

IB Assessment Information for May 2022 Exams Registration Form

Dear IB Students and Parents,

Students enrolled in IB classes will have the opportunity to take formal exams in May, which offer an enormous benefit for students both in preparation for college, and as a way to earn college credit. State and community colleges in Oregon, Washington, and Montana accept scores of 4 or higher on SL and HL IB exams as dual credit for university classes. For example, a score of **4 or higher** on an HL Biology exam will earn a student 12 credits of Biology at Oregon State University, saving your student about \$3,972.00 in tuition costs. Students applying to private universities or other universities around the nation should research how those particular schools use IB results.

For more information on how Oregon, Washington, and Montana universities and colleges review IB results, visit the Bend Senior High School IB website at <https://www.bend.k12.or.us/bendhigh/academics/ib-programme>

During the month October, please talk with your student about which exams they want to sign up for. If your student is unsure about whether they plan to test or not, this month is the right time to conference with their IB teachers.

The 2022 IB exams will be held during the month of May according to the following schedule. Please note that exams run in the morning and afternoon and **dates are not flexible**.

*** Note - some exams have been modified for May 2022 due to constraints from the global pandemic.*

Subject	Exam Date	Subject	Exam Date
English Lang and Lit HL	May 12	French SL/HL	May 19 and May 20
Biology HL	May 11	Chemistry SL/HL	May 18
