Introduction

Hughes Academy used the strategic planning process to include all stakeholders in developing the portfolio. Teachers gave input for our strategic plan. Other stakeholders helped develop strategies for success and provided input regarding our goals for the next five years. Our new leadership team and devoted staff are determined to improve student achievement, to gain and develop resources, and to build stronger relationships with our community.

EXECUTIVE SUMMARY

Hughes Academy of Science and Technology has been in existence and in the same physical location for 64 years. Our school was named for Charles E. Hughes, a beloved professor and principal in Greenville County. For over half a century, the numerous accomplishments of our school have been made possible through the conscious efforts of our teachers, parents, administrators and community members.

Student Achievement

After review and analysis of student performance data, our leadership team found that various subgroups of students in our school typically perform below school and district expectations (i.e. LEP, SPED, AA). In effort to close the achievement gap, our school has implemented the following programs and strategies:

- Reading intervention and literacy programs (i.e. Language Live, Read 180/System 44, literacy coaching, ESOL services, and inclusion services).
- Gifted and Talented course offerings
- Implementation of STEAM and PBL units of instruction
- Support class for students who are identified as “approaching” in the area of Math.
- Remediation for students who are behind through 1-on-1 tutoring
- Instruction and assessment based on content mastery

Teacher Administrator Quality

All teachers at Hughes Academy hold Highly Qualified status. Ten percent of our staff are National Board Certified while two teachers will be going through the National Board process in the fall. Teachers continue to participate in professional development that promotes best practices. All members of our administrative team hold advanced degrees in educational leadership. Over half of our teachers hold advanced degrees, with ten staff members currently pursuing additional degrees and certifications in the areas of school leadership, literacy, curriculum and instruction, and project based learning.

School Climate

Based on the school report card surveys, parent, student, and teacher feedback, as well as various other surveys given throughout the year, the majority of our stakeholders are satisfied with our school’s climate. In order to continue fostering a positive school climate, we have implemented the following strategies and programs:

- Collaborating with feeder elementary schools and high schools for transition support from elementary school and to high school.
- Expanding student and staff achievement celebration and recognition (i.e. ROCKstar students, Teacher of the Month, PBIS, quarterly reward days, teacher and student attendance awards)
- Daily advisory time to support students.
- Initiating first semester parent meetings and community outreach events (i.e. PTSA Health Fair, Study Skills workshop, GPA lessons, Immersion Night, Magnet Night, Hughes Experience)
- Collaborating with Bon Secours St. Francis and Mentor Upstate to provide adult mentors for at-risk students.
- Extra-curricular clubs to encourage student involvement and sense of community.
- School Counselors work closely with grade level administrators and loop with the students for the three years they are in middle school.

Significant Challenges

- Teacher retention has been a challenge at Hughes over the past three years, but appears to have improved going into the 2019-20 school year.
- Meeting the unique needs of the diverse population of learners at Hughes Academy.
- Recruiting and retaining “zoned” students, many of whom had previously attended other schools of their choice.

- Hiring teachers and staff members that reflect the diverse student population.
- Due to physical challenges with facilities and infrastructures, our staff has worked hard to maintain a successful learning environment (i.e. broadband and Wi-Fi issues, HVAC issues, limited space due to location - impacting school traffic flow and ease of entry)

Significant Awards, Results, or Accomplishments:

- Palmetto Silver School Recipient
- Superior ratings for strings and band students
- Student artwork selected for Greenville County Drug Awareness Calendar
- Student publications in local media
- National Qualifiers in Junior Beta Club events
- National Junior Beta Club School of Excellence and Leadership School
- Junior Beta Club State President
- Special Olympic Gold, Silver, and Bronze Athletes
- 7 National Board Certified Teachers
- Increase in student enrollment from 848 in 2014 to 1009 in 2018
- Increase in magnet applications from 127 in 2014 to 234 in 2018
- Increasing the number of high school credit course offered from 6 in 2014 to 11 in 2018PTSA School of Excellence
- PTSA Middle Finalist in Enrichment Programs
- PTSA Middle Winner in Legislative Advocacy
- PTSA Middle finalist in Student Involvement
- PTSA Middle Winner in Communication
- PTSA Outstanding Administrator of the Year Finalist
- PTSA Outstanding Support Staff of the Year Finalist
- PTSA Outstanding Teacher of the Year - Middle School Winner
- PTSA Outstanding Local Unit of the Year Winner

SCHOOL PORTFOLIO

The community we serve is one of the most culturally diverse in Greenville County. Our school has been through many distinct transitions to meet the changing needs of the community we serve over our years of existence. The diversity of the socio-economic levels can create a challenging environment for meeting the educational and physical needs of all students. Hughes Academy is fortunate to have dedicated staff and parent and community volunteers to help meet these needs. The SIC meets regularly to ensure the community and school remain in sync. PTSA parents donate countless hours to provide for the needs of both students and staff.

It is a well-known fact that children from affluent families tend to find higher success rates in school, and while the gap has lessened, there still exists a large gap in achievement between races. The major goal of Hughes Academy of Science and Technology is to provide a solid and well-rounded education for each and every one of our students. We want to bridge the gap of student achievement between our diverse groups of students. One way we are addressing this is with a vibrant mentoring program. Students who need positive adult role models are paired with community and business volunteers who have positive conversations over lunch. It is also common for our mentors to take a proactive role in helping their mentees with classroom assignments. We are proud of the work our mentors put into making connections with Hughes students and have seen the positive results both academically and personally in our students.

Each of our three grade levels has a dedicated administrator and school counselor. Our school is proud to have separate wings for each grade level. These separate wings provide students with a close-knit feel to help them deal with the changes that middle school life brings. Our counselors loop with the students so that students have the same school counselor for the three years they are at Hughes. These relationships enable the school counselors the time to really get to know the students so that they can help them successfully navigate through middle school. We feel that our resources and time are best spent in close proximity to our students; our first priority.

We have also implemented a school wide behavior management program using the acronym ROCK. This program is intended to help support a productive learning environment. We will promote a positive culture by infusing the acronym ROCK into everything we do, say, and how we think. ROCK stands for Respect, Order, Communication, and Kindness.

Respect: Thinking and acting in a positive way about yourself and others.

Order: The arrangement or disposition of people or things in relation to each other according to a particular sequence, pattern, or method that makes your day easier.

Communication: The way people share their thoughts and feelings which is vital for building and maintaining relationships with friends and family, and for success in school and employment.

Kindness: Showing others they are valuable by how you treat them.

Hughes is a magnet school for Science, Technology, and Partial Spanish Immersion. We offer tracks of study in both technology and Spanish Immersion as part of our magnet program. In an effort to close another gap between what the corporate world needs in their workforce and how we educate our children, Hughes Academy of Science and Technology has implemented STEAM (Science, Technology, Engineering, Arts, Math). STEAM is a philosophy that provides students a project based learning experience. Students and teachers work together using the South Carolina state standards to incorporate multiple disciplines in providing solutions to real world issues. The STEAM holistic approach to teaching involves breaking the barriers of traditional individualized subject centered classes and creating cross-curricular, real world lessons with a project-based core. Through creating integrated units, our teachers facilitate learning environments that are fluid, dynamic, and relevant to solving problems of today and tomorrow. We have partnered with businesses who provide representatives to guide our students through real world applications. This allows our students to work in teams to problem solve which in turn develops 21st century skills. Our strong technology program accents STEAM well, as students not only learn, but apply the knowledge they acquire through our wide variety of technology course offerings.

Our Spanish Immersion Program is one of a kind and features rigorous academic curriculum aligned with the Foreign Language Standards Balanced Literacy Framework. Participating students develop second language proficiency in an academic context under the direction of bilingualism and biliteracy taught in Spanish Language Arts and Social Studies. The program features rigorous academic curriculum delivered through hands-on activities and opportunities for active involvement. Students develop the ability to think critically about the language and cultures across a broad range of subjects. The course offerings we have for our students are listed below.

MISSION

Hughes Academy's Mission

The mission of our school is to provide a safe and positive learning environment, while striving to address the changes, pressures and uncertainties that middle school age student's experience. Our school program is designed to recognize the uniqueness of this growth stage that takes students from childhood to adolescence. Our primary commitment is to promote excellence in academics, fine arts, athletics and other areas of student interest. Our motto is:

One Team, One Vision, One Hughes

Our Beliefs:

- Every child deserves a high quality education and we will strive to meet the unique developmental needs of our middle school students.
- A quality middle school education is more than academic success. The school experience will provide opportunities to engage the "whole child."
- School curriculum and instructional practices will be based on current research, professional reflection and analysis of student performance.
- Hughes Academy will work together with parents and community stakeholders to provide the best possible experience for students.
- All students can learn and should be actively engaged in the learning process.

Our Shared Vision

Hughes Academy is a diverse and collaborative community developing growth-minded learners.

We are at the point where our work is quite focused and teachers and staff support our vision. Our goal is to implement the vision throughout the school and in every classroom. To accomplish this, next year we plan to —

- purposefully examine student assessment data regularly, as a whole faculty and in grade-level teams to drive instruction
- utilize related arts teachers more effectively to help enhance the core curriculum and STEAM driven curriculum
- educate students on the use of test data to help them understand their own progress
- become involved in action research in our individual classrooms
- develop a non-threatening process for peer coaching
- share our work, so that every child in the school can benefit from each teacher's talents through peer observations and teacher led PD
- collect authentic assessment data so we can use it for action research
- develop a better data collection system so that we can use data for decision making in order to improve student achievement
- track the success of our students after they leave Hughes through communication with 9th grade academies

Per SBE Regulation 43-261, measurable performance goals, written in five-year increments, shall be developed to address the major areas of discrepancy found in the needs assessment in key areas reported in the district and school report cards.

SMART goal must include: WHO will do WHAT, as measured by HOW and WHEN.

INTERIM PERFORMANCE GOAL: The percentage of students scoring Meets Expectations and Exceeds Expectations on SC READY ELA will increase by 2% annually.
