### Additional Information

Over the summer, I had the opportunity of acting as an intern for NASA's Gravity Recovery and Climate Experiment through the NASA Stem Enhancement in Earth Sciences Summer Internship Program. By far, this was one of the most eye-opening experiences of my high school career. It offered me the opportunity to not only meet with professionals in my field of interest, but also to connect with countless outstanding students from across the nation. With that said, I would high recommend this program to anyone who might know a student who is interested in Earth or space sciences, or who is themselves interested in the subject.

- An aerial photograph of a large sports stadium. The football field is green with white yard lines and numbers. The word "HERSHEY" is written in large blue letters on the left end zone, and "TROIANS" is written in large blue letters on the right end zone. A large orange letter "H" is in the center of the field. The field is surrounded by a red running track. In the foreground, there is a large parking lot with several yellow school buses parked. To the right of the track, there is a small building and some trees. In the background, there is a baseball field and more trees.

HERSHEY TROJANS

An aerial photograph of Hershey Stadium, a large oval-shaped sports venue. The stadium's seating bowl is highlighted in a reddish-brown color. The central field area is green, with a large red letter 'H' in the center. Several blue rectangular overlays are positioned around the stadium, likely representing planned construction or renovation areas. These include a long structure at the top, a long structure at the bottom, and a complex structure on the right side. A grey arrow points from the left towards the stadium. The surrounding area includes parking lots, roads, and other sports fields.

RE: Proposal for: Derry Township School District  
Stadium Project – Surveying Services  
RETTEW Project No. 0870702372

Dear Stacy,

RETTEW Associates, Inc. is pleased to submit this proposal for the above-referenced project, and we look forward to collaborating with you to make this project a success. Our understanding of your goals has enabled us to provide you with the comprehensive scope of services outlined within this proposal.

The Derry Township School District (“District”) will be renovating the existing track and field area behind the High School to accommodate a new stadium. As requested by Mark Shrift of Johnson, Merriam & Thompson, Inc., RETTEW is providing the surveying services for the new stadium as outlined below. A diagram of the survey limits is included for reference.

## SCOPE OF SERVICES

### A. TOPOGRAPHIC SURVEY FOR THE STADIUM (PHASE 901)

RETTEW will:

1. Utilize prior RETTEW surveys and plans as a basis for the survey.
2. Notify utilities through the PA 811 system. A Design Notification shall be submitted with request for a field mark-out of utilities. At the request of the District, RETTEW shall provide a plan or aerial of the project site for mark-up, facility locations, and types.
  - a. The District is responsible for providing information and/or mark-out for on-site private utilities.
3. Perform a topographic survey within the area outlined in red as shown on the attached exhibit provided by the client. The topographic survey shall include locations and elevations of the following existing features:
  - a. Buildings and first floor elevations at ground level.
  - b. Pavement edges, centerlines and pavement markings.
  - c. Driveways and parking spaces.
  - d. Curbing and sidewalks.
  - e. Fences and signs.
  - f. Landscaping and lighting.
  - g. Individual trees in open areas and edges of brush-covered areas.

- h. Retaining walls and rock outcroppings.
  - i. Other visible, accessible and pertinent features.
- 4. Prepare a survey base map in AutoCAD Civil3D at an appropriate scale and showing the following:
  - a. Existing features noted above.
  - b. Site benchmark(s), with vertical datum NAVD 88.
  - c. Contours with one-foot intervals and spot elevations, as deemed necessary.
  - d. Mapping features shown beyond the survey limits shall be based on available public GIS data or derived from available aerial mapping and/or record plans.
  - e. Horizontal datum PA State Plane Coordinates, South Zone, NAD 83(2011).
  - f. Locations of above ground and/or underground utilities which are visible or are identifiable from utility markings and/or best available plan information. Locations of underground utilities are approximate for design purpose only. This proposal DOES NOT include subsurface investigation and/or confined space entries into manholes or storm structures.

**Deliverable:**

- 1. Survey base mapping in AutoCAD Civil 3D format and associated surface data files.

## ANTICIPATED PROJECT SCHEDULE

RETTEW shall commence work within ten business days of receiving notice to proceed. The scope of work as outlined shall be completed within approximately 20 business days after commencement. The final deliverable date is contingent upon favorable weather and timely receipt of information requested from utility and/or other companies.

## COMPENSATION

RETTEW proposes to provide the aforementioned professional services for the Lump Sum fee stated below. The costs are provided below for your convenience:

**PROFESSIONAL FEES**

A. SURVEY.....\$15,850.00

**EXPENSES**

Expenses such as reprographic services, equipment fees, mileage, and overnight travel that are directly incidental to our professional services shall be invoiced to you at our standard rates; expenses from our vendors shall be invoiced at 1.15 times our cost. Expense costs will be in addition to the Professional Fees stated above.

*Estimated* expenses for the above services associated with the project:.....\$250.00

**TOTAL PROPOSED FEES .....\$16,150.00**

#### MEETINGS

All review agency meetings, or meetings not listed in the Scope of Services, shall be attended as requested on a time and expense basis per the hourly rate of the individual effective at the time of the meeting. These costs will be invoiced in addition to the Proposed Fees stated above.

### ASSUMPTIONS

The following is a list of assumptions that apply to this proposal:

1. The District provides construction or as-built plans of the track and field area.
2. This proposal does not include additional surveys which may be required for a detailed flood study or Highway Occupancy Permits (HOPs).
3. Survey base mapping will be prepared using RETTEW CAD standards unless otherwise specified by the Client, prior to work commencing.

### ADDITIONAL SERVICES

Services not included in the scope and fee described herein may be provided by RETTEW upon your request. We will perform these services as an addendum to the Professional Services Agreement or mutually acceptable substitute agreement, should they prove to be necessary. Proper written authorization must be given prior to initiating any additional services. The following additional services are not included in this proposal but can be provided for an additional fee:

1. ALTA/NSPS Land Title surveys and/or review of title documents.
2. Preparation of easement exhibits or legal descriptions.
3. Boundary surveys.
4. Construction stakeout services.
5. RETTEW Field Services, Inc. (RFS), can identify and locate subsurface utilities and structures for incorporation into the survey plan deliverable. This includes existing public utilities, private utilities, abandoned utilities, and underground structures such as underground storage tanks (USTs), vaults, septic tanks, etc.
6. Any services not specifically described within the Scope of Services and Fees stated herein.

### BILLING SCHEDULE

RETTEW will invoice you at the end of each monthly billing period for services performed to date. Invoices are payable per the terms of the enclosed Professional Services Agreement.

### PAYMENT SCHEDULE

Payment is due upon presentation of invoice and is past due 30 calendar days from the invoice date. Unpaid invoices in excess of 30 calendar days will be cause to discontinue services until all outstanding invoices are paid. Work stoppages will impact the project schedule and may result in missed deadlines and/or increased project fees including remobilization. District agrees to reimburse RETTEW for any special business or personal taxes imposed at the local, county or state level as a result of providing professional services by RETTEW to District under this agreement.

## PROPOSAL ACCEPTANCE

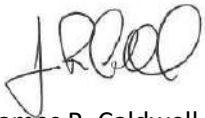

If this proposal is satisfactory and acceptable, and fully sets forth all the items of our understanding, please signify your acceptance by signing the enclosed Professional Services Agreement and return it to our office. We will forward a fully executed copy to you. This document will then constitute our completed agreement. If we are given verbal or written authorization to proceed with any portion of this work prior to receiving an executed agreement, or if we receive payment from you toward this project, the terms and conditions of the attached Professional Services Agreement will be considered to be in full force, as if it had been executed, until such time as another agreement is executed by both parties.

If you have any questions regarding this proposal or wish to discuss any item(s) contained herein, please contact Melissa Kelly at [melissa.kelly@rettew.com](mailto:melissa.kelly@rettew.com) or 717-344-5099. We will work to give you the quality service you deserve as a valued client of RETTEW.

Sincerely,

## PROFESSIONAL SERVICES AGREEMENT TERMS AND CONDITIONS

**1. Scope of Services.** RETTEW Associates, Inc. ("RETTEW") agrees to provide professional services set forth in the Scope of Services to the Client (the "Services") pursuant to these Terms and Conditions (the "Terms"). These Terms, together with the Professional Services Agreement and its attachments, constitutes the entire agreement between the parties concerning the Services. Unless specifically included in the Scope of Services, RETTEW shall not provide any construction phase services including, but not limited to, construction observation of any other contractor's work. RETTEW shall not control, or be responsible for, the construction means, methods, techniques, sequences or procedures of any contractor and shall not be responsible for site safety. RETTEW shall not be responsible for procuring permits, certificates, and licenses required for any construction unless such procurement responsibilities or other responsibilities are specifically assigned to RETTEW in the Scope of Services.

**2. Invoices.** Client represents and warrants that it possesses the financial resources to fulfill its payment obligations hereunder and that such resources do not rely significantly on contingent, third-party monies. Client agrees to maintain such resources during the term hereof and that the failure to maintain such resources shall constitute a material breach hereof. Unless otherwise agreed, Client will be invoiced every 4 weeks for services performed to date and a final invoice will be timely provided upon completion of the Services. Payment is due on receipt and is past due 30 days from invoice date. Interest will be added after 30 days at the rate of 1.5% per month or partial month overdue. Any right to withhold payment based on errors or discrepancies in the invoice is waived if not identified in writing to RETTEW within 10 days of the date of invoice. Client will reimburse RETTEW's reasonable attorneys' fees and litigation costs incurred in pursuing collection of any amount due from Client, in addition to amounts otherwise due hereunder. Timely payment to RETTEW is a material consideration of this Agreement. RETTEW may **suspend or terminate** its work upon written notice if any Client invoice is not timely paid. Client agrees to defend, indemnify and hold RETTEW harmless from any damages that may arise due to such suspension or termination.

**3. Standard of Care.** RETTEW shall perform the Services in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances at the same time and in the same or similar locality. This standard of care shall exclusively be judged as of the time the services are rendered and not according to later standards. RETTEW MAKES NO EXPRESS WARRANTIES, AND EXPRESSLY DISCLAIMS ANY AND ALL WARRANTIES IMPLIED BY LAW AS THEY MAY APPLY TO THIS AGREEMENT, INCLUDING THOSE OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Client agrees that neither RETTEW nor any of its subconsultants owes any fiduciary duty to Client or agency relationship between Client and RETTEW and that, in any event, RETTEW's course of conduct during the performance of the Services shall not create a fiduciary duty or agency relationship.

**4. Indemnification.** To the fullest extent permitted by law, Client agrees to indemnify, defend and hold the RETTEW Group harmless from and against any and all manner of demands, claims, liabilities, costs and expenses (including, without limitation, reasonable attorneys' and experts' fees and other reasonable defense costs) (a) arising out of any negligent act or omission, or any breach of this Agreement, by Client or any individual or entity for whose acts Client is responsible or (b) arising out of the use of or reliance on the drawings, sketches, specifications and other documents in any form provided to or for Client by RETTEW under this Agreement (the "Deliverables") by any third-party. To the fullest extent permitted by law, RETTEW agrees to indemnify, defend and hold the Client Group harmless from and against any and all manner of demands, claims, liabilities, costs and expenses (including, without limitation, reasonable attorneys' and experts' fees and other reasonable defense costs) arising out of any negligent act or omission, or any breach of this Agreement, by RETTEW or any individual or entity for whose acts RETTEW is responsible. With regard to any claims arising out of professional services, any defense obligation assumed by RETTEW shall be interpreted as an obligation to reimburse reasonable defense costs, including but not limited to reasonable attorney's and expert's fees. As used in Paragraphs 4 and 5, a "Group" includes the identified party, its parents, subsidiaries and affiliates, their agents, successors and assigns, or any of their shareholders, directors, partners, members, officers or employees.

**5. Limitations of Liability.**

**a.** RETTEW Group's aggregate liability for damages arising from or related to this Agreement, under any theory of liability, shall not exceed the fees paid by Client for performance of the Services. RETTEW shall only be liable for such damages to the extent caused by its negligence or breach of this Agreement.

**b.** If RETTEW fails to include any required item or component of the Project from the Deliverables, RETTEW shall correct the omission on the Deliverables without charge to Client and reasonable additional construction costs incurred by the Client due to the omission, but shall not be responsible for the cost of the item or component itself, or the cost of installation.

**c.** Neither party Group shall be liable to the other for punitive, exemplary, special, indirect, incidental or consequential damages (including, but not limited to,

lost profits, lost revenues, lost business opportunities, loss of use, fines, penalties, and loss of or corruption to data) arising from or related to this Agreement, regardless of the theory liability, and even if they have been advised of the possibility of such damages or loss.

**d.** RETTEW hereby advises Client that it is willing to negotiate higher limitations of liability than those set forth herein, subject to increased compensation. Client has chosen to enter into this Agreement subject to the above limitations of liability after consideration of the totality of the proposal presented by RETTEW.

**6. Relationship with Other Consultants and Contractors** RETTEW is not responsible for any errors or omissions by other consultants, contractors or their respective subcontractors (collectively, "Contractors"), including, but not limited to, such Contractors' failure to adhere to the Deliverables, regardless of whether or not RETTEW is observing their work. RETTEW owes no duty to any Contractor to discover their errors, omissions or other defects in its work or in the work of its subcontractors. Client will use reasonable efforts to include the following language in its agreements with other Contractors on the Project: *"To the fullest extent permitted by law, contractor or consultant expressly waives any claims or causes of action against the project engineer for damages sustained in connection with the project, under any theory of liability, except to the extent that the damages resulted from personal injury or property damage. The project engineer is an intended third-party beneficiary of this provision."*

**7. Termination.** In addition to any other termination rights set forth herein, this Agreement may be terminated by either party upon 7 days written notice if the other party fails materially to perform in accordance with its terms. If the Project is permanently abandoned, this Agreement may be terminated by Client upon at least 7 days written notice to RETTEW. In the event of termination of the Project, Client will compensate RETTEW for Services performed or provided up to its receipt of the written notice of termination, for all reimbursable expenses incurred by RETTEW in furtherance of the Services (whether or not incorporated into the Services prior to termination), and reasonable fees and expenses directly associated with the closing the matter, the latter as approved by Client in advance. Timely payment to RETTEW is a material consideration of this Agreement. Client's failure to make payments in accordance with this Agreement shall constitute substantial non-performance and a cause for termination by RETTEW.

**8. Insurance.** During the term of the Agreement, RETTEW will maintain Workers' Compensation insurance, General Liability insurance, Automobile insurance, and Professional Liability insurance in commercially reasonable amounts. Client will maintain, or require its other contractors or consultants on the Project to maintain, such policies (if applicable) in commercially reasonable amounts. Except to the extent that such waiver would invalidate the applicable insurance coverage, the parties waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages to the extent covered by property insurance, except such rights as they may have to the proceeds of such insurance. Client and RETTEW shall require similar waivers from their contractors, consultants and agents.

**9. Opinions of Probable Construction Cost.** RETTEW's opinions of probable construction cost and other cost opinions or estimates are to be made on the basis of RETTEW's experience and qualifications as an engineer and represent RETTEW's best judgment as an experienced and qualified design professional generally familiar with the industry. However, because RETTEW has no control over the cost of labor, materials, equipment, or services furnished by others, or over the contractor's methods of determining prices, or over competitive bidding or market conditions, RETTEW cannot and does not guarantee that proposals, bids, or actual construction cost will not vary from opinions of probable construction cost prepared by RETTEW or other cost opinions or estimates. If Client wishes greater assurance as to probable construction costs, Client shall employ an independent cost estimator.

**10. Disputes.** If a dispute arises from or relates to this Agreement or the breach thereof, that cannot be settled through direct discussions, the parties agree to endeavor first to settle the dispute by non-binding mediation administered by the American Arbitration Association under its Construction Industry Mediation Procedures before resorting to litigation. The parties further agree that they may initiate litigation regarding any dispute arising out of or relating to this Agreement, or breach thereof, if mediation does not result in a resolution within 90 days of initiation. Litigation between the parties regarding this Agreement shall be brought in a court of competent jurisdiction located in the state where the work hereunder is performed. In the event of litigation, the prevailing party shall be entitled to collect its reasonable attorneys' fees, experts' fees and costs related to the litigation from the other party. This Agreement shall be governed by and construed under the law of the state where the work hereunder is performed, without regard to its principles of conflicts of laws. The parties waive their right, if any, to a jury trial.

**11. Client Responsibilities.** Client will provide access to the site as necessary for RETTEW's performance of the Services. Client will provide, in a timely fashion, complete physical information about the site that may be necessary or desirable for

RETTEW to perform the Services. Client will timely review proposals, schedules, plans, and specifications prepared by RETTEW, and cooperate with RETTEW so that RETTEW may complete the Services in a timely fashion. Failure to provide such timely review may adversely impact scope, schedule and budget related to the Services. RETTEW shall be entitled to rely on information and recommendations provided by Client, and its Contractors without independent evaluation or verification.

**12. Notice of Defects.** Client shall promptly report to RETTEW any defects or suspected defects in the Services, so that RETTEW may take measures to minimize the consequences of such defect. Client will use reasonable efforts to include a similar contractual requirement on its Contractors. Failure by Client, and/or Client's Contractors, to so notify RETTEW shall relieve RETTEW of the costs of remedying the defects to the extent of the additional costs resulting from the failure of prompt notification.

**13. Underground Utilities.** Client will identify to RETTEW, in writing, the locations of known or suspected underground utilities or other underground structures or features at and near the project site that could affect the services to be provided (collectively, "Underground Utilities") and will provide all drawings in its possession or control that identify Underground Utilities. RETTEW will be responsible for the proper siting of underground utilities when provided with proper and accurate information regarding their location. Client agrees to defend, indemnify and hold RETTEW harmless from all penalties, claims and damages it sustains in connection with: (a) Underground Utilities that are not identified to RETTEW as required, not properly identified, or not properly located by municipalities, authorities, or utilities after proper notice (i.e., after calling the applicable state utility locating hotline, if one exists), and (b) construction schedules or practices out of RETTEW's control or knowledge that violate state utility locating notice requirements or invalidate otherwise proper utility notification made by RETTEW.

#### 14. Fees.

a. Unless expressly stated otherwise in the Scope of Services, the "Total Fee" above is RETTEW's best estimate of the cost of Services required to complete the Project as RETTEW understands it to be defined and is not a cost-not-to-exceed limit on RETTEW's compensation. For fixed fee projects, payment shall be made based on the percent of work completed for each phase of work, unless otherwise agreed. For time and expense (cost plus) projects, billings are based on the hours worked, including travel time portal-to-portal, and reimbursable expenses. Overtime for non-exempt employees will be billed at 1.5 times the hourly rate.

b. Client is responsible for RETTEW's out-of-pocket expenses incurred in performing the Services, including, but not limited to, travel expenses, outside consultants, approval and permit fees, and any supplemental insurance requested. Reimbursable expenses will be billed at RETTEW's actual cost, plus 15%, except sales tax will be reimbursed at cost and mileage will be reimbursed at the applicable federal rate. Hotels and meals will be billed as a per diem expense as set out in the Rate Schedule.

#### 15. Additional Work.

a. RETTEW shall be entitled to an equitable increase in compensation if it is required to perform additional work due to changes in Client decisions or Client's failure to make decisions in a timely fashion. Services or tasks beyond those set forth in the Scope of Services (including but not limited to, revisions due to adjustments in the project scope, quality, or budget) are considered "Additional Services" and will be billed at RETTEW's standard hourly rates, unless the parties agree otherwise in a change order or amendment to this Agreement.

b. If Additional Services are requested, RETTEW will provide Client with a change order or amendment to this Agreement to memorialize the parties' obligations regarding the Additional Services. RETTEW reserves the right to refuse to perform Additional Services until it receives written approval of the change order or amendment from the Client. If RETTEW does not receive such written approval in a timely manner, the project schedule could be impacted.

**16. Work Product and Intellectual Property.** Conditioned on full payment of amounts owed to RETTEW, RETTEW grants Client physical ownership of the Deliverables, and a royalty-free, nontransferable license to use the Deliverables solely for the Project. RETTEW retains all other intellectual property rights in the Deliverables and the intellectual property rights in any other document reduced to tangible form by RETTEW in furtherance of this Agreement. The Deliverables may not be used on any other projects or by a third-party to complete the Project without RETTEW's consent. Use of the Deliverables (or the data contained therein) in a manner that is contrary to this paragraph, or any alteration or modification of the Deliverables (or the data contained therein), is at Client's sole risk. Client agrees to defend, indemnify and hold RETTEW harmless from any liability for damages arising from such use, alteration or modification. Payment of all sums due in accordance with the terms of this Agreement is a condition precedent to Client's ownership or use of the Deliverables. Client shall consult with RETTEW before interpreting or clarifying the Deliverables.

**17. Miscellaneous.** There are no third-party beneficiaries of this Agreement. There are no understandings or agreements concerning this Project except as expressly stated herein. These Terms cannot be modified, altered, abridged, rescinded or supplemented by any unilateral statement or writing of either party. These Terms control over any

subsequent writings, unless specifically and explicitly agreed to by both parties, in writing. If the Client directs RETTEW to initiate Services before execution of an agreement, these Terms will govern the engagement, unless subsequently agreed by the parties in writing. Neither party may assign this Agreement without the other party's written consent, which shall not be unreasonably withheld. If any provision hereof is deemed invalid or unenforceable, the other provisions shall remain in full force and effect, and binding upon the parties hereto. RETTEW may withdraw or revise the proposal if the Agreement is not executed by Client within 60 days of receipt.

#### 18. CONSTRUCTION SERVICES (If included in Scope of Services)

18.1 RETTEW offers construction observation and construction administration services, but does not offer construction management or construction inspection services. (Construction management services are offered by RETTEW's affiliate, RETTEW Field Services, Inc.) RETTEW shall become generally familiar with the progress and quality of that portion of the work within the Scope of Services to determine, in general, if such work is being performed in a manner indicating that such work, when fully completed, will be in accordance with the construction documents. RETTEW shall not be required to make exhaustive or continuous on-site visits to observe the quality or quantity of such work. RETTEW's services do not include supervision or direction of the actual work of the contractor, its employees, agents or subcontractors. Client agrees to notify the contractor accordingly. The contractor shall also be informed by Client that neither the presence of RETTEW's field representative nor the observation by RETTEW shall excuse the contractor for defects or omissions in its work.

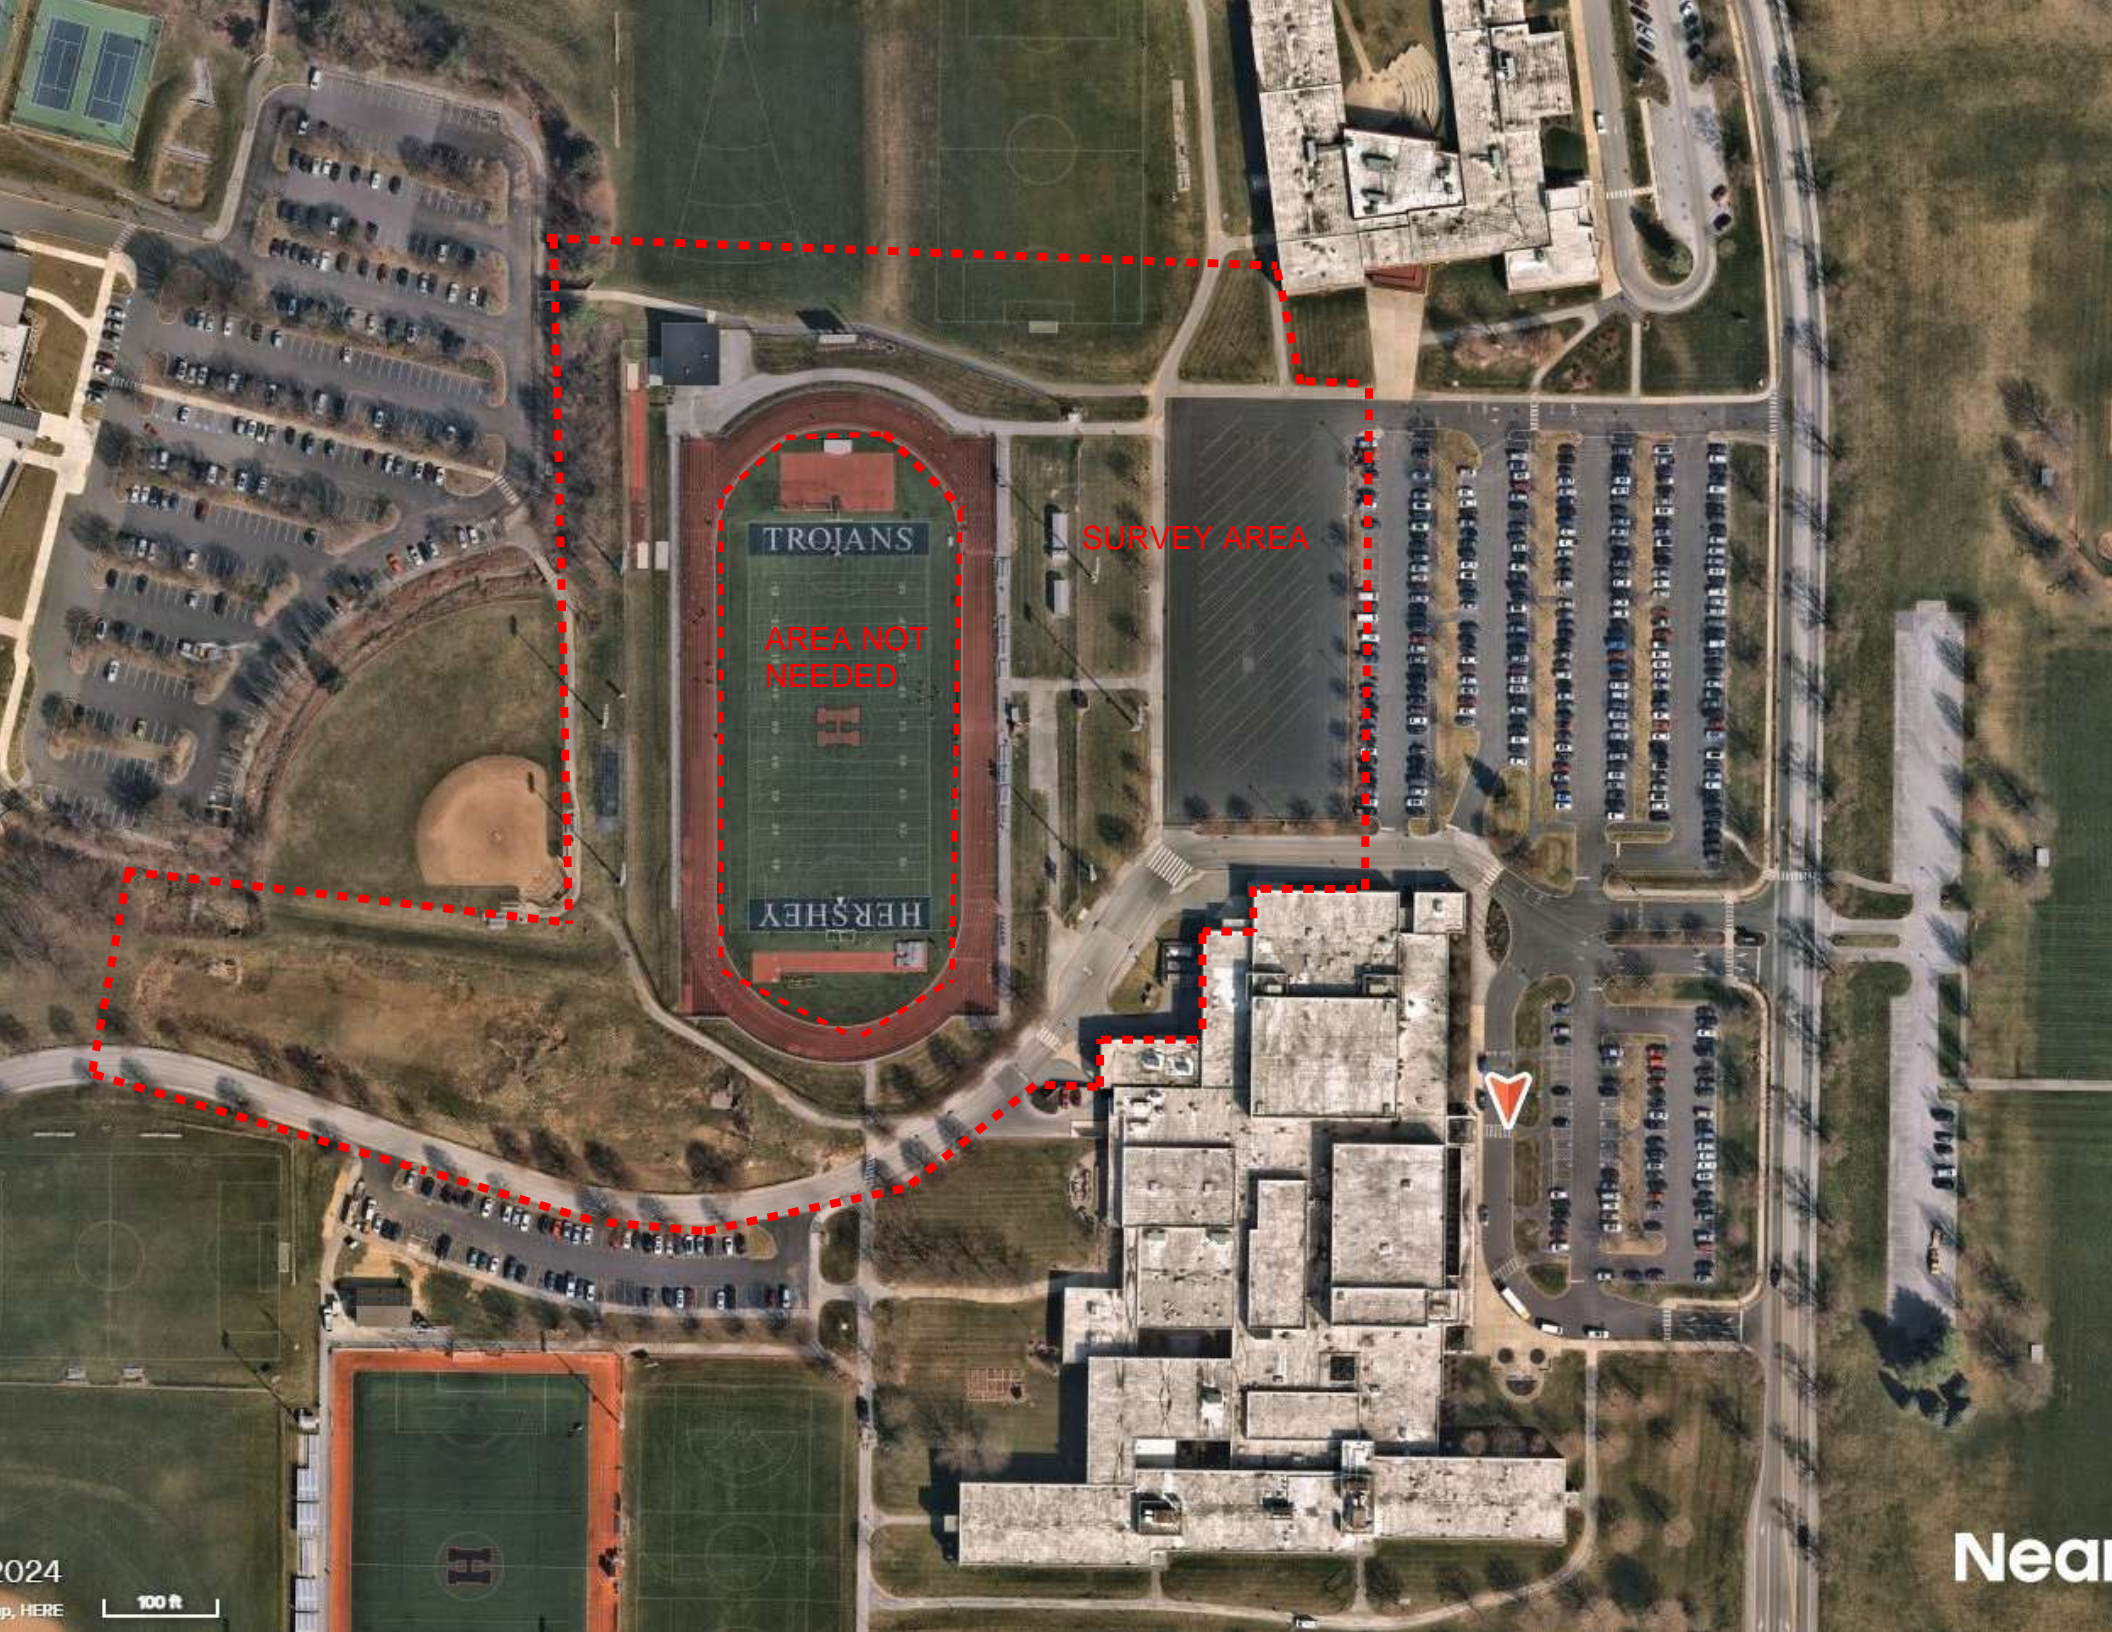

18.2 RETTEW shall not be responsible for any contractor's schedules or failure to carry out the work in accordance with the construction documents. RETTEW shall not have control over or charge of acts or omissions of any contractor, subcontractor, or their agents or employees, or of any other persons performing portions of the construction work.

18.3 Client agrees that its contractor will be solely and completely responsible for working conditions on the job site, including safety of all persons and property during the performances of the work, and that these requirements will apply continuously and not be limited to normal working hours. Any observation of the contractor's performance conducted by RETTEW's personnel will not include review of the adequacy of the contractor safety measures in, on or near the construction site. RETTEW is not responsible for any contractor's failure to observe or comply with the Occupational Health and Safety Act of 1970, and regulations or standards promulgated thereunder, or any state, county, or municipal law or regulation of similar import or intent.

18.4 If expressly required under the Scope of Services to do so, RETTEW shall review contractors' submittals within 10 business days of their submission, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the construction documents. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities or for substantiating instructions for installation or performance of equipment or systems designed by any contractor, all of which remain the responsibility of the contractor. RETTEW's review shall not constitute approval of safety precautions or of construction means, methods, techniques, sequences or procedures and RETTEW does not check or review the methods by which the contractor intends to execute the design. A recommendation for payment shall not be construed as permitting any departure from the contract between Client and the contractor or the construction documents, and the contractor shall remain responsible for any error in details, dimensions or otherwise that may exist. RETTEW's review and acceptance of shop drawings or submittals does not constitute approval or acceptance of design changes contained therein unless the contractor has specifically informed RETTEW in writing of such deviation at the time of the submittal and (1) RETTEW and Owner have given written approval to the specific deviation as a prior change in the work, or (2) a change order has been issued authorizing the deviation. When professional certification of performance characteristics of materials, systems or equipment is required by the construction documents, RETTEW shall be entitled to rely upon such certification to establish that the materials, systems or equipment will meet the performance criteria required by the construction documents.

18.5 If the Scope of Services includes RETTEW's review of contractors' requests for payment, then such services shall be conducted in the following manner. Unless otherwise agreed in writing, RETTEW shall, within 10 business days from the date of receipt by RETTEW, review and evaluate such requests for payment based upon RETTEW's observations of the work and give Client its recommendations regarding such request. RETTEW's recommendations shall constitute a statement to Client as of the date of the contractor's request, that: (a) the work has progressed to the point indicated; and (b) that to the best of RETTEW's knowledge, information and belief, the quality of the work is consistent with the construction documents prepared by RETTEW and there are no known defects or deficiencies in the work for which Client should withhold payment under applicable law. The foregoing statements shall be interim only, shall be subject to an evaluation of the completed work compared to the construction documents, if requested by Client, and do not guarantee against minor deviations from the construction documents as of the date of the review.

# Finding Gratitude

## The Story of the Stolen Red Bike

Every November I try to speak to some facet of gratitude, it being the month of giving thanks. I have talked many times about the many benefits we receive from practicing gratitude, physical health, mental health, job/life satisfaction, happiness, just to name a few. I think the majority of people think of gratitude as the practice of recognizing and being appreciative for all that you have, all that is right in your world, and they would be right. Gratitude doesn't end there, however. It also includes recognizing the unexpected benefit of things going wrong. This month, let's talk about being grateful for when things don't work out the way you wanted them to.

I recently heard a great story that demonstrates this concept. In 1954, a 12-year-old boy saved up the money to buy a new red Schwinn bike. He rode the bike to a place that was offering free ice cream with his friends, and when he came back outside, the bike was gone. He looked everywhere, talking about how he wanted to "whup" whoever had stolen his bike. He eventually went up to a police officer to ask him for help filing a police report. The officer was Joe Elsby Martin, and he ran the Columbia Gym in Louisville, Kentucky; that boy was Muhammad Ali. When asked later in life what he would say to the person that stole his bike now, Muhammad Ali said he would thank him.

The "red bike moment" turned out to be a transformational event that came out of his loss. The Ali Center suggests that most of us can reflect on our personal history and identify a red bike moment. I can think of so many: the engagement that ended three weeks before the wedding that allowed space to meet and marry my husband of 22 years, the jobs I did and did not get that allowed for the amazing position I have now, the health challenges that led to better outcomes. I am grateful for the people that fell away, allowing space for new friends. I am grateful for every opportunity that fell through that allowed for a better prospect to emerge. I am grateful, even though at the time, these experiences were sometimes painful. This shift towards gratitude has resulted in better awareness especially during seemingly negative experiences. I find myself pondering "why is this so hard" and it triggers me to reflect on whether what I want and what I am pushing for is the right thing for me. This allows me to consciously ease up and let it play out.

Consider one of your own red-bike moments. What was it like when you went through it, and how did it ultimately work out? If a door closed, what door opened? How might a shift towards gratitude change your perspective on an unintended outcome?

Finally, in this the month of giving thanks, I extend my gratitude and thankful heart to everyone on the CAIU team. You do such incredibly brave, strong, smart, kind, and loving things every day, making good things happen, helping others to be great, and changing lives. You make the world go 'round. Happy Thanksgiving! 🍏

# 2024 Fall Fest

By Lauren Gross, Marketing & Communications Specialist

The CAIU hosted our fourth annual Fall Fest on Saturday, Oct. 26, and it was a great success!

This year, instead of trunk-or-treat, we introduced a scavenger hunt with prizes at various booths, encouraging attendees to visit all of our amazing vendors while also making it fun for the kids. The scavenger hunt was provided in written form for children who are readers and also with icons so children who aren't yet readers could participate as well. More than 120 children enjoyed running around Fall Fest to find all the spooky icons!

York's Bubble Lady, Debbie Flaum, was a huge hit, as was the hay bale maze, the inflatable obstacle courses, the petting zoo and Critter Connections, the face painting, and the area we set up with lots of fun crafts.

We had five food trucks serving everything from gyros and wraps to upscale grilled cheese to poached pear cheesecakes and more! Our snack bar, staffed by wonderful CAIU employees, sold more than 130 hot dogs!

More than two dozen local vendors arrived with loads of amazing goods, products, and crafts, selling everything from crocheted toys to bowl cozies to yard decorations and much more.

This event is free to the public and the cost for all the activities is paid by our generous sponsors. All proceeds from the event go to Champions for Children (C4C), the CAIU's 501(c)3 non-profit, which provides life-changing outcomes for children in the capital area.

## 2024 Fall Fest Sponsors

Next year, our goal is to raise even more funds for C4C than we did this year.

Save the date for next year's event—Saturday, Oct. 25, 2025! We are always looking for more vendors and sponsors. If you have a side hustle, or know someone with a side hustle, please tell them about our event! 🍏

Teaching Children How to Invest in Their Future

# The Importance of Financial Literacy

By Daren Moran, *Director of Business & Operations*

Working in education, we understand the importance of preparing our students for the future. One area that often gets overlooked, both in schools and at home, is financial literacy. Teaching children about money management, saving, and investing from an early age can set them up for success long after they've left the classroom.

I'll be honest—my parents didn't teach me much about personal finances. As a result, making financial decisions early in adulthood was much more difficult than it needed to be. I had to learn through trial and error, which often meant dealing with unnecessary stress and missed opportunities. This is why I'm so passionate about teaching financial literacy early on to my children and anyone else that will listen. Of course, there isn't one person who knows the answers to everything but understanding some basic financial concepts can make future decisions much easier.

## New Requirement for Financial Literacy in Pennsylvania Schools

On December 20, 2023, Governor Josh Shapiro signed a bill requiring all public school students in Pennsylvania to take a financial literacy class before they graduate. Act 35 of 2023 mandates that public high school students must complete half a credit of personal financial literacy starting with the 2026-2027 school year.

This means that every student in Pennsylvania will now learn critical financial skills such as budgeting, saving, investing, and understanding credit before they enter adulthood. This new requirement is a step forward in ensuring that young adults leave high school equipped with the knowledge they need to manage their finances effectively, but a half of credit over a four-year period is not much.

## Why Financial Literacy Matters

Financial literacy isn't just about handling money; it's about making informed decisions that impact long-term well-being. A financially literate child will grow into an adult who understands budgeting, debt management, and the value of investing early. By starting these lessons at a young age, we can help ensure that our children grow up confident in their ability to manage their finances.

*Financial literacy  
is a gift that  
will **continue to**  
**pay dividends**  
throughout your  
child's life.*

## How You Can Teach Financial Literacy to Your Children

1. **Start with the Basics:** Begin by teaching your children the value of money, how it's earned, and how to spend it wisely. Allow them to make small financial decisions like saving for a toy, which helps them understand goal-setting and delayed gratification.
2. **Introduce Budgeting:** When they receive allowance or birthday money, guide them on how to split it into categories—saving, spending, and sharing (donating). This will instill a mindset of responsible spending and help them balance priorities.
3. **Make it Fun:** There are plenty of child-friendly financial games and apps that make learning about money fun. These tools help children understand concepts like compound interest and investment in an engaging way.
4. **The Power of Compounding:** The most powerful thing that our children have on their side, is time and with time comes the power of compounding interest. I remember being asked would you rather \$1,000,000 today or a penny doubled every day for a month. Ask your kids this, they will more than likely jump to the \$1,000,000 today but when you run the numbers on the penny doubled every day for a month, you end up with almost \$5.4 million. That is the power of compounding interest!

## Ways to Invest in Their Future

Beyond teaching financial literacy, one of the most impactful things we can do as parents is invest for our children's future. Here are a few options to consider:

1. **529 College Savings Plans:** A 529 plan is a tax-advantaged account specifically for education savings. Money invested in a 529 grows tax-free, and withdrawals for qualified education expenses (like college tuition) are tax-free as well.

2. **Custodial Roth IRAs:** If your child has earned income (*e.g., from a part-time job*), you can open a custodial Roth IRA for them. The contributions grow tax-free, and they can withdraw the money penalty-free for qualified education expenses or leave it for retirement.
3. **Stocks or ETFs:** Opening a custodial brokerage account allows you to invest in individual stocks, exchange-traded funds (ETFs), or mutual funds for your child. Over time, they'll be able to see how investments grow and how the stock market works.

Financial literacy is a gift that will continue to pay dividends throughout your child's life. By teaching them the fundamentals of money management and investing in their future, you're helping them build a foundation for long-term success. With the new state mandate, every student in Pennsylvania will receive these critical lessons in high school, but it's never too early to start at home. Let's not only shape their academic futures but their financial futures as well. 🍏

# Situational Awareness

## Threat Assessment

How much do you know about threat assessment in schools?

- Threats are concerning communications or behaviors that suggest a person may intend to harm themselves or someone else.
- Threats may be expressed or communicated behaviorally, orally, visually, in writing, electronically or through any other means.
- Threats can be either direct (directed toward a victim) or indirect (communicated through a third party).
- Threats can also be deduced through an individual's behavior.

PA public schools use threat assessment to identify and evaluate potential threats of harm to self or others.

## Points<sup>2</sup>Ponder

- Can you identify a threat if you see or hear it?
- Do you or your child(ren) know how to report a threat (during the school day or after school hours)?
- Did you know that all PA public schools are required to have threat assessment teams?
- Do you know who makes up your school's threat assessment team?
- Did you know your school district's website will have information about their threat assessment process?
- Do you and your child(ren) know how to use Safe2Say Something to report threats or other concerning behaviors in school?
- PCCD provides a resource for parents about threat assessment at [bit.ly/3Ytr9ys](http://bit.ly/3Ytr9ys).
- PDE has a plethora of information about threat assessment at [bit.ly/3CduB9j](http://bit.ly/3CduB9j).

## Multi-Sensory Pumpkin Activity

In Keri Morgan's Autism Support classroom, students recently engaged in a creative, multi-sensory pumpkin activity! Through a collaboration between Keri, the classroom paraprofessionals, and related service providers (Speech and OT), students explored pumpkins in a hands-on lesson designed to stimulate multiple senses. Some students loved opening the pumpkins, using their investigative skills to describe what they saw, smelled, and felt, while practicing their communication skills. Others painted pumpkins, focusing on following directions to create their own masterpieces. It was a fun and engaging way for students to learn and express themselves!

## Bullying Assembly at Loysville Youth Development Center (LYDC)

On October 18, Dave Harper conducted a bullying awareness assembly with LYDC students. During this assembly students learned about the harmful effects of bullying, what to do if you are witness to bullying behavior, and took a self-reflective quiz. The quiz helped students identify any bullying type behavior they may be demonstrating. In addition, several students read poems that were written by victims of bullying.

## Capital Area Early Learning Center (CAELC) Service Projects

The CAELC recently hosted two service projects in September and October. CAIU staff prepared 60+ care kits, including a variety of essential hygiene products, for people experiencing homelessness that were donated to Mission Central Mechanicsburg. Additionally, CAIU staff prepared 33 backpacks for local children who are entering foster care through the Backpacks for Hope program. We hope that in a small way, we can make an impact to the vulnerable members of our community and honor their dignity by securing some of their basic needs.

## Compliment Corner!

Here at the CAIU we like to brighten someone's day with a compliment. CAIU Compliments is a Capital Area Intermediate Unit initiative that allows CAIU staff the opportunity to share words of thanks, tout successes, or tell a story about what makes us great as an organization, our people.

### DEDICATION

#### **Brittany Galosi,** *Occupational Therapist*

Moving to Early Intervention this year was a big change for me, but I was happy to re-connect with Brittany who I worked with in school-age. While she has expertise in occupational therapy, she has gone out of her way to help me with this transition. She has taken me to different sites to introduce me to staff, offered her time to help me understand EI processes, procedures and answered my many questions! She is an advocate for both staff and students and works tirelessly to assist those around her to reach their full potential. Brittany is committed to be her best self and inspiring the best in others. She is a valuable asset to the CAIU, and I am grateful for her dedicated passion to her students and staff.  
- Judi Dunkle, Early Intervention Social Worker

### INNOVATION

#### **Jennifer McGeorge,** *Early Intervention Special Education Teacher*

Jennifer has worked hard to create a welcoming classroom space for her students. She demonstrates an awareness of sensory needs of students and spaces to accommodate them comfortably.  
- Kathleen O'Connor, Inclusion Consultant

### PARTNERSHIP

#### **Michelle Straw, Service Coordinator**

Michelle always volunteers to help staff any way she can. She works tirelessly to help families and her colleagues.  
- Amy Caldwell, Service Coordinator, CAHS

### DEDICATION

#### **Emily Miller,** *Educational Paraprofessional*

Emily has been a wonderful addition to the Inclusion Team! She's an enthusiastic team player who is eager to learn. Emily demonstrates initiative and creativity to support her Inclusion Consultants and related service providers. Emily is quick to respond to requests for materials. She radiates kindness and compassion and develops relationships with the children, families, and teachers that she supports. Her positive attitude and efficiency have earned her many compliments from her co-workers. Thank you, Emily!

## REPORTS/UPDATES

- **2023-24 Audit Report** - Jim Barcheski, Audit Manager & Lauren Fenner, Audit Principal from Brown Plus, Accountants + Advisors presented the 2023-24 CAIU Audit Report. The CAIU was given a clean audit report (unmodified) with no findings.
- **Announcement of November Retiree:** The CAIU Board of Directors announced the retirement of **Tracey Knauss**, Service Coordinator, after 15 years of service.
- **Board Committee Reports**
  - The **Board Act 93 Committee** met this month with CAIU administration and the Act 93 Meet and Discuss group.
  - The **Board Negotiations Committee's** November meeting was postponed to December 4.
- **CAIU Team Reports/Updates:**
  - **Dr. Andrew McCrea, Director of Student Services**, reported on the Student Service's team goal process and progress resulting in organizational growth. He shared an example from the EI Speech and Language team who created a coaching and collaboration goal around improving efficiency in how we see students and to build a skillset to work, not only with our students, but also the adults that are working with them. This goal also resulted in a different approach in their supervision and evaluation process. In addition, Dr. McCrea recognized Tracey Knauss, Service Coordinator, in her retirement after 15 years of service. Tracy was a valuable part of large assessment team and has a caring, warm, natural skillset that was very welcoming to our families. Tracy will be missed.
  - **Blake Wise, Director of Human Resources**, reported that he attended the CV You Day at Cumberland Valley SD along with the IU Recruiting and Hiring Specialist and an IU Program Supervisor. The day started with organizations presenting to students on various topics and they were able to engage with many students at our information table. It was a great event.
  - **Maria Hoover, Director of Educational Services**, reported that school district curriculum coordinators have been collaborating with our team at our CAC meetings that are held each month. Attendance has been great. The CAC Fall Leadership Conference was a great success and focused on AI topics. Mark

Waltz discussed AI related policies and CAIU staff presented on AI tools/resources. We followed up at the November meeting. In addition, Jill Neuhard spearheaded a CAIU AI taskforce to support the IU efforts internally. In December we will be welcoming Ryan Rydzewski to the IU to speak to our CAC group on the concept of cultivating curiosity based on his book co-authored with Greg Behr entitled, *When You Wonder You're Learning*, and the concepts taught in Mr. Roger's Neighborhood. If interested in a book, let Maria know. Curriculum Coordinators engage on a voluntary basis in a Learning Series held prior to the CAC meetings each month for leadership development. This past month the session focused on the difference between accountability and compliance, and how to communicate to build trust through accountability. Next month the focus will be on Curiosity at Leadership as an introduction to our speaker. As Dr. Roberts explained about the Superintendent Conference at Flux Space, Maria explained that she is looking into the possibility of taking the CAC group there next year for their conference with a focus on designing experiences for students/staff.

- **David Martin, Chief Information Officer**, reported that his team met with each district on the required cyber security assessments to provide support. We are leading a training on Managing Devices on December 12 and there is a statewide training on Dec 5 that over 140 school districts have registered for. Currently, his team is working on a statewide solution for next generation email security and is excited to continue to be a part of a statewide initiative/collaboration around cyber security to benefit our districts.
- **Dr. Kevin Roberts, Assistant Executive Director**, provided an update on the CAIU Strategic Planning. The CAIU Leadership team is engaged in doing the work of moving our strategies forward with our Focus Team work. Dr. Roberts will provide a detailed update in January. In addition, he provided an update on the Professional Learning Series that our superintendent group has been engaged in during our monthly meetings and at our two annual conferences where the group participates in visits/learn froms of other organizations. The series is focused on the Ten Pillars of Leadership. In the Spring the group visited and learned from the US Naval Academy. This month, the group visited/learned from [Fluxspace](#), Corbett Inc. The conference was focused on two specific pillars: How to execute your vision and how to clearly articulate your values and beliefs. Visits included Fluxspace and Corbett Incorporated where we saw the CEO's vision of implementing/ promoting STEM and STEAM learning; as well as Upper Merion and Norristown school districts to see how they implemented these learning spaces in their schools. Please see the video [HERE](#) of the visit. Dr. Roberts thanked the Board for their support of our highly complex and important work and wished everyone a Happy Thanksgiving
- **Daren Moran, Director of Business & Operations**, reported that we are continuing to work on a statewide initiative for offering cyber insurance through Gallagher. We have tremendous buying power through this consortium which will result in cost savings and reduced premiums. In addition, the application process will be made simpler and will include an online portal. In addition, The Business Manager's group met yesterday at the Capital Blue store in Enola to discuss wellness incentives, healthcare trends, and current challenges. Next month there will be a joint meeting with HR and the Business group.
- **Dr. Andria Saia, Executive Director**, reported that the *All-In* newsletter is available for the Board's review and highlighted the 2024 Fall Fest article on page 4-5. The event was a great success and next year's date is already scheduled for October 25, 2025. Other interesting articles were Financial Wellness and Safety/Threat Awareness. In addition, all CAIU staff have the

opportunity to participate in peer-to-peer interviews and listening circles. The Leadership Team will review the data and will use it to develop a plan/strategy for next year. This week is American Education Week, and we are celebrating by reading to classrooms. Dr. Saia also shared her experience at the Fall SAC conference visits at Fluxspace and Corbett Incorporated, Upper Merion, and Norristown school districts. The group enjoyed a great welcoming experience and was inspired to see those leading conversations about how to have experiential, inspiring, innovative learning environments for kids and the tremendous impact on their learning. A new Fluxspace is being built in our area, Middletown.

# Finding Belonging & Commonalities During the Winter Holidays

By Dr. Andria Saia, Executive Director

Each month I get the amazing opportunity to share in All-in. For me, there are two driving content factors for my column, one is our organizational mission vision and values and the other is – with all honesty – something that has me thinking. This month is no different. We value our dedication and service to others, actively seeking and creating inclusion and acceptance, and striving to get to a place where everyone feels that they belong and are valued, as their authentic selves. At the same time, my heart is heavy with the loud rhetoric of “othering,” or the process of marginalizing and excluding groups based on some perceived difference. At this time of year, I want to talk about all the things we have in common, bridging connections, and hopefully creating space to reconsider and reject “us v. them” paradigms.

Did you know that the winter holidays have many things in common? Whether it's Christmas, Hanukkah, Diwali, Kwanzaa, or New Year's celebrations, the winter holidays are a time of deep significance across cultures, religions, and communities. While the traditions may vary from place to place, what connects them all is the shared human experience of love, hope, reflection, and renewal.

One of the most universal themes during the winter holidays is the act of giving. Across the world, people exchange gifts as symbols of love, appreciation, and solidarity. This tradition is rooted in the desire to strengthen bonds, share joy, and reflect on the blessings in our lives. In many cultures, this time is dedicated to giving not only to family members but also to those in need, promoting a sense of community and compassion. For instance, Christmas often involves the giving of gifts to loved ones, inspired by the story of the Magi bringing gifts to the infant Jesus. Hanukkah, the Jewish Festival of Lights, has its own tradition of giving small presents, often linked to the story of the rededication of the Temple in Jerusalem. Kwanzaa, a celebration of African heritage, places emphasis on gifts that foster community and cultural pride. In each case, the spirit of giving transcends materialism. It is about sharing joy and making meaningful connections, a universal language that speaks to the heart of humanity.

Another common thread that runs through winter holiday traditions is the celebration of light. As the days grow shorter and the nights longer, cultures across the globe have found ways to bring light into the darkness, both literally and symbolically. In the Jewish tradition, Hanukkah is often called the Festival of Lights, marked by the lighting of the menorah. The candles are symbolic of hope and perseverance, commemorating the miracle of the oil that burned for eight days when there was only enough for one. Similarly, the Christmas tree's lights and decorations symbolize the triumph of light over darkness, a reminder of hope, joy, and the arrival of a new beginning. In India, Diwali, the Festival of Lights, celebrates the victory of light over darkness and good over evil, with homes and streets illuminated by oil lamps and

fireworks. Kwanzaa, which also takes place during the winter, involves the lighting of seven candles, each representing a different principle, such as unity, self-determination, and faith. In all these celebrations, the act of lighting candles or lamps has a profound meaning—it is an affirmation of hope and renewal in the face of adversity, a commonality that brings people together.

Winter holidays also serve as a time for reflection, renewal, and the setting of intentions for the year ahead. In many cultures, the close of the year is an opportunity to take stock of one's life, acknowledge accomplishments, and consider ways to grow and improve. For example, New Year's Eve is widely celebrated as a moment of transition from one year to the next, often with fireworks, resolutions, and festivities. These resolutions, whether personal or shared, speak to a collective desire for progress and a better future. The act of reflecting on the past and making resolutions is not confined to a single tradition—it is a shared human practice of looking forward while acknowledging the lessons of the past.

Beyond the symbolic acts of giving, light, and reflection, the winter holidays are also marked by shared meals, music, and festivities. Around the world, special foods are prepared to mark the occasion. From the rich, spiced dishes of Diwali to the festive Christmas feasts, food plays a central role in bringing people together. Similarly, music and song are integral to the holiday experience. Christmas carols, Hanukkah songs, and the rhythms of Kwanzaa celebrations are just a few examples of how music unites people in shared celebration and joy. In many cases, songs tell the stories of the holiday's meaning and history, allowing people to connect emotionally and spiritually to the tradition.

Above all, winter holidays are a time of community. Whether with family, friends, or strangers, the holidays encourage us to gather together, celebrate, and support one another. The rituals and customs that make these holidays special create a sense of belonging and solidarity. The shared experiences of warmth, laughter, and kindness during this time are a testament to the enduring human desire for connection. In an increasingly globalized world, the winter holidays remind us that, despite our differences, we share many common values. The desire for love, peace, hope, and community is universal. And while our traditions may vary, the joy we experience during these shared moments reminds us of what it means to be human.

The winter holidays, in their many forms, are a celebration of the best aspects of humanity—generosity, light, reflection, renewal, and community. They offer a moment for all of us to come together, regardless of where we come from or what we believe, to share in the universal joy of this season. In the cold, dark days of winter, we are reminded of the warmth and light that we can create together, and the common thread that binds us all. 🍏

# Fall Leadership Conference

By Jill Neuhard, Ed.D., Educational Services Supervisor

The 2024 CAC Fall Leadership Conference, held Oct. 16-18 at the Wind Creek Conference Center, Bethlehem, Pa., was a resounding success. Thirty-four educational leaders from 20 regional LEAs gained valuable insights into the world of artificial intelligence (AI) and its applications in education.

Key highlights of the conference included:

- **Generative AI: Hero or Villain:** Dr. Ollie Dreon, professor of Educational Foundations at Millersville University, delved into the power of generative AI, discussing its potential benefits and risks. He emphasized the importance of addressing biases in AI and preventing its misuse.
- **AI Dialogue Mastery:** Scott Snyder, CAIU Educational Consultant, shared strategies for crafting effective prompts to get the best results from generative AI tools. By defining roles, providing context, and setting clear parameters, educators can harness AI's potential to enhance their work.
- **Leveraging AI for School Administration and Curriculum Development:** Dr. Jill Neuhard, CAIU Educational Services Supervisor, explored how AI can streamline administrative tasks and improve curriculum development. She showcased a variety of AI tools that can boost efficiency and creativity.
- **AI and the PA STEELS Standards:** Dr. Susan Voigt, CAIU Educational Services Supervisor, discussed the convergence of AI and the Pennsylvania Science, Technology and Engineering, and Environmental Literacy and Sustainability (STEELS) Standards. She demonstrated how to use AI to generate lesson plan ideas aligned with STEELS standards and introduced the Task Screener, a checklist for evaluating lesson plans.
- **National Standards for Quality Online Learning:** Holly Brzycki, Program Supervisor for CAOLA, reviewed the National Standards

for Quality Online and Digital Learning, Teaching, and Programs and highlighted the importance of developing standards for online learning leadership.

- **AI in Education Technology:** Mark Walz, Esq., addressed the legal and ethical considerations of using AI in education. He compared the PSBA policy and recommendations from Sweet, Stevens, Katz, Williams, and outlined key areas for school districts to consider, such as privacy, copyright, and academic integrity.

The conference provided attendees with a comprehensive overview of AI in education and practical strategies for implementing AI tools effectively. By understanding the potential benefits and challenges of AI, educators can make informed decisions about its use in their classrooms and schools. 🍏

# Changing Lives through Education and Leadership

By **Maria Hoover**, *Director of Educational Services*

The Keystone State Challenge Academy (KSCA), supported by the Capital Area Intermediate Unit (CAIU) offers a transformative opportunity for 16- to 18-year-olds in Pennsylvania. Designed for teens struggling academically or at risk of not graduating, this quasi-military leadership academy focuses on education, discipline, and character building. KSCA operates in partnership with the Capital Area Intermediate Unit (CAIU) and The Pennsylvania Department of Education (PDE) and enjoys support from local school districts, who value the program's impact on their students. Funded by the National Guard, KSCA is offered 100% free of charge to families and school districts.

## Program Overview and Impact

KSCA is a 22-week residential program at Ft. Indiantown Gap where cadets commit to living a highly structured and healthy lifestyle free of drugs, alcohol, caffeine and cell phones. This ultimately fosters focus and full engagement in their personal transformation journey. This structured environment positively impacts both physical and emotional well-being, helping cadets build resilience, discipline, and confidence. Over 20 of the 22 weeks, cadets engage in their academic program with the CAIU staff. Upon graduation from the program, there are two years of mentorship to support their transition to "The 3 E's"—Employment, Education, and/or Enlistment.

## CAIU's Dedicated Support

The CAIU's team, led by Dr. John Thompson, includes five teachers certified in Math, Science, Social Studies, Language Arts, and Special Education. The Capital Area Online Learning Association (CAOLA) allows cadets to recover or earn original credit to return to their home school or cadets may choose to prepare to take and earn their GED prior to graduating from the program. According to Social Studies teacher Ken McKeever, **"I believe in the mission of the program and I can**

**easily see the positive impact I make here with the cadets. Having taught in several other schools, this is hands down the best teaching job out there!"**

## Holistic Growth and Skills Development

The program emphasizes ChalleNGes 8 Core Components: Academic Excellence, Physical Fitness, Leadership, Responsible Citizenship, Job Skills, Community Service, Health, and Life Coping Skills. As KSCA Director Steve Grossman puts it, **"To see the transition from a first-day candidate to a proud cadet graduate standing tall with all the confidence in the world is truly incredible."** The program's success is evident in the pride and growth of each cadet.

## Growth and Commitment

Since the program started 4 years ago, KSCA has grown significantly from graduating 18 cadets in its first cohort to welcoming over 75 cadets on campus this current class. The growth will continue in 2025 as KSCA is preparing for its largest group of a 100-plus cadets for this next class starting in January 2025. The support and collaboration of the PDE, local school districts, and the National Guard have made KSCA an invaluable resource for youth development, empowering cadets with skills, structure, and continuous mentorship that pave the way for a brighter future.

# Safe & Ethical Use for Educators and Students

By Jill Neuhard, Ed.D., *Educational Services Supervisor*

Artificial Intelligence (AI) is revolutionizing various sectors, and education is no exception. From personalized learning experiences to administrative efficiency, AI offers numerous benefits. However, with these advancements come responsibilities. This article explores how educators and students can harness AI's potential while ensuring its safe and ethical use.

AI technologies, such as machine learning, natural language processing, and predictive analytics, are transforming education. They enable personalized learning by adapting content to individual student needs, providing instant feedback, and identifying areas where students may need additional support. AI-powered tools can also automate administrative tasks, allowing educators to focus more on teaching and less on paperwork.

There are numerous benefits of AI in Education. One benefit includes personalized learning, where AI tailors educational content to suit each student's learning style and pace. This individualized approach helps students grasp concepts more effectively and stay engaged. In addition, AI can help with efficiency. AI can handle routine tasks such as grading, scheduling, and managing student records, freeing educators' time for more meaningful student interactions. Accessibility is also a benefit of AI. AI tools can assist students with disabilities by providing speech-to-text services, real-time translations, and other adaptive technologies. Lastly, AI

can give us insights into data in minutes, if not seconds. AI can analyze vast amounts of data to provide insights into student performance, helping educators make informed curriculum and teaching strategy decisions.

While AI offers significant advantages, it also raises ethical concerns that must be addressed to ensure its responsible use in education. AI systems often require access to personal data. It is crucial to protect this data from unauthorized access and ensure it is used only for educational purposes. In addition, AI algorithms can inadvertently perpetuate biases in the data they are trained on. It is important to regularly audit AI systems for bias and ensure they promote equality. Diverse datasets and inclusive design practices can help mitigate these risks. Educators and students should understand how AI tools work and the decisions they make. Clear explanations of AI processes, like when and how AI can be used for an assignment or task, can build trust and guide users to make informed choices. Institutions must establish clear guidelines for the use of AI in education. Guidance should include defining who monitors AI systems, addresses issues, and ensures compliance with ethical standards.

To use AI safely and ethically, educators and students should follow these best practices:

1. Promote Digital Literacy: Encourage students to develop critical thinking skills and digital literacy, which includes

understanding how AI works, recognizing its impact, and being aware of ethical considerations.

2. Educate: Both educators and students should receive training on AI technologies, their benefits, and potential risks. Understanding AI's capabilities and limitations is critical to using it effectively and responsibly.
3. Implement Ethical Guidelines: Establish and enforce ethical guidelines for AI use in educational settings. These guidelines should cover data privacy, bias mitigation, transparency, and accountability.

The CAIU has recently developed an AI Taskforce to position itself as a leader in education and leverage the power of AI to improve student outcomes. The goals of the AI Taskforce are to stay ahead of the curve, develop effective AI strategies for all staff, address ethical concerns, provide professional development, collaborate with partners, identify and implement AI Tools, and ensure equitable access. The Taskforce is made up of 20 staff members from a variety of CAIU Programs and meets once a month.

In summary, AI has the potential to transform education by providing personalized learning experiences, improving administrative efficiency, and enhancing accessibility. However, ethical principles must guide AI use to ensure it benefits all students and educators. By prioritizing privacy, fairness, transparency, and accountability, we can harness the power of AI to create a more inclusive and effective educational environment.

# Situational Awareness

What does my situational awareness look like as I plan for safety in the winter months?

## Points2Ponder

### ► How do I avoid injuries during winter?

- *Do I dress appropriately?*
- *Do I know the signs of frostbite and hypothermia and how to prevent them?*
- *Do I intentionally look for ice patches in parking lots or on sidewalks and stairs and avoid them?*
- *Do I practice safe snow shoveling?*
  - Do I stretch out before I start?
  - Do I pace myself?
  - Do I work to the point of exhaustion?
- *Do I follow the safety precautions given by my snowblower manufacturer?*
- *Do I know how to prevent carbon monoxide poisoning?*

### ► According to the Federal Highway Administration, approximately 24% of weather-related vehicle crashes occur on snowy, slushy or icy pavement. What safe driving practices do I incorporate during the winter months?

- *Do I drive slower during inclement weather?*
- *Do I allow sufficient stopping distance between my vehicle and those in front of me?*

### • *Do I ensure my vehicle is ready for winter weather?*

- Adequate battery function
- Adequate tire tread and inflation
- Appropriate windshield wiper condition
- Appropriate headlight function
- Appropriate winter supplies in vehicle (snow scraper/brush, blankets, flashlight, portable chargers, etc.)

### • *When driving during the winter, am I dressed appropriately in the event my car breaks down and I must walk to get help?*

# Mission Moments

## Family Bowling Night

The Deaf and Hard of Hearing program hosted a family bowling night at ABC East Bowling Lanes on November 13. Eleven students and their families along with staff enjoyed two hours of bowling, pizza, beverages and most importantly, fun! Throughout the course of the evening students from all levels, elementary to high school, were able to interact with each other using their shared language, ASL. It also gave families the opportunity to chat with each other and get to know the staff who work so closely with their child every day. If the value of “partnership” could be conveyed visually, it certainly was portrayed in the smiles and laughter of all the participants on Wednesday evening.

## Educator for a Day

During American Education Week, CAIU staff were invited to read to classrooms and become Educator for a Day in order to gain firsthand experience in teaching. This initiative provides insights into teachers' challenges and successes, fostering empathy and collaboration.

## Children's Grief Awareness Day

Children's Grief Awareness Day was on Nov. 21. This year's theme was "*Here for Each Other*," highlighting the importance of coming together to support those who are grieving. Some of the Hill Top Academy team wore blue, joining the Highmark Caring Place's efforts to bring awareness to this cause.

# Compliment Corner!

Here at the CAIU we like to brighten someone's day with a compliment. CAIU Compliments is a Capital Area Intermediate Unit initiative that allows CAIU staff the opportunity to share words of thanks, tout successes, or tell a story about what makes us great as an organization, our people.

## INNOVATION

### Amy Cook, Occupational Therapist

Amy has been my supervising OT for the past year. Amy resembles every core value of the CAIU. She has been a great partner and resource to help think of new creative ideas for OT intervention with the children on my caseload. She is incredibly kind and dedicated. I am extremely thankful for her partnership, service, and expertise!

- Olivia Dunlap, Occupational Therapy Assistant

## SERVICE

### Lisa Pellman, Lead Transition Coach

In just a little over a year in her position, Lisa has demonstrated her strong commitment to serving the staff and students of our CAIU programs. Her expertise and willingness to serve have allowed her to lead the creation of a true vision for transition programming at the CAIU. Thank you for your hard work!

## INNOVATION

### Lyndsay Myers, Classroom EPP

Lyndsay is an excellent classroom EPP and co-worker. She creates wonderful crafts for the children to complete in the classroom that also help me to work on specific fine motor skills. She is flexible and always willing to try something new to help the children in her classroom. Thank you for your innovation, Lyndsay!

Champions for Children aims to improve the lives of children with special needs who are currently receiving Capital Area Intermediate Unit (CAIU) services. We believe the CAIU has the capacity to muster the resources in our communities to fulfill the needs of our children. Below, find four ways we do all the good we can for the children and families we serve.

When donating items to Community Aid, you can provide the CAIU partner number: **10213**. Champions for Children will receive a monetary donation from Community Aid based on the weight of donation.

The Champions for Children Golf Tournament is the major fundraiser for the foundation and raises an average of **\$10,000** per year.

Fall Fest is a free family-friendly event to celebrate our staff, families, and community. All proceeds from this event benefit Champions for Children.

Held annually in November/December, the Giving Tree event gives employees an opportunity to purchase gifts for CAIU students who might not otherwise receive a holiday gift.

## REPORTS/UPDATES

- **Announcement of December Retiree:** The CAIU Board of Directors announced the retirement of **Richard Voshall**, Help Desk Specialist, after 1.5 years of service.
- **Board Committee Reports**
  - The **Board Act 93 Committee** met this month and put together a draft agreement that is currently under review. The proposed agreement will go to the January Board meeting for approval.
  - The **Board Negotiations Committee** met in early December to determine a meeting schedule. The first negotiations session is scheduled for February 5, 2025.
- **CAIU Team Reports/Updates:**
  - **Dr. Andrew McCrea, Director of Student Services**, reported that Student Service's programs continue to experience growth, especially in the Early Invention (EI) program which averages 7% growth each year. We have received additional funding for EI and will need to make some administrative adjustments for better efficiencies. We recently sought out additional funding to support program advancements at the Loysville Youth Development Center (LYDC) and was awarded the funds requested. Dr. McCrea recognized the hard work done by those that sought out the additional funding and to Cythnia Lupold, Principal, for her innovative work to continually advance the programs at LYDC. Dr. McCrea also reported on the monthly Special Education job-alike meetings (SEAC). The first half of the year, the group focused on balancing costs with quality programs. Some of the meeting topics and presentations were accurate reporting to ensure districts receive all of the available funding, addressing costly special education students that need specialized programming, and various legal presentations. Most recent legal presentation was given by Special Education attorneys on case law and how districts may have done things differently and the things on which they should focus.
  - **Blake Wise, Director of Human Resources**, reported that this month, Business and Human Resources had a joint job-alike meeting with approximately 50 attendees. The meeting included a professional development session led by David Walker from Stock and Leader who presented on the topic of legal rights of

employees, personnel management, and progressive discipline. In the afternoon, the group split into their separate job alike groups to discuss more specific topics. Lots of great collaboration continued throughout the afternoon. In addition, Blake recognized the highly competent district HR and Business staff that are handling complex legal issues on a daily basis.

- **Maria Hoover, Director of Educational Services**, highlighted the Educational Services *All-in!* article on Artificial Intelligence written by Dr. Jill Neuhard, Supervisor. Our focus is on informing educators and students on AI's potentials and risks to ensure safe and ethical use. Many districts are looking for trainings for teachers specifically on how and when to use AI in assignments. Jill is also leading the CAIU AI Taskforce to position the IU as a leader in education on leveraging the power of AI to improve student outcomes. In addition, Maria reported on **Keystone State Challenge Academy (KSCA)**: KSCA graduated 44 cadets in December with a new cohort beginning in a few weeks. Please check out the information and pictures in *All-in!*. Sherisa Nailor, Special Projects Supervisor and Dr. John Thompson, KSCA Principal, are also exploring the possibility of adding industry certifications to the programming at KSCA. Maria provided an update on **Professional Development/Training & Consultation (TaC)**: Dr Ami Healy and Dr. Sara Lobaugh were invited by PDE to present at the SAS Institute in December. They presented *Effective Implementation to Transform Literacy Practices in Pennsylvania* and highlighted two districts from the IU 15 region for their careful and intentional implementation of structured literacy districtwide. Dr. Michele Dubiach from West Perry and Dr. Doug Winner and Mrs. Amy Sell from Lower Dauphin joined to share their journey to a districtwide structured literacy approach. Also, from the TaC team, Michelle Trostle presented a session titled *The Intersection of AI and EI (Explicit Instruction)*. Both presentations received very positive feedback. **Math and ELD Book Study Spotlight**: Erin Minick, TaC Educational Consultant, and Sally Lopez, ELD Consultants, collaborated last year on a book study focused on math instruction for English Language Learners. The book study sessions were offered at the CAIU over several sessions. This year they presented at the 2024 PDE ELD Virtual Professional Learning Conference. One of the attendees was the director of the Colorin Colorado website and applauded the work Erin and Sally are doing in the IU 15 region. [The Colorin Colorado website](#) now highlights Erin and Sally's work. This website is a premier national website that focuses on serving educators and families of English Language Learners in PreK-12 and providing free research-based information, activities, and advice. **Curriculum Coordinator Meeting in December**: Maria has been offering a Learning Series for the Curriculum Coordinators (CAC) like the Superintendent Round Table that Dr. Roberts offers monthly. This month Maria led the CAC group in some learning around why it is important for leaders to be curious and how to help other adults in the school community to be curious as well. This was followed by a session based on the book, *When you Wonder, You're Learning* by Gregg Behr and Ryan Rydzewski. We were fortunate to have Ryan with us for this session. He then surprised the staff at Winding Creek Elementary School in Cumberland Valley as the staff engaged in a book study of his book. It was a great December for the Ed Services Team!
- **David Martin, Chief Information Officer**, reported that we are continuing with our technology training program for our districts. Last month was a Microsoft training that was very well attended. We currently have two Helpdesk positions opened and will be interviewing today. There will be a cybersecurity event held on Monday, January 13, 2025. This event will feature representation from the White House Office of the National Cyber Director, Executive Office of the

President, the FBI, MS-ISAC, and CISA, sharing valuable information about services that are available to the K-12 space, free of charge. The panel of representatives will open the event, and then will transition to a Cyber Incident Tabletop Exercise, led by industry-leader Arete. This event will be held at IU12, and each IU is allowed one virtual connection to the event from their local IU. School district teams are strongly encouraged to attend.

- **Dr. Kevin Roberts, Assistant Executive Director**, provided an update on our Superintendent's job-alike meetings (SAC). At the December SAC meeting we welcomed Hannah Barrick from PASBO who provided information on their legislative platform, state budget updates, and other pressing topics. In February, we look forward to a Legislative Roundtable hosted by PSBA that will provide an opportunity for advocacy for our districts with local legislators. In March, Jeremy Freeland, CAIU Supervisor of Safety and Security, will lead a Safety Roundtable along with several experts from across the region. In addition, Dr. Roberts updated the board on a few safety-related items that have been completed this year. And lastly, he provided an update on the work being done toward the CAIU organizational goals, specifically how the Administration and Leadership Team are actively working towards achieving our organizational goals through our focus teamwork. Dr. Roberts will present an update on our Strategic Plan and Organizational Goals next month. He wished all a Happy Holiday
- **Daren Moran, Director of Business & Operations**, reported that Raymond James Financial presented at this month's Business Manager's job-alike meeting. The presentation/discussion was on possible solutions to address school districts debt, such as refinancing to create significant interest savings on debt payments. They also spoke about solar project opportunities. Daren also reported on the regional statewide initiative for offering a cyber insurance solution through Gallagher. This consortium will provide possible premium savings and give districts larger coverage limits. We are currently seeking support for the program from PAIU and PASBO. We plan to launch the new solution in January 2025. Thank you for approving the audit report. The Board Finance Committee will be meeting in early January to start discussing the 2025-26 General Operating Budget.
- **Dr. Andria Saia, Executive Director**, reported that the *All-in!* newsletter is available for the Board's review. She is immensely proud of *All-in!* and gave a shout out to our marketing team for developing an amazing newsletter and for all the staff that provide content each month. She highlighted her Executive Director article on *Finding Belonging & Commonalities During the Winter Holidays*. In addition, during American Education week and Educator for a Day, she enjoyed the opportunity to read to several classrooms. Dr. Saia reported on the CAIU Winter Craft show Holiday Bazaar that was held earlier this week. Approximately 60 students from various programs practiced their marketing and sales skills selling craft and food items, it was a big success. CAIU has a Day of Service and Learning planned this year on January 17 to replace our annual All Staff Day. Staff have the opportunity to participate in professional learning and/or a community service project to count towards time off on January 17. Dr. Saia wished all a happy holiday filled with peace.

#### **5) Financial and Enrollment Updates**

##### **HACC Fiscal Year 2024-25 Budget**

On April 2, 2024, the Board of Trustees of HACC, Central Pennsylvania's Community College, approved a \$116-million budget for the 2024-25 year. For additional information, please see: <https://www.hacc.edu/newsroom/hacc-adopts-2024-25-budget.cfm>

Notably, sponsored tuition will decrease by \$13.25 per credit to \$187.50 per credit.

#### **6) Enrollment Data for Students Who Graduated from District Schools**

The headcount from Fall 2023 to Fall 2024 remains constant at 3,257 students).

Conversely, credit hours from Fall 2023 to Fall 2024, HACC decreased 841 credit hours. This represents a 3.25% decrease (25,849 to 25,008).

The slight decrease in headcount and substantial decrease in credit hours is a result of an increase in Dual Enrollment/College in the High School (DE/CHS) students (961 to 1,041). DE/CHS students take less credits than matriculated students.

Sixteen high schools had 50 or more students attending HACC, and 11 had a modest increase in credit hours.

Residents of the sponsoring school districts who submit a certificate of residence pay reduced tuition (inclusive of tuition and fees) vs. non-sponsored rates see below for the 2024-25 academic year:

Sponsored School District tuition	\$232.50 per credit hour
Non-Sponsored School district tuition	\$316.50 per credit hour

The certificate of residence does not apply to currently enrolled high school students who already pay a reduced rate. The rates for the 2024-25 academic year are below:

College in the High School	\$83.50 per credit hour
Dual Enrollment	\$175.00 per credit hour
