## A COMMUNITY CELEBRATION

**April 14, 2024  
1:00-4:00pm  
at The CERC**

**Food, booths, music  
and local talent!**

Celebrate Jordan is a community open house that showcases businesses and organizations that provide opportunities for the residents of Jordan. Booths include exhibitors from the local school district, area businesses, service organizations, churches, food vendors, and athletics.

Celebrate Jordan is a highly anticipated local event! We hope you can join us and help celebrate all that our amazing community has to offer!

## DIRECTOR'S GREETING

As the temperature continues to rise, the smells and sounds of spring are right around the corner, and that means the Jordan Community Education Spring/Summer offerings are soon to follow. As you page through our Spring/Summer brochure, I hope you take advantage of many awesome opportunities and fun for all ages.

I would also like to take a moment to cordially invite you to Celebrate Jordan 2024! Celebrate Jordan is a fantastic opportunity to connect our community members with our local business. In the past, we have had more than 70 vendors and more than 1,800 people at this event. I hope you will mark your calendars and join me on April 14th from 1-4 pm at the CERC and Middle School for a day of socializing, tons of fun and games for all ages and always a fan favorite, free stuff! We will also have a new "Kids Zone" with new and exciting activities for all kids. Stay tuned for more information!

Jordan is an amazing community and such a wonderful place to call home, and that is all because of the awesome community members. I want to thank you for your continued support of the Jordan Community Education & Recreation programming and I look forward to seeing you around campus in the near future.

**Cullen Bahn**  
**Director, Community Ed/Rec**

**CULLEN BAHN**  
*Director – Community Education and Recreation / The CERC*  
[cbahn@isd717.org](mailto:cbahn@isd717.org)

I have a passion for making connections and am excited to serve our ever growing community to make sure Jordan Community Education and Recreation is meeting the needs of all community members.

**JENNA WENDORFF**  
*Director – Early Learning Services*  
[jwendorff@isd717.org](mailto:jwendorff@isd717.org)

It's rewarding to work in an area that is so critical to the development of the youngest in our community. The programming we have implemented continues to inspire... from the pyramid model, the inclusion model, and finally, our collaboration with K-4 programming.

**ANDI NOLD**  
*Community Education and Recreation Coordinator*  
[anold@isd717.org](mailto:anold@isd717.org)

I am passionate about community education because we are able to create opportunities for individuals to discover their strengths and passions while connecting to their community.

## The Minnesota State Amateur Baseball Tournament

Coming to Belle Plaine, Green Isle & Jordan!

- August 16, 17, 18
- August 23, 24, 25
- August 30, 31, Sept 1, 2

The Minnesota State Amateur Baseball Tournament is celebrating its 101st Anniversary in 2024. Belle Plaine, Green Isle and Jordan will be hosting the 32 team Class B and 48 team Class C Tournaments. Teams will be vying for the title of State Champion for ten days over three long weekends starting on August 16, 2024. After approximately 70 games, the tournament culminates with championship games on Labor Day weekend.

The tournament is expected to draw between 25,000 and 30,000 spectators, 80 teams and over 1,400 players. It is a fabulous opportunity for communities around the state – from rural to urban – to come together for a summer activity that is part of a century and generations – old tradition.

There will be various options for volunteering during the state tournament to make this a great tournament. Please see the dates below for the weekend dates of the tournament.

- August 16, 17, and 18
- August 23, 24, and 25
- August 30, 31, September 1, and 2

This is an opportunity to be part of a century old tradition and we hope that you will consider joining us in making this an exceptional and exciting event. Your support is important as well to continue the upward trend of amateur baseball in Minnesota! It is also much appreciated too!

If you are interested in volunteering please contact Jason Chalupsky by email at [soness99@gmail.com](mailto:soness99@gmail.com) or by scanning the QR code.

## DIRECTOR'S GREETING

Jordan Public Schools offers early childhood education and preschool opportunities for all families with children between the ages of birth to age five. We recognize that families provide children's first and most important learning environments, and parents are children's first and most significant teachers.

Our Early Childhood Family Education (ECFE) programs offer a variety of services and activities to bring families together to share the joys and challenges of parenthood while developing confidence in their own abilities. Our preschool programs ensure children enter kindergarten with the skills and behaviors necessary to be successful in future learning.

We had a successful open house and registration is in full swing for next year. Our staff continues to strengthen the school experience for students while improving educational practices in a collaborative model utilizing district staff development opportunities. The Early Learning Services PTO continues to support our program, and we are very appreciative of their hard work. Most recently, we have enjoyed PTO's funding for preschool specific books in the library and a new book bin.

For general preschool or ECFE questions, please contact our ELS office at 952-492-3233.

Sincerely,

**Jenna Wendorff**  
Director, Early Learning Services

# EARLY LEARNING INTERVENTIONS

Jordan Public Schools believes that early education and interventions are the foundation of all learning. Along with our *Parent Aware Rated* preschool and ECFE programs, **we also offer early intervention services to families with children birth to Kindergarten**, ensuring even our youngest are reaching their milestones and receive help *when extra help is needed*.

## Birth to 3 Intervention

Our Early Intervention staff will provide a system of services that help babies and toddlers with developmental delays or disabilities. Based on the family needs and priorities, the school staff will help the family problem solve and give information and ideas of activities they can do to enhance play and daily routines. They also help to connect families with community resources and supports as needed.

**For more call  
(952) 492-3233.**

## Age 3–6 Intervention

The **Early Childhood Special Education (ECSE) Preschool Program** provides learning experiences in all areas of development including social, self help, motor, communication, and cognitive skills. Children who have been identified with a developmental delay can benefit from many types of services within the ECSE classroom including speech, occupational, physical and vision therapies and assistive technology. ECSE services can also be provided in an inclusive setting within the regular preschool program offered in our Elementary School (Early Explorers Preschool).

**For more call  
(952) 492-3233.**

## Preschool Screening

***Has your three year old been screened?***

The early childhood years from birth to the start of kindergarten are an important time of rapid learning and growth. Early Childhood Screening is a quick and simple check of how your child is growing and developing. Between the ages of 3 and 4, screening can detect possible health or learning concerns so that children can get help before they start school. Screening is required of all children in Minnesota prior to Kindergarten entrance.

***See page 17 for registration information.***

**For more call  
(952) 492-3233.**

**The Jordan Public School District works directly with the HELP ME GROW Minnesota early intervention system for children ages Birth through five.** HELP ME GROW Minnesota connects families to resources that help young children develop, learn and grow. We recognize that your family is the first and best teacher of your child and that children learn best through play. We work to enhance and support your family's knowledge as you help your child learn and develop throughout daily activities and routines.

This service is offered at no cost to the parent/care giver regardless of income or immigrant status and will provide information, support, and referral services to families of children with special needs. If you are concerned about your child's growth, development or learning, we encourage you to contact us.

## More about the Early Learning Services PTO

**When are the meetings?**

- **The PTO (Parent Teacher Organization) meets the first Thursday of every month at 6:00pm in the ELS wing.** Meetings are open to anyone with a child in the ELS program; contact the ELS office at (952)492-3233 with questions.

**What is the ELS PTO Advisory Council?**

- This group is dedicated to supporting the students and staff at ELS. We are a group of parents that volunteer to enhance the student's educational experience with time, effort, concern, and funds. We are always looking for parents who would like to volunteer.
- The funds we raise are used to provide field trips, support ELS programming, purchase supplies and equipment, and offer events for the families in the program.

**Why should you join?**

- You can take an active part in your child's education.
- It is a great way to meet new friends and other parents.
- You can give back by offering your time and talents.

## Early Childhood Screening

**Has your 3 year old been screened?** The early childhood years from birth to the start of kindergarten are an important time of rapid learning and growth. Early Childhood Screening is a quick and simple check of how your child is growing and developing. Between the ages of 3 and 4, screening can detect possible health or learning concerns so that children can get help before they start school. Screening is required of all children in Minnesota prior to Kindergarten entrance. The earlier the better! Early Childhood Screening is not a Kindergarten readiness test or IQ test. Waiting until your child is 4 or 5 to screen may be too long.

¿Se ha examinado a su hijo de 3 años? Los primeros años de la niñez, desde el nacimiento hasta el comienzo del jardín de infantes o kinder, son un momento importante de rápido aprendizaje y crecimiento. La evaluación en la infancia temprana (Early Childhood Screening) es una verificación rápida y sencilla de cómo está creciendo y desarrollándose su hijo. Entre los 3 y 4 años, la evaluación puede identificar posibles problemas de salud o de aprendizaje para que los niños puedan recibir ayuda antes de que comiencen la escuela. Se requiere una evaluación de todos los niños en Minnesota antes de ingresar al jardín de infantes (kinder). ¡Cuanto antes mejor! La evaluación en la infancia temprana (Early Childhood Screening) no es una prueba de preparación para el jardín de infantes (kinder) ni es una prueba de coeficiente intelectual. Esperar hasta que su hijo tenga 4 o 5 años para realizar la prueba puede ser demasiado tarde.

### Design...Create... and Build using a 3D Printer

*Grades 4 - 8 (2024-2025 school year) Instructor: Kevin Sayers*

Did your child enjoy working and learning with TinkerCad, our 3D Printing software this school year? If so, I am going to host a 3D Printing Camp where your child will learn even more about how to design and build 3D images on a computer and bring them to life using a 3D printer. If your child is a middle schooler and has not used this program, I will help them learn how easy it is to design and create 3D images, as well. This hands-on class will take them step by step through this process. By the end of this 3D Printing Camp your child will be able to print 2 of their custom-designed 3D images to take home and keep forever.

# JORDAN PUBLIC SCHOOLS JOURNALIST

Communicating information, events, and activities of the Jordan Public Schools for over 40 years

Dear Jordan Parents, Guardians and Community Members,

What an interesting year it has been in the weather department with so many warm weather days! Now that we are actually approaching the "real Spring" it's time to start thinking about student activities, the upcoming Graduation for our Class of 2024 and planning for next school year! And in the mix of all of that fun are our upcoming construction projects that will be starting and continuing over the next year and a half. We are so thankful for incredible community support that makes these opportunities possible for our students.

In this section of the Journalist, you will find updates about programming and projects from building and district administrators. Please take time to read through our important updates and check out the diverse course offerings through Jordan Community Education. We look forward to continuing to serve the community, our kids, and their evolving needs this school year.

To stay current regarding school district happenings or events, and to read about the positive events, exciting learning, and innovative programming occurring at Jordan Public Schools, please visit our website at [jordan.k12.mn.us](http://jordan.k12.mn.us). REFERENDUM PROJECTS UPDATE

In April 2023, the Jordan Public Schools district community supported a building bond referendum that would allow for renovations and additions at Jordan Elementary School and an updated secure entrance at Jordan High School. Since then, we have engaged with staff, students and community members through multiple rounds of input and feedback, and worked with our architecture and design firm, ISG, to finalize designs for the upcoming building projects.

The designs include extensive renovations to the 1970s portion of Jordan Elementary School, light renovations to the remainder of

Jordan Elementary School, a seven classroom addition, and an addition to include additional office space with sightlines for increased security, a kitchen/cafeteria, a gymnasium/storm shelter, and additional restrooms. Jordan Early Learning Services will also be renovated to include a secure entrance and updated classroom spaces. Jordan Elementary School and Jordan Early Learning Services projects will also include updated playground spaces with accessible ground surface (goodbye woodchips!). At Jordan High School, the updated secure entrance design includes a reception area and additional office and work spaces.

This fall, our designs went through a legal bid process, and we are excited to break ground at Jordan Elementary School this spring! As you will see in the chart on the next page, we will have multiple phases of construction over the course of the next 18 months, with the renovations and additions being completed by Fall 2025.

We know that every building in our district will be impacted and we'll be asking for a lot of flexibility and patience from staff, students and community members throughout construction. This summer we will already feel this as much of our regular summer programming will shift to Jordan Middle School to allow for the work of the construction crews at Jordan Elementary School and Jordan High School.

THANK YOU!

We are incredibly fortunate to have a community that is supporting our school district through this bond referendum. We cannot thank you enough for your support of these projects so we can meet the basic needs of our students and staff to create strong schools for a strong community. We have the best community here in Jordan and we cannot wait to complete these projects for current and future students!

TIMELINE AND PHASING

Construction work will begin this spring. One of the first things we will see is a section of our Jordan Elementary School property fenced off for heavy equipment. This will encompass the front staff parking lot and the area around the Jordan Elementary School playground. Students will continue to have use of the green spaces behind Jordan Elementary School to run and play this spring during recess and physical education classes. At Jordan High School, we will begin to see some work happening for the building roof replacement.

FUTURE PROJECT UPDATES

We will continue to provide updates throughout the duration of our project through email with our district families, on social media (@ISD717), and our website - [www.jordan.k12.mn.us](http://www.jordan.k12.mn.us).

**ELEMENTARY SCHOOL** | JES is having a fantastic school year! Students are continuing to explore and discover more about coding and engineering/design with the creation of projects using 3D printers in Media/Technology, as well as engaging in other project-based learning opportunities in classrooms. Staff embed Culturally Responsive Pedagogy strategies and Restorative Practices and conversations throughout the day to meet the diverse needs of students. We are committed to supporting relationships and intentionally teaching skills that promote collaboration, self-regulation and problem-solving to ensure each person feels cared for and valued.

Staff and students serve others through various teaching and learning activities. Our DLC Juniors (Diversity Leadership Crew) lead monthly Harambee gatherings to celebrate differences and recognize achievements made by adult and student learners. Grade 4 students have been learning valuable life skills during the Leadership Course taught by Grade 4 teachers, encouraging students and staff to grow their Jordan PRIDE (Preparedness, Respect, Integrity, Dependability, Excellence). They support younger students through tutoring sessions, sharing school and district news and activities via the JES News broadcast, and serve in other leadership roles that arise throughout the school year.

We are looking forward to welcoming incoming Kindergarteners and their families to our Countdown to Kindergarten Round Up event. This is the follow-up to the Kindergarten family informational session held at the end of January. Countdown to Kindergarten information can be found on our school website at [www.jordan.k12.mn.us/countdowntok](http://www.jordan.k12.mn.us/countdowntok).

**MIDDLE SCHOOL** | JMS has had a fantastic first half of the year. Each day the JMS staff greets approximately 600 students, inspiring them to create, design, and engage in meaningful learning. Grade level teams collaborate on interdisciplinary instruction in the areas of reading, language arts, science, social studies, and math with enrichment and intervention opportunities to meet students' individual needs.

Diverse exploratory and elective courses at the middle school level provide an opportunity for students to find their individual gifts and talents. These courses capitalize on the curiosity of middle school level learners while exposing them to a wide range of topics in order to discover new ideas or skills they may not know they have.

In order to maintain a safe and productive learning environment, we continually teach and reteach expectations through authentic scenarios so all members of our JMS community can be Prepared, Respectful, show Integrity, Dependability, and Excellence. We are excited to partner with families, build on our students' skills and equip our students for Jordan High School and beyond!

**HIGH SCHOOL** | As we move into the second semester our students have enjoyed gearing up for some of the annual rites of passage. In March, our students will put their phone skills to use as we host our annual Phone-a-thon for scholarships. This is part of our great Jordan Dollars for Scholars program. We appreciate any and all support as we assist our students in their post-secondary aspirations. Prom preparations are well underway and concerts are being held throughout the next few months culminating with our renowned "Pops" concerts in May. We look forward to sending our seniors off with a full graduation ceremony and all night grad party at the end of May.

We are excited to start year four of our Summit Academy course, Introduction to Coaching and Leadership. This course involves discussing books from prominent coaches and leaders. Students also hear from a number of coaches on different aspects of coaching and leadership. One of the best parts of this class is the real life application. Students will be working with Community Education on a youth sports camp and clinic for the young people of Jordan. Look for more information about these Multi-sports Camp for students in grades 3-5.

**ATHLETICS AND ACTIVITIES** | Spring weather and activities are just around the corner! We look forward to the upcoming spring activity schedule, along with summer camp opportunities for our K-12 students. Many of our high school coaches will be working directly with students in our youth camps as well as middle/high school camps. If you are looking to try a new activity or sport, summer camps are a great opportunity to see if it's a good fit for you! If your student is looking to get bigger, faster, stronger, and to train with the support of their Jordan teammates and coaches, the summer MAX Performance camp is a great option. Get involved, be active and most importantly, have fun! Parents, you can get involved too by joining the Jordan Booster Club to help support all of Jordan activities.

**TEACHING AND LEARNING** | As the school year nears its end, it is essential to pause, reflect, and celebrate the remarkable journey of teaching and learning that has unfolded over the past year. A 21st century learning experience calls for a focus on digital pedagogy, personalized learning pathways, critical thinking, creativity, collaboration, and educator empowerment. Keeping those learning priorities in mind, observing the growth, accomplishments, and transformative experiences that have impacted both students and educators is cause for celebration.

The conclusion of the school year marks a time to honor student success. With a consistent emphasis on innovative teaching practices rooted in academic standards, students have demonstrated remarkable curiosity, resilience, and determination within the classroom. From academic milestones to personal breakthroughs, these achievements stand as a testament to the dedication and unwavering support of their many teachers. Furthermore, education transcends the classroom, thriving on the collaborative bonds formed among students, teachers, families, and communities. As we take a moment to reflect on the school year, it's crucial to approach the future with hope, optimism, and a renewed sense of purpose. The end of the year presents an opportunity to envision the possibilities ahead, establish new goals, and embark on a journey of continual growth and learning.

# SCHOOL DISTRICT UPDATES

## SPECIAL SERVICES

The Jordan Special Education Advisory Council or SEAC (pronounced “seek”) is a group of district special education staff, community members and parents that provides input to the Director of Student Support Services for students who are on IEPs (Individualized Education Plans). Its purpose is to advise and advocate, not to decide policy. Local SEACs advise school districts on the development of programs and services to meet the special educational needs of children and families. By sharing their unique perspective of what it is like to use these services, parents can help the district to be more effective in hopes that the outcomes for children with disabilities improve. This school year our SEAC group met and are looking into ways to provide more opportunities for students to be actively engaged in activities through Community Education. The Jordan SEAC typically meets twice a year and meets in person and remotely via GoogleHangout. Please consider sharing your experiences, expertise and knowledge with the Jordan SEAC. If you are interested in further information please contact Chad Williams at 952-492-4230 or email at [cwilliams@isd717.org](mailto:cwilliams@isd717.org).

The Jordan American Indian Parent Advisory Committee (AIPAC) is a group of district teachers/staff, administration, parents and community members that provides input and guidance to the Jordan School District. Parents on the Jordan AIPAC committee serve in an advisory role and help ensure that American Indian students are receiving culturally relevant and equitable educational opportunities. This is done by revitalizing Native culture and language and supplemental educational opportunities for Native students to close the achievement gap. These committees are critical to the achievement and success of American Indian students statewide, and offer a valuable opportunity to strengthen district and parent partnerships. Please consider sharing your experiences, expertise and knowledge with the Jordan AIPAC Committee. The Jordan AIPAC Committee meets on a regular/monthly basis. If you are interested in further information please contact Chad Williams at 952-492-4230 or email at [cwilliams@isd717.org](mailto:cwilliams@isd717.org).

## NUTRITIONAL SERVICES

Spring is upon us which means we are quickly closing out another great school year in Nutritional Services. We’ve had many positive improvements in our department this year including bulk milk at our elementary school, the school nutrition approved Latte Program at our high school and share carts at each school which reduce food waste while also giving our students an opportunity to take additional items for snack or to complete their meal.

This year we were also able to work with local farmers to provide fresh apples and locally grown and processed hamburgers to our students. We plan to continue our Farms to School efforts in years to come.

As we close out the school year, please make sure to check our online menu for the latest updates. Our Nutritional Services team is excited to serve our students for the remainder of the year!

# SCHOOL SAFETY REMINDERS

from School Resource Officer (SRO) Demko

*The safety of all students and staff is one of our district’s top priorities. Keeping our schools safe allows students to look forward to being in an encouraging environment that promotes social and creative learning. To help keep our entire school community safe, our district has safety practices in place to ensure the safety of our students and staff.*

*To help maintain these safety practices, we ask that all members of our entire school community assist us at our buildings by:*

- Updating your Parent Portal account to ensure your student’s medical information, parent contact information (phone numbers, emails, etc.), and emergency contacts are up-to-date.
- Entering school buildings through the secure visitor entrances, providing a photo ID as part of the visitor sign-in process, and wearing a visitor badge while in our school buildings.
- Following the school zone speed limit of 20 mph when children are present, using blinkers when turning in/out/around the school district campus, yielding to pedestrians in crosswalks, and stopping your vehicle when the School Safety Patrol flags are out in the intersection.
- Helping our schools ensure student safety and control the flow of traffic during pick-up/drop-off times by following the procedures that are outlined by each school building.

*We appreciate your assistance in helping ensure our school safety for all of our school community!*

*Officer LeAnn Demko*

Classes are filled on a first come, first served basis. Pre-registration is required. Community Education does not mail class confirmations. If you have an email address at the time of registration, a confirmation will be emailed to you. If you do not hear from us, assume that you are in the class and that it will be held at the time and place indicated. We will contact you by phone or email if there is a change.

## Cancelling Your Registration

Please notify our office by the deadline date in order to receive a full refund. If after the deadline a credit will be issued to the ActiveNet account used to register. No refunds after first night of class.

## Program/Class Cancellation Policy

If school is cancelled or weather conditions do not allow us to safely hold our programs, we will update via:

- Website, email, phone call, social media

## Non-Sufficient Funds Checks

Checks that are returned to Community Education are subject to a \$10 fee.

## Participation Waiver

By registering for classes, trips or events, you indicate that you have no physical conditions or health history that would make participation hazardous to your health; in addition you are releasing Community Education and other organizations, cities or individuals associated with the program from any responsibility for injuries or damages received as a result of your participation.

## Volunteer Coaches

Our programs are operated with volunteer coaches (limit of 3 coaches per team). **Volunteer coaches will receive a credit for half of their participant fee.** Must attend coaches meeting and coach the entire season to receive the voucher. A background check is required for all coaches.

## Instructors Wanted!

If you would like to share your talents with others in the community, please call us at **952-492-4266** or contact us by e-mail at [anold@isd717.org](mailto:anold@isd717.org).

## Privacy

The information requested on registration forms will be used to verify eligibility as well as determine staff, facility and equipment needs. You or your child's registration information may be provided to school district staff, volunteers, instructors, the school district attorney, insurer and auditor. Your email information is for internal use only and will not be sold or solicited. Photographs or videos of classes in action may be taken and used for district publications and web pages (including social media). If you object to having your picture used, please notify the Community Education Office at 952-492-6211.

## DISTRICT FACILITY USE AND RENTAL

### Use of School District Facilities Rental

Our schools and facilities are available for group use and rental. To request use of space within Jordan Public Schools, you are asked to obtain a facility use permit (reservation). Depending on the organization, permits are issued for both no cost facility use and for facility rental. Jordan Public Schools are available to public organizations and groups with adequate insurance and are subject to policies and procedures outlined in the facility use policy (with costs, etc). It is important to note that submitting the request is not a guarantee of a reservation. You will receive an email notification when the request has either been approved or denied.

### Birthday Parties at the CERC

Looking for a place to host your next birthday party? Birthday parties are made easy at the CERC! Contact our team today to learn more about the options available!

## Mike Harrington Scholarship Fund

Community Education & Recreation scholarship opportunities are available through the **Mike Harrington Scholarship Fund.**

Mike Harrington was a teacher and active Jordan community member for many years. He taught physical education and coached boys' basketball at Jordan schools from 1980 to 2002. His passion for students and sports made him a well-known and well-loved teacher. He was an active member in the Jordan Lions and the St. John's Catholic Church. His many hobbies included playing cards, gardening, golfing, hunting, fishing and of course running. He was an avid fan for the Cincinnati Reds, Boston Celtics, Twins and the Minnesota Gophers. His generosity has created a scholarship fund for individuals to receive a CERC membership or an opportunity to participate in a desired community education activity.

Scholarship dollars are awarded to students Pre-K thru 12th grade. Students must reside in the Jordan community or be a Jordan School District student or a St. John's the Baptist student. Scholarship dollars may be used to receive a 50% discount on a CERC student membership, or may be used any community education (limit 3) offering. The Mike Harrington Scholarship may not be used for Driver's Education or Preschool. See website for application and more details. The Jordan Community Education and Recreation staff are happy to help with the application process or answer any questions you may have. Please call 952-492-6211.
