

Name: _____

Date: _____

Per: _____

ISP Graphic Organizer

Directions: Use this ISP (Information - Source - Page) graphic organizer to help you collect information on your topic. In the **Information** column record facts that help you answer your question. In the **Source** column record information about where your information came from (Think: Title, Author(s), Publication Date, Source Type, etc.). Finally, in the **Page** column record what page you found your information on. Make sure that your information and sources line up!

My research question: _____

[illegible]
