IMMUNIZATION REMINDERS

Please share the information below with your registrar and other staff responsible for obtaining information regarding immunizations and health assessments.

- Parents/guardians must ensure that their child has received the required immunizations at the age required by law unless there is a written medical or religious exemption on file. (General Statute 130A-152-157)
- A completed NC Health Assessment Transmittal Form must be submitted for each child who is presented for admission into Pre-K, Kindergarten and other grades when attending a N.C. public school for the first time. (General Statute 130A-440; 10A NCAC09.3005)

Reminders can be provided through Connect Ed messages throughout the summer or a Notice of Requirements can be mailed out or sent out electronically. Also, consider adding a reminder to your back-to-school supplies list for grade level supplies. A sample note to add to supply lists:

Give your child the best SHOT at a healthy start to the school year by making sure your child's immunizations are up-to-date and any students new to NC public schools should have a current health assessment. Contact your medical provider, school or visit meckhealth.org for more information. Mecklenburg County Public Health provides immunizations only; appointments can be made by calling 704-336-6500.

See Notice of Requirements document (English and Spanish) and Resource documents below.

RESOURCES FOR IMMUNIZATIONS AND HEALTH ASSESSMENTS (PHYSICALS) REQUIRED FOR SCHOOL

The best place to get immunizations and a physical is your child's doctor's office. Plan ahead. It may take a few months to get an appointment. If your child does not have a doctor or if you are not able to get an appointment before the due date for school attendance, the following providers may be able to help. Fees may apply. If you have insurance, call ahead to ask if your insurance will be accepted. Take a copy of your insurance card to the appointment. Also, take copies of your child's immunization record and a blank copy of the NC Health Assessment Transmittal Form to your appointment. **Contact your School Nurse if you need help or have questions.**

RECURSOS PARA VACUNACIONES Y EXÁMENES DE SALUD (FÍSICOS) REQUERIDOS PARA LA ESCUELA

El mejor lugar para obtener la vacunación y realizar los exámenes físicos es el consultorio del médico de su hijo. Planifique con anticipación. Puede tomar algunos meses obtener una cita. Si su hijo no tiene un médico o si usted no puede obtener una cita antes de la fecha límite para poder asistir a la escuela, los siguientes proveedores podrían ayudar. Es posible que se cobre una tarifa. Si tiene seguro, llame con anticipación para preguntar si se acepta su seguro. Haga una copia de su tarjeta de seguro para la cita. Además, haga copias del registro de vacunación de su hijo y una copia en blanco del Formulario de transmisión de la evaluación de salud de Carolina del Norte (NC Health Assessment Transmittal Form) para su cita. **Comuníquese con la enfermera escolar si necesita ayuda o tiene preguntas.**
