

John Adams Middle School

LISC Meeting

Tuesday, February 4, 2025 – 6:00 p.m. – Library

Meeting Minutes

Mr. Moyers called the meeting to order with six total members present.

Mr. Moyers presented the minutes from the November 4, 2024 meeting for approval. Ms. Ward made a motion to approve the minutes as presented. Ms. Carr seconded the motion. The motion passed unanimously.

Mr. Moyers gave a brief overview of Middle of the Year (MOY) standardized test data and noted that, when comparing Beginning of Year (BOY) to MOY, all grades showed improvement in all categories, including at least 10% growth in each section except for 8th Grade English Language Arts. But he added that each grade is above 55% ELA proficiency (8th Grade started off high for BOY) and two of the three grades are above 40% in Math, which is an improvement. Overall Mr. Moyers said he was pleased and optimistic that all grades will finish the year strong.

Ms. Carr expressed concern regarding the new procedures regarding using registered vendors and how best to encourage potential vendors to register so KCS is allowed to write them a check for John Adams student activities. State law now requires vendors be registered with the WV Secretary of State's office to be a qualified KCS vendor. LSIC & PTA members offered to work together to help navigate potential roadblocks should any arise with potential vendors JAMS teachers would like to use for JAMS student activities and experiences.

Mr. Moyers reminded members that everyone is welcome to stop by his office and email him anytime about anything.

Mr. Moyers said the remaining LSIC meeting date for the 2024-2025 school year is:

- April 8, 2025
