

# AP Calculus BC Summer Assignment June 2018

Please purchase the Barron's Book 14th edition, either with or without the CD.  
Read Chapters 1-3 and do the following problems:

Pg 81 #1-35

Pg 102 #1-27, 32-36, 40-42

Pg 135 #1-8, 14, 15, 17, 26, 27, 29, 35, 36, 38, 46-50, 57-63, 65-67, 70-72

The answers are in the book, so check your work, and try to understand your mistakes. Do all work on looseleaf. All work is due the first day of school. Hand in work, not just answers!

You will be tested on this material on the second double period day of the year.

No calculator will be allowed on this test.

If you do not understand something, ask me about it during the first 2 days.

If you have any questions, email me at [NOGrady@hhh.k12.ny.us](mailto:NOGrady@hhh.k12.ny.us)

Have a nice summer!

See you in September.
