# Poster Projects

**Directions:** Using your account on postermymwall.com, please create a “New Design” “Poster” about **Behavior**. On your poster, list the reasons why students should behave and listen to rules in the classroom/school. Try to use **evidence, facts, and statistics** to back up your points to behave in class and school. At the bottom of your poster in a smaller text, include the sources that you used for your information. In addition to the behaviors, I recommend including the **benefits** to behaving (and an orderly class/school). Be creative, include appropriate photos, make sure everything blends together and it looks like a REAL poster (like at the store or magazine- not thrown together).

**Topic:** Behavior

**Question:** Why Should Students Behave and/or Listen to Rules?

**Information:** Use evidence, facts, statistics supporting (unless you find the opposite) the positive behaviors of students in class and school. You do not need a paragraph, but just a few points. This is not an essay but more like an “infographic”. Please look up the term if you do not know what it means to be given examples.

**Background/Images:** You do not necessarily need an image as a background. You could use colors. If you use a photo as the background, you must make sure the viewer can still see the text.

**Sources:** At the bottom, list the sources (websites) you used for your information. Make sure they are credible (rule of thumb: .org, .gov, or ASK any teacher).

Good luck! Make it educational, aesthetically pleasing to the eye, and please be creative. When completed, please download it (the free download) and email it to me at [jgrybos@indians.k12.pa.us](mailto:jgrybos@indians.k12.pa.us)
