## The Cloud

Thomas Jones Sep 27 (Edited Sep 27)

1. We will watch and then discuss the attached video on Cloud Computing
  - a. What security did you see at the data center?
  - b. What is stored at the data center?
  - c. What has a THIN CLIENT have to do with cloud computing?
  - d. How do you connect to the data center?
2. Please visit the attached link to a book at Amazon.com and read a review.
3. List and research the headings from the table of contents. What are they about?
4. Find another book at Amazon on Cloud Computing. Read what you can about this book and provide your own description of the book.
5. Visit the attached link at NEWSNOW and pick a news article to read on cloud computing.
6. Summarize the news article in your own words.
7. Please create a google doc with your answers and send it to GC for marking.

### Inside a Google data center

YouTube video 5 minutes

### Robot Check
