Cell Phone Deal

Uncle Bintu has a nice LG 4 cell phone and currently has a plan with Petro Canada for \$190 per month. He makes local calls, calls India about twice a month and uses Facebook. His last 3 invoices show that he has used his voice data on average for 210 minutes per month. His average data is 1.95 gigabytes per month. Analyse the spreadsheet provided and create a vertical bar chart from the data. Write Uncle Bintu a letter recommending a new plan for him. Use a professional format including the bar chart and any math from the sheet. (Snip&Paste) Your work should fill one page, contain no spelling, grammar, formatting or math errors. You should use convincing language. Elaborate and dont just say " This is the best deal". Include today's date. Include your signature. Include the providers LOGO. Uncle Bintu is a bit clued out when it comes to cell phones. What cell phone tips would you recommend to him to keep his cell phone bill to a minimum? This work should be your own

and be completed in class, today. Before you submit your work to google classroom make sure you have read, understood and have responded to all that is asked in these instructions. Please send your DOC and Sheet. Extra marks given for critical thinking. Critical thinking could be adding something of value for Uncle Bintu that isnt asked for in these instructions.

Gas Buddy

Today, 3 people from Abbotsford make a journey in separate vehicles to Portland Oregon. Use google maps to plan the route. One is in a Ford F150, another is a Volkswagen Jetta and the third is in the same car as your parents. All run on regular gas and are new 2018 vehicles. Your challenge is to estimate each of their gas costs in Canadian dollars. Also estimate the number of liters consumed on the trip. Explain your reasoning in a DOC with your calculations Snip&Pasted in from the sheet. Use the attached link to GASSBUDDY.

1. Do they fill up in the states?
2. What will the costs be?
3. What is the current rate of exchange CAN/US?
4. How would this journey take?
5. What highways and roads do they take?
6. What is each of their total gas costs.
7. How many liters did they consume?
8. How big is the gas tank in each vehicle?
9. How many liters in a gallon?

Grad Pass

An individual assignment. Read the attached ABBOTSFORD NEWS item regarding grad passes and elaborate with your answers. Paste the questions into a new DOC. Make the questions BOLD and ITALIC and your answers normal text.

1. Who wrote this article?
2. What is this article about?
3. Where exactly is affected by the news in this article?
4. When was the article printed?
5. Who is giving the passes out?
6. When are they giving out the passes?
7. What is the goal of BC transit according to this article?
8. Who is Erinn Pinkerton?
9. When will the GradPASS cards be distributed? Ignore this question.
10. How many days is the GradPASS good for?
11. What is the media email address at BC Transit?
12. Why do you think BC Transit does this good deed?
13. How does BC Transit benefit from this?
14. (SHEET work) If BC transit gave out 180,000 passes how much bus fare would they lose? If there are 10% more grads when you grad how much would they lose in that grad year? Explain your answers. Remember its good for 3 days.

Provide all your answers in a word doc.

SNIP&Paste from sheet. Make sure it is your own work. Include a link to a meme that relates

to this news item. DO NOT COPY AND PASTE.
Short answers will lose marks.

Three Invoices

0

TURNED IN

0

ASSIGNED

12

GRADED

Uncle Bintu has received three bills in the mail (INVOICES)

One is from the flooring company for the supply and installation of his linoleum and carpet.

The second is for a bedroom set. That's a bed, dresser and two side tables.

The third invoice is for a new dining room table and six chairs.

Use the attached Google Sheet INVOICE TEMPLATE and add/edit it.

Use SHEETS to create each invoice. Use your imagination and judgement.

Use the internet to shop for his purchases.

Complete this assignment by sending all three invoices to me through GC in ONE FILE WITH # TABS.

Highest marks for accuracy and use of critical thinking.

Stay focused while in class.

InvoiceTemplate

Google Sheets

Thomas Jones May 15

An invoice is a document issued by a seller to the buyer that indicates the quantities and costs of the products or services provider by the seller. Payment terms indicate the maximum amount of time that a buyer has to pay for the goods and/or services that they have purchased from the seller.

Floor Plan

Uncel Bintu needs your help again. He is considering the purchase of a new Condominium. His realtor has sent him the Condo floor plan. He wants to know the square footage of the condo but the realtor has only provided the dimensions of the BALCONY. Your assignment is to estimate the square footage of each room and of the whole condo. Also estimate his carpet and lino costs. Please provide Uncle Bintu with imperial (feet and inches) and metric measurements (meters and centimeters). The Balcony measurement is provided. Uncle Bintu may want to put carpet and linoleum into his new condo. Please pick the rooms with carpet and linoleum. If his chosen carpet is 21 dollars per square foot (Sq ft) and lino is 16 how much will the total cost be of carpet and lino? Please write him a letter and include your estimations.

Today's Assignment

0

TURNUED IN

0

ASSIGNED

12

GRADED

Uncle Bintu's son, your cousin, Binreet, has just graduated from high school. Instead of going to college he found himself a job driving a truck. He now works full time and makes \$23 per hour.

While on a trip to Calgary he heard from a friend that Alberta has no sales tax and so he decided to buy his dream TRUCK in Alberta and save the BC provincial sales tax.

Your job is to help him with the computer skills you learned at DPS:

- 1.Find out what BC provincial tax is.
- 2.Find his new TRUCK on the internet. Note the price.
- 2.Create a spreadsheet to calculate his gross pay.
- 3.How much will he save if he buys in Alberta ?
- 4.Also estimate his monthly payment if he plans to pay off the truck in 5 years.
- 5.Write him a nice letter explaining your analysis of his situation. Include your spreadsheet.

Binreet is given \$5,000 cash on his birthday (August 1st 2018) and wants to buy the truck on September 1st 2018.

Understanding Databases

Craigslist is a database. Facebook is a database. Accounting programs are databases. They all store information in a TABLE. When you use a database its through an interface called a website or FORM. When you search for something on Craigslist you are using a QUERY. If you are able to produce a printout based on your QUERY then that's a REPORT. All databases are made up of Tables, Queries, Forms and Reports. Some databases are also known as decision support tools for managers. Having an understanding of databases could serve you well in your future. We will explore databases in the next few weeks.

You are Hired !

Bintu Enterprises hired you 3 months ago. They heard that you have studied business at DPS school. They have asked you to estimate a

payroll for next pay period (two weeks). They have provided you with a list of employees. Suppose everybody works between 35 and 45 hours both weeks. Suppose everybody makes between 15 and 25 dollars per hour. Calculate each of their base pay, Tax at 18%, Cpp at 1.8%, Employment insurance at 2.5%. Then calculate deductions and net pay. Overtime is paid at time and a half for any hours over 38. Use =Randbetween(High,Low) to generate random rates of pay and hours worked. Use If() for figuring OT. Mr Buntu needs your estimate for a meeting that starts at 11:15 today.

BC Bid

This is an individual assignment to be completed in a google doc and submitted through GC.

What is BC Bid?

Who uses BC Bid?

What does "Procurement" mean?

How could this website be in your future?

What is an RFP, RFQ or an ITQ?

Where does the government get the money from to buy all this stuff?

Are Federal, Provincial and Municipal government opportunities on this site?

List 3 "Opportunities" that look interesting to you and explain why they are interesting.

When do your opportunities close?

What happens if you miss the deadline to get your bid in?

Explain how this website could be vital to a small business.

If you added all the money from the opportunities on BC BID how much would it be? Take a guess.

Critical thinking will get you extra marks.

Elaborate whenever you can. Do not copy and paste.

GRADED

Budget 1

This is an individual assignment to be completed in a google sheet and submitted in GC. Just the reproduction of the first page of the PDF in a google sheet is all that is required.
