

# If You Were Poetry Pack

By: Charity Preston

# If You Were Poetry Pack

Super fun poems! Each poem is only 6 lines long and gives students some creative thinking time! As long as the poem is about the title, don't limit the child to something specific.

For example, the title "If I Lived in the Water" could be about a marine animal or someone who lives on a submarine. See the next page for an example.

## Directions:

Line 1: Title

Line 2: (write a phrase how you would see things differently)

Line 3: (write a phrase how you would see things differently)

Line 4: (write a phrase how you would do things differently)

Line 5: (write a phrase how you would do things differently)

Line 6: Repeat title

# If You Were a Giant

If You Were a Giant

Houses would be as small as pebbles

Clouds would be in your eyebrows

Playing basketball would cause an earthquake

And snoring while sleeping would scare away the thunder

If You Were a Giant
