ATTENDANCE

Attendance in your classes every day is important!!

If you miss too many days in a class you can fail due to absences (FA). The FA will be recorded as your final grade even though you have a passing average.

- Students are only allotted 6 unexcused absences in a semester class; 3 unexcused absences in a 9 week class; and 10 unexcused absences in a yearlong class.
- Absences documented with parent or medical notes are ***not*** excused absences, but these notes should be submitted to attendance to avoid truancy contact.
- Students may attend Make Up School to recover absences ($20 per session)

D 70-76	D 60-69
F 0-69	F 0-59

CONTENT RECOVERY

Students who are struggling in the classroom should ask their teachers for additional support. Students may be able to complete content recovery which helps to improve reporting period grades while students are still enrolled in a class.

For more information students and parents should reach out to the classroom teacher.

CREDIT RECOVERY

Students who fail a class with a final grade of 45-59 in a core class may be able to participate in credit recovery. Participating in credit recovery allows students to recover credit for a class by completing assigned units in the GradPoint online curriculum.

- Participation in credit recovery does not remove a failing grade from a student's transcript and does not affect/improve a student's GPA.
- ***Note – The South Carolina High School League only allows 2 classes to be recovered per year for eligibility purposes.***

Parents and students should discuss the credit recovery option with the student's assigned counselor as needed.

HIGH SCHOOL ATHLETIC ELIGIBILITY

- Students must pass a certain # of classes each semester/year in order to be eligible for high school athletics (see page 15 in the 2022-2023 RHS Course Catalog).
- Fall/Winter sports eligibility is based on the previous year's grades and Spring sports eligibility is based on fall grades.

Note – Students may only apply 2 credit recovery and/or summer school classes toward eligibility.

COLLEGE ADMISSIONS TESTS

PSAT – All 10th grade students will take PSAT in October. This is a great opportunity for students to get practice.

ACT/SAT – We recommend college bound students begin taking ACT/SAT in the junior year. Most colleges will accept either test. Students can take both tests to determine which is a better fit. It is ideal for students to test 2-3 times prior to the senior year.

Accuplacer - Students who plan to attend a technical college may choose to take Accuplacer which is a placement test. Scores are used to determine proper course placement. ***Note – Some technical college programs require SAT/ACT scores for admission.***

SC SCHOLARSHIP PROGRAMS

- Palmetto Fellows Scholarship
- Life Scholarship
- Hope Scholarship
- Lottery Tuition Assistance

More information can be found in the RHS Course Catalog (pages 26-28) and on the SC Commission on Higher Education's website.

COURSE SELECTION

Students and parents meet with their assigned counselor each year to discuss post-secondary plans, career goals, and course selection.

Course selection should be based on:

- ✓ Graduation/College Admissions Requirements
- ✓ Academic Performance
- ✓ Post-Secondary Plans
- ✓ Career Goals
- ✓ Personal Goals

ACADEMIC PROGRAMS

South Pointe offers **Advanced Placement (AP), International Baccalaureate (IB), and Dual Credit** courses. Review the RHS Course Catalog (pages 53-61) to learn more about these programs and course options.

2022-2023 RHS Course Catalog

The **Governor's School for Science & Mathematics Accelerate Program** are also available at South Pointe. This is a virtual program for 10th-12th grade students who demonstrate an exceptional ability in science and mathematics and have a strong interest in engineering and problem solving. Students must apply for admission to this program through the Governor's School in 9th grade to begin in 10th grade if accepted.

GSSM Accelerate Program

STEAM PATHWAYS

South Pointe offers several STEAM pathways for students to engage in focused coursework. Students may choose to complete all coursework in pathway, but do not have to do so. Click on the link below for more information on these pathways.

- ❑ Biomedical Science
- ❑ Clean Energy
- ❑ Computer Science
- ❑ Engineering
