After we went over the meaning of these **POWER WORDS**, students talked, complimented each other by suggesting words for each other, and selected a **POWER WORD** for themselves! We created bracelets or book bag charms with our **POWER WORD**. I even created one for me! I am **CHARISMATIC**! Google "charismatic". It's a great word!

I bought about \$30 of supplies from Amazon and have a lot left over for the next time I want to do this activity. I chose to use pipe cleaners because of how easy it is to string the beads and close the bracelet with NO knots to tie! Simply wrap the pipe cleaner with a twist and done!

Here are links to the supplies (these are my Amazon Affiliate links):

Students and give
them the tools that
they need to be
successful.

Teacher: Feel free to change the font and add words of your own. Display these in your classroom to expose students to “***Power Words***” that they may use in an interview to describe themselves.

I printed these on colored paper and displayed them above my whiteboard.
