courses and Anatomy and Physiology
1.00	All Other Courses

# College Entrance Requirements

---

Graduation from high school does not necessarily qualify a student for admission to college or a professional school. Each student planning to enter a college must take the subjects required by the institution.

Since the entrance requirements vary with colleges and also within the college (liberal arts, engineering, business, nursing), the serious-minded college prep student is compelled to take the courses which will prepare them to enter almost any college and to compete successfully after they are admitted. As a student approaches their junior or senior year, their college plans may become better defined at which time their high school course selection may be focused accordingly.

Even though it is difficult to ascertain predetermined rules for college preparation, many colleges require three years of English (grades 10, 11, and 12), Algebra I, II, Geometry, and Trigonometry, Biology and Chemistry, social studies, and a foreign language. These requirements are a minimum for entrance, but to successfully compete, a student may have to prepare well beyond these requirements.

Engineering students should take all possible math and science courses. Liberal arts students should have at least three years of one language and possibly four. It is better to have three or four years of one language rather than less time in two different languages. Since college preparation has such flexibility, students (juniors and seniors in particular) should keep in close contact with the counseling department. Your acceptance by a college, although dependent on many factors, is essentially geared to your performance on the SAT or ACT and your high school achievement record as reflected by your class rank. Good hard work and study throughout your school career is the only preparation for those two critical factors.

## Vocational Education Opportunities

---

Students will have an opportunity to decide whether they would like to enroll or continue in vocational education. Most vocational education programs prepare students to obtain entry-level job skills so that they will qualify for a job following high school graduation. Further training at a post-secondary educational institution is also an option. Please take the time to read this important information and to discuss career goals and choices in vocational education. Below is a list of vocational education opportunities at Montoursville Area High School or at the LycoCTC and the requirements for entrance into these programs. For further information, contact guidance counselor Mallee Hornberger or Erick Edler at (570) 368-2611.

### Grades 9-12—

- Vocational Education and Academics
- Business Education
- Agriculture Education (No entrance requirements) at MAHS

### Grades 10, 11, and 12—

- Vocational Education at the Lycoming Career & Technology Center (LycoCTC)

This program is primarily intended for sophomores, juniors, and seniors who do not plan to attend college. Pupils in this program may, if they qualify, continue their program beyond high school in the technical field chosen in high school. There are no admission requirements. This program offers an excellent opportunity for our pupils to obtain a salable skill. Our students are encouraged to think seriously about this program. The student, once enrolled in the Lycoming Career & Technology Center (LycoCTC), has standards to meet, in order to remain in the program:

- A. **Attendance**—All students will be expected to be in regular attendance in the LycoCTC program. Each student will be allowed to miss no more than a total of ten (10) days per year without a doctor's excuse. The administration will make parental contact after any student has missed five (5) days. Family vacation and/or excursions that comply with Montoursville Area School District policy **will not be counted** toward this 120-day standard.

- B. **Performance**—Each student will be expected to maintain a passing grade (70%) in his/her program at LycoCTC. A failing grade (less than 60%) for the first semester or less than 70% for the year may eliminate the student from further participation in the LycoCTC program.  
Each student will be expected to pass their course work at Montoursville Area High School to continue eligibility at the L.C.T.C. program. If a student fails 2 or more classes at Montoursville Area High School, they will be ineligible to attend the L.C.T.C. program the following school year.
- C. **Attitude**—A negative report from the LycoCTC instructor in regard to any student's effort or deportment in his/her program will be sufficient grounds for withdrawal.

Any student who does not comply with the standards of continuation in the LycoCTC program will be withdrawn from the program by the administration and returned to the regular program in the Montoursville Area High School.

Handicapped or disadvantaged pupils may be dropped from the program only after an MDT has determined the handicap or disadvantage associated with the pupil is not instrumental in the infraction of the standard.

Any student who is withdrawn from the LycoCTC program for failure to meet the standards outlined in this policy will not be permitted to re-enter the program at a later date unless an exception is granted by the Montoursville Area School Board. Furthermore, the Montoursville Area School Board will reserve the right to render other exceptions to this policy on an individual basis due to extenuating circumstances.

## Promotion and Retention

---

### *Board Policy #215*

The Board recognizes that the emotional, social, physical and educational development of students will vary and that students should be placed in the educational setting most appropriate to their needs. The district will establish and maintain high standards for each grade and monitor student achievement in a continuous and systematic manner.

The Board establishes that each student shall be moved forward in a continuous pattern of achievement and development that corresponds with the student's development, the system of grade levels, and attainment of the academic standards established.

A student shall be promoted when s/he has successfully completed the curriculum requirements and has achieved the academic standards established for the present level, based on the professional judgment of the teachers and the results of assessments. A student shall earn the right to advance to the next grade (in grades K through 8) or the next course (in grades 9 through 12) by demonstrating mastery of the required skills and knowledge.

High School (Grades 9-12) students are classified and assigned to grade levels according to the minimum standards listed below:

Grade 9 – Satisfactory completion of the program of study in Grade 8.

Grade 10 – Satisfactory completion of 6 credits by the end of 9th grade.

Grade 11 – Satisfactory completion of 12 credits by the end of 10th grade.

Grade 12 – Satisfactory completion of 18 credits by the end of grade 11 and the ability to plan a schedule that will meet requirements for graduation, which includes an additional 8 credits for a cumulative total of 26 credits for graduation.

# Early Graduation

---

## *Board Policy #217.1*

Students may petition the School Board for early graduation consideration. A parental approval form for the student to participate in the program must accompany the student's petition. Early graduation consideration allows the student an opportunity to complete all high school requirements for graduation at an accelerated rate. Options which may be used are doubling up of scheduled courses, tutoring, attendance at summer school, and course contracting (physical education.)

Students who complete the graduation requirements at an accelerated rate in a given year should consult with the guidance department for written conditions pertaining to yearbook pictures, participation in baccalaureate and commencement ceremonies, issuance of a diploma, listing in the commencement prizes, scholarships and awards. Students must meet Chapter 4 requirements for the Pennsylvania State System of Assessments in order to graduate. The responsibility of meeting all requirements for graduation will be solely that of the student. If requirements are met, a diploma will be awarded at the end of 11<sup>th</sup> grade. A student who is granted approval to participate in this program but who does not meet the necessary requirements will not be eligible for early graduation. The Superintendent must approve courses taken other than in the regular school program. Each case must be reviewed by the School Board.

# Senior Grade Deadlines and Graduation

---

The specific deadline time and date for all final senior grades to be submitted to the office will be set by the administration. No grade may be changed after this deadline and prior to commencement exercises unless an obvious error is in evidence. Students not having enough credits by the set deadline date prior to graduation will not be eligible to participate in the graduation ceremony. The date established will be the Monday before graduation.

Student speakers are chosen as the top 3 students in the class as of the end of the 3<sup>rd</sup> 9 weeks of the senior year. These rankings will not be published in the graduation program. Students will appear in the order as assigned by the High School Principal.

# Scholarships and Awards

---

The Pennsylvania Higher Education Assistance Agency (PHEAA), the federally funded Pell Grants, Stafford Loans, College Work Study Programs, and direct application to the college of a student's choice for financial aid account for about 98% of the financial aid pupils receive. This aid is plentiful, but students must apply for it and pursue it. If a student can show need, there is a good chance for financial aid. In some cases, a student may be required to submit a CSS Profile Form. These may be obtained in the counseling suite. Applicants should consult the college catalogs for deadline dates. Scholarship and loan information concerning the above programs as well as others will be distributed throughout the year. Keep in contact with the counseling department for details.

The school also has many scholarships and awards available through the Community Foundation and other donors. Seniors will be notified through announcements and in a class meeting about the availability of the applications for these awards and scholarships. Students MUST apply to be considered for these additional awards. A committee of 5-6 composed of faculty and administration review applicants and award these scholarships and awards. They will be presented at an awards ceremony prior to graduation during an evening ceremony.

*If a student does not receive an award, an award cannot be established to provide recognition. For example, once it is learned that the student did not receive an award, the family cannot establish an award to secure an invite to the awards ceremony and be recognized.*

# Homework Statement

---

We, at Montoursville Area High School, believe that homework is an integral part of almost every learning activity and work should be assigned to be completed at home for the following reasons:

1. To improve skills in a basic subject.
2. To review important items.
3. To increase knowledge learned in the classroom.
4. To prepare for classroom instruction.
5. To help the student organize and condense knowledge.

## Progress Report and Marking Period System

Students will be issued a **progress report** if they are in academic difficulty at the end of 4 ½ weeks of a reporting period. A report card is issued to each student at the end of each nine-week period. In addition to reporting student achievement, the progress report and report card should become the medium through which the teacher and parent work with the student for his/her educational progress.

Both Progress Reports and Report Cards are published to the parent portal of our student information system. If you would like a paper copy mailed home, please contact the high school office with that request. Paper copies of progress reports will be mailed home for those students who are failing a course at the mid-point of the marking period.

Grading is reported by the use of a numerical system, ranging from 1 to 100. No conversion to other systems is provided. Any grade of 70 or above is passing for the nine-week's period, semester, or the term. These are important grades, since a failing grade can eliminate a student from important extra-curricular activities.

## Co-Curricular Eligibility

---

To be eligible for extracurricular activities such as the musical, play, athletics, academic competitions, etc., students must maintain their grades. Students who are failing 2 courses will not be eligible for the week. Grades are checked each Friday. This is a weekly eligibility. As always, there are times when this needs to be waived. In a case where ineligibility effects the entire group, the high school administration may waive this requirement for the benefit of the whole. **This waiver does not apply to athletics.**

# Grading System Equivalent

---

92-100	A
85-91	B
75-84	C
70-74	D
<70	F

## Honor Roll

There will be an honor roll every nine weeks averaged from all subjects.

### Requirements:

- ✓ Must maintain an overall 90 average. This average is computed by using all subject grades.
- ✓ Must maintain a minimum grade of 85 in all courses.
- ✓ No incompletes or failing grades are permitted.
- ✓ An incomplete incurred for reasons beyond the student's control (illness, etc.) when completed will make the student eligible for honor roll consideration.
- ✓ Students having an incomplete will have an opportunity to make up their work and receive equal recognition.

# Midterms and Final Exams

---

Midterm and Final Exams will be administered by the teacher. Midterms and Finals will be administered during a regular class day, and may require alterations to the bell schedule to accommodate assessment timelines. Mid-Terms and Finals count as follows:

1. Mid-Terms and Final Exams will be given in all core courses.
2. Electives will be determined by the teacher of the elective.
3. The exams may be **written or project-based**, except for the Civics and Government final as directed by the State Department of Education's Act 35. Civics and Government students must complete an end of course exam.
4. AP Exams – The teacher of the AP course will determine how this is used. AP Exam assessment timelines and administration details will be communicated through 11<sup>th</sup> and 12<sup>th</sup> grade school counselor and administration.
5. Mid-Term exam grades will not appear on the report card until the end of the school year. This will give individual teachers flexibility in scheduling mid-term exams at natural breaks in the curriculum.
6. The Mid-Term and Final are equally weighted and make up the equivalent of a 5<sup>th</sup> marking period which is averaged with the other four (4) marking periods.

## Pass/Fail Option

---

Students in grades 10, 11 and 12 may select **one elective** course per year to be taken pass/fail. An elective course is defined as a course beyond the minimum required for graduation (i.e. once three math or science credits have been passed, then an additional math or science course may be considered elective in nature and taken pass/fail). The following guidelines apply to the pass/fail option:

- ✓ The requirements and standards for the students who select the pass/fail option would be the same as other students in the course.
- ✓ Once the selection of the pass/fail option has been made, this may not be changed.
- ✓ The pass/fail grade will be determined by a number grade (cut off for passing is 70%).
- ✓ The final pass/fail grade will be determined by the average numerical grade from the four marking periods and the final examination.
- ✓ The required courses in English, Social Studies, Health, and P.E. may not be taken pass/fail.
- ✓ Pass/fail courses will **NOT** be computed in class rank.
- ✓ Tutored courses may **NOT** be taken pass/fail.
- ✓ Summer courses taken pass/fail will count as a pass/fail selection for the following school year.
- ✓ Courses not taken at Montoursville High School may **NOT** be considered pass/fail.
- ✓ When any course is dropped after the approved change period, the replacement course may **NOT** be taken pass/fail.
- ✓ Signed parent permission will be required for the pass/fail option.
- ✓ Students may select the pass/fail option the week following the approved course change period. Students do not have to choose this option.
- ✓ Students may **NOT** take weighted courses pass/fail.

# Making Up Failures

---

1. Repeat the failed course in a regular class during the school year.
2. Make up the failure during a regular summer school program.
3. The failure may be made up on a tutorial basis.
  - a. The tutor and the teacher who failed the student should meet to better coordinate the program to meet the needs of the individual student.
  - b. The instruction must be given at some time other than the normal school hours.
  - c. The teacher/tutor is to be compensated for instruction given at the rate determined by the teacher. The estimate of total time and price will be completed before instruction begins.
  - d. The student may be assigned to Nittany Learning Services for remediation of the failing grade.

Make-up route 3 above must have prior approval of the administration.

***Students may not tutor more than 2 courses per school year.***

Students receiving a grade of 50% or higher will have a minimum of 15 tutored hours.

Students receiving below a grade of 50%, will require a minimum of 30 tutored hours.

The teacher doing the tutoring must be certified in the subject field that is being tutored.

On a transcript, both the failing grade and the new, tutored grade will be listed. The original grade is used in figuring the class rank.

# National Honor Society

---

The Montoursville Chapter of the National Honor Society of Secondary Schools received its charter from the National Honor Society Council of Secondary School Principals on January 2, 1959.

The purpose of the National Honor Society is to create enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in the students of secondary schools.

Membership in the Montoursville chapter of the National Honor Society is an honor bestowed upon a student. Selection for membership is by a Faculty Council and is based on outstanding scholarship, character, leadership, and service. Once selected, members have the responsibility to continue to demonstrate these qualities.

The Faculty Council, which oversees the selection of members, consists of five voting faculty members appointed annually by the principal. The Faculty Council selects students who demonstrate outstanding performance in scholarship, leadership, service, and character. All students who meet the GPA requirement\* will be identified and then evaluated, with input from the entire faculty, in the areas of leadership, service, and character. Students chosen by the Faculty Council for membership will be invited to join the Montoursville chapter of the National Honor Society.

Membership in the National Honor Society is open to qualified sophomores, juniors, and seniors attending Montoursville Area High School.

*\*The GPA requirement for the Montoursville chapter of the National Honor Society is a 92. This cumulative GPA is determined by taking the student's weighted GPA and multiplying by .95. Once selected, students must maintain at least an 89 to continue in membership.*

# Academic Integrity Policy

---

Your integrity is critical in your learning. All students are expected to produce their own work and cite others work through the Modern Language Association (MLA) format. No student shall knowingly plagiarize, cheat, copy, or work to gain an advantage over others on any school work.

## ***Definitions***

### **Assessment**

Any exam, test, quiz, essay, take-home test, lab, homework, assignment, project or any other means of assessing student knowledge and skills.

### **Cheating**

Copying from others

Having or using resources not specifically authorized, reviewed, or approved by the teacher.

Providing OR receiving information about all or part of an assessment, including answers or unauthorized materials (i.e. telling a classmate about what was on an exam)

Altering a graded assessment and resubmitting it for a better grade.

Using or displaying any prohibited or unauthorized information of an assessment obtained through theft or an electronic device (i.e. answers programmed into a calculator, cell phone distribution of an unauthorized photo of an exam)

Seeking unauthorized assistance on a take-home or make-up assessment.

Failing to abide by teacher or school instructions as related to an assessment.

Misrepresenting academic accomplishments (i.e. tampering with computer records, lying on a resume)

Manipulating others for one's own academic benefits.

Forging a signature.

### **Plagiarism**

Getting or giving improper assistance on an assignment meant to be individual work (i.e. using materials or information not based on your own research and writing, knowingly giving a classmate your work for his/her credit)

Submitting substantial portions of the same academic work for credit in more than one course without consulting with, and receiving permission from the current teacher.

Making up data for an experiment or citing non-existing sources in any research.

Failing to cite sources properly:

1. Not using quotation marks when needed.
2. Not acknowledging sources when paraphrasing.
3. Software determines the paper is plagiarized.

### **Use of Artificial Intelligence (AI) Tools**

The use of artificial intelligence (AI) tools to complete assignments is strictly prohibited: it falls under the umbrella of cheating/plagiarism. This new technology is fluid and evolving and as such, school policy will be as well. Initial guidelines will be based on good judgement on a case-by-case basis.

If a student uses AI for their work, it should be used as a framework for their own work. They must put the framework in their own words, i.e. synthesize the material. AI should be cited as would any outside reference. Work will be run through Turnitin.com as this is the medium and tool that will be used to check for plagiarism as well as AI use threshold.

Should work be determined to be derived from AI tool usage, cheating and plagiarism procedures will be followed.

### ***Violations of Academic Integrity***

When a student violates this policy, the following will take place:

A meeting between the student and teacher will occur.

The student will receive a grade of zero for the assessment.

The teacher will notify the administration of the violation.

The administration will evaluate the level of the infraction and determine if further disciplinary action is necessary.

If the student is a member of the National Honor Society, the infraction will be referred to the Faculty Council.

If the student is a member of any Honor Society, the infraction will be referred to the committee of Honor Society advisors.

I have read, understand, and pledge to commit to the Academic Integrity Policy of Montoursville Area High School. By signing this, I understand I will be held to this standard and accept the consequences of any violation.

## Attendance

### Board Policy #204

Section 1327 of the Pennsylvania Public School Code of 1949 states, “Every child of compulsory school age (first grade through 16 years of age) having a legal residence in this Commonwealth—is required to attend a day school in which the subject and activities prescribed by the standards of the State Board of Education are taught in the English language.” The Montoursville Area School District believes that regular school attendance is essential. There are, however, occasional circumstances which may cause students to be absent from school. By law, the reasons listed below are the only ones which will be considered excused and/or lawful.

All other reasons will be considered unexcused and/or unlawful. Such things as shopping, vacation (without a Family Excursion Form), hunting, fishing, helping at home, etc., will not be considered excused absences.

In cases of prolonged illness or injury, homebound instruction will be provided by the school upon written request by a certified physician.

Students who have been absent from school must return an excuse within 3 days, with a reason for the absence, and signed by the parent, guardian or doctor on the day of his or her return to school. This excuse must be turned into the high school office. Failure to turn in an excuse within 3 days of returning to school will result in an unlawful/illegal absence. Please phone the school for any and all routine absences. Students who have been ill cannot attend evening functions at school until after they have returned to school. Students will be excused only for those holidays now recognized by the Department of Education.

Any student who accumulates 10 days of absence will be required to submit a doctor’s excuse for any days of school that are missed.

### **Legal Excused Absences/Tardies**

By law the following reasons for absence are the only ones which will be considered excused and/or lawful.

1. *Student’s own illness or family quarantine.*
2. *Medical/dental treatment if appointments cannot be scheduled during non-school hours.*
3. *Tutorial programs and/or counseling programs which are not available in the school, and which do not conflict with the regular school program.*
4. *Observance of religious holidays.*
5. *Religious instruction that does not exceed thirty-six (36) hours per school year as outlined in Section 1546 of the Pennsylvania State Code.*
6. *Educational tours and trips conducted under the supervision of an adult acceptable to the superintendent/designee and the parent or guardian.*
7. *A death in the family.*
8. *Family emergencies (will require an explanation of the emergency to school officials).*
9. *School suspensions.*

### **Illegal Absence**

- ✓ An illegal absence is never approved or condoned by the school staff.
- ✓ Truancy is an illegal absence without parental knowledge or consent. The punishment will be prescribed by the administration.
- ✓ Time in the Motivational Resource Center will not be assigned for unlawful absence, except in a truancy case as defined above.

**Any Senior who accumulates 15 or more absences, excused or unexcused, may not be eligible to participate in any extra-curricular activities including walking in graduation.**

1. Once a student accumulates three (3) unexcused absences, the following procedures shall be implemented:
  - a. *Notice to Parent.* the Assistant-Principal shall notify in writing the person in parental relation with the child who resides in the same household as the child of the child's violation of compulsory school attendance within ten (10) school days of the child's third unexcused absence.
  - b. *Form and Timing of Notice.* The notice shall be on a form created by the School District and shall:
    1. Shall include a description of the consequences that will follow if the child becomes Habitually Truant;
    2. Shall be in the mode and language of communication preferred by the person in parental relation;
    3. Shall include the offer of a School Attendance Improvement Conference; and
    4. When transmitted to a person who is not the biological or adoptive parent, shall also be provided to the child's biological or adoptive parent if the parent's mailing address is on file with the school and the parent is not precluded from receiving the information by court order.
    5. The Notice must be provided within ten (10) school days of the third absence.
  - c. The Conference  
*Attendance -*  
There is no legal requirement for the student or parent(s) to attend the conference and, in the event that the student or Parent(s) do not attend the conference, the conference may be conducted in their absence provided that attempts to contact that student and parent(s) have been made by telephone and such attempts are documented.  
  
The conference shall be attended by the Principal or Assistant Principal of the school to which the student is assigned and shall include staff as determined reasonable by the principal. If the student is a student with a disability who has an IEP or a Section 504 Service Agreement, the following additional staff shall attend the conference, including but not limited to: Special Education Supervisor, counselor, teacher and/or parent. If the student is a student with a disability, the conference attendees shall consider whether the student should be referred for an evaluation or re-evaluation or whether an IEP team should be convened in accordance with applicable law.  
  
The purpose of the School Attendance Improvement Conference is to examine the student's absences and reasons for the absences in an effort to improve attendance with or without additional services.
  - d. The Plan  
The outcome of the conference shall be documented in a written School Attendance Improvement Plan ("the SAIP"). The SAIP shall be on the form developed by the Department for this purpose. A copy of the plan shall be provided to the parent(s), the student and appropriate school district staff.
2. Limitation on Further Legal Action.
  - Further legal action may not be taken by the School District to address unexcused absences by the student until after the date for the scheduled school attendance improvement conference has passed.

# Habitually Truant

---

**According to Pennsylvania School Code 24 P.S. §§ 13-1326 – 1354, “A child is “truant” if the child is subject to compulsory school laws and has incurred three or more school days of unexcused absences during the current school year. A child is “habitually truant” if the child is subject to compulsory school laws and has incurred six or more school days of unexcused absences during the current school year.”**

**When a child is Habitually Truant and under fifteen (15) years of age at the time of referral, the Principal shall:**

1. Refer the student to either of the following:
  - a. (i) A school-based or community-based attendance improvement program and
  - b. (ii) the Lycoming County Children and Youth Agency for services or for possible disposition as a dependent child under the provisions of 42 Pa.C.S. Ch. 63 (relating to juvenile matters); and
2. File a citation in the office of the appropriate judge against the person in parental relation who resides in the same household as the child.

**When a child is Habitually Truant and fifteen (15) years of age or older at the time of referral, the Principal shall:**

1. Refer the student to a school-based or community-based attendance improvement program or service; and
  2. File a citation in the office of the appropriate judge against the child or the person in parental relation who resides in the same household as the child.
- If a student who is fifteen (15) years of age or older continues to incur additional unexcused absences after being referred to a school-based or community-based attendance improvement program or refuses to participate in a school-based or community-based attendance improvement program as recommended through the school attendance improvement conference, the Principal shall refer the child to the Lycoming County Children and Youth Agency for possible disposition as a dependent child under the provisions of 42 Pa.C.S. Ch. 63.
  - When referring a habitually truant child to the Lycoming County Children and Youth Agency or filing a citation with the court because a child has been habitually truant, the school shall provide verification that a school attendance improvement conference was held.
  - Whether to implement this policy with respect to a student shall be within the discretion of the building principal and/or the superintendent. Each situation shall be addressed individually and shall depend on the factors present in each case. Where the superintendent has determined that there are no mitigating factors, such as valid medical excuse for absence, they may recommend to the Board of School Directors that credit earned during the school year be withdrawn, that promotion or graduation be withheld, expulsion from school (subject to the student’s right to a formal hearing), or termination of enrollment if the student is 17 years old or older. When the superintendent determines that there are mitigating factors, they may impose lesser discipline without board approval.

# Tardy

A student is considered tardy if they are not in their 1<sup>st</sup> period class when the tardy bell (8:20 a.m.) rings; they must obtain a tardy excuse from the attendance office before reporting to their 1<sup>st</sup> period classroom. The following consequences will be taken with the accumulation of the third and subsequent tardies to school:

3 <sup>rd</sup> -5 <sup>th</sup> tardy	=	One detention for each tardy
6 <sup>th</sup> -8 <sup>th</sup> tardy	=	½ day in the Motivational Resource Center
9 <sup>th</sup> -12 <sup>th</sup> tardy	=	Saturday School
12+ tardies	=	Full day in the Motivational Resource Center and may include a loss of privileges

**This policy takes effect on the first day of the school year and continues through the last day of the school year; it does not start over at the beginning of the second semester. The following are the only reasons accepted as an excused tardy:**

1. *Student's own illness. After a student reaches 5 tardies due to illness, a medical excuse will be required.*
2. *Medical/dental treatment if appointments cannot be scheduled during non-school hours.*
3. *Tutorial programs and/or counseling programs which are not available in the school and which do not conflict with the regular school program.*
4. *Observance of religious holidays.*
5. *Religious instruction that does not exceed thirty-six (36) hours per school year as outlined in Section 1546 of the Pennsylvania State Code.*
6. *Educational tours and trips conducted under the supervision of an adult acceptable to the superintendent/designee and to the parent or guardian.*
7. *A death in the family.*
8. *Urgent personal reasons that are approved by the school administration.*

### Doors Open

Doors will unlock at 7:45 am for school. Students should report to their 1<sup>st</sup> period class or library if they arrive before 8:15 am. No students will be permitted to enter the building before 7:45 am unless for a practice, review, or workout that is prearranged with the teacher.

### Leaving the Campus

Students shall **NOT** leave the campus at any time without permission from the office.

### Late Busses

If a bus does not arrive on time, all students on the bus shall report to the attendance office and sign in. This will not be counted as being late to school.

### Illness or Accidents

In case of illness or accident, your teacher will issue a corridor pass so that you can see the nurse. If the nurse is not in her office, report to the main office. All accidents must be reported to the teacher in charge at the time of the accident.

## College Visits

---

Seniors may have permission for excused absences not to exceed 2 visits per year. Prior approval must be obtained using the form available in the high school office. [Click here for a pdf version of the form.](#)

## Doctor and Dental Appointments

---

A student wishing permission to visit the doctor or dentist during school hours shall present to the attendance office an appointment card or note signed by a parent. This shall be presented between 8:20 a.m. and 8:27 a.m. on the day of the appointment. These appointments should be made during study periods. Any make-up work is strictly a matter between the teacher and the student. As always, before leaving and upon returning to school, the student should sign in and out through the office.

## Homework Requests

---

An absence does not excuse a student from responsibility for school assignments and work. Parents may call the high school office at 570.368.2611 and request that homework be sent home or arrange to pick up their child's assignments at the school. The request must allow adequate time to gather the information and should be reserved for students missing three or more consecutive days.

## Educational Trip (Family Excursions)

---

### *Board Policy #204*

Because of the importance of class attendance, the school district does not recommend lengthy student absences, whether excused or unexcused. The policy for Educational Trips that are not school sponsored is as follows:

- **No** educational trip requests will be approved during Keystone testing windows.
- Students will be permitted to take no more than two (2) educational trips per school year, not to exceed a total of 10 days. Additional absences for trips will be unexcused.
- The principal must review the request for an educational field trip prior to the trip.
- A student's attendance history and/ or academic performance (retention/failure status) will be reviewed.
- Students are responsible for obtaining all assignments and for completing all work covered during the absence from school at the teacher's discretion.

## Leaving School Early

---

In case a student's parents wish for them to leave school early, a written request from the parents, stating the pupil's name, the date, the length of time involved, and the specific reason for the request, along with the phone number and signature of the parent or guardian must be presented to the attendance office before 8:20 a.m. If legitimate, the request will be approved and an early dismissal slip will be issued to the student. A student will not be dismissed as a result of a telephone call from home. All students are expected to be in their nine periods of classes for dismissal unless specifically excused.

## **MCKINNEY – VENTO HOMELESS EDUCATION PROGRAM**

### **MCKINNEY-VENTO HOMELESS ASSISTANCE ACT**

The Education for Homeless Children and Youth (EHCY) program is authorized under Title VII-B of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) (McKinney-Vento Act). The McKinney-Vento Act was originally authorized in 1987 and most recently re-authorized in December 2015 by the Every Student Succeeds Act (ESSA).<sup>1</sup> The McKinney-Vento Act is designed to address the challenges that homeless children and youths have faced in enrolling, attending, and succeeding in school.

Under the McKinney-Vento Act, educational agencies must ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as other children and youths. Homeless children and youths must have access to the educational and related services that they need to enable them to meet the same challenging State academic standards to which all students are held. In addition, homeless students may not be separated from the mainstream school environment. Local Educational Agencies are required to review and undertake steps to revise laws, regulations, practices, or policies that may act as barriers to the identification, enrollment, attendance, or success in school of homeless children and youths.

The law indicates that the LEA liaison shall ensure that all homeless children, youth and families are identified through coordinated activities with other entities.

### **DEFINITION OF HOMELESS (MCKINNEY-VENTO ACT SEC. 725(2); 42 U.S.C 11435(2)): CHILDREN WHO LACK A FIXED, REGULAR, AND ADEQUATE NIGHT TIME RESIDENCE:**

"Doubled up" - Sharing the housing of others due to the loss of housing, economic hardship, or similar reasons.

Living in motels, hotels, trailer parks, camping grounds, due to lack of adequate alternative accommodations.

Living in emergency or transitional shelters.

Living in a public or private place not designed for humans to live.

Migratory children living in above circumstances

Living in cars, parks, abandoned buildings, substandard housing, bus or train stations, or similar settings

Unaccompanied Youth - Children or youth who meets the definition of homeless and not in the physical custody of a parent or guardian.

### **Residency and Educational Rights:**

Students who are in temporary, inadequate and homeless living situations have the following rights:

Immediate enrollment in the school they last attended or the school in whose attendance area they are currently staying even if they do not have all of the documents normally required at the time of enrollment;

Access to free meals and textbooks, Title I and other educational programs and other comparable services including transportation;

Attendance in the same classes and activities that students in other living situations also participate in without fear of being separated or treated differently due to their housing situations.

### **When a student is identified as being McKinney-Vento eligible, staff will:**

Assist with enrollment, monitor school attendance and arrange transportation (preK-8 students)

Provide school supplies and other school related materials as needed

Advocate for and support students and families through school and home visits

Set clear expectations for student behavior, attendance and academic performance

Assist students/families access with community services

Assist students/families with access to tutoring, special education, and English language learner resources

Assist students so they can participate in sports, field trips, and school activities regardless of their ability to pay or to provide their own transportation.

**For additional information, contact Daniel Taormina, LEA Homeless Liaison at 570-368-2491**

## Athletics and Activities

As a member of a Montoursville Area High School athletic team or activity, you will have assumed a great deal of responsibility; you immediately and publicly represent your family, your school, your community, and yourself. When you participate in this role, you represent Montoursville and serve as role models for your fellow students, especially those in younger grades.

---

### Purpose

The co-curricular activities are an important part of our school and important in the growth of pupils. Each student is encouraged to use these activities to the maximum extent; they will add much to the student's all-around development. One word of caution, the pupil's schoolwork comes first; do not get into so many activities that a poor job is done on the schoolwork. Participation in co-curricular activities is encouraged and it is *also a privilege that can and will be canceled or abbreviated if necessary*. The administration or faculty activity advisor may, at times, bar a pupil from participating in any activities or organization if such pupil is found to be participating to the detriment of his/her health, scholarship, the general welfare of the school, or organization to which he/she belongs.

### Athletic Courtesy and Sportsmanship

Our athletics foster clean sports. It is the privilege and duty of every person connected with athletics to embody these principles in personal actions and earnestly advocate them before others. All rules of the regular student and regular school day are in effect during practices and performances: avoidance of alcohol, drugs, tobacco, etc.

# Athletic Participants

---

The athletic program is regulated by certain minimum standards set by the Pennsylvania Interscholastic Athletic Association (P.I.A.A.), which is a statewide organization. The school can enter a student in competition with other schools if that pupil meets certain eligibility requirements.

## Parent Consent

A pupil shall be eligible for practice or participation in any sport only when there is on file with the principal a PIAA certificate of consent which is signed by their parent or guardian.

## Physical Examination

No pupil shall be eligible to represent the high school in any interscholastic athletic contest unless they have been examined by a licensed physician of medicine before the first sports season of that academic year. No pupil shall be permitted to practice until they have turned in paperwork stating that they have satisfactorily passed a physical. It is the coach's responsibility to enforce this policy. This includes cheerleaders. No physicals may be administered before June 1st according to PIAA guidelines. Physicals are not to be accepted at practice. Once an athlete has passed a physical they need only to be re-certified for participating in another sports season or re-evaluated if an injury or illness occurs.

The coach will receive a list every day for the first week of practice stating who is eligible for practice. Any student not on the list is not permitted to practice for one or both of the following reasons: no physical on file, no pay to play fee on file.

## Scholastic Eligibility

Scholastic eligibility shall be determined by the pupil's progress in each subject of an approved curriculum. In order to be eligible for interscholastic athletic competition, an athlete may not be failing more than 1 class at any given time.

- Pupils who are enrolled for the first time must comply with the requirements of the scholarship rules. The standing required for the preceding semester shall be obtained from the record of the last school which the pupil has attended.
- Students who are scholastically ineligible are not permitted to participate in any PIAA event. However, they are permitted to practice upon the coaches' request.
- Students who are scholastically ineligible are not permitted to ride on the team bus if it involves losing school time. Students may ride the bus upon coaches' request if no loss of school time is involved.
- Students who fail to meet the weekly scholastic eligibility rules shall be ineligible from Sunday thru Saturday of the following week in which eligibility is determined. Students who fail to meet the scholastic eligibility rules at the end of a marking period shall be ineligible for 15 school days beginning the day the report cards are issued. Students who are ineligible for a consecutive period of time may be dismissed from the team at the coach's discretion.

## Attendance at School

In order to be eligible to participate in any interscholastic contest, a pupil must have been regularly enrolled in a secondary school and in full-time attendance thereafter.

Students are required to be in school by 10:41am (4th Period) on the day of an athletic event if they wish to participate in that event. Please note that the student will still be marked tardy and the school tardy policy will be followed in these instances. If it appears that a student will miss part of the academic day, they must get approval from the principal or assistant principal before the start of school (8:25 a.m.). The student must report at the agreed-upon time. Exceptions, for extenuating circumstances such as a doctor's appointment, college visitation, or funeral may be granted by the administration. Students not eligible for practice due to tardiness may not practice or accompany the team on any trips. Students may observe practice upon coaches' request, but may not participate. If there is an athletic event, the student may ride the team bus if they do not miss any school time. If loss of school time is involved, the student is not permitted to ride the bus. The coach will decide whether or not the student can ride the team bus or attend the athletic event if this takes place after school.

# Activities

---

All students have an opportunity to take part in co-curricular activities by joining one of the clubs of the school. Club meeting schedules will be announced monthly. Students not joining clubs will have remain in their flex period room or report for academic work to a teacher.

## Student Council

The Student Council is an organization of students elected by students to serve as their official representatives in matters of concern to the entire student body. It provides a medium through which student opinions may be heard. It also provides a training ground for leaders. The Student Council aims to build school morale and to foster democratic principles in the student body.

## The “Sock”

The high school yearbook, the “Sock,” which is issued in November of each year by a staff of representative senior high students, aims to present a complete and comprehensive review in prose and picture of students and faculty, as well as academic and extra-curricular activities during the year.

The work is divided into two fields, the editorial and business. A faculty publications committee composed of the principal and the advisor appoint the editorial and business staffs. In addition to the editor-in-chief and the business manager, the staff is made up of editorial assistants, photography editor, activities editor, sports editor and as many others as will be required on the staff. The requirements for all these appointments are a good scholastic standing, a sincere interest, and ability in the position for which selected. Membership is limited to select senior high students.

## Peer Tutors

Any student in the school can volunteer his/her time as a Peer Tutor. These students provide tutoring services to their peers who are experiencing academic difficulties in any subject matter area. Typically, the tutor and tutored student periodically meet in the library either before school, after school, during a study hall or during any mutually agreed upon time. The program is available to any student in grades 9-12, and forms are available in the office.

Sales of class play tickets, school publications, etc., (edibles excluded) will be encouraged during the three lunch periods. Advance notice of sales over the PA system will be made. An effort will be made to have only one drive in progress at a given time. Salespersons should always be businesslike and courteous at all times. No loud or boisterous disruptions will be tolerated.

## Flex Periods

---

1. Activities will meet during flex period on days 2 or 4. Refer to the monthly schedule for meetings.

4. Day 6 will be used as an academic period exclusively.
5. Students wishing to go to the Library during Flex period must receive a pass in advance from the Library staff.
6. Students are to acquire passes from teachers before Flex period in order to report to their rooms during Flex.

## Queens and Kings/Mr. Montour

---

# Discipline

The Montoursville Area School Board has the authority to make reasonable and necessary rules to govern the conduct of students in its schools. This Code of Conduct serves as a guideline, and not the final authority, on matters of discipline. The high school administration has the authority in implementing this Code of Conduct. This authority is granted by Section 1317 of the School Code of the Commonwealth of Pennsylvania.

Discipline should, as a minimum, have three objectives in mind:

1. To provide the optimum environment in which to deliver instructional services.
2. To respond to disruptive students with corrective measures in a firm and consistent manner while attempting to provide a continuing education for all students.
3. To remove, as a last resort, the disruptive student from the school in order that the majority may pursue their educational goals in a peaceful environment.

The breach of discipline within the schools will usually fall into two major classes of offenses:

1. Violation of the rules of conduct of the school. (See Levels I and II)
2. Violation of rules of conduct of the school because they are a violation of state or federal law (a crime has been committed). (See Level III)

## OFFENSES

Different offenses should require different responses. The following is a categorization of offenses into levels. The following examples are, by no means, all-inclusive.

### Level I

- Unexcused lateness to school
- Unexcused lateness to class
- Horseplay or scuffling in class

Important in any disciplinary code of conduct is an understanding of the penalties that may be enforced to provide a corrective measure to improve student behavior. The administration has the authority to apply the consequence in accordance with the Code of Conduct.

The following disciplinary list is divided into three levels to correspond to the three levels of offenses.

### Level I

- Verbal reprimand
- Special assignment (relevant to the curriculum)
- Notification of parents or guardians
- Detention
- Saturday School detention

### Level II

- Notification of parents or guardian
- Motivational Resource Center referral
- Saturday school detention
- Out-of-school suspension (Administration will call home.)

### Level III

- Notification of parents or guardian
- Referral to MAP team for controlled substance abuse offense
- Motivational Resource Center referral
- Saturday school detention
- Notification of law enforcement officials
- Out-of-school suspension (Administration will call home.)
  1. Administration will call parents/guardians to notify them of the Out-of-school suspension.
  2. Students may not attend school functions during the suspension period.
- Expulsion

# Detention

---

Detention is maintained for certain infractions of the rules. Bus students and students holding jobs are not excused from detention. The parents or guardian must assume the responsibility of transportation to their home on the specified date(s). Failure of the parents or guardian to assume this responsibility will necessitate the suspension of the student. For students serving morning detention, they must report to the school prior to 7:30am. It is the parent's responsibility to transport the student to school to serve the morning detention.

The following regulations apply to after school detention:

- A. Detention will be held Monday and Wednesday after school.
- B. Students will not be permitted to enter detention after 3:20 p.m. or leave before 4:05 p.m.
- C. Students will not be admitted to detention unless they have books (school materials) for study.
- D. Students will not be permitted to enter detention with anything to eat.
- E. Students in detention are not permitted to talk or study together.
- F. All students will be given a one-day advance notice of detention assignment.
- G. Students are required to sign the detention slip. By signing the detention slip, it does not indicate admission to the offense, rather the student acknowledging they were assigned a detention. If the student disagrees with the assignment of a detention, talk with the teacher assigning the detention.**
- H. Any student who does not report for detention on the night assigned or is not permitted in detention because of any of the above stated regulations, may be called to the office the following morning for additional action.
- I. Any student who, during the school year, serves a total of ten or more detentions will be called to the office for additional action and possible suspension.
- J. Students who fail to take detention within two school weeks of the assigned date will be placed in Saturday school detention.**

# School Exclusions

---

Students who willfully defy school rules or who do not fulfill their responsibilities are subject to exclusion from school. The types of offenses that could lead to school exclusion include:

- Constant disruption of school classes or functions.
- Failure to report for scheduled classes.
- Leaving school grounds without permission.
- Fighting or assaulting another student.
- Smoking, vaping, or chewing tobacco on school property.
- Irresponsibly damaging, defacing, or destroying school property.
- Assaulting a teacher or other school personnel.
- Possession and/or use of alcoholic beverages, controlled drugs and look-alike non-controlled drugs.
- Using profanity.
- Defiance of school authorities.
- Other offenses that disrupt the learning process or endanger the health and/or safety of the school community.

\*General regulations pertaining to the students' rights and responsibilities are found in [Board Policy #233](#).

# Motivational Resource Center Policy (MRC)

---

Following progressive discipline, there may be times that students are assigned full or partial days to our Motivational Resource Center (MRC) which offers in-house supports along with a highly structured and more restrictive environment that allows students to complete accountability requirements in lieu of out-of-school suspension. As with out-of-school suspension, students serving accountability requirements in the MRC will lose the opportunity to participate in school related activities including extra-curricular practices.

## Saturday School Detention

---

In an effort to better meet the behavioral needs of every student who commits an infraction of the rules and regulations stipulated by school and board policy in the Montoursville Area School District, “Saturday School” has been added as a consequence to those currently used at the middle school and high school.

Saturday School serves a variety of purposes. First, it reduces the situations where students are abusing the consequence of after-school detention and suspension. Second, it applies pressure to those types of students who tend to “test the system” and to the general school population, letting all students know that having detention for three (3) hours on a Saturday morning is a costly consequence. Finally, it sends a message to parents that there is a “middle level” consequence for the behaviors for which students would traditionally be suspended—that their utmost cooperation with getting students to that Saturday School is expected.

Saturday School may be assigned (1) in lieu of accumulated unserved detentions for any infraction, or (2) at the discretion of the middle school and high school administration when an infraction is committed that warrants a Saturday time-period and not necessarily an after-school detention or suspension. The following guidelines apply to Saturday School detention:

1. Students must be quiet and working during the entire length of time, and no sleeping or any form of horseplay is permitted. No food or drink is permitted during the three hours.
2. Students are responsible for their own transportation to and from Saturday School.
3. Students are permitted one (1) lavatory break during the three-hour duration at the discretion of the proctor. Special circumstances requiring additional lavatory privileges must be discussed with the proctor prior to the placement.
4. The proctor will keep strict records of any disruptions or various disciplinary issues that may arise during the three-hour duration and will submit these records to the assistant principal the next school day.
5. Students who play sports or who are involved in any kind of activity and who are assigned Saturday School on a given date **MUST** serve that Saturday School and will forfeit their right to play or perform in that Saturday activity if the activity time conflicts with Saturday School hours.
7. After completing assigned work, the student will be expected to work on the assignments given to you. The student is responsible for getting assignments from the teachers and is responsible for bringing books and other necessary materials to Saturday School. **Students will not be permitted to visit their lockers before, during, or after the session.** If a student fails to do any of these assignments or if a student fails to bring any necessary books and materials, he/she will be removed from Saturday School and assigned out-of-school suspension.
8. Saturday School takes place at Montoursville Area High School in Room 317 from **8:30 a.m. until 11:30 a.m.** Students arriving after 8:30 a.m. will not be admitted and will face further disciplinary action. Enter the building through the front entrance. You must stay the entire time.
9. Talking or disruptive behavior will not be tolerated. If you become a disruption, you will be removed from the Saturday School and will be subject to further disciplinary action by the assistant principal. A reasonable attempt will be made to inform the parent/guardian of the student’s removal from Saturday detention. If no parental contact can be made, the Montoursville borough police will be notified.
10. If a student is ill, (s)he must submit a **doctor’s excuse** to the office on the first day the student returns to school following the Saturday School assignment. The excuse must cover the Saturday School date.
11. **Failure to attend Saturday School or a violation of any rule may result in a suspension from school for three (3) days the following week.**
12. **Completion of a Saturday School assigned for unserved detentions will remove up to three previously assigned detentions.**

# Suspension from School

A student may be suspended from school for any conduct not approved by the faculty and administration. Any student who has been suspended must make satisfactory adjustment with the principal before reinstatement to the school. If satisfactory arrangements are not made, the case may be given to the school board. In this event, the board may permanently expel the student. Students may make up work missed as a result of suspension from school by the administration for disciplinary reasons. **Students may not attend school functions or be allowed on school property during the suspension period.**

## Sexual Harassment

---

### *Board Policy #103*

Sexual harassment is a form of sex discrimination prohibited by Titles VII and IX of the Civil Rights Act of 1964, as amended, and the Pennsylvania Human Relations Act. Both the federal Equal Employment Opportunity Commission and the Pennsylvania Human Relations Commission have attempted to define sexual harassment by issuing guidelines. The purpose of Montoursville Area School Board Policy #248 is to provide a working and learning environment free from sexual harassment. Sexual harassment is hereby prohibited. Furthermore, the purpose of the policy is to eliminate unacceptable behavior in the workplace without intruding on the friendly social relationships that flourish in a healthy work and school environment. Any sexual harassment allegations should be reported immediately to a counselor or principal.

## Bullying/Cyber Bullying

---

### *Board Policy #218.3 (revised November 2021)*

The Board is committed to providing a safe, positive learning environment for district students. The Board recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence. Therefore, the Board prohibits bullying by district students.

**Bullying** means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting and/or outside a school setting, that is severe, persistent or pervasive, and has the effect of doing any of the following:

1. Substantially interfering with a student's education.
2. Creating a threatening environment.
3. Substantially disrupting the orderly operation of the school.

**Bullying**, as defined in this policy, includes cyberbullying.

**School setting** means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.

The Board prohibits all forms of bullying by district students.

The Board encourages students who believe they or others have been bullied to promptly report such incidents to the building principal or designee.

Students are encouraged to use the district's report form, available from the building principal, or to put the complaint in writing; however, oral complaints shall be accepted and documented. The person accepting the complaint shall handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the student filing the complaint or those accused of a violation of this policy.

The Board directs that verbal and written complaints of bullying shall be investigated promptly, and appropriate corrective or preventative action be taken when allegations are substantiated. The Board directs that any complaint of bullying brought pursuant

to this policy shall also be reviewed for conduct which may not be proven to be bullying under this policy but merits review and possible action under other Board policies.

When a student's behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community or others, district staff shall report the student to the threat assessment team, in accordance with applicable law and Board policy

Every report of alleged bullying that can be interpreted at the outset to fall within the provisions of policies addressing potential violations of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of a bullying investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged bullying.[4][5]

Confidentiality of all parties, witnesses, the allegations, the filing of a complaint and the investigation shall be handled in accordance with applicable law, regulations, this policy and the district's legal and investigative obligations.

Reprisal or retaliation relating to reports of bullying or participation in an investigation of allegations of bullying is prohibited and shall be subject to disciplinary action.

**Each student shall be responsible to respect the rights of others and to ensure an atmosphere free from bullying.**

# Corporal Punishment

---

On December 3, 2005, the State Board of Education revised its Chapter 12 regulations. Section 12.5 (Corporal Punishment) now prohibits the use of Corporal Punishment.

However, teachers and school authorities may use reasonable force under the following circumstances:

1. To quell a disturbance.
2. To obtain possession of a weapon or other dangerous objects.
3. For the purpose of self-defense.
4. For the protection of persons or property.

# Weapons Policy

---

## *Board Policy #218.1*

The Board recognizes the importance of a safe school environment relative to the educational process. Possession of weapons in the school setting is a threat to the safety of students and staff and is prohibited by law.

**Weapon** – the term shall include but not be limited to any knife, cutting instrument, cutting tool, nunchaku, non-chuck stick, firearm, shotgun, rifle, replica of a weapon, and/or any other tool, instrument or implement capable of inflicting serious bodily injury.

**Possessing** – a student is in possession of a weapon when the weapon is found on the person of the student; in the student's locker; under the student's control while on school property, on property being used by the school, at any school function or activity, at any school event held away from the school, or while the student is coming to or from school.

The Board prohibits students from possessing and bringing weapons and replicas of weapons at any time into any school district buildings, onto school property, to any school sponsored activity, and onto any public vehicle providing transportation to school or a school sponsored activity. The school district shall expel for a period of not less than one (1) year any student who violates this weapons policy. Such expulsion shall be given in conformance with formal due process proceedings required by law. The Superintendent may recommend modifications of such expulsion requirement on a case-by-case basis. In the case of a student with disabilities, the Superintendent shall take all necessary steps to comply with the Individuals with Disabilities Education Improvement Act.

- The Superintendent or designee shall report the discovery of any weapon prohibited by this policy to the student's parents/guardians and to local law enforcement officials.
- The Superintendent or designee shall report all incidents relating to expulsion for possession of a weapon to the Department of Education.
- Each building principal shall be responsible to develop a memorandum of understanding with local law enforcement officials that sets forth procedures to be followed when an incident occurs involving an act of violence or possession of a weapon by any person on school property. Law enforcement protocol shall be developed in cooperation with local police departments and the Pennsylvania State Police.
- The Superintendent or designee shall report all incidents relating to expulsion for possession of a weapon to the Department of Education.
- Each building principal shall be responsible to develop a memorandum of understanding with local law enforcement officials that sets forth procedures to be followed when an incident occurs involving an act of violence or possession of a weapon by any person on school property. Law enforcement protocol shall be developed in cooperation with local police departments and the Pennsylvania State Police.
- Acts of violence or possession of a weapon in violation of this policy shall be reported by the Superintendent to the Office of Safe Schools on the required form at least once each year.
- Students, staff and parents/guardians shall be informed at least annually concerning this policy.

### ***Exceptions to these provisions shall be made for:***

1. A weapon being used as part of a school approved program by the individual participating in the program.

### **Transfer Students**

When the school district receives a student who transfers from a public or private school during an expulsion period for an offense involving a weapon, the district may assign that student to an alternative assignment or may provide alternative education, provided the assignment does not exceed the expulsion period.

All incidents involving prohibited weapons possession shall be reported to local law enforcement officers. Administrators will confiscate any article described in this policy and, if appropriate, submit it to a suitable law enforcement agency. All incidents involving expulsions for weapons possession pursuant to this policy shall be reported to the Pennsylvania Department of Education.

## Use of Tobacco

---

Students are not permitted to smoke, vape, or chew tobacco in the school building or on school property. The use or possession of tobacco or smoking, including the use of e-cigarettes and/or vaping on school property will result in the following disciplinary action:

First offense—three (3) days of MRC in lieu of a filing with the local magistrate, the \$50 fine can be paid direct to MAHS; 500-word essay on the negative effects must also be submitted

Second offense—three (3) days of out-of-school suspension; filing with the magistrate

Third offense—ten (10) days of out-of-school suspension; filing with the magistrate

Fourth offense—expulsion hearing before the school board; filing with the magistrate

PA Act 145 clarifies the School Tobacco Control Act in 35 P.S. Section 1223.5 for school districts and local justices. It is illegal for students to have in their possession any form of tobacco products including chewing tobacco. Possession or use of tobacco products or smokeless tobacco by a student between the ages of six through twenty-one in a school building, a school bus or on school property owned by, leased by or under the control of a school district is a summary offense.

The possession and/or use of e-cigarettes/vaporizing device in the Montoursville Area School District is prohibited. Possession and/or use will result in the same consequences as outlined in Board Policy No. 222.

A student who commits an offense under this section shall be subject to prosecution initiated by the Montoursville Area School District Board Policy #222 and shall, upon conviction, be sentenced to pay a fine of not more than fifty dollars (\$50.00) plus court costs for the benefit of the school district in which such offending pupil resides.

# Drugs and Alcohol

---

It is a violation of school policy to possess, distribute, or be under the influence of any controlled substances during school hours, on school property, or at any school-sponsored event. Information received from other students, teachers, or citizens of the community may be used to determine the actual presences of controlled substances. With authorization of the superintendent or their designee, a trained dog, under the supervision of a specially trained law enforcement officer may be used for an inspection on or within school property or school buses to detect the presence of controlled substances.

When a controlled substance is detected, the administration will follow the procedures outlined below:

“Any student who, when under the authority of the school district, has alcohol or illegal drugs in his possession, or is deemed to be under the influence of alcohol or illegal drugs, or is engaged in the distribution or sale of alcohol or illegal drugs or attempt thereof, shall be suspended from school, as provided in the school board policy on Student Rights and Responsibilities (#227). School authorities shall turn over all evidence and/or information relative to such incidence of alcohol or illegal drug activity to appropriate police or juvenile court officials for disposition and investigation.”

It is also a violation of school policy to possess, consume, or distribute “look-alike” or non-controlled drugs. No student may make, possess, or supply to others any paraphernalia that may be typically used for drug use. Automobiles parked on school property may be searched if there is reasonable cause to believe a school rule has been violated. All violators of the above policy will be referred to the Montoursville Assistance Program (MAP) team.

Students choosing to participate in extracurricular activities or school-sponsored events, with regard to the use of alcohol, unlawful controlled substances “drugs,” including anabolic steroids, and criminal activity, still fall into a required set of minimum standards. For specific standards of participation for extracurricular and school-sponsored events, refer to Board Policies [#122.1](#) and [#123.1](#) which outline specific ineligibility for participation as well as referral to the Montoursville Assistance Program (MAP) team.

# School Dress

The Montoursville Area School District realizes that proper student dress and grooming habits are best learned at home under the guidance and supervision of parents; therefore, the school does not wish to dictate what clothes students must wear. However, the school must provide the best possible educational climate for the understanding and development of good grooming habits. It is with this in mind that the following regulations have been adopted:

## **NOT ACCEPTABLE**

1. Anything covering the head (hats, hoods, etc.) will not be worn inside the building, as this is not demonstrating proper manners.
2. All shirts/blouses or other “tops” **must cover the top of the shoulder.** Sleeveless shirts WILL be permitted. **Muscle shirts, spaghetti straps, etc. will not be permitted.**
3. Undergarments will be properly covered by appropriate clothing.
4. **Clothing that inappropriately exposes body area, as with cropped tops that expose excessive midriffs, may not be worn.**
5. Shorts, dresses and skirts must be worn so they naturally fall to mid-thigh or longer.
6. Shorts, pants, dresses and skirts **CANNOT** have holes above mid-thigh.
7. Bike shorts (ex. Spandex) or ripped shorts are not permitted.
8. Students wearing transparent blouses **MUST** wear proper garments underneath. Blouses cut extremely low in front or in back are not permitted.
9. Clothing, buttons, or other insignia are inappropriate if they are intended to mock, ridicule, or otherwise deliberately demean or provoke others because of race, religion, national origin, or individual views.
10. Any clothing that presents a safety hazard or interferes with the educational process may not be worn.
11. Clothing with words or pictures that contain sexual reference, either explicit or implied, may not be worn.
12. Regulations prohibit student dress and grooming practices that promote or advertise the use of drugs including alcohol, gang paraphernalia, violence or discrimination.
13. Clothing containing vulgar or obscene messages may not be worn.
14. **Chains (i.e. wallet chains), studs, or other exposed metal which can cause personal injury or damage to school property are not permitted.**
15. Bandanas and/or dew rags are not permitted to be worn or publicly displayed

As a matter of general policy, the Montoursville Area School District expects that all students at all grade levels are to be neat and clean in appearance and dress when in attendance at school. The Montoursville Area School Board believes the responsibility for seeing that students meet these standards of dress ultimately rests with the parents or guardians. **The principal, assistant principal, and teachers of each building are responsible for enforcing the regulations governing the proper dress and grooming of the students in their school. The administration holds the right to determine whether clothing is inappropriate for school.** Students who are in violation of the school dress policy will be asked to exchange inappropriate clothing for more suitable attire. Failure to comply will result in further disciplinary action.

# Assembly Conduct

---

The administration asks that you be particularly alert and courteous during assemblies. Everyone will quickly proceed to their seat in the auditorium. Moving a large number of pupils in or out of the auditorium can consume too much time if pupils loiter, talk, socialize, etc. During the program, be very aware of your behavior.

1. Never whistle, yell, or make verbal remarks of approval or disapproval.
2. Applaud at the proper time.
3. Do not talk to your neighbor(s).
4. Be aware and considerate of other people and events, especially the performers and guests.

The preferred test date is spring of the student's junior year. This date is also essential for prospective Penn State applicants. The test may be taken again in October, November, or December of the senior year, if desired, or in June between the junior and senior year.
<b>Subject Test</b>	Colleges require this test. Check the college catalog for requirement and test date. This is a subject matter type test and should be taken at the most opportune time in relation to courses in progress or completed by the student.
<b>ACT</b>	<b>American College Testing Program, (Iowa City, Iowa).</b> This is required by many colleges west of the Mississippi River and in the south for admission; it is accepted by most other colleges in lieu of SAT (check catalog). Students in grades 9 and 10 will take the ACT Explore and Plan exams.
<b>PSAT</b>	<b>Preliminary Scholastic Aptitude Test (College Board, Educational Testing Service).</b> This test is recommended for sophomores and juniors who will be possible college applicants. It is given only in October of a student's sophomore or junior year.

# Counseling Department

---

The Montoursville Area High School Counseling Department is an integral member of an educational “team” composed of faculty and administration. The department’s basic goals are to facilitate maximum self-awareness, self-direction, and self-development on the part of the student, as well as to promote personal/social adjustment and educational/vocational decision-making.

Students will be involved in individual interviews with their counselor during the school year. These interviews are of a personal nature and will be held in the strictest confidence. Any time a student desires to speak with a counselor, it is only necessary to arrange an appointment. Counselors will also be willing to schedule appointments with parents, students, and/or faculty members at a time that is convenient with the parties involved.

As often as possible, interviews will be arranged during a student’s study periods. There will, however, be times when it will be necessary for a student to miss a class. It is the student’s responsibility to make up any work missed and to arrange a more suitable time for the interview, if a test is being given at that time.

In addition to individual interviews, a number of classroom presentations will be given on various topics throughout the school term. Also, a battery of several standardized tests will determine student aptitude and achievement levels. All standardized test results will be interpreted for the students on an individual basis or in small groups to ensure student comprehension of the results.

College Entrance Exams are given to interested juniors and seniors at other high schools in the area. Arrangements to take these tests may be made in the counseling offices. Most colleges require the College Board’s SAT Reasoning Test or the ACT Test of the American College Testing Program for admission. Some colleges also require the College Board’s SAT Subject Tests. Students are advised to refer to the catalog of the college of their choice to determine which tests are required for admission. Pertinent and timely information regarding these tests will be distributed and announced periodically by the counseling department.

## Confidentiality and School Counselors

---

Student confidentiality is important to us and, as school counselors, we follow all professional standards as well as federal and state laws. All information shared is confidential except in the instances of the suspicion of abuse or neglect, harm or threats to harm self or others, and any court order or other legal proceedings. These exceptions to confidentiality are required by law.

## Chapter 339

---

According to PA School Code,” Title 22 [Chapter 339](#) Career and Technical Education Standards require all schools that either have PDE-approved career and technical education programs or send their grades 9-12 students to another school for PDE-approved career and technical education program instruction to have a K-12 Guidance Plan.”

## Student Records

---

Information contained in the student’s permanent record folder is considered confidential information and is not released to outside agencies (employers, college admission offices, etc.) without the student’s or parent’s written permission. Proper forms are available in the counseling or main office to grant permission to school officials to send transcripts to colleges or release information to a third party. The full text governing students’ records is

available in the library.

## Social Security Number

---

If parents or students have not already secured a social security number, students should plan to do this as the beginning of their junior year. The number will be needed for approaching tests and other reasons.

## Job Shadowing

---

Professional job shadowing opportunities are available to all students in the school. This program is designed to expose students to actual work environments. Each interested student will have an opportunity to spend time in a non-paid, realistic portrayal of a “day in the life” of his/her career choice. Students are expected to use the experience to gain insights into the knowledge, skills, and values needed to become a contributing member of a business and in his/her future life in the “real” world. A complete set of the necessary forms and materials is available in the office.

## Montoursville Area School District

### Family Educational Trip Request

Because of the importance of class attendance, the school district does not recommend lengthy student absences, whether excused or unexcused. The policy (SCHOOL BOARD POLICY 204) for Educational Trips that are not school sponsored is as follows:

- No family educational trip requests will be approved during PSSA/ Keystone testing windows.
- Students will be permitted to take **no more than two (2)** educational trips per school year, **not to exceed a total of 10 days.** Additional absences for trips will be unexcused.
- The principal must review the request for an educational field trip **prior** to the trip.
- A student's attendance history and/ or academic performance (retention/failure status) will be reviewed.
- Students are responsible for obtaining all assignments and for completing all work covered during the absence from school within a reasonable time.

**This form must be submitted to each principal of the building your children attend, prior to the trip.**
