January 2018 ECLC and ROOSEVELT BOARD REPORT

Valery Fuhrman, ECLC and Elementary Principal

Jan Tjeerdsma, Instructional Coach

District Mission: "With community involvement, we will empower learners to become contributing members to our changing world"

District Goal Actions

1: Implement a successful 1:1 **technology** initiative to enhance student learning, instruction, and achievement.

- 3rd and 4th grade students will be using their Chromebooks in their classrooms to take part of the required FAST testing in the next couple of weeks. They have done this a couple times already and it seems to work well to get the testing done at a convenient classroom time.
- RES continues to struggle with reliable connectivity in some areas of the building. I know that Bill is working on
 investigating the issues and trying to resolve it.

2: Increase implementation and alignment of Iowa Common Core curriculum utilizing

Characteristics of Effective Instruction (Student Centered-Teaching for Learner Differences-Assessment for Learning-Rigor and Relevance-Teaching for Understanding).

- Our model teachers, instructional coach, and principal attended a 2-Day Intervention System Training in Sioux Center facilitated by the AEA. Its purpose was to engage participants in content learning, skill development, and action planning to further develop an effective Multi-Tiered System of Supports (MTSS) to benefit all learners. We utilized the Intervention System Protocol and Facilitation Guide resources to examine our school's instructional responses and interventions from a system level and learner perspective. We also evaluated intervention effectiveness and the alignment of interventions to our students. This will be work that continues forward with continuous data work to monitor students.
 - RES teachers completed a Knowledge of Literacy Practices Survey (from these trainings) to provide information that will be used in planning future PD.
- PD focus on Dec 6 was Diverse Learners. We explored the characteristics and traits of visual, auditory, kinesthetic, reading & writing, and environmental learners. We determined how to adapt our instruction to meet the needs of all learner.
- PD focus on Dec 13 was Instructional Strategies. A curriculum trainer from My Math worked individually and as a
 group with our math instructors. She addressed questions & concerns, explored the many online components of
 My Math, and explained how to use the curriculum & supplemental materials to meet the needs of all learners.
- Curriculum groups worked together on 1/3/18 PD to complete and study curriculum maps for alignment. RES teachers spent afternoon time together to review the maps as a grade level team.

3: Improve **communication** between all stakeholders in the district that will promote an atmosphere that encourages positive relationships.

- Facebook continues to be a great way to share school events and information. We have had a great response with our Partners in Excellence businesses posting on their Facebook pages when they visit.
- To improve communication within the building and promote a greater awareness & appreciation among certified staff, our teachers participated in a Teacher Walk. Model Teachers stepped into classrooms to give instructors an opportunity to visit other rooms. A follow-up discussion took place, and the staff decided they would like to do this again second semester.

Other Notes:

 Many of RES's staff have signed up for the school's spring Wellness initiative. We have an afternoon hallway walking group.

ECLC/RES January 2018 Board Report

CMS Principally Speaking January 2018

Cherokee Community School District

District Mission

"With community involvement, we will empower learners to become contributing members to our changing world.

 January 5th, Mrs. Haack, Ms. Hammen, Officer James, and Mr. Aden visited Spencer Middle School to take a look at their "Tiger Mentoring Program." We were very impressed and hope to have this implemented by the start of the 2018-19 school year. This

will be a school based mentoring program. We will recruit adults from our community to commit to 1 hour a week to spend with a middle school student. We are looking at transforming the current computer lab room into our "Brave Mentoring Room." Mentors would have to pass a background check and have a two hour training about the program. Students and parents would have to fill out an application in order to get into the program. Spencer has ran theirs for the past 7 years and have had great success. They are apart of the Iowa Mentoring Program which CMS would also join this group.

District Goals

Implement a successful 1:1 technology initiative to enhance student learning, instruction, and achievement.

• We are currently installing the new projector in the gymnasium and having it hooked up into the current sound system. We hope to have this project completed in the next couple of weeks. We are also installing a new projector, screen, and speakers in the library to help make meetings user friendly.

Increase implementation and alignment of Iowa Common Core curriculum utilizing Characteristics of Effective Instruction.

• CMS will be taking their next round of MAP Testing between January 15 and January 26th. Iowa Assessments will be taken February 13,14, and 15th. Students will be taking them during their specific math, reading, and science classes during these three days.

Improve communication between all stakeholders in the district that will promote an atmosphere that encourages positive relationships.

 CMS will be looking at adding the opportunity for 8th graders next school year to take Spanish 1 and possibly Intro to Agriculture for high school credit during their Exploratory Time. This would allow students more flexibility to take more electives and advanced classes during their high school career.

WHS Building Report January 2018

District Mission: "With community involvement, we will empower learners to become contributing members to our changing world"

District Goals:

1. Implement a successful 1:1 technology initiative to enhance student learning, instruction, and achievement.

• WHS has our own google classroom page to communicate with staff regarding professional development, forms, and other pertinent information.

• Digital Signage (Novo DS) will be up and running in January for our WHS Students to get the announcements and other important information displayed to students on our televisions in our building (Two in commons and one when you enter main entrance).

Teachers are enjoying once a month PD time devoted to learning new tech tools to use in their classrooms.

• Teachers are continuing to use Swivl robots and school ipads to record lessons for reflection each quarter to help improve instructional delivery. They now have the option of meeting with the instructional coach to reflect on their lessons or to fill out a Google reflection form on their own. We are currently evaluating the effectiveness of offering

this option.

• Chris Andersen has been a tremendous help to us in revamping and fixing sound systems throughout the building.

• We are looking into Augmented Reality and its benefits that we can add to the WHS classrooms in the near future.

• We are exploring technology needs for the teachers and students at WHS. Doc Cameras, Interactive Flat Panel Carts, etc.

2. Increase implementation and alignment of Iowa Common Core Curriculum utilizing characteristics of effective instruction.

• Teachers have started outlining their curriculum with our district Curriculum outline templates. We got a lot of work done with our Curriculum Outlines on our January 3rd PD.

• We have scheduled monthly meetings with our curriculum chairs (Lead Teachers) to keep a pulse on the curriculum needs of each department.

• We are taking time during professional development to focus on APL strategies to make our classroom instruction more effective across the board. We have created a shared team google drive for sharing ideas.

• WHS core teachers are meeting with an AEA rep in the upcoming months to devote time to diving into their standards. This time will be devoted to evaluating WHAT we teach, WHY we teach it, and WHAT ORDER we teach each concept.

• Natalie is working with teachers that are in a purchase year for curriculum to evaluate materials. We have narrowed down options for Spanish textbooks and are well into making our list of needed equipment for the PE department.

• We are looking into different seating options for our classrooms next year. Standing desks, collaborative whiteboard tables, wobble chairs, etc.

3. Improve communication between all stakeholders in the district that will promote an atmosphere that encourages positive relationships.

• We are excited to have time reserved each Wednesday for collaboration with our gen ed and SPED teachers after professional development each week.

• Our Model Teachers are currently looking into PR opportunities revolving around a mascot for our school district.

• Our character development class has been active in the community this semester. We are working on making some great auction items for the Education Foundation event in February. They are continuing to build relationships with the residents at The Gardens twice each month.

• Natalie's breakdown of time for the month of December is below.

Mr. Wade Riley- WHS Principal & Mrs. Natalie Barkley- Instructional Coach

Notes for the Board from the Superintendent – January 2018 Cherokee Community School District: Empowering Learners

Standards for Effective School Boards

January Standard: Operate as a visionary governance team in partnership with the superintendent by developing a shared vision and plans for student achievement that reflect common values and core beliefs of the school community, by using productive practices for its own operations and development, by ensuring board decisions are based on data and deliberation, and by cultivating a strong relationship and partnership with the superintendent based on clear expectations and accountability.

The Iowa School Board Standards are designed for use by local school boards as common framework for excellence in school board governance. Based on best practice and research, the standards encourage boards to focus on student achievement as their primary responsibility. *Iowa Association of School Boards*

Technology/Website Update - Board/Leadership Team Goal Statement #1

- Building Reports Principals on the agenda
 - News from Technology Director, William Halder
 - We are pleased to announce the first semester went very well with less than ½ of the Chromebook repairs as compared to the same timeframe last year.
 - We continue to wait on E-Rate for an answer to the appeal submitted on the denial of funds for the
 projects proposed to be completed last summer. I have started the E-Rate process for the 2018-19
 school year. I am working on getting RFP's on the E-Rate website for vendor bidding, which should
 be complete by January 17th. After 28 days, I can place the selected vendor and prices for approval
 of funds. If the appeal reverses the denial and we get funding, I will then be able to cancel all ERate RFP's for the same projects being appealed.

PURCHASING ON BEHALF OF EMPLOYEES

Generally, the school district will not purchase items on behalf of employees. The school district may in unusual and unique circumstances do so. It is within the discretion of the board to determine when unique and unusual circumstances exist.

No purchase is made unless the employee has paid the school district prior to the order being placed and the employee has agreed to be responsible for any taxes or other expenses due.

PAYMENT FOR GOODS AND SERVICES

The board authorizes the issuance payment of claims against the school district for goods and services. The board will allow the payment after the goods and services have been received and accepted in compliance with board policy.

The board authorizes the board secretary, upon approval of the superintendent, to issue payment for verified bills, for reasonable and necessary expenses, when the board is not in session. The board secretary will examine the claims and verify bills. The board will approve the bills at its next regular meeting.

The secretary will determine to the secretary's satisfaction that the claims presented to the board are in order and are legitimate expenses of the school district. It is the responsibility of the secretary to bring claims to the board.

The board president and board secretary may sign warrants by use of a signature plate or rubber stamp. If the board president is unavailable to personally sign warrants, the vice president may sign warrants on behalf of the president.

It is the responsibility of the superintendent to develop the administrative regulations regarding this policy.

PAYROLL PERIODS

The payroll period for the school district is monthly. Employees are paid on the 20^{th} day of each month. If this day is a holiday, recess, or weekend, the payroll is paid on the last working day prior to the holiday, recess or weekend.

It is the responsibility of the board secretary to issue payroll to employees in compliance with this policy.

The requirements stated in the Master Contract between employees in a certified collective bargaining unit and the board regarding payroll periods of such employees will be followed.

PAYROLL DEDUCTIONS

Ease of administration is the primary consideration for payroll deductions, other than those required by law. Payroll deductions are made for federal income tax withholdings, Iowa income tax withholdings, social security, and the Iowa Public Employees' Retirement System (IPERS).

Employees may elect to have payments withheld for district-related and mutually agreed upon group insurance coverage, and/or tax sheltered annuity programs. Requests for these deductions will be made in writing to the superintendent. Requests for purchase or change of tax-sheltered annuities may be made anytime during the year.

It is the responsibility of the superintendent to determine which additional payroll deductions will be allowed.

The requirements stated in the Master Contract between employees in a certified collective bargaining unit and the board regarding payroll deductions of such employees will be followed.

PAY DEDUCTIONS

The district provides leaves of absences to allow employees to be absent from work to attend to important matters outside of the workplace. As public employers, school districts are expected to record and monitor the work that employees perform and to conform to principles of public accountability in their compensation practices.

Consistent with principles of public accountability, it is the policy of the district that, when an employee is absent from work for less than one work day and the employee does not use accrued leave for such absence, the employee's pay will be reduced or the employee will be placed on leave without pay if:

- the employee has not sought permission to use paid leave for this partial-day absence,
- the employee has sought permission to use paid leave for this partial-day absence and permission has been denied,
- the employee's accrued paid leave has been exhausted, or,
- the employee chooses to use leave without pay.

In each case in which an employee is absent from work for part of a work day, a deduction from compensation will be made or the employee will be placed on leave without pay for a period of time which is equal to the employee's absence from the employee's regularly scheduled hours of work on that day.

PAY DEDUCTION REGULATION

The district complies with all applicable laws with respect to payment of wages and benefits to employees including laws such as the federal Fair Labor Standards Act and the Iowa Wage Payment Collection Act. The district will not make pay deductions that violate either the federal or state laws.

Any employee who believes that the district has made an inappropriate deduction or has failed to make proper payment regarding wages or benefits is encouraged to immediately consult with the appropriate supervisor. Alternatively, any employee may file a formal written complaint with the Superintendent. Within 15 days, the superintendent will make a determination as to whether the pay deductions were appropriate and provide the employee with a written response that may include reimbursement for any pay deductions that were not appropriately made.

This complaint procedure is available in addition to any other complaint process that also may be available to employees.

٠	Payroll records	3 years

Employees' records are housed in the central administration office of the school district. The employees' records are maintained by the superintendent, the building administrator, the employee's immediate supervisor, and the board secretary.

An inventory of the furniture, equipment, and other nonconsumable items other than real property of the school district is conducted annually under the supervision of the superintendent. This report is filed with the board secretary.

The permanent and cumulative records of students currently enrolled in the school district are housed in the central administration office of the attendance center where the student attends. Permanent records must be housed in a fireproof vault. The building administrator is responsible for keeping these records current. Records of students who have graduated or are no longer enrolled in the school district are housed in the vault located at 400 North Roosevelt, Cherokee Iowa. These records will be maintained by the superintendent.

INSURANCE PROGRAM

The board will maintain a comprehensive insurance program to provide adequate coverage against major types of risk, loss, or damage, as well as legal liability. The board will purchase insurance at replacement values, when possible, after reviewing the costs and availability of such insurance. The comprehensive insurance program is reviewed once every three years. Insurance will only be purchased through legally licensed Iowa insurance agents.

The school district will assume the risk of property damage, legal liability, and dishonesty in cases in which the exposure is so small or dispersed that a loss does not significantly affect the operation of the education program or financial condition of the school district.

Insurance of buildings, structures, or property in the open will not generally be purchased to cover loss exposures below \$1000 unless such insurance is required by statute or contract.

The board may retain a private organization for fixed assets management services.

Administration of the insurance program, making recommendations for additional insurance coverage, placing the insurance coverage and loss prevention activities is the responsibility of the superintendent. The superintendent is responsible for maintaining the fixed assets management system, processing claims and maintaining loss records.

COMMUNITY USE OF SCHOOL DISTRICT FACILITIES & EQUIPMENT INDEMNITY AND LIABILITY INSURANCE AGREEMENT

The undersigned, hereafter referred to as "entity," states that it will hold the Cherokee School District, hereafter referred to as "school district," harmless from any and all damages and claims that may arise by reason of any negligence on the part of the entity in the use of any facilities or equipment owned by the school district. In case any action is brought therefore against the school district or any of its officers, employees or agents, the entity will assume full responsibility for the legal defense thereof, and upon its failure to do so on proper notice, the school district reserves the right to defend such action and to charge all costs, including attorneys' fees, to the entity.

The entity agrees to furnish and maintain during the usage of the facilities or equipment owned by the school district such bodily injury and property damage liability insurance as will protect the entity and the school district from claims or damages for personal injury, including accidental death, and from claims for property damages which may arise from the entity's use of the school district's facilities or equipment whether such operations be by the entity or by anyone directly or indirectly employed by the entity.

The entity will furnish the school district with a certificate of insurance acceptable to the school district's insurance carrier before the contract is issued.
