### **About My Teaching Style**

My class will involve a lot of class activities. The activities will be done in student groups as well as individually. We will have review quizzes, to make sure information given is retained, testing, to assess student knowledge. The only rule I have is **mutual respect** for each other. The student handbook addresses rules and penalties for serious infractions so they are not addressed here but as a teacher it is my obligation to enforce them. If any problems occur I will first speak with the child but will speak with you if problems persist or interrupt learning.
