

ISD #750 – ROCORI School District

Community Task Force Meeting #4 | November 29, 2021

AGENDA

Thoughts Since Last Meeting?

Discussion Topics:

- » Technology

- **Brainstorming Priorities**

- » What resonated with you about the presentations to date?
- » What other School District Facility topics are on your mind?
- » What topics rise to the top?
- » What topics might be better addressed in the future?

- **Small Group Discussion**

- **Large Group Report Out**

Next Meeting Dates, all from 6:00pm-8:00pm

- » Meeting #5: Thursday, December 16, 2021
- » Meeting #6: Wednesday, January 5, 2022
- » Meeting #7 Tuesday, January 18, 2022

TECHNOLOGY

SECURITY

- Door Security
 - Ensure all exterior facing doors have fob readers.
 - Ensure all exterior facing doors have door strikes (locks).
 - This ties in with creating secure entrances for each building.
- Cameras
 - Have enough cameras deployed to adequately protect staff and students in and around school campuses.

COMMUNICATIONS

- Paging/Bell system
 - Several different systems exist in the District.
 - Unable to page individual spaces.
 - Equipment is aging and very difficult to manage.
- Clocks
 - Different buildings have different systems with various management challenges. Replace all clocks with one system that has automated time management and auto adjustments.

COMMUNICATIONS

- Phone system
 - Current phone system is EOL and EOS.
 - Vendor support is available, parts are not.

CLASSROOM MEDIA

- Classrooms either lack or have insufficient audio multimedia capabilities.
- No voice amplification options.
- Looking for a solution that can meet both objectives.

GYM A/V

- North Gym:
 - Audio equipment is in good shape but could be utilized more.
 - Replace scoreboards with new boards with video screens (similar to the stadium).
- South Gym:
 - Audio equipment is aging. Limited flexibility.
 - Replace audio equipment and install new boards with video screens similar to North Gym.

AUDITORIUM

- Some equipment in the Auditorium equipment should be looked at for replacement:
 - Performance lighting.
 - Automatic screen.
 - Projector upgrade.
 - Audio board, some sliders are starting to have minor issues.

CTE/BROADCASTING

- As a part of our CTE programming, having a Broadcast room as an extension of a multimedia production program.
- Handle live streaming activities, school news program, look to expand into podcasts or writing.
- Tie into other programs such as English, Art, and Entrepreneurship classes.
- Dedicated room with broadcast control equipment, green screen, set, etc.

OTHER INFRASTRUCTURE

- Aging cabling in buildings. Needs to be pulled with new cable to meet today's demands.
