**NOTES:**

\* No more than 1.0 math diploma credit can be met with a district-approved cross-credit course. A district-approved cross-credit course can only be assigned to one diploma subject category. No district-approved math cross-credit course meets 4-year college admissions and NCAA core subject requirements. Work still to be done to determine which courses on this district-approved list are at the Algebra 1 content level or higher—the requirement for all math diploma credits beginning with the Class of 2014.

\*\*All current BLPS science courses include scientific inquiry and are either lab- or field-based experiences. No more than 1.0 science diploma credit can be met with a district-approved cross-credit course. A district-approved cross-credit course can only be assigned to one diploma subject category. No district-approved math cross-credit course meets 4-year college admissions and NCAA core subject requirements.

\*\*\*An Oregon Modified Diploma must be awarded if any diploma requirement is met under modified conditions and/or curricula.

\*\*\*\*Only students on IEPs are eligible for an Oregon Extended Diploma.
