3. Teacher's Report

Mrs Bemowski shared that the 4th graders are working in small groups especially for reading and math. Helping to nudge each other in the right directions. They are learning about magnets, electricity and the history of WI and farming. Each year the 4th graders tour a farm and have a farmer teach some of the lessons. They've found this is more interesting and interactive for the students..

Miss St Arnold - the 1st and 2nd grade concert in December it went well and was videoed. The students have been reviewing the videos and evaluating themselves. The 3rd and 4th graders are preparing for their spring concert. The 5K students will have a daytime only concert as well sometime in March. There are 52 Janssen Singers and will need 53 shirts. The Janssen Singers were able to join in the Light Up Appleton event downtown. Any other opportunities for the Janssen Singers to get out would be wonderful.

It was suggested that maybe they could participate in the Appleton Christmas Parade on a float. Potentially one of the Homecoming floats from KHS could be borrowed. Applications due end of September
