INTRODUCTION

North Newton Jr./Sr. High School is committed to developing the educational and moral character of all students regardless of race, religion, gender, sexual orientation or any other factor which may differentiate one person from another. Our school is a safe haven for all students and staff and will be a place where all are accepted for who they are.

We believe strongly that there are no "bad kids." From time to time, we do encounter some students who make poor choices and we strive to provide an orderly, safe and disciplined environment for all students. This task is not one that can be undertaken by parents or teachers alone. We must work together as a community to hold students accountable for their own actions and learning, while staff and parents model appropriate conduct and commitment to the education of our children.

For these reasons, rules are necessary to allow every student the opportunity for an uninterrupted education. Indiana Code for school law is followed throughout this handbook.

Students are expected to exhibit proper behavior before, during, and after school hours at school or in any other school district location as defined below: "School district location" means in any school building or on any school premises including the parking lot, on any school-owned vehicle or in any other school-approved vehicle used to transport students to and from school or school activities; off school property at any school sponsored or school-approved activity, event, or function, a field trip or athletic event, band event, etc., where the students are under the jurisdiction of the North Newton School Corporation.

In addition to the grounds listed above, a student may be suspended or expelled for engaging in unlawful activity on or off school grounds if the unlawful activity may reasonably be considered to be an interference with school purposes or an educational function, or if the student's removal is necessary to restore order or protect persons on school property. This includes any unlawful activity meeting the above criteria which takes place during weekends, holidays, or other school breaks, and the summer period when a student may not be attending classes or other school functions.

It is every student's responsibility to read and become familiar with the following handbook material. Be certain to keep it in a safe place so that you might refer to it when necessary. Please feel free to direct questions to the appropriate school officials.

Sincerely,
North Newton Administration

SPARTAN CORE VALUES

North Newton Jr./Sr. High School and its staff firmly believe that in addition to providing for the educational needs of our students, we have a greater responsibility to also foster and nurture the social-emotional development of our students with an emphasis on building character and teaching appropriate conduct.

As a community, we must instruct and then expect our students to demonstrate core values in their everyday decision-making and to recognize such displays appropriately. Our Positive Behavior Interventions and Supports (PBIS) team identified nine core values all Spartans should exhibit:

- Kindness
- Courage
- Generosity
- Compassion
- Forgiveness
- Respect
- Gratitude
- Resiliency
- Determination

Throughout the year, our students and staff will work together to define, recognize and celebrate these values. If you see remarkable acts that reflect these values in our students or staff, please be certain to make the administrative team aware.

Frequently, we speak up when we see what is wrong or unjust, but we let everyday greatness, kindness, courage and so forth go unnoticed. We sometimes take for granted the large majority of our students, staff, and community who work hard to represent the Spartan name with honor and integrity. We wish to not only instill these values where they may be lacking, but also to celebrate them as they are far more prevalent than the negative behaviors we tend to give our attention.

Thank-you for your help and support in teaching these values and celebrating the greatness of our community.

Sincerely,

North Newton Administration

NORTH NEWTON JR./SR. HIGH SCHOOL

SPECIFIC RULES OF BEHAVIOR

2019-2020

Students are expected to follow the rules of behavior as adopted by the Board of School Trustees and as stated in this handbook. Failure to follow these rules may result in any or all of the following: parental conference, detention, lunch detention, Friday School, ACS, OSS, expulsion and prosecution by civil authorities.

1. BULLYING: "Bullying" (per IC 20-33-8-.2) means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors, that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other targeted student and create for the targeted student an objectively hostile school environment that: (1) places the targeted student in reasonable fear of harm to the targeted student's person or property; (2) has a substantially detrimental effect on the targeted student's physical or mental health; (3) has the effect of substantially interfering with the targeted student's academic performance; or (4) has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

Categories of Bullying for IDOE Reporting Requirements:

- **Physical** - Involves hurting a person's body or possessions. It includes hitting/kicking/punching, spitting, tripping or pushing, taking or breaking someone's things, and making mean or rude hand gestures.
- **Verbal** - Involves saying mean things. It can include teasing, name-calling, inappropriate sexual comments, taunting, or threatening to cause harm.
- **Social/Relational** - Involves hurting someone's reputation or relationships. Social bullying involves telling other children not to be friends with someone, leaving someone out on purpose, spreading rumors about someone, or embarrassing someone in public.
- **Electronic or Written Communication** - Involves cyber-bullying, collective or group note writing, any bullying undertaken through the use of electronic devices (computer, cell phones).

Bullying fosters a climate of fear and disrespect that can seriously impair the physical and psychological health of its victims and create conditions that negatively affect learning. Bullying includes unwanted, aggressive behavior that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. The imbalance of power involves the use of physical strength, or popularity to access embarrassing information to control or harm others. Bullying can occur anywhere (in school or outside of school) and at any time – both during and after school hours. Bullying can include physical bullying, verbal bullying, social/relational bullying, and electronic/written communication.

Considerations in determining if the behavior meets the definition of bullying:

- The history between the individuals. Have there been past conflicts? Have these individuals had a dating relationship? (This may not be considered bullying)
- Power differential. Is there an imbalance of power? (Power imbalance is not limited to physical strength.)
- Repetition. Has this or a similar incident happened before? Is the individual worried that it may happen again?

Bullying **is not**:

- Mutual name-calling or conflicts
- General disagreements or "drama" between an equal number of individuals who have a mutual dislike of each other
- A passing or isolated occurrence
- Actions or words that unintentionally cause harm or hurt feelings
- An excuse for a student's inappropriate conduct

The parking lot is considered off limits at all times, except before and after school for those students who have permission to drive. Students must be escorted to their cars during school hours. A student who is not in attendance at school when he/she is physically able or who is not in his/her assigned area or activity while in school is considered truant. Any student who leaves class without permission is considered truant. Truancy is punishable by suspension and/or expulsion. North Newton Jr./Sr. High School defines a student who has accumulated four (4) truancies within a school year as a "habitual truant". With the accumulation for four (4) truancies in a school year, the Bureau of Motor Vehicles may be notified. North Newton administration will contact probation when appropriate.

37.UNAUTHORIZED AREA: After arriving to school, no student is permitted outside the school building without permission. Authorized areas during the lunch period include cafeteria and cafeteria foyer restrooms. Students should never be in areas of the building without adult permission and/or supervision. This includes the gyms, pool, library, computer labs or any area of the building a student does not have permission and just cause to be in. Students should **never** be in mechanical rooms, janitorial closets or other discrete areas of the building without explicit purpose and permission.

38.UNLAWFUL ACTIVITY: 20-8.1-5.1-9 Sec. 9. A student may be suspended or expelled for engaging in unlawful activity on or off school grounds if:

(1) The unlawful activity may reasonably be considered to be an interference with school purposes or an education function; or

(2) The student's removal is necessary to restore order or protect persons on school property; including an unlawful activity during weekends, holidays or other school breaks and the summer period when a student may not be attending classes or other school functions.

NORTH NEWTON JR/SR HIGH SCHOOL INFRACTIONS AND CONSEQUENCES

Some Infractions and consequences may not be listed. This is just a sampling of the list of disciplinary items. Administration reserves the right to adjust the consequences because of further investigation of the infraction. If the situation deems it necessary, the consequences for one's actions may be stronger.

DEFINITIONS AND PROCEDURES

DETENTION

2:15 – 3:30 (MONDAY-THURSDAY)

Students may be detained before, after or in school for disciplinary action or other reasons, under direct supervision of Administration or Designee, provided satisfactory arrangements have been made for transportation and supervision from school to home. Detention will be from 2:15 – 3:30 pm on designated days. Lunch detentions can be assigned as well. For a lunch detention, the student will report to the cafeteria, retrieve their lunch, and then report to the ACS room for the remainder of their scheduled lunch.

It is the responsibility of the student to notify their parent as to the reason for such detention, the place, the date, and time of said detention. If a conflict does occur after the assignment of the detention, the student and/or parent must contact the main office to reschedule the assigned detention. Missing a detention will result in a Friday School.

FRIDAY SCHOOL - 2:15 – 4:30 PM ON ANY ASSIGNED DAY-(NOT JUST FRIDAY NIGHTS)

Friday School is an alternative for disciplinary action or other reasons. Friday School is held at North Newton Jr./Sr. High School from 2:15 – 4:30 pm on the assigned Friday nights. These sessions are a strictly controlled study environment. Failure of the assigned student to provide adequate study materials for the duration of the session, or failure to behave properly during the session shall result in an out – of – school suspension. It is very important that students learn proper behavior and accept consequences for inappropriate behavior. Missing Friday School will result in two additional Friday Schools, for a total of three.

SUSPENSION OF PRIVILEGES AND ACTIVITIES

A student may be placed on a restricted status limiting or curtailing his/her privileges during lunch, in driving a vehicle, in athletics, or other extra-curricular activities, etc.

ACS (ALTERNATIVE CLASSROOM SETTING)

A student may be assigned to the ACS for a period of up to ten (10) days. Parents may be notified as to the reason and duration of this placement. The assignment of a student to the ACS Program will be made by the Principal, Assistant Principal, or Dean of Students only. Students in ACS are also suspended from attending all school activities, both as a participant and as a spectator, during the time period of the ACS, unless special permission has been obtained from the principal.

The following factors will be considered before a student is assigned to ACS:

A.The student's attitude

B.All work for regular classes missed has been made up by the student and turned in to the ACS instructor. The ACS instructor will turn in the homework to the appropriate teacher mailboxes by the end of the day. Failure to complete work assigned in ACS will result in another day of ACS and a phone call to the parent. Any student removed from ACS for misbehavior will be subject to further disciplinary actions.

C.Teacher's recommendation

Prior to leaving the ACS Program and returning to regular classes, the ACS instructor will certify that all work for regular classes missed has been made up.

OUT-OF-SCHOOL SUSPENSION

Students suspended out of school are also suspended from attending all school activities, both as a participant and as a spectator, during the time period of the suspension, unless special permission has been obtained from the principal. It is the responsibility of the student and/or parent to pick up any assignments from OSS days from Student Services. All assignments are due to the appropriate teacher upon the student's return to school. Before the student is allowed back into school, the parent and student may be required to have a meeting with the Principal and/or designee the morning of return before the school day begins. If such a meeting is required, the suspension may continue until the meeting occurs or has been scheduled.

DRIVING LICENSE PERMIT (IC9-24-2-1; 2C9-24-2-4)

1. Students will be denied a driving license or permit, or will have their existing license or permit invalidated for 120 days after a second suspension (of three [3] or more days) from school. Students will be denied a driving license or permit, or will have their existing license or permit invalidated for 180 days after an expulsion or exclusion for misconduct.
2. Any 13 to 14 year-old students who are truant for three (3) days (or partial days) in a semester, or who is truant five (5) days (or partial days) for any two consecutive semesters will be ineligible to obtain a driving license or permit until the age of eighteen (18).

NORTH NEWTON SCHOOL CORPORATION
BOARD POLICY REGARDING STUDENT CONDUCT
STUDENT CODE OF CONDUCT

It is the policy of the North Newton School Board of Trustees that age-appropriate student codes of conduct designed to improve the student learning environment and which will comply with state law. Each code of conduct shall include the following:

1. Standards for student behavior designed to create the expectation that students will behave themselves in such a way so as to facilitate a learning environment for themselves and other students. The standards should be designed also to encourage students to respect each other and school employees, to motivate students to obey student behavior policies adopted by this board and to obey student behavior rules established within the school corporation;
2. Student support processes designed to consider, as appropriate in light of the severity of the behavioral problem, support services available at each school, the school corporation and other public entities or community organizations which may assist students to address behavioral problems;
3. Progressive discipline processes designed to create the expectation that the degree of discipline imposed by the school will be in proportion to the severity of the behavior of a particular student, the previous discipline history of the student and other relevant factors, while ensuring that each student receives the due process mandated by federal and state law;
4. Parental involvement processes designed to enable parents, guardians, teachers and school administrators to work together to improve and enhance student behavior and academic performance. The process should enable parents, guardians and school employees to communicate freely their concerns about student behaviors which detract from the learning environment.

Each code shall require disciplinary action for each infraction of the code. All student codes of conduct shall be submitted to the board for approval.

The student code of conduct shall be distributed to each student and the student's parents or guardians prior to the first week of school and upon enrollment of each new student. The parents may be requested to sign an acknowledgment of the receipt of the code of conduct and return promptly the acknowledgment to the school. The student code of conduct shall be available in each school office and every classroom.

TEACHER REPORTING REQUIREMENT

A teacher shall have the authority, consistent with board policy, to manage his/her classroom, discipline students, and refer a student to the principal or designee to maintain discipline in the classroom. Any teacher who has knowledge that a student has exhibited behavior which violates the student code of conduct and repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his/her class or with the ability of such student's classmates to learn shall file a report of such behavior with the principal or designee. The principal and teacher shall thereafter follow the procedures set forth in Indiana law, specifically I.C. 20-33-8.

The Superintendent and/or designee shall develop procedures as necessary for implementation of this policy.

Adopted: 1-11-16

SCHOOL BUS AND BUS STOP BEHAVIOR

The school bus and bus stop are considered extensions of the school campus and all rules of conduct and consequences will be enforced the same as if the actions occurred directly on the school campus. The phrase “portal to portal” refers to the concept that a student’s conduct and behavior is subject to the school’s discipline policy from the time he / she exits the door to the residence and until he / she enters it at the end of the day.

GENERAL RULES AND DISCIPLINARY ACTION

1. When a student enters the bus they should report directly to their seat.
2. No student shall stand or move from place to place during the trip without permission of the bus driver.
3. Loud, boisterous or indecent conduct shall not be tolerated.
4. Students shall not be allowed to tease, scuffle, trip, hold or use their hands, feet, or body in any objectionable manner.
5. No windows or doors will be opened or closed except by permission of the bus driver. Windows will not be allowed past the halfway mark. No objects are to be thrown out of bus windows.
6. No student shall enter or leave the bus until it has come to a complete stop and the door has been opened by the bus driver.
7. Squirt guns, water balloons, large portable radios, “jam boxes”, fireworks or any objects determined to be dangerous by the bus driver, will be prohibited on the school bus.
8. No snow ball throwing will be allowed in the bus parking lot, bus stops nor will snowballs be allowed on the school buses.
9. It will be determined by individual bus drivers as to whether they will allow food, drink or gum to be consumed on their bus.
10. Students will not play music without the use of earphones, nor play music so loud that it is disturbing to those around them.
11. The bus driver has the right to assign a seat to any student.

As a result of violating the above rules, all NNSC bus drivers reserve the right to suspend a student rider from 1-3 days by contacting the parent / guardian the day of incident that occurred on the bus. The administration will also be made aware of this. It will be the parent / guardian’s responsibility to have transportation for the suspended students. Suspension from transportation will not constitute an excused absence from school.

TRANSPORTATION RELATED INFORMATION

ARRIVAL OF BUSES IN THE MORNING

The student should be waiting at his/her bus stop when the school bus arrives. In case of an emergency causing late arrival by the student at his/her bus stop, the school bus driver will be required to wait no longer than one (1) minute for the student. If a student is continually late arriving at his/her bus stop, the parents of the student will be contacted by the bus driver and/or the Director of Transportation. As a courtesy, we are asking those families having a school bus turn-around on their property to call the bus driver if their child/children will not be riding. This call should be made before the bus driver begins his/her bus route. Also, if there is a change in the student’s bus schedule, we ask that the parent contact the bus driver. Notifying the bus driver of transportation changes will save time and fuel.

SCHOOL CLOSING OR DELAY IN START OF SCHOOL DAY

If the North Newton School Corporation Schools should be closed due to bad weather, etc., the announcement will be made on the North Newton School Corporation website, the North Newton School Corporation APP, and our notification/alert system as early in the day as possible. If the students have boarded the buses in the morning and school must be closed, the buses will return the students to their homes immediately.

ALL BUS PARKING LOTS

If you must take your child off a bus in the afternoon, we ask that you do not drive into the designated bus parking area. Please park in the teacher/ visitor parking area and walk to the bus loading area. It is dangerous to have cars moving in and out of the bus parking area while students are boarding buses.

QUESTIONS CONCERNING TRANSPORTATION

Questions concerning transportation should be directed to the Director of Transportation at (219)285-2160 or the Administration Office at (219)-285-2228.

GUIDELINES CONCERNING TRANSPORTATION

Country students will be transported from their homes to school and back to their homes. Town students will be picked up and dropped off at designated bus stop areas in town.

In the case where a parent/guardian would like the student to ride home on a different bus route and an emergency does not exist, the parent/guardian must contact the Director of Transportation at (219)285-2160. We ask that you not request that several students ride a certain bus at the same time, as this may cause overloading.

Busses will not travel on any roads other than those that are assigned as the designated route.

In closing, school bus drivers are to have control of all students conveyed between the homes of the student and the school buildings and return. The bus driver shall keep order and maintain discipline among the students while in the bus or along the route. The bus driver shall treat all the students in a civil manner, see that no student is imposed upon or mistreated while in his/her care, and shall use every care for the safety of the children under his/her care.

Through your cooperation and support, the North Newton School Corporation Schools will continue to provide one the finest and safest transportation systems in the state.

EMERGENCY SITUATION FOR BUS DROP-OFF/PICK-UP

The North Newton School Corporation Bus Drivers have been instructed that they are not to pick up and/or drop off students at locations other than the students designated stop. Parents/Guardians can request a different drop-off/pick-up location for **“EMERGENCY SITUATIONS ONLY”**.

The building principals are the only school personnel who can authorize your student to be dropped-off and/or picked-up at a different location. Your request must be submitted to the main office and must be turned into the main office by noon on the day of the request, or supply the exact same information in a note.

OPERATION OF A MOTOR VEHICLE AND STUDENT PARKING

Driving To School

All students with valid driver's licenses and parent's permission are eligible to drive to school. An \$8.00 fee will be collected, licenses checked and registration forms submitted. Applications for registration can be obtained in the Main Office. A numbered parking space will be issued along with the corresponding parking tag for the West parking lot. All students cars parked on school property must have a current numbered North Newton High School parking tag displayed, and the vehicle should be parked in the assigned parking space. Once a student has been cited for not registering his/her vehicle, the parking fee will be increased to \$15. Registration will take place in the following manner: first come, first served. Non-registered vehicles will be cited and disciplinary action taken. Students may park in student parking areas only. Violators will lose parking privileges. Once a vehicle is parked in the morning, it is not to be visited or moved until the end of the student's day without permission from the administration. This applies, but is not limited to, passing periods and lunch. Parking on school grounds is a privilege. Those who violate the rules and regulations are subject to detentions, suspensions and withdrawal of privileges. Parking in areas not designated for students may also result in a parking ticket (\$15) and/or towing of the vehicle.

Rules and Regulations for NNHS Students with a School Parking Permit during School Hours

1. All vehicles parked on the school grounds must be registered with the school; must display the current permit on the rear view mirror; and must be parked in the assigned parking space.
2. Student parking is strictly limited to the west parking lot. Faculty & staff parking are reserved to the North and South parking lots and thus off limits to students.
3. Students are not permitted to drive during lunch hours.
4. All students must be licensed and covered by insurance. The school is not responsible for the automobile or its contents.

6. There will be no speeding (15 mph on school grounds) or any form of reckless driving allowed on the school grounds.
7. Student vehicles may be subject to search if there is a reasonable suspicion to believe that drugs, alcohol, stolen property, or other contraband in violation of school rules might be present in a vehicle

ATTENDANCE

Parents please call 219-285-2252 and select the "Attendance" option when your child is absent from school.

THE PRIME RESPONSIBILITY FOR THE STUDENT'S ATTENDANCE IN CLASS REST WITH THE STUDENT.

ATTENDANCE PHILOSOPHY

Accordingly, North Newton Jr./Sr. High School can perform well in academic terms but be placed in a lower achievement category due to insufficient attendance and graduation rates.

Regular attendance and punctuality are essential for success in school and are necessary habits for life. Irregular attendance is one of the main factors for poor work and failure in school. Students who attend school regularly have greater success in their academic pursuits than do students who do not attend on a regular basis.

TYPES OF ABSENCE

While school records will be more detailed, there are four basic types of absences at North Newton:

1. **Excused:** Student is absent from school for a reason that is documented in "Section 1: Excused Absence" below.
2. **Explained:** Student is absent from school or class and the parent has notified the school of a legitimate reason for the absence (e.g. illness not verified by a doctor).
3. **Unexcused:** Student's absence is explained by parent or guardian but is not necessary (e.g. family vacation).
4. **Truant:** Student is absent from school or class without explanation from parent / guardian.

Section 1: Excused absences

Excused absences require verification from the student's parent or guardian as well as meeting additional criteria. All notes for excused absences must be turned into the attendance secretary either before the absence or within two school days of returning to school. Medical notes or other verification will not be accepted after this time period unless extraordinary circumstances exist. If the medical note is not provided within two school days, the absence will be counted as explained.

- Juniors and Seniors will be allowed two (2) college/military visitation days per year.
- Students are eligible and responsible for asking teachers for make-up work and for completing the assignments accumulated during an excused absence. All work for excused absences will be accepted by the teachers.

The following absences are excused:

1. Medical release for a specific period of time.
2. Service as a page for or as an honoree of the Indiana General Assembly
3. Student serves on the precinct election board or as a helper to a political candidate or to a political party on date of each general, city or town, special or primary election. Prior permission is required.
4. Subpoena to appear in court.
5. Active duty with the Indiana National Guard for not more than ten (10) days.
6. Military examination (with prior administrative approval)
7. School – sanctioned field trips.
8. Student sent home by the school due to an illness.
9. Visits to a college campus. This is limited to juniors and seniors. Only two (2) days per school year shall be allowed with administrative approval. Visitation days may not be taken during the last two weeks of either semester and visitation days count as parental notes.
10. Deaths and funerals of members of the student's immediate family. Immediate family is typically defined as parents and siblings of the student, but may also include a person with whom the student shares a residence and to whom he or she is related by blood or marriage. Administration reserves the right to determine whether the absence will be counted as excused or explained. Students who are absent for this reason must have a parent/guardian contact the school and bring in a note from parent/guardian explaining the absence.
11. Physician's/Medical excuse: If a student has medical orders stating the student cannot be in the building due to illness, hospitalization, or other medical need this document must be presented upon the student's return to school with the proper dates of the student's absences(s). Additionally, this document must be on the physician's letterhead or office form, and must be signed by physician or his/her office personnel and be verified by the school. Preventive care or medical appointments not deemed urgent may be classified as explained or unexcused. These would include dental, routine physicals, orthodontic, and so forth. Every effort should be made to schedule such appointments after school hours. Missing school due to documented medical illness will be categorized as excused. If an absence should become so long as to exceed (10) days due to a

persistent or recurring medical condition, a meeting with the Dean of Students and Director of Guidance (or designee) will be necessary to determine the best plan to provide for a student's education.

12. Religious holidays that fall on the school calendar and have prior administrative approval.
13. Incarceration
14. Suspensions (in-school or out-of-school)
15. Administrative Excused Absence
16. An absence is acknowledgement by a parent or guardian note or call and presents a valid reason for the absence. This includes brief student illnesses (1-2 days) and any obligation that forces a student to miss school for a good reason. If absence extends beyond 2 days, a medical note is required.

Note: Eighteen-year-old non-emancipated students enrolled in this school must comply with all attendance procedures. Parents are still responsible for a student's attendance and education until the student graduates, formally discontinues education, or becomes legally emancipated.

Section 2: Explained Absence

An absence is defined as explained when it does not meet the requirements of section 1 above, but is acknowledged by a parent or guardian note or call and presents a valid reason for the absence. This includes brief student illnesses (1-2 days) and any obligation that forces a student to miss school for good reason.

Section 3: Unexcused Absence

An absence is deemed unexcused when a parent is aware of an absence but it is not due to illness or other criteria defined in the sections above. Family vacations or other absences not necessary are considered unexcused. There is no penalty for an absence being labelled unexcused as compared to explained, but is used for record-keeping purposes to identify an unnecessary absence from school.

Section 4: Truant

Commonly known as "ditching" or "skipping school," a student is absent without the knowledge of the parent or legal guardian. All absences are initially marked as truant unless a parent calls the attendance secretary on the morning of the absence. Students will NOT be punished for truancy until truancy is confirmed or two school days have passed without an explanation of the absence from the parent or until such time it is determined the student was indeed absent without permission.

HABITUAL ABSENCE

A student will also be considered habitually absent when student reaches (8) missed days (4 or more missed periods is considered a missed day) of any kind in a semester.

Consequences of habitual absence could result in any or all of the following:

1. **After 3 days explained and / or unexcused absences, a letter** and personal contact to the parent/guardian will be made to notify them of the number of absences and verify the reasons.
2. When a student reaches a combination of (5) explained / unexcused absences, the parent or guardian will be notified and a meeting may be set with the Dean of Students to review the circumstances and set an attendance contract, if necessary. (this does not include medical.)
3. Once established, a violation of the terms of an attendance contract can result in loss of credit for some or all of the classes missed for the semester and a referral to the Newton County Prosecuting Attorney.

Parents and students need to understand that loss of class credit is serious and may ultimately have an effect on graduation.

If a student has exceeded eight (8) absences or more, the student will be encouraged to remain in the class for the remainder of the semester continuing to be an active learner and, if passing at the end of the 9 weeks, will receive a withdrawal grade of "N/C" (no credit). If the student is failing at the end of the grading period, then the grade will be an "F".

ATTENDANCE CONTRACTS

Common provisions of an attendance contract include:

1. All future absences be documented by a physician.
2. The school nurse may be required to verify any claims of sickness / illness and send the student home
3. Parents must not take the student out of school for ANY reason that is not categorized as Excused and / or arranged in advance to whatever degree possible.
4. Student may be required to ride the bus.

Since every situation is unique, the circumstances surrounding the student's absence will be taken into account when developing the specific provisions of an attendance contract. The Dean of Students and Principal shall both approve of the attendance contract before it is put into place. Other provisions may be necessary to meet the specific needs of a student's situation.

PROCESS FOR OBTAINING AN ATTENDANCE WAIVER

Student and parent/guardian may request an attendance waiver meeting only if there are unusual circumstances or new information to be presented. The meeting will take place after the end of the semester.

The Attendance Waiver Committee (consisting of the principal, assistant principal, guidance counselors and support staff), student and parent/guardian set up a time and date for the attendance waiver meeting.

Procedures for the Attendance Waiver Meeting

1. The committee reviews the attendance record and notes where the violations of the attendance policy took place by the student for all those present at the meeting.
2. The student and the parent/guardian present any new evidence to verify or clarify student absences. They may also offer comments and information that was unknown before the meeting took place.
3. The committee members present may then ask questions of the student and/or parent/guardian regarding the student's attendance, absences, academic performance and behavior in class.
4. The student and/or parent/guardian may ask any questions related to the student's attendance and the meeting.
5. When the student and/or parent/guardian are finished with asking any questions, they will be dismissed and the committee will sit in closed session to evaluate the student's attendance record, consider any new information presented, and decide on a case-by-case basis whether or not to issue an attendance waiver to the student. The reasoning/rationale of the committee will not be discussed with the student and/or the parent/guardian.
6. The committee will report its findings to the North Newton School Corporation Superintendent for final determination.
7. The student and parent/guardian will be notified by the North Newton School Corporation Superintendent regarding the results of the attendance waiver meeting within two (2) school days.

VACATIONS AND FINAL EXAMS

- Vacations and most pre-arranged absences are considered unexcused.
- Final exams will not be given early to a student unless extraordinary circumstances exist. The last scheduled day of school frequently changes throughout the year due to school closures. Final Exams will be given on the last scheduled day of school and each semester.
- Parents should **not** plan vacations for summer or winter break that overlap with the end of the semester / end of school year. If students are absent on the last day, teachers will enter a 0 in the gradebook and will not be required to allow the student to make up the test unless prearranged.

ATHLETIC / EXTRACURRICULAR ELIGIBILITY

STUDENTS MUST ARRIVE BY THE END OF FIRST HOUR TO BE ELIGIBLE FOR PRACTICE AND GAMES.

ACADEMIC POLICIES

ACADEMIC HONESTY

North Newton values academic integrity and expects exemplary conduct from all students. Dishonesty is not tolerated in connection with any school activity at North Newton and should never be considered an acceptable path to success. Academic dishonesty not only diminishes the quality of a student's education, it does not prepare them to be leaders and role models in our community.

Students, parents, faculty and staff all share the responsibility of developing and maintaining high academic standards. Work submitted by students should reflect their individual understanding and ability.

EXAMPLES OF ACADEMIC DISHONESTY

- Having someone else write a paper and submitting it as one's own work.
- Giving or receiving answers during an exam by use of signals, cheat sheets, or copying.
- Obtaining an unauthorized copy of a test prior to its scheduled administration.
- Using unauthorized notes during an exam.
- Doing class assignments for someone else.
- Plagiarizing compositions, class assignments, or lab reports.
- Padding items of a bibliography (including sources that were not used).
- Collaborating with other students on assignments when it is not allowed.
- Altering answers on a scored test and submitting it for a re-grade.
- Accessing and altering grade records.
- Stealing class assignments from other students and submitting them as one's own.
- Destroying or stealing the work of other students.

AVOIDING CLAIMS OF DISHONESTY

- Do not look around, particularly in the direction of other students' papers, during an exam since it may appear you are trying to copy from others.
- When taking an exam, shield your answers from other's view.
- Make sure all notes and materials are placed out of view.
- Do not share your work with other students or collaborate on an assignment when collaboration is not allowed.
- Protect your computer login and passwords so others cannot access your work illegally.
- Do not acquire or share previous papers, lab reports, or assignments from a class with the intention of copying the material; keep copies of your own papers so others cannot attempt to claim them as their own.
- Do not write on a graded exam that may be submitted for a re-grade.
- **Plagiarism** is a specific example of academic dishonesty. It can be defined as, "submitting someone else's text as one's own or attempting to blur the line between one's own ideas or words and those borrowed from another source" (Council of Writing Program Administrators, wpacouncil.org).

AVOIDING PLAGIARISM

- Do not use someone else's words without referencing the source to give credit to the author, placing exact wording in quotation marks or a block quote.
- Do not present someone's unique ideas or sequence of thought as one's own without crediting source.
- Do not submit, as your own material, text written by someone else.

CONSEQUENCES FOR ACADEMIC DISHONESTY

- First offense, the student will receive a zero on the assignment, the teacher is required to notify the administration via log entry so a total number of incidents can be recorded, and parents will be contacted.
- Second offense in the same class will result in an "F" for the 9 weeks and 1 day ACS with a mandatory counseling session on the gravity of their actions.
- The third offense for that class results in an "F" for the semester and 3 days OSS.
- If a student is dishonest in differing classes, the second incident will receive the in class penalties of a "first incident" but will also result in the day of ACS and counseling.
- Subsequent incidences may result in expulsion.
- Refer to Behavior Discipline Regulations Chart.

ACADEMIC/ATHLETIC INELIGIBILITY

For any student to be declared eligible for extra-curricular activities (clubs, athletics, and ANY dances) students should not have more than one "F" and must be passing a minimum of 5 credit hours. Guest pass approval forms from other schools will not be granted/signed by school administrators if student is deemed ineligible. If any student has had significant absences 5-7 and/or received an attendance letter, or student is absent the day of the event, they will be ineligible to attend the event.

ACADEMIC PROBATION

Academics are a high priority at North Newton Jr./Sr. High School. To be eligible to participate in any extra-curricular activities, (clubs and athletics) a high school or junior high student must have no more than (1) "F or "W/F's" on his/her report card and must be passing 5 credit hours. Any student who has more than (1) "F or W/F's" on a report card will be ineligible until the next nine (9) week report card is issued. The Mid-Term grades are an indicator for whether the student needs to improve their grades to become eligible and will no longer be used in evaluating grades.

Semester grades take precedence over nine weeks grades. Eligibility will carry over from spring semester to fall semester except for 8th graders entering into 9th grade.

Choir and Band students would still be expected to perform in concerts and contests, as these are requirements for class. Other extra-curricular groups such as Drama, Science Olympiad, Dance, FFA, FCCLA, BPA, etc., would all be expected the same level of academic achievement as stated in the previous paragraph.

AP/DUAL CREDIT ADMISSION REQUIREMENTS

Any student wishing to enroll in these courses must meet the following guidelines. The student must have a minimum overall 3.0 GPA. Students between a 2.75 and a 2.99 GPA must have a teacher recommendation in that subject area, be ranked in the upper one half of their class, or have an SAT two-score composite of 950 (1030 on the SAT), or ACT combined score of 21.

CERTIFICATE OF COMPLETION

Pursuant to 511 IAC 7-13-3, this document may be awarded to a special education student who is not capable of earning a diploma but who completes the public school educational program prescribed in the student's IEP. Students who are pursuing a Certificate of Completion will not be included in the top 10% recognition of their class.

CERTIFICATE OF COURSE COMPLETION

Seniors who do not pass the Graduation Qualifying Examination and/or whose appeal is not granted may receive a NORTH NEWTON CERTIFICATE OF COURSE COMPLETION rather than a High School Diploma at the North Newton Jr./Sr. High School graduation ceremony if they meet the following requirements:

- Take the spring Graduation Qualifying Examination in their senior year.
- Parents and student meet with guidance counselor and/or principal's designee prior to graduation ceremony.
- Meet all North Newton High School requirements and a minimum of 48 credits.

(Students who wish to return to retest after their senior year must notify the school of their intent to do so by August 1 and must enroll as a student.)

CLASS LOAD

Students should be enrolled in a minimum class load of six (6) subjects per semester allowing a student to take one study hall. If a student is involved in a double blocked class then the minimum is five (5) subjects. With the wide variety of course offerings, students are encouraged to avail themselves of the opportunity to study in many areas.

All students must pass a minimum of 5 credited classes to maintain eligibility in extra-curricular activities.

COLLEGE LEVEL COURSE ENROLLMENT

North Newton students in grades 11 & 12 may enroll in college courses at an accredited college with the approval of the counselor, principal and the college admissions department. Each student who intends to enroll in a college course shall notify the principal and senior counselor. In order to enroll in a college course, a student must have taken the SAT or ACT college entrance exams, must have good attendance and a good record of behavior. The student and parents are responsible for applying to the college. The parent and student must sign an agreement to these requirements. The colleges may require a social security number in order to enroll in dual credit courses. It is the responsibility of the student and parent to make certain all dual credit enrollment information is provided and paperwork completed to receive these credits. The school guidance department will assist students who need help in completing the registration.

A three hour college course will be equal to a one semester credit. A five and six hour college course will be equal to a two credit semester course. A college course at a four year accredited college will receive the same grade weight as North Newton's weighted courses.

Students taking dual credit Ivy Tech courses at North Newton will not receive weighted grades for these courses.

If a student fails the college course, the student will receive an F on the high school transcript which will be calculated in the student's grade point average. If a student fails to complete a college course by the end of North Newton's semester, the student will receive an incomplete until the grade is received. A grade point average will not be calculated and a class rank will not be determined until the grade is received. A senior with an incomplete at the end of the 8th semester will not be considered for the top 10%, valedictorian, or salutatorian. All North Newton graduation requirements must be met in order for a student to participate in the graduation ceremony.

If a student does not finish a college course and drops it due to poor academic performance or difficulty of the course, the student will receive an F on the high school transcript if the drop is after the first two weeks of a semester.

COLLEGE DAYS

Junior and Senior students who wish to get an excused absence for college visitation will make application with the Guidance Director. Several areas will be evaluated to determine if such excused absence will be granted. The attendance, grades, and behavior record of the student will be considered. Approval or denial will be given in writing with reason(s) for a denial being listed. Juniors will be limited to two college days for the school year, and a parent must accompany them. Seniors will be limited to two college days for the school year. College days may not be taken during the last two weeks of the semester and **not after May 1**. Colleges offer visitation days on weekends and have organized events for the high school student and their parents. Students are encouraged to visit the colleges on these weekend days. **College days will count as an excused absence, and will be included in the (5) day limit.**

COMMENCEMENT

Participation in Commencement is a privilege, not a right, and can be denied by the Principal. Students must complete all graduation requirements to march with the class and participate in the Commencement Program. Online course grades supporting graduation requirements are due on or before **May 20th**. Members of the graduating class are expected to participate in Commencement Exercises. Waiver of this obligation will be for extreme emergencies and requires the consent of the Principal.

GRADING AND GRADE POINT AVERAGE

Based on the rationale that more work should receive additional rewards and that additional rewards/incentives lead to increased student performance, the following guidelines are used in computing GPA. Weighted courses receive an additional .67 each semester with grade of C- or better.

A+ = 4.00	B+ = 3.33	C+ = 2.33	D+ = 1.33	F = 0.00
A = 4.00	B = 3.00	C = 2.00	D = 1.00	
A- = 3.67	B- = 2.67	C- = 1.67	D- = 0.67	

A semester grade will be the average of the two 9 week's grades and the semester final. Each course 9 weeks grade will be 45% of the semester average. The semester final will be 10% of the semester grade. [45%+45%+10% = semester grade and 40%+40%+20 for AP and weighted classes]. Grading scales and weights may be subject to the partnering institution's requirements in the case of dual credit classes.

GRADING SCALE

A+ = 100	B+ = 87	C+ = 77	D+ = 67	F = 59 and below
A = 94	B = 83	C = 73	D = 63	
A- = 90	B- = 80	C- = 70	D- = 60	

GRADE REPORTS

Each semester is divided into two (2) nine (9) week grading periods. Grades are distributed to students approximately one (1) week following the end of each grading period. Grade cards will be mailed at the end of the second semester.

GUIDED DIRECTION OF ELECTIVES

It is the philosophy of North Newton Jr./Sr. High School to provide students with a rigorous curriculum commensurate to the interests, abilities and long-term goals of the student. As such, students will be encouraged to take courses that will prepare them adequately for the SAT, ACT and other college entrance examinations. As the state of Indiana progresses toward instituting a minimum SAT score for honors and Core 40 diploma, it is imperative that students seek out the most challenging courses possible.

While student input is valued in the scheduling process, students seeking Honors and Core 40 diplomas must take courses reflective of the rigor expected in college. This includes available dual credit and high level opportunities.

HONORS CLASS PLACEMENT

In the interest of providing appropriate and challenging instruction to all students, North Newton offers honors classes in some subjects and grade levels. Placement in honors classes is determined by the following factors:

1. Student application and parent request for honors placement.
2. History of high pass / pass + on ISTEP or an equivalent test and scoring system.
3. Scoring at or above the 80th percentile on the NWEA test (as long as it is utilized by NNSC). If an alternative test is adopted as a formative assessment, those scores may be used instead of or in addition to the NWEA.
4. A history of academic integrity.
5. A history of work completion and class participation.

Note: These requirements apply only to classes designated "honors." AP and Dual Credit opportunities are open to all students who complete the prerequisites for enrolling in the course.

HONOR ROLL

There are two honor rolls that recognize student achievement: A "B" Average Honor roll for students with no grade below a B-, and a "Distinguished Honor Roll" for students with no grades below an A-. All grades are counted on computing the Honor Roll.

INCOMPLETE GRADES

A student will be given an "I" for incomplete if extended illness or some reason beyond the student's control prevents him/her from completing work on time. A student will be given no longer than one (1) day for each day absent to make up work. The MAXIMUM limit will be two weeks after which the "I" will become an "F". This guideline may be altered at the discretion of the Principal if the absenteeism is excessive or if it appears unreasonable for the student to complete all of the work missed within a reasonable amount of time.

PROCEDURE:

The teacher will communicate with the student before the end of the grading period to inform him / her of:

1. What is expected in order to meet the grading requirements.
2. The date the "I" is to be completed.

The teacher will report the final grade to the Registrar for processing.

The student has the responsibility to communicate with the teacher to determine what work is expected of him/her and the date it is due.

NATIONAL HONOR SOCIETY

The Polaris Chapter of the National Junior Honor Society and National Honor Society is an organization dedicated to recognizing junior high and high school students who exemplify leadership and character, encourage the development of scholarship, and encourage service both to the school and community. Membership is governed by the rules of the National Honor Society. To be eligible for membership, a candidate must have been in attendance for a period equivalent to one semester and have a cumulative G.P.A. of 3.5 or better for 12th grade, G.P.A. of 3.75 or better for 11th grade, G.P.A. of 3.85 or better for 10th grade. Students who meet these minimum requirements will be asked to fill out a questionnaire, listing their qualifications in leadership and service. In addition, a teacher evaluation of a student's character, leadership and service, is requested. A five-member faculty council is appointed to evaluate the candidates. Final selection is determined by majority vote. Those students selected will be notified by mail.

STUDENT ASSISTANCE

There are programs available for students who require assistance to attend North Newton Jr./Sr. High School. The student or parent may request appropriate forms at any time of registration.

Rental textbooks and fees — Students who cannot pay the charges assessed for materials needed in class will not be deprived usage of such if the appropriate form is completed and the family qualifies.

Lunch — Students who do not have the money for lunch are encouraged to have their parent complete the appropriate form and return it to the Main Office or Cafeteria. Every effort will be made to retain the anonymity of the student.

WITHDRAW / FAIL POLICY AND SCHEDULE CHANGES

Voluntary Student Withdrawal from a Class

A student may request a change to his or her schedule within the first 10 (school) days of a semester. Changes to student schedules will be contingent upon the following:

1. There is a demonstrated need for the change:
 - A. The student has changed diploma / career pathways and requires a different elective course.
 - B. The student has struggled with prerequisites for a course and both the teacher and student do not feel continuing on is in the best interest of the student.
 - C. Medical or other factors that would prevent the student from completing the requirements of the course.
 - D. Exceptional circumstances presented to and approved by the principal.
2. An acceptable academic alternative is available.
3. The change does not cause the course to fall below minimum enrollment.

Note: All voluntary changes to a schedule are subject to review and approval by the Director of Guidance and the building principal.

Withdraw / Fail

After the first 10 days of a semester a student may be withdrawn and assigned a grade of W/F for the following reasons:

1. Student voluntarily seeks to withdraw from an elective course (not required or needed for graduation).
2. Student has a history of truancy, excessive tardiness, or other attendance issues that will prevent him / her from passing the course.
3. Student exhibits a pervasive pattern of disruptive behavior that substantially interferes with a teacher's ability to conduct class.
4. Student exhibits a pervasive pattern of non-participation in classroom activities (class work / homework / activities / tests) that will result in a failing grade whether or not the student remains in the course and there is no academic benefit for the student to remain in the course.
5. As an alternative to expulsion for offenses related to gross disrespect to staff, threats made against the teacher, or other such issues, a student may be assigned a W/F and placed into study hall.

Teacher-Initiated Withdraw / Fail

A teacher may request a student be withdrawn from his or her class and assign a grade of W/F. Such a request must be made in writing to the building principal detailing the following:

1. Why the teacher wishes to have the student withdrawn.
2. Why it is not feasible for the student to remain in the class.
3. Appropriate documentation / evidence to indicate a pattern of pervasive behavioral, attendance, or academic issues in the classroom.

If the principal agrees with the teacher recommendation, the student's parents or guardians will be notified and the student will be given a hearing at which he or she may choose to defend his or her right to remain in the class, enter into a "Last Chance" contract with the teacher, or agree to be withdrawn and assigned a grade of W/F.

A "Last Chance" contract may be drawn up if the student chooses to remain in the course against the teacher recommendation for withdrawal. The contract will identify behaviors or issues that have prevented the student from being successful, operationally define these behaviors or issues and state that any further instances will result in an automatic W/F process being implemented. This document will waive all future rights a student may have to a hearing.

Student-Initiated Withdraw / Fail

After the first 10 days of a semester, a student may request to be withdrawn from a course and assigned a grade of W/F by notifying his or her guidance counselor and requesting a W/F form. This form will need to be signed by the student, parent or guardian, teacher, counselor and building principal before the student will be withdrawn from the class.

The building principal reserves the right to refuse to permit any student to voluntarily withdraw from a class.

Withdraw / No grade Issued

After the first 10 days of the semester, a student may request to be withdrawn and receive no grade other than "W" which will not count against his or her GPA. This will be permitted only in extreme circumstances that include, but are not limited to, the following:

1. Medical conditions, trauma, or loss that result in long-term absence from courses that are experiential or laboratory based.
2. Extraordinary circumstances not otherwise accounted for in the W/F policy.
3. The well-being of the student is adversely affected by the course.

Process:

To request a W as opposed to a W/F, the student must:

1. Produce substantial evidence to support his or her need to be withdrawn.
2. Receive a teacher recommendation for withdrawal without a failing grade.
3. Receive the approval of the principal.

Note: The withdrawal of a student without receiving a failing grade is a highly unusual situation. When a student enrolls in a course, the expectation is that he or she embraces the challenge of the course and sees it through to the end. However, no one can foresee and account for every scenario. This provision is included solely to address highly irregular or unusual circumstances.

GUIDANCE AND GRADUATION REQUIREMENTS

AP TESTING POLICY

All Students in the following classes (Calculus, English 12 AP, Us History AP, or any future AP course) must take the AP exam. Currently, Calculus, English AP and Biology II Ap students and students enrolled in the free/reduced lunch program do not have to pay. Students that must pay for the exam have several options. Pay for the exam (currently \$91). This will not be billed until the 1st week in April because Indiana sometimes pays for part of the test. Or, students may take these classes as Dual Credit (\$25/credit). Most classes are 3 credits per semester. If a student fails to pay for the class and is removed by the College, then the student will be automatically be signed up for the AP exam and be responsible for the cost of the exam. We would prefer that any student that enrolls in Dual Credit take the AP Test as well, but it will not be mandatory. Remember, an AP course only counts towards the Academic Honors Diploma if the course and test are both taken. No AP score results will be sent to college unless the student shares them. Any student that fails to take the AP Test or fails to take the class as Dual credit may be removed from the class at the discretion of the Principal.

COUNSELING SERVICES

The Counselors are located in the Pat Anderson Student Services Center across from the Administrative Office. Guidance Services help students with social, educational, vocational, and personal development. The counselors maintain contact with and have information about colleges, vocational schools, industry, and the military services to aid students in making career choices. Students are to contact in the Student Service Center to get a pass and make an appointment to see one of the counselors.

CREDIT REQUIREMENTS

In addition to the state diploma requirements, North Newton students must take one semester of Careers.

CURRICULUM AND COURSE OF STUDY

North Newton Jr./Sr. High School is comprehensive in the course offerings available to students. Students can expect to have valuable experiences which will help prepare them for almost any vocation or profession which they choose. A Curriculum Guide is updated and published each school year and made available to assist students in planning their program of study.

INDIANA GENERAL HIGH SCHOOL DIPLOMA

Beginning with students who enter high school in 2007–2008, the completion of Core 40 becomes an Indiana graduation requirement. Indiana’s Core 40 curriculum provides the academic foundation all students need to succeed in college and the workforce.

Opt-Out Process for Indiana’s New Graduation Requirements Indiana Code 20-32-4-7, 8,9,10

To graduate with less than Core 40, the following formal opt-out process must be completed:

- The student, the student’s parent/guardian, and the student’s counselor (or another staff member who assists students in course selection) must meet to discuss the student’s progress.
- The student’s Graduation Plan (including four year course plan) is reviewed.
- The student’s parent/guardian determines whether the student will achieve greater educational benefits by completing the general curriculum or the Core 40 curriculum.
- If the decision is made to opt-out of Core 40, the student is required to complete the course and credit requirements for a general diploma and the career/academic sequence the student will pursue is determined.

Core 40 Triggers

The following conditions may trigger a discussion about opting-out of Core 40:

- 1) A parent may request that a student be exempted from the Core 40 curriculum and be required to complete the general diploma to graduate, or
- 2) The student does not pass at least three (3) courses required under the Core 40 curriculum, or
- 3) The student receives a score on the graduation examination that is in the twenty-fifth percentile or lower when the student takes the graduation examination for the first time.

In each case, the student’s parent and the student’s counselor (or another staff member who assists students in course selection) shall meet to discuss the student’s progress. Following the meeting, the student’s parent shall determine whether the student will achieve greater educational benefits by: (1) continuing the general curriculum; or (2) completing the Core 40 curriculum.

SUPPORTING STUDENT SUCCESS

THREE WAYS TO MEET INDIANA'S GRADUATION EXAMINATION REQUIREMENTS

Special Note: Graduation requirements are frequently in transition at the state level. Any changes by the State of Indiana may supersede the information in this section. Currently, the state is in the process of implementing the new Graduation Pathways requirements which may offer other options for students struggling to meet current graduation requirements. It is important to meet with the guidance department to know all the current options available to students to meet the graduation requirements.

The current graduation examination requirements for students in high school are the ISTEP 10 English and ISTEP 10 math tests. Students will also be required to take the ISTEP 10 science section, but are not required to pass it to graduate.

Indiana's ISTEP+ state examination graduation requirement can be met in three ways:

1. Pass the State mandated graduation qualifying exams.
2. Fulfill the requirements of the Evidence-based waiver; or
3. Fulfill the requirements of the Work Readiness waiver.

(IC 20-324-4)

Students who are unsuccessful in passing the State mandated exams by the end of their senior year, may be eligible for one of two state waivers by:

1. Fulfilling the requirements of the Evidence-based Waiver:

- Take the graduation examination in each subject area (math and English) in which the student did not achieve a passing score at least one time each year after the school year in which the student first took the examination.
- Complete help sessions offered each year by the school in preparation for the graduation examination retest opportunities.
- Maintain a school attendance rate of 95% or better over the course of the high school experience (excused absences are not counted against a student's attendance rate).
- Maintain a grade point average of "C" or better in the courses required for graduation (a total of 34 credits — see attached list).
- Satisfy local graduation requirements.
- Obtain a written recommendation from a teacher of the student in the subject area(s) not passed. The recommendation must provide documentation that the academic standards have been met, either through other tests or classroom work and must be agreed upon by the principal.

2. Fulfilling the requirements of the Work Readiness Waiver:

- Take the graduation examination (ECA) in each subject area (Algebra I and/or English 10) in which the student did not achieve a passing score at least one time each year after the school year in which the student first took the examination.
- Complete help sessions offered each year by the school in preparation for the graduation examination retest opportunities.
- Maintain a school attendance rate of 95% or better over the course of the high school experience (excused absences are not counted against a student's attendance rate).
- Maintain a grade point average of "C" or better in the courses required for graduation (a total of 34 credits — see attached list).
- Satisfy local graduation requirements.
- Complete all of the following: Meet the course and credit requirements for a General Diploma (including the career academic sequence);

Complete a workforce readiness assessment; and one of the following:

- A. Complete a career exploration internship course,
- B. Complete a cooperative education course, or
- C. Earn a workforce credential (recommended by the school).

Children with disabilities (IC 20-32-4-5)

If a student with a disability (as defined in IC 20-35-1 -2) does not achieve a passing score on the graduation examination, the student's case conference committee (CCC) may determine that the student is eligible to graduate if the CCC finds the following:

- The student's teacher of record, in consultation with a teacher of the student in each subject area in which the student has not achieved a passing score, makes a recommendation to the CCC. The recommendation must:
 - o be agreed upon by the principal of the student's school; and supported by documentation that the student has attained the academic standard in the subject area based on:
- tests other than the graduation examination; or
- classroom work.
- The student meets all of the following requirements:
 - o Retakes the graduation examination in each subject area in which the student did not achieve a passing score as often as required by the student's individualized education program (IEP).
 - o Completes remediation opportunities provided to the student by the student's school to the extent required by the student's IEP.
 - o Maintains a school attendance rate of 95% or better over the course of the high school experience to the extent required by the student's IEP (excused absences are not counted against a student's attendance rate).
 - o Maintains a grade point average of "C" or better in the courses required for graduation (a total of 34 credits — see attached list).
 - o Satisfies all state and local graduation requirements.

CREDITS AND COURSES THAT COUNT FOR THE "EVIDENCE-BASED" AND "WORK READINESS" WAIVERS

For students entering high school in the 2006-07 school year or after, the "courses required for graduation" in computing the "C" average for the "evidence-based" and "work readiness" waivers include the following 34 credits:

- (1) Language Arts — 8 credits (including a balance of literature, composition, and speech).
- (2) Social Studies — 4 credits (must include 2 credits in US History, 1 credit in US Government and 1 credit in "another social studies course, Global Economics or Consumer Economics").
- (3) Mathematics — 4 credits (must include 2 credits in Algebra I or Integrated Mathematics I and 2 additional mathematics credits. All 4 credits must be earned after the student enters high school).
- (4) Science — 4 credits (must include 2 credits in Biology and credits from at least one additional science category — Physical or Earth/Space Science).
- (5) Health and Wellness — 1 credit
- (6) Physical Education I & II — 2 credits
- (7) Career-academic sequence — 6 credits
- (8) Flex credits — 5 credits

*Note that while a "C" average is needed in the 34 credits noted above to earn a waiver; students must still earn a minimum of 40 credits to earn an Indiana diploma.

NCAA DIVISION I & DIVISION II ELIGIBILITY GUIDELINES

If you are planning to enroll in college as a freshman and you wish to participate in Division I or Division II athletics, you must be certified by the NCAA Initial-Eligibility Clearinghouse. The Clearinghouse was established by the NCAA member institutions in January 1993. The Clearinghouse ensures consistent application of NCAA eligibility requirements for all prospective student athletes at all member institutions. It is your responsibility to make sure the Clearinghouse has the documents it needs to certify you. Application forms are available in the Guidance Office. A quick reference sheet for NCAA Freshman eligibility standards can be accessed at www.ncaaclearinghouse.net/ncaa/NCAA/common/index.html the official NCAA web site. This web page also provides a core grade

point average sliding scale. Any student interested in Division I or II athletics is strongly urged to visit this site or seek pertinent information from our guidance department.

NEW STUDENT ENROLLEES AND RE-ENROLLING STUDENTS

Enrollment procedures at North Newton Jr./Sr. High School are administered by the counseling staff. The student must be in good standing with the sending school and be able to present birth certificate, proof of guardianship and residency.

ONLINE COURSEWORK AND CREDIT RECOVERY PROGRAMS

North Newton Junior-Senior High School partners with Edmentum Courseware to offer online options for some classes. However, enrollment in online classes is determined on a need basis and is primarily intended for credit recovery purposes if a student has failed a class needed for graduation. There are also other special circumstances that may exist that make it necessary for a student to work online in order to stay on track for graduation. Enrollment in online courses is at the discretion of NN administration.

Prior to beginning an online course, students must:

- Pay the \$30 registration fee
- Complete an Online Course Agreement (OCA) that identifies the start date, end date, drop date and explains requirements and expectations for the independent study course.
- The OCA must be signed by a parent and returned to the guidance office.
- Classes not completed by the end date will be entered as a W/F and the \$30 fee will not be returned.

Note: Students have greater freedom to complete online courses during the summer. Administrative approval is not required for enrollment during the summer. Students may only be enrolled in (2) classes at a given time and all summer school classes must be completed by 11:59 pm on July 31st.

Other forms of distance education outside of NN's Online program may be utilized with approval of the Director of Guidance. However, North Newton is not responsible for any support for programs run by outside companies. Parents must ensure that the coursework is from an accredited institution.

PERMANENT RECORDS AND TRANSCRIPTS

Permanent records of student grades and test scores are maintained in the school office. The privacy laws give you and your parents the right to review these records. Transcripts will be forwarded to you if:

1. A transcript release is signed by the parent if the student is not 18 years of age. If the student is eighteen, the form can be signed by the student.
2. Currently enrolled students may forward as many copies of their transcript to colleges and other agencies as they need them.
3. Transfer of records between schools will be processed automatically upon request from the receiving school, as in the case of a student who transfers to another high school.

POST SECONDARY/NORTH NEWTON CREDIT ENROLLMENT RULE (ARTICLE 10)

Credit may be earned at any accredited public or private college or university located in Indiana that grants a baccalaureate or associated degree. Any student in grades 11 or 12 may enroll either in full-time or part-time in a college or university program to earn credits toward graduation from high school as well as credits in the college program if:

1. Progress toward graduation is not delayed
2. North Newton could not offer the course
3. The course is a course for which credit can be given. Website <http://www.transferin.net/CTL/View-Courses-By-CTL-Name.aspx>
4. The student is in good-standing with North Newton

It is counted as a weighted course if approved by principal and counselor. Grade received by May 20 the current school year.

STUDENT RECORDS

Student records are governed and controlled with adopted policy to comply with the provisions of the "Family Educational Rights and Privacy Act of 1974" (20 U.S.C., 1232g) and the regulations of the Department of Health, Education, and Welfare.

VALEDICTORIAN - SALUTATORIAN

Students of North Newton Jr./Sr. High School will be considered for positions of Valedictorian and Salutatorian on the basis of GPA after 8 semesters of study, provided they have been enrolled in five (5) full credit courses during their eighth semester. In addition,

students must have been enrolled in North Newton Jr./Sr. High School for at least two (2) full semesters. Valedictorians will be all students ranked number one (1) in their class including ties.

WITHDRAWALS

Prior to withdrawing from school, students and/or parents must notify the Student Services Office. All obligations must be met before the withdrawal is official. These include returning rental materials, and paying all fees assessed against the student.

WORK PERMITS

Work permits are issued by the Guidance Department. The student should bring his birth certificate and the completed "Intent to Employ" form signed by his parents, his employer, and him / herself. A new permit is needed when the employee changes employment. Students are asked to allow 24 hours for the processing of the permit after the initial request.

In accordance with Indiana Law, North Newton School Corporation will issue a work permit to any student enrolled in North Newton Jr./Sr. High School — age 14, 15, 16, 17, who shall maintain a cumulative GPA of C- or 1.67 on a 4.0 scale.

In accordance with Indiana Law, the North Newton Jr./Sr. High School Issuing Office shall have the power to revoke a work permit if a student's GPA falls below the above stated level of performance.

TECHNOLOGY GUIDELINES

NORTH NEWTON SCHOOL CORPORATION

ACCEPTABLE USE POLICY

TECHNOLOGY USAGE

The North Newton School Corporation recognizes the educational and professional value of electronics-based information technology, both as a means of access to enriching information and as a tool to develop skills that students need.

The school corporation's technology exists for the purpose of maximizing the educational opportunities and achievement of corporation students. The professional enrichment of the staff and Board and increased engagement of the students' families and other patrons of the school corporation are assisted by technology, but are secondary to the ultimate goal of student achievement.

Use of technology resources in a disruptive, manifestly inappropriate or illegal manner impairs the school corporation's mission, squanders resources and shall not be tolerated. Therefore, a consistently high level of personal responsibility is expected of all users granted access to the school corporation's technology resources. Development of students' personal responsibility is itself an expected benefit of the school corporations technology program.

DEFINITIONS

For the purpose of this policy and related regulations, procedures and forms, the following terms are defined:

User – Any person who is permitted by the school corporation to utilize any portion of the school corporation's technology resources including, but not limited to, students, employees, School Board Members, and agents of the school corporation.

User Identification (ID) – Any identifier that would allow a user access to the school corporation's technology resources or to any program including, but not limited to, email and Internet access.

Password – A unique word, phrase or combination of alphabetic, numeric, and non-alphanumeric characters used to authenticate a user ID as belonging to a user.

TECHNOLOGY ADMINISTRATION

The School Board of Trustees directs the Superintendent or designee to create rules and procedures governing technology usage in the school corporation to support the school corporation's policy, as needed.

The School Board of Trustees directs the Superintendent or designee to assign trained personnel to maintain the school corporation's technology in a manner that will protect the school corporation from liability and will protect confidential student and employee information retained or accessible through school corporation technology resources. Trained personnel shall establish a retention schedule for the regular archiving or deletion of data stored on school corporation technology resources in accordance with the Public School District Retention Manual published by the Missouri Secretary of State. Administrators of computer resources may suspend access to and/or availability of the school corporation's technology resources to diagnose and investigate network problems or potential violations of the law or school corporation policies, regulations, and procedures.

USER IDENTIFICATION AND NETWORK SECURITY

The school corporation technology resources may be used by authorized students, employees, School Board Members, and other persons such as consultants, legal counsel and independent contractors.

Use of the school corporation's technology resources is a privilege, not a right. No student, employee or other potential user will be given an ID, password or other access to school corporation technology if he/she is considered a security risk by the Superintendent or designee.

Users must adhere to school corporation policies, regulations, procedures, and other school corporation guidelines. All users shall immediately report any security problems or misuse of the school corporation's technology resources to an administrator or teacher.

USER AGREEMENT AND PRIVACY

Unless authorized by the Superintendent or designee, all users must have an appropriately signed Receipt of Student Handbook Agreement on file with the school corporation before they are allowed access to school corporation technology resources. All users must agree to follow the school corporation's policies, regulations, and procedures.

In addition, all users must recognize that they do not have a legal expectation of privacy in any electronic communications or other activities involving the school corporation's network and technology resources only on condition that the user consents in his/her sign off of the Receipt of Student Handbook Agreement to interception of or access to all communications accessed, sent, received or stored using school corporation technology.

CONTENT FILTERING AND MONITORING

The school corporation will monitor the online activities of minors and operate a technology protection measure ("filtering/blocking device") on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will be used to protect against access to visual depictions that are obscene, harmful to minors and child pornography, as required by law. Because the school corporation's technology is a shared resource, the filtering/blocking device will apply to all computers with Internet access in the school corporation. Filtering/Blocking devices are not foolproof, and the school corporation cannot guarantee that users will never be able to access offensive materials using school corporation equipment. Evasion or disabling, or attempting to evade or disable, a filtering/blocking device installed by the school corporation is prohibited.

The Superintendent, designee, or the school corporation's technology administrator may disable the school corporation's filtering/blocking device to enable an adult user access for bona fide research or for other lawful purposes. In making decisions to disable the school corporation's filtering/blocking device, the administrator shall consider whether the use will serve a legitimate educational purpose or otherwise benefit the school corporation.

CLOSED FORUM

The school corporation's technology resources are not a public forum for expression of any kind and are to be considered a closed forum to the extent allowed by law.

The school corporation's webpage will provide information about the school corporation, but will not be used as an open forum. The school corporation's webpage may include the school corporation's address, telephone number, and email address where members of the public may easily communicate concerns to the administration and the School Board of Trustees.

All expressive activities involving school corporation technology resources that students, parents, and members of the public might reasonably perceive to bear the imprimatur of the school and that are designed to impart particular knowledge or skills to student participants and audiences are considered curricular publications. All curricular publications are subject to reasonable prior restraint, editing and deletion on behalf of the school corporation for legitimate pedagogical reasons.

All other expressive activities involving the school corporation's technology are subject to reasonable prior restraint and subject matter restrictions as allowed by law and Board policies.

NORTH NEWTON SCHOOL CORPORATION

IPAD RESPONSIBLE USE POLICY

This iPad Responsible Use Policy is intended to promote responsible use, and to protect students and the school from liability resulting from any misuse of the school-issued iPad. Technology, on or off campus, must be used in accordance with the mission and philosophy of North Newton School Corporation, as well as the Acceptable Use Policy for Technology as stated in the Student Handbook.

Teachers may set additional requirements for use in their respective classes. The iPad remains the property of North Newton School Corporation at all times. Therefore, there is no assumption of privacy. North Newton School Corporation reserves the right to inspect student iPads at any time during the school year. Misuse of the iPad may result in disciplinary action. Above all, the iPad program at North Newton is an academic program, and the policies governing the use of the iPad support its academic use. To maintain the integrity of the iPad program, all students and parents/guardians must agree to the following conditions of use:

1. IPAD CARE

Students are responsible for the general care of the iPad they have been issued by the school. iPads that are broken or fail to work properly must be immediately reported to the school for an evaluation of the equipment.

General Care:

- o Keep the iPad in the district-issued case at all times. Failure to have it in district issued case may result in a disciplinary action.
- o Labels, stickers, or screen protectors placed on the iPad by the technology department will not be removed.
- o Do not write on or place any labels or stickers on the iPad or district-issued case, or the device itself.
- o Do not leave the iPad out in extreme heat or cold.
- o Do not leave the iPad in a vehicle or place it on top of a vehicle.
- o Keep food, drink, pets, etc. away from the iPad at all times.

Carrying your device:

Though the protective case provided with the iPad has sufficient padding to protect the device from normal treatment, and provide a suitable means for carrying the device within the school, here are some things to consider:

- o Never pile things on top of the iPad.
- o Limit the number of items carried within a backpack with the iPad to limit the amount of pressure applied to the iPad screen.
- o Try not to drop the iPad, as the screen is made of glass and could break.
- o Avoid bumping the iPad against any surface
- o Use iPad on a flat surface, away from the edge of desks and tables.
- o Do not leave the iPad unattended at any time including during class, extracurricular activities, lunch, locker room, etc.
- o Do not lend the iPad to a classmate, friend, or family member.

Screen Care:

- o Avoid touching the screen with pens/pencils. Use an appropriate stylus.
- o Clean the iPad screen with a soft, dry, anti-static cloth.
- o Use of harsh chemicals WILL damage the screen.
- o If absolutely necessary, use a screen cleaner designed specifically for LCD type screens.

2. USING YOUR IPAD AT SCHOOL

iPads are intended for use at school each day. Students must be responsible to bring their iPad to all classes, unless specifically instructed not to do so by their teacher.

Power Management:

- o iPads must be brought to school each day in a fully charged condition. Students need to charge their iPads each evening. Only charge your iPad with the provided charger.
- o Users with no battery life may bring the iPad to the Media Center for charging. Abuse of this privilege will result in a possible consequence.

- o Students will be allowed a loaner iPad while their iPad is charging. If the student repeatedly (2 or more times) comes with their iPad uncharged, they will lose this privilege, and will not have access to a loaner iPad. They must then wait until theirs is fully charged.
- o Students should NOT bring their chargers from home, as this will increase the likelihood of losing equipment.

iPads Left at Home:

If students leave their iPad at home, they are responsible for getting the course work completed as if they had their iPad present. If a student repeatedly (three or more times, or as determined by any staff member) leaves their iPad at home, they will be required to “check out” their iPad from the office for three (3) weeks.

iPad Repairs:

- o A loaner iPad will be issued to students when they leave their iPad for repair.
- o All repairs will be completed by North Newton Technology Department, or our approved external vendor. Third party repairs are not allowed.

3. USING YOUR IPAD AT HOME

Home Internet Access:

- o Students are allowed to set up wireless networks on the iPads. This will assist them with iPad use while at home.
- o DO NOT sync your school issued iPad with a home computer. Only use the Apple ID set up by your school for your school account.

Acceptable Use Policy:

- o Though allowed for home use, the iPad issued to the student is property of North Newton School Corporation.
- o The student must adhere to the same Acceptable Use Policies set by the corporation for home usage as well.

4. SAVING YOUR WORK AND PRINTING

Saving Your Work:

- o Students will save their work through Google Drive. This can be accessed on district computers as well.
- o It is the student’s responsibility to ensure that work is not lost due to mechanical failure or accidental deletion.

Printing:

Students will be able to print directly from their iPad at school. Printing may also be done on a computer through Google Drive.

5. SOFTWARE/APPS ON IPAD

- Originally Installed Software:
 - o The software/apps originally installed by NNSC must remain on the iPad, in usable condition, and be easily accessible at all times.
- Additional Software/Apps:
 - o From time to time the school may add software applications for use in a particular course.
- Software Upgrades:
 - o Upgrade versions of licensed software/apps are available from time to time. Students will be required to initiate these updates.

6. EMAIL FOR STUDENTS

Purpose:

- o All students will receive an individual email account. With these email accounts, students will have access to Google Apps for Education, which include productivity and management tools such as email Google Drive, Google Calendar, and much more.
- o All iPads will be set up with the school email account so students can quickly and easily send messages and schoolwork to teachers. This setup will happen during orientation, and the email account is required to remain on the iPads through the course of the school year.

Guidelines and Reminders:

- o School email accounts should be used for educational use only.
- o Students should only have their school email account set up on their iPad.
- o No personal email accounts should be set up on the iPad.

- o ALL communication from students to teachers must be on their school issued email account. Personal accounts are not an acceptable means of communication with teachers.
- o Email transmissions at school are subject to inspection by teachers and/or administrators if deemed necessary.
- o All email and contents are property of North Newton School Corporation.
- o Only the authorized user of the account should access, send, and/or receive emails for the account.
- o Passwords should be protected and never shared with other students.

7. TECHNOLOGY AND CLASSROOM BEHAVIOR RELATED VIOLATIONS

Technology Related Violation	Equivalent "Traditional" Classroom Violation
Failure to bring iPad to school	Coming to class unprepared
Missing case	Not having required supplies
Email, texting, web surfing during instruction	Passing notes, games, etc.
Damaging, defacing, decorating iPads	Vandalism/Property damage

8. PERSONAL SAFETY

Users should recognize that communicating over the internet brings risks associated with the lack of face-to-face contact. Users should carefully safeguard their personal information and that of others. Users should never share personal information, including phone number, address, social security number, birthday, or financial information, over the internet without parental and/or teacher permission. Students should never agree to meet someone they meet online in real life. If the user sees a message, comment, image, or anything else online that makes him/her concerned for his/her personal safety, it should be brought to the attention of school personnel or a parent immediately.

9. CYBER-BULLYING

The National Crime Prevention Council defines cyber-bullying as "When the internet, cell phones, or other devices are used to send or post text or images intended to hurt or embarrass another person." Cyber-Bullying will not be tolerated and is strictly forbidden. The user should remember that digital activities are monitored and retained. Report cyber-bullying immediately to school personnel.

10. LIABILITY

The student, along with their parent/guardian, are ALWAYS liable for the iPad. Therefore, the student/parent/guardian is responsible for the cost to repair and/or replace, at the date of loss, the iPad, case, charger, etc.

11. REPAIRING OR REPLACING YOUR IPAD*

North Newton School Corporation offers insurance for iPads at: One2Onerisk.com. Students and parents may purchase insurance at any time and fees / deductibles for repair are determined by and paid to One2One Risk Solutions. North Newton does **not** collect money for iPad repair, nor do we make money off of the repair process. While you can purchase insurance at any time, you must have insurance at the time your iPad is damaged in order for it to be covered.

Fees during 2019-20 School Year (for reference)

1st Incident	\$0	\$89.00
2nd Incident	\$25	\$99.00
3rd Incident	\$50	\$99.00

Note: An insured iPad can only have 3 claims per year. After that, you are responsible for the cost of any repairs to the device as determined by One2One Risk Solutions. iPads making a claim as "Stolen" must be reported to local law enforcement and a police report must be obtained. The above was the fee schedule for 2017-18 school year and is subject to change with approval of the NNSC Board of Trustees.

Criminal penalties make the violators subject to fines of up to \$10,000.00 and prison terms of up to five years.

Each of the following provisions of this policy for the use of computer facilities, equipment, and software, belonging to the North Newton School Corporation, applies to all school employees, all students, and any member of the community at large using said facilities, equipment, or software.

5. Theft of, or willful/irresponsible damaging of any computer facilities, equipment, or software belonging to the school corporation is not permitted.
6. No unauthorized person may use equipment, software, security, passwords, or access codes belonging to the school to access or attempt to access data files, a network or data systems from either local or in remote location.
7. Anyone witnessing the violation of any of the above provisions is expected to report the violation to the teacher in charge at the time of the violation or to the appropriate administrator.

PENALTIES

1. If a student violates any provisions of the school policy, the student:
 - a. will be denied access to all corporation networked facilities, equipment, and software for the rest of the school year, or one semester whichever is longer. Therefore, when class assignments require the use of the NNSC computer equipment and/or software, the STUDENT must make arrangements with the instructor for alternative assignments that do not allow networked computer use.

- b. will be removed from the class in which the violation occurs with a grade of "WF" if the majority of the assignments are centered around the computer.
 - c. may also be suspended from school for a period of time, at the discretion of the appropriate administrator.
 - d. will be subject to legal prosecution if the offense so warrants.
2. If a student violates any provision of this policy a second time, the student will be denied access to all corporation networked computer facilities for the remainder of his or her school career.
 3. If an employee of the corporation or a member of the community at large violates any provisions of the school policy, that person will be denied access to all computer facilities, equipment and software belonging to the corporation for an appropriate time period.

Any student using the Internet in a manner obviously inappropriate for school will face the same penalties assessed for other violations.

USER RESPONSIBILITIES

A student, school employee, or member of the community at large using corporation computers will:

1. Adhere to the school's computer policy without deviation or exception.
2. Refrain from bringing unauthorized software or disks into the school building.
3. Use only equipment, software, data files, and access codes assigned to him or her.
4. Refrain from bringing food, drinks, or chewing gum around the corporation computer equipment.
5. Report any equipment damage or problems using equipment or software to the teacher in charge and make no attempt to "fix" it.

INFORMATION REGARDING CELL PHONES/ PERSONAL ELECTRONIC DEVICES/SCHOOL-ISSUED IPAD CONTENT AND DISPLAY

When a student has a phone alert, but isn't using the phone, the first offense will receive a warning. All subsequent offenses will be considered a cell phone use and progressive consequences will apply.

- The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with "child exploitation" or "child pornography" as defined by Indiana Criminal Statutes.
- It is "child exploitation," a Class C felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph or create a digitized image of any incident that includes "sexual conduct" by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes "sexual conduct" by a child under the age of 18.
- It is "child pornography," a Class D felony under I.C. 35-42-4-4(c), for any person/student to **possess** a photograph, motion picture, digitized image, or any pictorial representation that depicts or describes "sexual conduct" by a child who the person knows is less than 16 years of age or who appears less than age 16.
- "Sexual conduct" is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhibition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.
- The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, as of May 2009, require persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.
- Because student cell phones have been found in a number of Indiana school districts to have contained evidence of "sexual conduct" as defined above, it is important for parents and students to be aware of the legal consequences should this occur in our school system.

Refer to Behavior Discipline Regulations chart.

The hallway, athletic and physical education lockers are the property of North Newton Jr./Sr. High School and are subject to inspection by authorized school personnel. Students are reminded that "presetting" their locker combination makes the contents of their lockers accessible to all.

All lockers and other storage areas provided for students use on school premises remain the property of the school corporation and are provided for the use of the students subject to inspection, access for maintenance, and search pursuant to this section. No student shall lock or otherwise impede access to any locker or storage areas except with lock provided by or approved by the Principal in which the locker or storage area is located. They may be checked out for an extended period of time, if in the opinion of the librarian, it is a necessity and not hindering other students from using the materials. If materials are not returned promptly, it may be deemed that the book is lost and an assessment will be made to replace the material. Damaged materials will be replaced at cost and charged to the student. The Media Center also maintains iPads for students to borrow per the iPad Responsible Use Policy and at the discretion of the librarian.

STUDENT INJURIES

Even with the greatest precautions and the closest supervision, accidents can and do happen at school. They are a fact of life and a part of the growing up process our children go through.

Parents need to be aware of this and be prepared for possible medical expenses that may arise should their child be injured at school.

The school district does not provide medical insurance when students are injured at school. This is the responsibility of the parents or legal guardians.

RANDOM SCREENING POLICY & PROCEDURES

PURPOSE

North Newton Jr./Sr. High School believes that all students can be successful. This is especially true when obstacles that impede success are removed. The implementation of a random drug screening policy will offer students of North Newton Jr./Sr. High School a substance abuse-free environment. The purpose of this program is to create a supportive environment in which students are able to make responsible and healthy choices.

SCOPE

This program will include every student who participates in any school sanctioned extra-curricular activity, such as athletics, clubs, work programs, etc. Any student who wishes to drive to school will also be required to participate. Participation in the drug screening program is a condition of participation. Students or their parents/guardians who do not give consent will not be allowed to participate in a school sanctioned activity or drive to school until consent has been given. All students who fall into these categories will be required to submit urine sample if they are selected during the random screening process. Failure to give consent to participate or submit a sample will be considered as a positive result. This policy and procedure will not violate the rights or liberties of any participant in accordance with local, state, and federal laws.

The effective date of this program will be December 1, 2008.

DRUG EDUCATION

The administration will inform the parents of students of the conditions and expectations of the screening program and will provide a consent form. The consent form must be signed and returned prior to participation.

PHILOSOPHY

The philosophy of the program is to assist students in making healthy life choices. The purpose of this program is to educate, help, and direct students away from substance and alcohol abuse; and towards a healthy and substance-free participation. No student shall be expelled or suspended from school as a result of any verified positive test conducted by the school under this program other than those stated therein. However, a student will be suspended from extra-curricular activities and/or driving privileges if found in violation of this policy.

TESTING PROCEDURES

The testing procedure will consist of established procedures of the company contracted to take and process the samples given by the students. A copy of these procedures will be made available to parents, guardians, or students upon request.

1. Students' names will be placed into a pool/database and assigned a number. A list of students will be randomly selected by the testing company. The list will be sent to North Newton High School. Students will be given no advance notice or early warning of testing. The administration will bring each student to submit a sample. An area for sample collection will be provided that will ensure privacy and the integrity of the sample. The sample will be collected by a representative of the testing company.
2. If the student shows signs of reasonable suspicion, the administration may call the student's parent/guardian and ask that a student be tested. Factors will include, but are not limited to, excessive discipline problems and/or excessive absences from school. Also, parent/guardian may request testing of his/her student. A parent/guardian may request that their child be tested twice if they are not originally selected. This is to avoid the misuse of the process due to the cost of each test.
3. All samples will remain under the supervision of the administration of North Newton Jr./Sr. High School. The sample will be analyzed by the testing company. In addition a strict chain of custody will be enforced to eliminate invalid tests or outside influences.
4. All students will remain under the administration's supervision until they have produced an adequate sample. If the student is unable to produce a sample, the student may be given up to twenty four (24) ounces of fluid. If the student is still unable to produce a sample within one hour, the student's parent/guardian will be notified that the student will not be able to participate in the activities he or she is currently involved until a sample is produced.
5. If it is proven that tampering or cheating has occurred during the collection of the sample, the student will become ineligible for all activities until results are produced by the parent/guardian at their own expense.
6. The laboratory selected must follow the standards set by the Department of Health and Human Services and must be certified under the auspices of the Clinical Laboratory Improvement Act (CLIA).

CHAIN OF CUSTODY

1. The student will be escorted to the testing site by an administrator/designee. All students will not be sent to the testing site simultaneously. Testing four to five students at a time allows the testing to be carried out quickly and will not cause students to wait a long time, thereby creating a loss of important time from class.
2. Once at the health suite (testing area), the student must sign in and, as soon as called by the collection technician (or designee), provide a specimen.
3. The collection technician (or designee) will give each student being tested a specimen container. At that time the student will sign a verification form indicating the specimen container is untainted. The specimen container will remain in the student's possession until a seal is placed upon the specimen container by the collection technician (or designee). The student and collection technician (or designee) will sign that the specimen has been sealed. The seal may be broken or opened only by the laboratory testing the specimen.
4. If the seal is tampered with or broken after leaving the student's possession and prior to arriving at the lab, the specimen is invalid, and will be discarded without being tested.
5. The students will enter the restroom provided by the collection technician (or designee). Students will be instructed to remove coats and wash their hands in the presence of the supervisor. The door will be closed with the student by himself/herself in the restroom to provide a urine specimen. The supervisor will wait outside the restroom. The commode will contain a blue dye so the water cannot be used to dilute the sample.
6. The laboratory personnel will transport the specimen to the testing laboratory. The testing laboratory will report the results to the principal (or designee).

POSITIVE TEST RESULTS AND APPEAL

In the event a student tests positive by the laboratory, that result will be sent to a Medical Review Officer. The Medical Review Officer shall be a licensed physician with knowledge of substance abuse disorders. The role of the Medical Review Officer is to review and interpret positive test results. The Medical Review Officer is a physician knowledgeable in the medical use of prescription drugs and pharmacology and toxicology of illicit drugs. It will be the Medical Review Officer's role to determine any valid medical reason for the positive test. The Medical Review Officer will contact the principal (or designee) of the results. The principal (or designee) will contact the custodial parent/guardian and the student about these results. If an acceptable reason for the positive test is not established, the test will be considered "failed," and then the principal (or designee) will be contacted regarding the results.

In the event of a failed test, the student and custodial parent/guardian will be told that a restriction from participating in any of the listed activities and/or driving to school will be imposed for thirty (30) days. The student or his/her custodial parent/guardian may appeal by requesting that the urine sample (kept by the lab for a year) be tested again by the laboratory (or another accredited laboratory) at a cost to the student or his/her custodial parent/guardian.

To be able to resume the privilege of participating in activities and/or driving to school, the student will be tested again at the expense of the student or his/her custodial parent/guardian. This testing may occur at any time. The student will also be required to receive substance abuse assessment from an outside agency at the expense of the student or custodial parent/guardian. The results of this assessment will be forwarded to the principal (or designee).

If the student fails a test a second time, the student will be restricted from activities and/or driving to school for one calendar year. This restriction begins from the time the student or custodial parent/guardian is notified. Multiple failed tests are indicative of continued substance use and will mean that the student will be referred for professional evaluation to be paid for by the custodial parent/guardian.

WCMS COLLECTION PROCEDURES

Both WCMS and its collectors ensure the integrity and security of the specimen throughout the entire collection process. Our collectors are DATIA certified and follow all DOT regulations. We rely on our collectors to perform their job professionally and provide the donor's modesty and privacy.

- Step 1: Student checks in with collector and removes coat and empties pockets.
- Step 2: Collector writes the students assigned ID number on chain of custody, and has student sign his/her name on copy 2 of the chain of custody, student then initials both specimen labels.
- Step 3: Collector gives student a collection container to provide a specimen.
- Step 4: Collector prepares restroom for donor (stool will have dye and faucets turned off).
- Step 5: Collector explains to student, he/she will need to void about half way into specimen container, not to flush and bring specimen out to collector when finished.
- Step 6: Student enters restroom by him/herself, closes door, provides sample, hands specimen to collector. Students will not leave or have his/her sample out of their view until WCMS completes the remaining steps.

Step 7: Collector checks specimen temperature and color.

Step 8: Collector pours specimen into 2 vials (opened in front of student) then seals bottles and places specimen labels (initialed by student) on sealed bottles.

Step 9: Collector places the sealed specimen and chain of custody in the plastic bag and seals the specimen bag.

Step 10: Sealed bag with all items will be secure and transported back to WCMS, where they will be picked up and sent to out to our lab.
