What is Art?

Duh. It's this class you have to take

Art is...

The expression of human creative skill and imagination, typically in a visual form such as painting or sculpture, producing works to be appreciated for their beauty or emotional power.

Webster's Dictionary

A quote...

The craftsman knows what he want to make before he makes it...

The making of a work of art ... is a strange and risky business in which the maker never knows quite what he is making until he makes it.

- -R.G. Collingwood
